Those who knew Mrs. Oliver in Verbena affectionately called her "Miss Mollie". Her home was a gathering place for neighbors and friends. The Matriarch of a large number of relatives, she enjoyed being the center of attention for many years. There was practically "open house" at all times at the Olivers. She was always cheerful and hospitable, and visitors found her good company. Everyone was amazed at her remarkable memory. It is said that the Baptist WMU met at her house every month for a number of years for her to attend. It was her pleasure to be hostess! This was after she recovered somewhat from a broken hip after the age of eighty.

Some five or more Baptist ministers have been educated by Mrs. Oliver, one of whom Dr. Page Kelley, presently on the faculty at the Baptist Theological Seminary in Louisville, Ky.

Among the survivors are two brothers: Senator William a Gullede and Charles E. Gullede (Verbena) and a sister Mrs. Lilla Gullede Scott of Birmingham. There are seven nieces and a nephew, and the children of Mrs. Oliver's daughter, Mrs. Evelyn Rogers of Burn Hills, New York and Guy H. Caffey, Jr. of Birmingham.

NEWS OF - Samaria

Don Graham, Pastor
The Youth Rally for this month that met at the West End Baptist Church was a great success and we feel that all who went received a great blessing. Our next Youth Rally will meet on May 19 at the Thorby Baptist Church. We urge you to attend.

April 21 will be a big day at our church because the Juniors, Primaries, and Beginners have planned an Easter Egg Hunt at the church which will be held at 2:00. Later at 5:00 the Young Married People will have a spaghetti supper. We promise all the spaghetti you can eat.

The first week of June has been reserved for our Vacation Bible School which will serve as preparation for our revival. We have had a great blessing at Samaria. In the last year our attendance has increased by four times our last year's attendance. This is truly a blessing and we hope we can do this well in the next year.

Special Call Meeting Of American Legion Post 6

A special call meeting will be held at the Veterans' Club on Thursday, April 19, 7 p.m.

The regular meeting that was to be held Thursday, April 12, has been cancelled.

All Legion members, please take notice, as important matters will be discussed and voted on at this time.

To The Voters of Chilton County

In prior editions, I have tried to lay out my qualifications so that you could know me better and more clearly compare me with other candidates for the Senate in the forthcoming primary. At the outset, I declared and will repeat that the people of this county will select the best man if given enough information as a basis of comparison.

My late father, Senator J. T. Phillips, gave me this counsel concerning this contest several years prior to his death: "1. Run for the Senate when you are mature enough to realize you represent three counties, not just one. 2. Don't offer yourself for this office unless your personal and business affairs will permit you to give it the time it deserves. 3. Don't run for the Senate until you can pay all the expenses of your own race. 4. Remember being a Senator is not a position for profit, but service. 5. Finally, when you have a sincere desire to serve your fellow man rather than yourself, you are ready."

Because I believe these are good words of advice and most importantly because I know I meet those requirements, I am a candidate for the Senate. Your support and influence will be appreciated.

Minutes of the Board of Revenue And Control Of Chilton County, Alabama

BOARD MEETING

MARCH 26, 1962

The Board of Revenue and Control of Chilton County, Alabama, met in regular session at the County Courthouse at Clanton, Alabama, on March 26, 1962, at 8:30 A.M. The following members were present: Chairman Motley, Dalton Chambers, Acie Mims, A. D. Headley, J. C. White, Judge of Probate and Chairman of said Board. White presided as Chairman of the meeting and a quorum being present, declared the meeting open for the transaction of business.

Mr. Motley offered the following resolution for adoption which was adopted by a vote of 5-0. "BE IT RESOLVED: That the place Beat 7, Box 1, Mapville, Alabama, be changed from the Public School auditorium in the store building adjoining Melvin Arso's Store."

Mr. Headley offered the following preamble and resolution for adoption which was duly seconded by Mr. Mims: "WHEREAS, A petition signed by the property owners and others in the community adjacent to a public road leading in a southerly direction from the intersection of U. S. 31 to the Sardis Church Community through the property of Ray M. McDonald and Murray A. Cahill."

NOW, THEREFORE, BE IT RESOLVED AND ORDERED: That the above described road and the same is hereby closed and abandoned ninety (90) days from this date (3-26-62). The above stated preamble and resolution were adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

WHEREUPON, The Clerk of the Board read the minutes of the Board meeting held March 12, 1962, and the Chairman of the Board asked for corrections. There being no corrections or additions to said minutes and the same being correct, all members of the Board present affixed their signatures to said minutes in the presence of the Board and the Clerk.

WHEREUPON, The Clerk of the Board presented to the Board a list of purchases and claims against the County. WHEREUPON, the Board proceeded to audit said purchases and claims, and it appearing that the Board that each of the following claims are itemized and returned to, with evidence or delivery of each item to the County provided by law, and it further appearing to the Board that the claims are just, due, correct and unpaid, and no part thereof has been previously paid, Mr. Champion offered the following resolution for adoption which was duly seconded by Mr. Motley and unanimously adopted by the vote of the Chairman and all members of the Board present.

BE IT RESOLVED: That the minutes of the Board meeting of March 12, 1962 stand approved as read, and BE IT FURTHER RESOLVED AND ORDERED: That said purchases and claims are hereby audited, allowed, passed and approved by the Board, and BE IT FURTHER RESOLVED AND ORDERED: That each of the following claims payable to the respective parties, for the materials or services, in the amounts, as hereinafter set out, be allowed and BE IT FURTHER RESOLVED AND ORDERED: That the Chairman of the Board hereby authorize and direct to draw a proper county check in favor of the person, firm or corporation to whom it is due, from the funds listed.

NEWS OF — Northside Baptist

The Northside Baptist church of Clanton were the happy recipients of fine crowds at both services last Sunday. The wonderful spirit of revival continues to exist in the hearts of the Christians. The guest minister was Rev. Oscar B. Hurst, who was graciously received. He was in the act of organizing the faculty and securing the materials for the Vacation Bible School to be held the first of June. The faculty will be prepared to attend the Clinic April 30, 7:00 p.m. at the West End Baptist church. Committees have been elected to revise the church roster, the budget and the decorum. The pulpit committee is very busy fulfilling their responsibilities. The monthly business meeting will be conducted Sunday at 10:50 a.m. All the members should attend this important kingdom business session.

The church is experiencing a gradual increase in attendance each week as a result of an extensive visitation service and the wonderful spirit of Christian fellowship that truly exists throughout the entire congregation. Sunday School begins at 9:45 a.m. Preaching at 11:00 a.m. Training Clinic begins at 6:30. Preaching at 7:30 p.m. Wednesday Mid Week Prayer Service 6:30. Choir practice 7:15 p.m. Everyone, especially the Northside or Day River Mills area are cordially invited to attend all the services of this church.

Alpha Delta Kappa Met

On Wednesday afternoon Mrs. Jane Byrd was hostess to the Kappa Chapter of Alpha Delta Kappa.

The living room was lovely with spring flowers of the Sororities colors of yellow and gold. At the opening of the meeting the chapter president Mrs. W. F. Haywood told of the chapter's chief altruistic project of the year, the giving of a fifty dollar scholarship to an Education Major from Chilton County who is in one of Alabama's Colleges. She then introduced

Miss Omar Taylor Taylor from Alabama College. Mrs. Taylor had been chosen to receive the scholarship. Mrs. Russell Suley chapter treasurer presented the scholarship certificate and check for \$50 to Miss Taylor, who responded with a charming speech of acceptance. The president then announced the installation of the officers for the year 1962-63.

These officers are: President, Miss Elizabeth Barton, vice president Mrs. L. D. Easterling; treasurer Mrs. Russell Suley, Recording secretary Mrs. Mary Evelyn Williams, Corresponding secretary Mrs. W. F. Haywood, Sergeant at Arms Mrs. N. L. Roberts, Keeper of Archives Mrs. Herman LeCroy, Chaplain Mrs. W. E. Robinson.

At the conclusion of the meeting the hostess assisted by Mrs. Russell Suley served a delicious salad plate and Huppsian Tea to members present.

Shell engineer uses stethoscope to help detect noise the ear alone can't hear. Super Shell fights three different engine noises to give you top performance.

How 3 of Super Shell's 9 ingredients fight engine noise—including one hard-to-hear form of knock that could lead to real damage

SHELL scientists will tell you that any good gasoline should reduce engine noise. That's why they include no less than three noise-fighters in Super Shell's 9-ingredient blend. Here's how they work to help give you a soft-spoken engine—and top performance.

How Super Shell fights high-speed knock

High-speed knock makes a sharp, high-pitched noise—like metal tapping against metal. Because it's most likely to occur in hot engines at turnpike speeds, high-speed knock is often difficult to hear.

But even though you may not hear it, high-speed knock can pound away at pistons—even lead to costly damage.

Fortunately, high-speed knock isn't too common. But Shell scientists have known about it for a long time. Ever since they pioneered the development of a substance called Alkylate to help control high-speed knock in aircraft engines. Today, Alkylate is an ingredient in Super Shell gasoline.

THINGS
We see
and hear
by BOB

WE were supposed to mention last week, but we got sick last Wednesday evening about 11:30 and had to take off. Anyway, L. E. Williams, local cab driver recently had his sixth youngster presented to him, his fifth son and the little rascal was born on his daddy's birthday. Needless to say this makes him kind of special to L. E. Congratulations to him on a fine birthday present.

SWAMPED is a pretty good word. We found out just how popular our "Mystery Man" feature is last week when, due to physical disabilities, we failed to present him in the regular spot on page one. We have had loads of calls about what had happened. Folks are really reading the News. We got proof of this last week when we got a letter from a local fellow who says this week folks! Know who he is?

JESSIE Charles Mims informs us that he is now the one and only Rural Industries Employment Specialist in the whole of Chilton County. His office is Calera, Alabama, phone 4-7771 and his home phone is 4-8888. Anyone in business and needing labor of any kind is invited to get in touch with Mr. Mims. He will serve Chilton County and is a Shelby County resident under the direction of the Alabama State Employment Service.

LAST week we reported that local boys had toured the University Medical Center in Birmingham, and that made us very partially correct. A third party, Charlie Patterson, Jr. also went on this tour; any our information failed to report it! We are happy to make the correction.

MR. J. B. Wilson is the new representative in the Chilton County area with the Farm Bureau Insurance Co. Manager Robert Dennis announced his arrival last week. You'll be seeing him around town. When you welcome him to Chilton and to County! It'll help all of us!

SOMETHING must be done about the congested conditions existing on Second Avenue West in Clanton. We have seen more than a few near accidents on that street, due to sloppy parking and driving in general. The street is too narrow to accommodate the amount of traffic which it normally must serve. We hope something is done to alleviate the problem before a pedestrian is killed or badly injured.

Accident Killed
2 Year Old Boy

SATURDAY morning between 10 and 11 o'clock, Larry and Mims, 12 years old, were driving a car as he crossed the highway near Jim Williams Store and killed himself. Larry had been to the Williams Store and was returning to his home where his father, J. H. Mims works. Larry was there also when not in the car. He was a 7th grade student at Mt. Pleasant school. Reports were made that the accident was unavoidable therefore charges were made against the driver of the car. The family live on the Old Highway Road.

BANQUET FOR SELDEN

tickets on sale now!

THE tickets for the Appreciation Banquet for Sixth District Representative Armistead Selden are on sale now for \$10 per plate. The dinner will cost \$2.00 and the other \$8.00 will go to the Campaign Fund from Chilton County for Rep. Selden.

A late bulletin informs us that all candidates for offices are especially invited to the Appreciation Banquet, Chairman of the affair tells us that they will be welcome and recognized publicly—THE EDITOR.

If you think the price a bit steep, it is still a small price to pay for helping to preserve the Sixth Congressional District in Alabama. We stand to lose it under the forthcoming 9-8 plan in the May Primaries.

The men who are working on this project for Chilton County really need your active support. They are trying to have 200 persons at the Banquet which will be held at the Holiday Inn in Clanton on Tuesday night, April 24th at 7:00 O'clock. Rep. Selden will be there as will other dignitaries and political figures from Chilton County and over the State.

WHERE TO GET EM

If you would like to buy tickets to this event, contact one of the following or pick up your tickets at the Chilton County News office:
In Clanton, Francis Speaks, John Deramus, J. C. White, Hollis Jackson, Leo Thompson, Mack Gwynn, Leon Kemp, Jno. Higgins, Ott Miller, Alex Hayes and L. E. Diefenderfer.
In Verbena, Cal. T. B. Deramus, In Thorpy, P. F. Singler and Sam Bentley. In Jemison, Marvin Dawson. In Maplesville, Kermit Coburn.

Six Injured In Two Car Collision

SIX people were involved in a two car head on collision on the rural road West of Pleasant Grove Church last Monday night at 7:30 p.m.

The occupants of one car were Tobie Mayfield, son of Fred Mayfield and he was on leave from the Navy. Carolyn Culp and Leonard Culp, brother and sister. Occupants of the other car were members of Delos Roper family, Doug and his two sisters whose names were unable to get at this time. The family live in the Pleasant Grove Community.

All six were taken to the Chilton County Hospital by Spigener Brown Service who answered the call.

All were in serious condition and Carolyn Culp was transferred to the University Hospital in Birmingham on Tuesday in a serious condition from a brain injury.

Doug Roper was also transferred to the University Hospital on Tuesday.
The cause of the accident was reported to have been due to the fact that the two cars approached a hill on a narrow road and hit head on. Both cars were demolished.

Spring Revival To Begin At Refuge

THE Spring Revival will begin at Refuge Baptist Church on May 3rd, according to Rev. E. C. Hand, pastor. Services will begin each evening at 7:30 o'clock with Rev. M. G. Fields as evangelist.

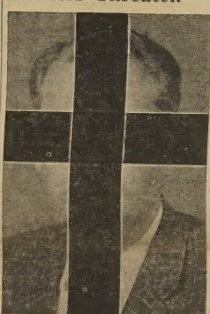

education building—first methodist church clanton

ABOVE is the architect drawing of the new Education Building of the First Methodist Church in Clanton, to be built in the very near future. The new structure will

connect with the old building on the west side and will house all the Church School Departments of the Church. Bids for building were opened Monday night of this week

but no bid was accepted as yet due to some extended planning being done by the Building Committee. Architect for the new structure is Harold L. Foshee, formerly of Clanton.

No "MM" Last Week; Readers Threaten

MANY of our readers were perturbed last week when they failed to find the "Mystery Man" feature on page one, as they have been accustomed to for the past several weeks. This week he's back folks, with our apologies about last week. We will try not to let it happen again. Can you guess who he is? If you can, and you get to us first with the answer, you can win a six months subscription to the News!

Royal Arch Mason Meeting

A REMINDER

YOU voters are reminded that Thursday, April 26th is the last day you may vote an Absentee Ballot. In announcing this fact this week Mrs. C. Delle D. Cobb, Register-In-Chancery, said, "My office will be open from 9:00 a.m. until 4:00 p.m. each day except Sunday for the convenience of those who wish to vote an Absentee Ballot!"

Auction For Aid To Retarded Children

COME one, come all to the Courthouse Square on Saturday, April 28th at 2:00 p.m. You can buy anything from toy tractors to tons of fertilizer. You name it and you can probably get it.

Local merchants have given freely many various items to be sold at public outcry. The proceeds will go to the Chilton County Association for Retarded Children. This Association is doing a marvelous job in Chilton County and it deserves the support of every citizen of the county. If you have any items of value that you would like to give to this cause please write P. O. Box 148 or call Mr. Waddie Blalock 728 or 1040-W1. This will be a good opportunity for some good advertisement as well as help these deserving children.

Dear First Grader:

THE pre-school party for next year's first graders will be at the Clanton Elementary School Friday morning, April 20th from 9:30 to 10:30 o'clock.
You will get to visit the four first grade rooms and meet all of the first grade teachers. Free refreshments will be served in the school lunchroom. Your mother may be served also for twenty-five cents (25c).
We want you to be sure to attend the party as it will serve as a registration for entering school next September. When you come to the party, please go by the office in the main building for your division for building.

We are looking forward to seeing you.
This is for children who will be six years of age on or before Oct. 1, 1962.

DUE to the fact that next week will be the last issue of the News before the May 1st Primary, a copy deadline will be observed! Copy must be in our hands not later than Tuesday afternoon at 2:30. We will, of course, appreciate anyone getting copy to us sooner than that if at all possible. Your cooperation will be greatly appreciated and we can serve you better if you will honor us by observing this deadline. Thank you—THE EDITOR

LIGHTS FOR SIGHT

THE Clanton Lions Club will hold their annual Light Bulb Sale next Monday and Tuesday nights with the proceeds going to the Alabama Sight Conservation program.
According to Dr. C. D. Honar, publicist chairman for the event the Lions will cover the West side of Clanton on Monday evening from about 5:30 until 7:00 O'clock. On Tuesday evening the same hours, they will cover the East side of town. You are reminded also, if you live in the rural areas and would like to buy some of these bulbs to help out the cause, that an ample supply of them will be at Suburban Gas Company, so you may pick your way up there.

The Lions Club has made this an annual affair and the local chapter is very active in Alabama Sight Conservation, having had members serve on the State Committee in that effort. Remember: That's Monday and Tuesday, April 23 and 24.

Maryetta Propst "Miss Charming" At Huntington

MARYETTA Propst, senior from Clanton, was presented Saturday night as the 1962 "Miss Charming" of Huntington College. She was elected for this honor by vote of the students. Garrison, Parker Win Teen Driving Road-E-O

THE Teen-Age Driving Road-E-O, which was held Saturday, April 14, brought forth several good drivers but we could have only one winner. Here are the first three place winners and their score out of a possible 400.
1st place Frank Garrison, 340; 2nd place Terry Parker, 327; 3rd place Billy Atchison, 310.
Miss Janice Thornton and Miss Faye Scott were the only two girls that took the driving test and did very well on it.
The 1st place winner will go to Selma Saturday, April 21, for the State finals and the awards banquet which will be held that night. Let's keep our fingers crossed for our local winner in the State finals. One of our local contestants won the State finals 2 years ago and we feel we have a very good chance this year.
The Jemison wish to thank all the merchants for their interest in this event. The White Auto Store gave a gift certificate and also the Goodyear Service Store.

For the girls, Avonlea LeCroy's Beauty Shoppe gave the highest scoring girl a shampoo set and manicure and Doris' Beauty Salon gave a shampoo set for the second place girl. We want to thank V. J. Rimore for their donation of some of the equipment. On the field that day Billy Lawrence was there to give a few driving points and also to take some pictures. We also want to thank the principals and the teachers for their co-operation in trying to get the young drivers to enter this event. Thanks is also extended to our county newspapers and to radio station WKLF for their effort in publicizing this event.

Next year we hope to have the Hixson Teen-Age Driving Road-E-O ever, and between now and the date next year we hope to think of some way to interest the teenagers in this event more than what they seem to be now.

Pastors And Superintendents Meet April 17

All pastors of the 54 churches and superintendents of the Sunday Schools of Chilton-Unity, meet without fail Tuesday, April 17, 7:30 p.m. at the West End Baptist church, Clanton, with Rev. Harold Andersin, Associate Secretary Sunday School Department of Alabama Baptist, to make plans for the pastored Sunday School enlargement campaign scheduled in the Associational calendar of activities to be held September 23-28, preparation week. This is a must for the pastor and superintendent, and you can be counted on.

School Of Music April 23 - 27

More response from the church as will have to be seen to make it possible for the Associational School of Music to be conducted as scheduled for Monday through Friday, April 23-27, 7:00 p.m. daily at the First Baptist Church, Clanton. Unless more churches respond the Music School will have to be postponed. This week end is the deadline. The request for response from the church was suggested in the bulletin the pastor and another leader of the church received last week. Act now. Write saying "I will or I will not cooperate with the music school."

Proof Of George Wallace's Efforts And Intentions With Regards To Industrial Development for Chilton County

SHOWN above is the Thorsby Manufacturing Company in Chilton County, which was built with assistance directly attributed to the Wallace Act, authored by Judge George C. Wallace.

HERE is a view of the Newport Business Forms Company building in Clanton. It too, was built under the Wallace Act. Proof positive to Chilton County citizens that George means what he says, when he proclaims that he has and will continue to work for the industrial development and improvement of the State of Alabama. NEWS OF — Northside Baptist

Last Sunday's services at the Northside Baptist Church indicated that the revival spirit continues to be revealed throughout the congregation. Visitors continue to attend the services. At the close of the evening service the monthly business meeting was held and the reports of the heads of the organizations was given and adopted. The faculty for the Vacation Bible School was elected and will attend the children's camp at the West End Baptist Church. A committee was elected to revise the budget and other actions were unanimously approved which are steps toward a greater witness to the community.

The R. A.'s are looking forward to a fine service and winner roast Friday, April 20, 6:30 p.m. A great crowd is expected to attend the Easter services next Sunday. The choir and the congregation will sing hymns of the resurrection, which will be followed by appropriate sermons. Sunday School begins at 9:45. From 11 a.m. to 12 p.m. Training Union begins at 6:30. Preaching 7:30 p.m. Wednesday, Prayer meeting begins at 6:30. Choir practice 7:15 p.m. The pulpit committee invited Rev. Wally Henley, student at Howard, to bring the message Sunday, April 29, 11 a.m. All members are invited and urged to attend to hear the word of the Lord and meet him. He could be God's man for pastor of the Church. Everyone, especially the people of the Northside Baptist Church, are cordially invited to attend every service at this church and receive a very warm welcome.

Miss Murla Williams bride-elect Jimmy Ryan who is employed in the U.S. Air Force, started to moving into their new home last week. Mrs. Ryan and Murla carried a load of household things, they plan to go directly to their new home in Florida, which will take place April 28th at the First Baptist Church in Thorsby.

Congratulations to Mr. and Mrs. David Maddox upon the arrival of a son Sunday, April 15th.

This column expresses sympathy to the O. R. Pilgrim family in the loss of Mrs. Pilgrim's brother Mr. I. O. Morris. Mr. Morris passed away Wednesday at their home following a lengthy spell of sickness. Burial was Friday in West Point Ga.

Ward attended the funeral of Mr. Morris along with the Pilgrim family.

We wish to take this means of expressing our heartfelt sympathy to the most Glass family due to the home going of their loved one Mr. Amos Glass.

Mrs. Susie Goodgame moved from here to Prichard, Ala. last Thursday. Her many friends regret to see Mrs. Goodgame go. Mr. Robert Davis left April 5 and visited his nephew in Annapolis. He plans to sail for Copenhagen, Denmark, to visit his son Dr. Hugh Davis and family.

Mr. Ed Yeargan and his son Robert arrived home Monday from a visit with his daughter Mr. and Mrs. Laverne Krouse in Brookland, Wisconsin. They reported a nice time but didn't enjoy the big snow.

Fifth Sunday Hymn Sing At First Baptist April 29

The Fifth Sunday Hymn Sing of Chilton-Union churches meet Sunday, April 29, 2:30 p.m. at the First Baptist Church, Clanton. Theme: True message of spiritual strength. Scripture: 1 Peter 1:13-16. 2 Cor. 5:14-15. and Prayer: Rev. J. H. Blalock. Congregation gospel songs will be used on the program. There will be solos, duets and quartets and several choirs to sing special music. This singingship will be adjourned by Rev. Lloya Jones. Randall Veezy, Music Director and Rev. Loney McReynolds, pastor, will be in charge of this song fest. All the churches should furnish transportation for every singer in the church, especially the children and all members of the choir to attend. The church having the highest attendance will receive special recognition at this hymn sing. Everyone is invited.

Parents, Please!--

SATURDAY morning a child, a young boy was killed by an auto on the outskirts of Clanton. The accident, as reported, was unavoidable. Apparently it was the youngsters fault for not observing safety measures.

How many of you as parents, with the summer vacations and warm days of happy fun and playing coming on, take the time to teach and warn your children of the hazards of highways and streets. Possibly you remind them to "be careful!" every time they leave home, but do you ever seriously confer with them about the possibilities of losing life or limb by carelessly disobeying the rules of safety!

The accident was unfortunate! Many friends affected, will bear the sorrow for many months, possibly years. Could the same thing happen to your family? We sincerely hope that it does not, but if you don't teach them, how will they know?

Concerned With Leadership--

WE are not the least bit concerned with leadership! And we're not going to put it on the broad scale of "we" as Americans; or "we" as Chilton Countians. Let's say "we" me and you Mr. Headley, me and you Mr. Mims, me and you Mr. Easterling, me and you Mr. Porter, or Mr. Johnston, or Mr. Kemp, or Mr. Jones, or Mr. Smith! All of us! We have it bred in us, it seems to complain about our leadership to find fault with our elected officials, yet we, me and you, are doing very little to contribute to or to encourage that leadership.

cerned with the status quo, everybody doing the same. We have come to the point where we are more concerned, everybody living off of the government, everybody reaping the same benefits than we are with encouraging leadership. Some people are born to lead! But, do we try to improve them in their efforts to do the thing they were born to do? Indeed not! We much prefer to find fault with, and belittle their sincere efforts rather than trying to give them constructive criticism which will benefit all of us!

There very definitely is room for improvement in our leadership today! But, isn't that exactly what we are talking about? If we had encouraged leadership down through the past several years, wouldn't that leadership be better today? We cannot hope to have good leaders until we learn to be good followers. We do not mean "followers" in the sense that sheep follow the shepherd or dogs follow their master, but in aggressive support of our leaders, so that the whole world (and we ourselves) will know that we believe in them. That they are leading us in the ways we want to go, because we have given to them that sacred trust!

If we do not have that kind of leadership now; then we must seek to attain that leadership and maintain it, if we are to survive as a nation. And do you know where our strength as a nation lies? Right here at home friend, in good old Chilton County where we are raising up a new generation of fine leaders, if we will only fertilize the incentive to grow a good crop and see that it gets to the right market! Our prayers are being answered by God, and our cores will be taken care of, if we will only encourage our people to lead instead of seeking, in every way we know how, to destroy that quality given to man! A wise father leads his sons; and a wise people follow them! That is the only formula for life and peace!

The Mud-Slinging Truth--

SOME writers, especially with regards to State politics at the moment, have great disregard for the so-called mud-slinging type of politicking; but when they do it, then it is no longer mud-slinging, but the truth!

It seems to be beyond the grasp of some folks to sell themselves as "the best man for the job" without underselling their opponents.

As far as we are concerned, the demerits of an individual, even if they are the truth are not going to help another man's character one bit! "If you think I'm bad, look at that other fellow," is hardly a good sales pitch for one's ability!

When you self-appoint yourself a judge, you can rest assured there will be a self-appointed jury along promptly.

Our Educational Funds--

THERE are a great many questions on our tax monies for education which are not clear to some people. Take the \$500,000 which is "tied up", and which many people are skeptical about.

Some two and one-half million dollars, in round figures, was borrowed for building educational facilities, on the presumption that the One-Cent Sales Tax would pay off this loan at a given amount per month. Now here is the fact: Since the introduction of the sales tax collections in January of 1960, there have been only seven months of that time when the tax has brought in more money than was due on the indebtedness. Simple arithmetic will tell you that a business affecting thousands of citizens, cannot long stay solvent and in business when assets do not meet or exceed liabilities.

Something had to be done! The proper officials met with the Board of Education and worked out a plan whereby \$500,000 would be held in escrow in a Montgomery depository. This money is costing the County 4% and is drawing 4% interest, which means the \$500,000 is drawing 3% interest. The shortage of funds taken in thus far, has been taken care of by the interest being earned on the money. If it were not in escrow, it would not be earning anything and the County would be even more in debt. The money belongs to Chilton County and the interest is being paid to Chilton County. It will eventually be used for the purpose which it was designated.

The One-Cent Sales Tax, which was voted on by the people of this County for a period of 20 years, was brought about to meet construction needs, and overcrowded accommodations which exist in our County today. The people levied the tax upon themselves in order to make our educational system keep abreast of the ever-changing times and to meet the needs of our children.

The money, about which there has been so much conjecture is being held as insurance and to HELP pay off the County's indebtedness. It is actually, protection for this County as well as protection for the bonding company. The Board of Education did not have any alternative but to comply with this plan when funds received were falling short of the amount needed to pay off the indebtedness.

Chilton County, generally speaking, went through a bad economic year in 1961. Proceeds from the Sales Tax point up this fact. When sales reach the point where the tax will retire the bonds as scheduled then the money which is being held, earning interest, will be released to the County. This is good business and the Board of Education should be commended for efforts in behalf of the people of this County and for his conscientious and businesslike manner in which they handled the County's affairs. Their action will protect the good name of our County and keep the financial burdens and obligations on a sound and workable basis.

Low-Rent Housing--

THE Public Housing Administration has approved a loan of \$4,000 to the Housing Authority of Clanton to begin planning work on 20 new low-rent homes in the Thorsby-Jemison area. This was done last month. Representative Armistead Selden played a big part in this project for Chilton County. An 80-unit Housing Project is already under construction in the City of Clanton. This will make 100-units in this County when completed next year.

"Industry"--

ONE "commodity" that Chilton County has in abundance, but has failed to capitalize on, is one that would make a good running-mate for any product or service which we attempted to promote as a Chilton County original.

It is the true nature of "Hospitality" which is ours; born and bred into each of us, and an untapped source of good will and eventually development of all kinds, if we practice and nurture it! More than any other area of our nation, Chilton County is one of friendly, home-loving, humble people who get great enjoyment out of meeting and helping the people....We do not mean to industrialize or materialize our hospitality, but it is a God-given attribute which should be used win people to our way of doing things, and make things better for our people. Do not be ashamed of your humble hospitality; as an individual and collectively it is our greatest asset!

Evidence Of Selden's Worth--

PERHAPS you as a voter and taxpayer were unaware of the fact that our Congressman Armistead Selden played a major role in putting through the Flood Control Project which is now underway in Clanton, and it didn't cost the City or the County a cent, directly. Mr. Selden has worked hard on this project for our County, as well as scores of others and he is one of the most conscientious and energetic men in Washington with his eye always on serving the people of his District and his State. You would not only be returning a very good man to office, by voting for Mr. Selden in the coming election, you will be casting a vote to preserve the Sixth District, of which you are a part and thus keeping your representation in Washington. This in itself, is a factor which should not be taken lightly by any voter or citizen. If we want to maintain our District we have got to maintain our Congressman. Your thoughtful support is definitely needed at this time!

Kiwanian of the week, Lamar Clayton, reported a life filled with banking activities. Lamar has been connected with the banking business since his teenage days.

F. H. Spicer visited back with the club and we are looking forward to the time when he can be regular in attendance.

This weeks program was under the direction of the Public Relation Committee. Mr. Charles Frazer, Sales Representative for Eastern Air Lines was the guest speaker. We were told that now since we are in the jet age the United States is only five hours wide and two hours deep. Present day planes are flying higher and twice as fast as the old planes. It is expected that Commercial planes will soon exceed 2000 miles per hour, which will make any point in the world just around the corner.

EMPLOYMENT
Employment in Alabama had almost recovered precession levels by year's end. Employment in retail and wholesale trade averaged slightly higher in 1961 than in the previous year.

THE ANSWER IS GOD

"There is where I got my education," said a recent college graduate as he pointed to the campus prayer chapel. "After weeks of constant worry and failing grades, I decided to withdraw from school. I was on my way to the dean's office when I stopped in the chapel--more to pour out self-pity than to pray. But the Scripture above the door caught my eye. 'He shall teach you all things.' It made a deep impression in my heart, and I decided to give college another try--this time with God's help."

The most important part of the young man's education was learned in the prayer chapel. He found the answer to all life's problems and needs--God.

God is not the easy way out of difficulties; but He steps in beside you and leads you through them. Things have a way of turning in the right direction when you look to God.

As your path is channeled toward Him, His strength becomes yours. Your fears and worries are replaced by steadfast faith and never-ending joy. You needn't fear the outcome of a trying problem or trial, for with God as your teacher, the

lesson that Christ teaches is as easy as simple arithmetic. His formula for happiness and abundant life is: ask, believe and receive. Whatever your need may be--salvation, healing, strength, peace, joy, encouragement--He will supply your every need if you will but ask Him. Then believe. Have faith and trust Him. Lay your worries to one side. He understands your problems and needs. He knows what is best for you. Accept His answer and receive the blessing and goodness of His love. All that Christ has can be yours. He wants you to enjoy life and good health.

Christ is the answer to every problem of life. Nothing is too hard for Him and no too unimportant. Abundant life can be yours today if you will only ask, believe and receive.

Our Forgotten Heritage--

WOULD you have known what Friday 13th was if the banks hadn't been closed. . . whereupon you proceeded to find out why? We didn't either!

Thomas Jefferson, one of the greatest statesmen, and an American, who ever lived, was born on that date - April 13th. It seems that we, as Americans, deriving daily benefits from efforts of such men, should do more to observe their birthday anniversary than just close the banks! We Americans would do well to consider our heritage, and honor it, rather than ignore it!

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to The Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to Social Security, c/o Chilton County News Clanton, Ala.)
Q. My son who is fourteen years of age is living with me and his stepfather. His father died two months ago. Would he be able to draw benefits from his father's account?
A. Yes he would if he was dependent on his father. He must claim a 12 office and he'll be glad to take an application on behalf of your son.
Q. Who can draw the lump-sum death payment when a Social Security beneficiary dies?
A. If the beneficiary was married and he and his wife were living together, she draws it; otherwise, the lump-sum is paid to the person who paid the burial expenses.
Q. I would like to have a general idea of the whole Social Security program. Do you have a booklet that would help me understand this?
A. Yes, and it's free. The booklet is entitled "Your Social Security" We're putting one in the mail to you.

FOREIGN TRADE
Foreign Trade shipments through the Mobile Customs District during the period October 1960 to September 1961 were valued at slightly less than shipments in the preceding year. The total value of imports, \$109 million, dropped 14 per cent during the 1960-61 period, but the loss was nearly counter-balanced at a slight net increase in the value of export shipments, to \$154 million.
The origin and destination of shipments moving through the Port of Mobile falls into a pattern which changes little from year to year.

Report from Washington

BY
ARMISTEAD SELDEN
Congressman, Sixth District

A measure designed to permit controls on some imports of agricultural commodities and textiles, including cotton products, was approved by the House of Representatives last week and sent to the Senate.

Passed by a vote of 312 to 80, the bill authorizes the President to limit certain imports from countries which have not joined the United States in multilateral trade agreements. Imports affected by the legislation are those specified in the Agricultural Act of 1956, which the bill amends. They include textiles and textile products, as well as agricultural commodities and the products made from them.

The 1956 Act authorized the President to negotiate international agreements relating to the importation of textiles and agricultural articles. However, it was drafted primarily with bilateral, or country-to-country agreements in mind. The amendment adopted by the House reverses it so as to recognize the multilateral agreement that was reached last year in Geneva among the major textile producing nations of the world.

Nineteen nations, including the United States, signed the International Textile Agreement on July 21, 1961. These nations account for approximately 90 percent of the world's textile output.

The international marketing arrangement to which they agreed was to be implemented in two stages, the first a one year adjustment of tariffs and the second, a similar long term arrangement which would go into effect on October 1 of this year.

Since the conclusion of the Geneva agreement, there has been some question as to the power of the President to deal with imports from non-participating countries. Thus the House amendment pertains to those nations which did not sign the Geneva Pact. It is expected that this action may induce some of the non-participating nations to join in the agreement.

Just before the Geneva agreement was provided last week when Spain announced that it was suspending

USE OF DRUGS
Aspirin is a commonly used and beneficial medicine. Yet even this mild drug can be tolerated by some individuals. Any drug can carry a potential for harm. Today's physicians must have a sound knowledge of pharmacology, which is the study of drugs, in order to size curative agents to their advantage; and he must be able to size the effects of a drug. The possibility of toxic and poisonous effects are classified into two types. One type is associated with the direct action of a drug. For instance, there is a toxic effect of digitalis when used in excessive dosage without careful dosage under unfavorable conditions. Then there is the effect resulting from an idiosyncrasy of the patient. Most physicians have patients who react unfavorably to barbiturates. Repeated use of powerful harmful drugs such as phenazine may induce an acute poisoning effect which could lead to serious consequences.

The modern physician has his disposal a wide variety of drugs of remarkable efficiency. These new curative drugs are contributing to prolongation of life and reduction in human suffering. The physician studies the action of the disease, the action of the drug used, and the resulting effect on the individual. Observing carefully, the doctor is able to select the drug that is most suitable for the patient in order to produce the desired result. Close attention helps the doctor to regulate dosage to obtain maximum benefit, with avoidance of undesirable side effect.

Bookmobile Service

Set For Clanton

Bookmobile services to Chilton County commercial Monday, April 16.

Mr. and Mrs. Reddie Smith of Clanton are the bookmobile driver and librarian.

Mrs. Smith will be happy to help you select your books. All ages and tastes are catered for by this free service which is provided by the Alabama Public Library Service. The full schedule will be released later. In the beginning the routes are necessarily subject to change. A separate summer schedule is

being prepared.

Be sure to meet the bookmobile at the stop most convenient to you. Tell your friends all about this wonderful service.

Listen to radio station WKLF for information relative to the Bookmobile stops for next week and the opening date of the Clanton Public Library.

Members of the City and the County Library boards wish to express their appreciation for the work done by Mrs. Elizabeth Parks Beauguard, Director of Alabama Library Service. Mrs. Mozelle Cummings, Head of Field Service, the two area librarians Mrs. Nancy Gance and Mr. Derek Wilson. These have worked tirelessly toward the establishing of a public library in Clanton and the giving of library service to all Chilton County Citizens by means of the Bookmobile.

Junior Music

Club Meets

The Junior Music Club will meet Saturday, April 21, 1962 at the home of Miss Sandi Leibold at two-thirty p.m. All members are urged to attend this meeting.

REASONS:

1. It seems that our educational leaders think the money which is administered by them belongs to them, and they don't have to account for the way it is administered. The only record regarding money has been a request by the present superintendent for our representative to secure him a raise. This seems to be his major concern, more money.

2. Every issue and question have been dodged and ducked by the present leaders. The only platform presented has been a platform of smears against Lloyd D. Mims. He has given answers everytime to prove the smears false, for he has never lost a day's pay in this county from any smear or otherwise. This is a statement that if false stands to be corrected.

3. Every opportunity now exists for deals or kickbacks and our merchants aren't treated equally in the board purchases. It is very evident as to why a certain merchant is fighting Lloyd D. Mims so hard. The gravy train is going to stop. Even certain board employees are riding the roads against me. Can you guess why?

4. It is time for a change when certain schools in the northern section cannot be used by the people because of their religious denomination. The people are entitled to ask certain candidates questions. A few real things might backfire after having certain teachers out trying to convince the people another way.

5. It is time for a change when \$315,000 interest is being paid on bonds that should never have been issued. This is enough money to build a lunchroom or school at Jemison alone. This is the kind of information many are trying to hide from these people. Why don't a select few tell this story to them instead of trying to smear?

6. It is time for a change whenever the select few cannot even maintain unity in their own ranks. Offers have been made to shift a certain board member in order to gain votes. I think this member is fine in the present job or any where else.

7. Whenever the people of Maplesville fail to have a say-so in the selection of their teachers, then it is time to break

the ring. These people cannot have a band and broader instructional program if Lloyd D. Mims is elected. Why do a few favorites with certain sections?

8. A trend toward family affair or ring domination has been observed by many in the county, and our school system must not belong to a select few. It is time certain teachers were transferred from various schools, because a few of them think they own the schools. After all, the schools belong to the people, and elected, Lloyd D. Mims will transfer a few. My promise will stand to a certain section that they will have relief from family domination.

9. The people of Thorsby have never gotten the cooperation of our educational leaders, only opposition. If elected, Lloyd D. Mims will work with them and stop children from passing their schools and other schools, when they are crowding another school to death.

10. Every promise was made to the people of Collins Chapel Enterprise, Vermont, Stanton, Mt. Pleasant and others in order to get the one cent sales tax passed. Now, every effort is being made to destroy their schools. Have a forgotten these people still vote?

11. The people of Clanton, as usual still don't have a completed school building, although over two million dollars has been available. It's hard to sell these people the story being told.

12. There has been too much buck passing by the present leadership regarding why certain schools and gymnasiums can't be built. This is a sl attempt to get more tax money and burden the people for a few more years. After all who besides the education leaders, decide where the money is to be spent?

13. Many people cannot receive the type bus service they should have. Their children are being transported to death before reaching school. The conditions must be corrected.

Sincerely,
Lloyd D. Mims

SELLERS SAYS

There are two new insecticides on the market this spring that will be a big help in controlling pests on ornamental plants. They are Cygon and Thimet. They're described by Extension entomologist Roy Ledbetter as the new approach in ornamental insect control. Both are the recommended list for the first time this year.

These plant systemic insecticides offer built in resistance to insects. The substance is absorbed by the root system and transported to all parts of the plant. An insect which tries to feed on the plant is killed.

You can use Thimet in granular form, and Cygon can be applied either as a foliage spray or as a soil drench.

Both are leadly to a wide variety of insects. Cygon controls scale, mites, aphids, whiteflies, leafhoppers, mealy bugs, plant bugs and certain leaf miners, and it can be used safely on all ornamentals except Chinese holly and chrysanthemums. Use it as a foliage spray at the rate of one fluid ounce of four pounds active material per gallon to five gallons of water. As soil drench, use one fluid ounce of four pounds active material per gallon of water for each plant.

Thimet is recommended to control scale, lacebugs, leafhoppers, spider mites, thrips, and

whiteflies in potted plants only. Use one-half teaspoon of 10 percent granules for each square foot of soil surface. Work the granules into the soil and wet down with water.

Normally, one application of either insecticide will be effective for two to three months. Both are toxic, so make sure you follow all precautions listed by the manufacturer.

Pecan Diseases And Insects

County Agent Sellers reminds us that pecan scab, caused by a fungus, is the most serious pecan disease. You can recognize scab by numerous irregular brown and black spots that look like bruises on the leaves and nuts. Scab infection normally begins on young leaves and later moves to the nuts. Scab is more severe on some varieties than others and causes more damage during wet, cool seasons. A crop can be completely destroyed by this disease.

Powdery Mildew is another fungus disease that usually becomes serious in periods of heavy rainfall and high humidity. Powdery mildew can be recognized by the uniform powdery white covering on the leaves & fruits.

Wood Rot results from fungi entering broken tree branches. These fungi enter, they spread rapidly thru the wood and may kill the tree. To prevent wood rot, cut off broken limbs flush with the main branches or the trunk of the tree. Also, paint the cut surface with one part creosote and three parts coal tar.

Pecan Nut Casebearer overwinters as a partly grown larva. As buds begin to grow in the spring, the larva becomes active and feeds on tender buds, then pupates in the stem. The adult emerges in May and lays eggs on the blossoms of the nut. The newly hatched larva usually leaves the nut cluster and feeds on the buds for a few days before it returns to a cluster and attacks the young nuts. A single larva may destroy from one to all nuts in a cluster.

Pecan Leaf Casebearer attacks the leaves, but seldom injures well cared for trees. The insect feeds for a short time on the buds during early spring and later attacks the leaves, generally along the midrib.

Shuckworm attacks the nuts from the early stages of its development until harvest. Damage can be observed by June 15 to 30 and may increase with each generation. Shuckworm tunnels into and destroys the nuts until they harden in late August. After the shells harden, the larva tunnels in and destroys the kernels from developing properly.

See your County Agent for pecan spray schedule. It will also be published in next week's paper.

Pensacola Bahia Grass Fertilization: Fertilizer recommendations for the establishment of Pensacola Bahia grass by the Auburn University Agricultural Experiment Station, in the absence of a soil test, call for the application of 16 pounds of nitrogen and 48 pounds each P2O5 and K2O or 400 pounds of 4-12-12 per acre. Lime at the rate of 1 ton per acre on sandy soils and 2 tons per acre on loam soils may also be needed. As soon as a stand is established, a top-dressing of 45 pounds of nitrogen is advised. In succeeding years, a spring application of 10 pounds each P2O5 and K2O, or 100 pounds per acre of 0-14-14 is recommended. For the production of hay and grazing, 40 to 50 pounds per acre of nitrogen is needed several times during the season up to a total of 200 pounds, research has shown. An application of 56 pounds each P2O5 and K2O per acre is necessary for the establishment of winter legumes on the grass sod.

MIMS REPORTS

By DANIEL R. MIMS

Some Chilton County farmers are now engaged in the business of buying cattle and grazing them through the summer months and either selling in the fall or putting them in the feed lots to be carried to heavier weights. This practice can bring on many health hazards. Listed below are some suggestions that can keep many cattlemen from being disappointed in their operations:

1. Buy fresh, healthy cattle that have been on the road or in the market for long periods may be weakened, exposed to disease, and slow to get on feed. Avoid calves showing nasal discharge, diarrhea, or roughened hair-coat.

2. Buy cattle of one origin. This lessens the chance of introducing multiple viruses from several herds.

3. Transport cattle in a clean truck. Cattle exposed to dirty quarters become a "nag" for the concentration of germs.

4. Permit new arrivals to rest. Avoid unnecessary handling that may cause excitement. Cattle should not be turned into large pastures immediately on arrival. They will "walk the fences" for the first 48 hours. Therefore, they should be kept in fairly close surroundings.

5. If it is necessary to restrain an animal, do so by means of a chute or gate but do not use a lariat. An animal with severe respiratory involvement cannot stand choking down.

6. Observe new arrivals carefully for signs of depression, stiffness, rapid breathing, diarrhea or nasal discharge. Isolate any suspicious animals and call your veterinarian for a diagnosis.

7. Young cattle may have a heavy parasite load. Animals that show signs of parasitism should not be purchased. These animals will lose your money more often than they will make you money.

8. Vaccination against blackleg is advisable in all cases. Follow the advice of your veterinarian.

9. Do not unload cattle in unsanitary or contaminated lots.

10. Check on new arrivals at least twice each day.

CARELESS HANDS

FOR SAFETY AS YOU WORK

Use common sense while you are doing your housecleaning so you get through the job without mishaps. Don't try to hurry and, for goodness sake, take a break when you feel tired. Trying to beat the clock is like violating a speed limit when you drive. You take stupid chances, and one moment of bad judgment can bring disaster.

Dress sensibly for your cleaning chores. Wear good-fitting shoes with low heels. If you work in a dress, it should be simple, without gaping pockets. The skirt should be moderately full—not so full that it will catch on things, to pull them over, and not so tight that it will restrict your movements. Flimsy, fluttering aprons and flowing sleeves may prove to be a fire hazard. Remember, too, sensitive and melt rapidly when they come into contact with a flame.

It is a fact that as you do your housecleaning, you are likely to face some special hazards. Watch it! Tests the temperature of hot water from faucets cautiously before getting your hands in it. Be careful where you put broken glass. Don't throw it in a rubbish fire—this may cause it to burst.

CLEANING HINTS
Don't use carbon tetrachloride, gasoline, benzene, or kerosene for cleaning. If you use turpentine or naphtha, don't use it near an open flame. Don't drench clothes or household effects in doors. Paint only in well-ventilated rooms.

Never use any combustible cleaning product, either clear or mixed with water in an automatic dryer or combination washer-dryer when the temperature gets high enough in the dryer drum.

ARE YOU USING YOUR VOICE?
PHONE TODAY! WE WILL PURCHASE YOUR VOICE FOR CHILTON COUNTY NEWS

Some safety tips are so obvious that it seems a waste of time to mention them. Yet many homemakers regularly break rules because they have been lucky. - up to now. How about you? When you carry clothing or household effects, for example, do you take such a big load that you can't see where you are walking? It's not worth the gamble, so make an extra trip. And don't collect articles at the top or bottom of stairs, to carry up or down when convenient. You may not see them until you have fallen. Would you want even a slightly disabling fall while you are in the middle of your cleaning?

Use a step-stool or extension ladder to reach high places. It's such a temptation to climb on a wobbly chair or carton, just for a moment, when a ladder isn't handy. Don't do it! Get something designed to stand on, and take time to set it solidly. If you are doing the windows outside, be sure one leg of the ladder isn't on soft ground where it could make you tip over. Don't overreach or lean so far that you lose your balance. Keep the ladder in good repair. However, never paint a wood ladder and never buy one that has been painted. Paint hides flaws and you can't be sure the wood is in good condition.

News Activities From Jewison

JR. - SR. FROM
On Saturday evening, April 14, the auditorium of Jewison school was the scene of the Junior, Senior Prom, with the Junior class as host.
The auditorium was transferred into a setting of the Deep South in Colonial days.
The scene depicted a white colonial home complete with columns, a flower garden where wild pink honeysuckles grew and Magnolia trees provided a place for love seats.
The entrance to the Southern plantation home was lined with juniper branches on each side of the path, ending with red birch pillars.
The high light of this important evening came as Vann Smith, president of the Senior class and his date Miss Margaretta Dobbs led members and their dates into the doors of the Colonial home.
As they reached the dance floor, Miss Dobbs received a bouquet of red roses.
Following a period of dancing, Miss Faye Foshee was in charge of games.
Dorina McNeill and Veronica Harrell presented special dance number on the program.
During an intermission, Miss Penny Allen crowned Miss Myra Robinson as "Miss Southern Plantation."
Receiving white orchid corsage Mrs. Edna Reynolds as sponsor Mrs. Eugene Guy, refreshments;

ATTEND DISTRICT T. U. PROGRAM
Mrs. H. C. Reeves, Mr. and Mrs. Bill Cofer and Rosa Cofer attended the District Training Union elimination drill and the Young People's Speaking contest at Goodwater, Friday night, April 13. Rosa was a contestant in the Young People's speaking contest. Rosa did not win first place, but second. She did present her subject well and with complete composure.
Commendation goes out to all contestants in church work. Those attending enjoyed a delightful chicken dinner with the good people at Goodwater.

Housing Authority Conducts Survey In Thorsby & Jewison

Mr. Leo Thompson, Chairman of the housing authority of the city of Clanton announced today that the Authority is conducting a housing survey in Thorsby and Jewison to obtain information that will be used in planning a program of low-rent public housing for the community. During the next few days Mr. Thompson said, interviewers will call on a sample of dwellings in the locality to obtain facts about the dwellings and the families living in them. This information will be used to determine what size dwellings to plan and the income limitation to be established for living in them. All information obtained will be kept strictly confidential. Mr. Thompson stressed the importance of the survey to the success of the local public housing program and urged that residents cooperate with interviewers to ensure complete and accurate survey results. The interview does not constitute an application for admission to low rent housing nor can the Local Authority promise consideration to any particular family at this time but all eligible families will be given an opportunity to apply for consideration shortly before any housing to be developed is ready for occupancy. This announcement is in accordance with a Cooperative Agreement between the Housing Authority of the City of Clanton and the Towns of Thorsby and Jewison, Alabama this survey is being conducted.

MRS. JIMMY HITCHCOCK Will Bring the Homemaker's Viewpoint to Place No. 2 on Alabama's PUBLIC SERVICE COMMISSION

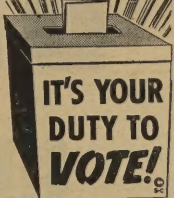

Mrs. Hitchcock, Montgomery, is the widow of the former Auburn All-American halfback and baseball star, who served on the Alabama Public Service Commission for more than 12 years.

She will bring to the Commission the fresh, new and non-political viewpoint of a housewife and mother who knows the need of keeping utility rates down to the lowest possible legal level.

As her husband's unofficial secretary throughout his three terms, she is familiar with the duties of the Commission, and so will know how to best represent you.

MARY TEXAS GARNER

In an exciting campaign we are apt to overlook a technical office like State Treasurer. But our State Treasurer has many important

duties and responsibilities. As your State Auditor for the past four years I have audited the books of the Treasurer . . . which means examining over one million vouchers in the course of a year. I am familiar with the many financial and legal problems with which the Treasurer must deal day by day. Twice before you have given me positions of high trust . . . first I served as your Secretary of State, and am now serving as your State Auditor. Before that I managed a family business and was a practicing attorney in my home town of Scottsboro. As your Treasurer I would serve on the Alabama Education Authority and the State Board of Adjustment . . . two boards on which I now serve as Auditor. If you will again trust me, I will dedicate myself anew

FOR STATE TREASURER

to the job ahead . . . and, God willing, I will always hold your trust.

To The Citizens Of Chilton County

It has been stated frequently in various newspapers that Chilton County is in serious economic difficulty due to a lack of balance between agriculture and industry. The need for greater industrial employment in Chilton County is recognized by all of its citizens and particularly by those who manage the affairs of the various municipalities and of course, by the civic clubs.

The needs of Chilton County are great in respect to education, welfare, pensions and other public services. The people of this County should look towards some means of correcting these problems.

These services rendered by the Federal, State County and City governments depends entirely on money derived from taxes. Taxes originate principally from individuals, but almost equally from taxes on the profits of businesses. It should be kept in mind that "the government" has no source of revenue except to take it from individuals or from industry.

Chilton County has hundreds of people driving many miles outside of this County each week to their jobs. The new interstate road system has been of great benefit to some areas but has struck Chilton County very hard and has forced additional people to either lose their sources of income or they are now forced to look outside of Chilton County for work.

CHILTON COUNTY NEEDS NEW INDUSTRY FOR THE FULL EMPLOYMENT OF ITS PEOPLE.

The greatest contribution which I may make for the benefits of the 15th Senatorial District is the effort I will make for new industry and most particularly for Chilton County. Our own operations extend into three states and my acquaintanceship with industrial leaders throughout many states could unquestionably be of great benefit to this County.

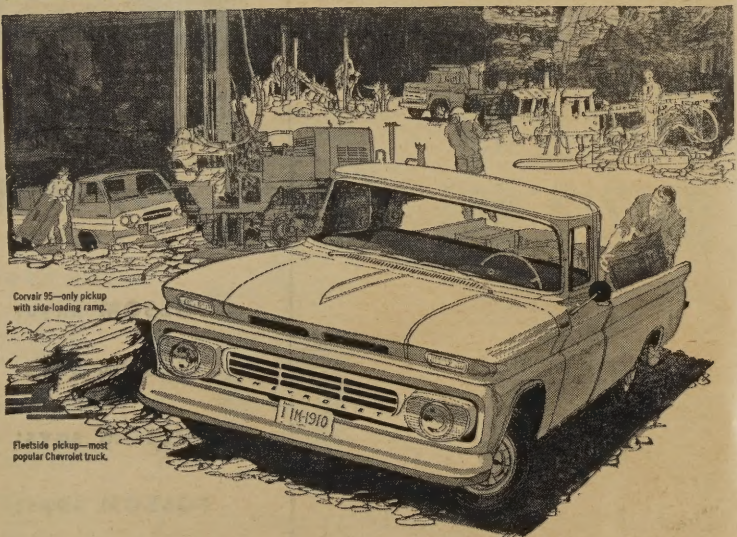

Wherever you are at this moment, think of how benefited you and your community would be by the addition of a single plant employing 300 people! The benefits of such an operation would spread well beyond where you are sitting and the added payrolls and availability of tax money for public services would be too many to enumerate.

I offer to people of Chilton County unquestionably the very highest potential for attracting new industry and if this is your wish, I certainly solicit your support.

Chevrolet 95-only pickup with side-loading ramp.

Fleetside pickup-most popular Chevrolet truck.

Depend on it to give you an honest day's work for a long, long time and not cost much to run or keep up. It's a Chevrolet.

Trucks aren't all alike. This Chevrolet has double-wall roof, doors and side panels. It has suspension that helps it last longer by reducing road shock. It has a non-skid wood body floor. It has as tough a tailgate as you'll find. It has an all-welded frame made of high-quality steel. Most important, it has a name everybody respects because CHEVROLET they know it stands for quality. When you make up your mind to buy, get this one. We know you'll be happy with it. HAVE YOU LOOKED INTO CAMPER BODIES? This is a fine way to enjoy the outdoors comfortably and at low cost. Many Chevrolet dealers are showing camper units now. Drop by and investigate this great way to make a truck do double duty. A strong Chevrolet is your best bet for work or play.

See your Chevrolet dealer for trucks that keep working and working and working and working!

CLANTON, ALABAMA

Larry Langston With U. S. Navy

Larry K. Langston, aviation structural mechanic airman, USN, son of Mr. and Mrs. H. E. Langston of Route 1, Jemison, Ala., reports for duty with Training Squadron Three at the Whiting Field Naval Auxiliary Air Station, Milton, Fla., and is welcomed aboard by Cdr. Ray J. Stacy, squadron commanding officer.

The squadron trains students in the radio-instruments aerial gunnery and formation phases of flight instruction.

The unit also holds the singular distinction of having won the Chief of Naval Operations safety award for the last four years.

Prior to entering the service in May 1961, Langston attended the Jemison High School.

Joe M. Hyde In Jacksonville

Joe M. Hyde, aviation structural mechanic airman, USN, son of Mr. and Mrs. Joe B. Hyde of Route 4, Clanton, Ala., is serving with Patrol Squadron 30 at the Naval Air Station, Jacksonville, Fla.

He recently reported to the squadron.

The squadron, which flies both the Lockheed "Neptune" patrol plane and the Martin "Marlin" seaplane has the mission of preparing pilots and aircrews destined for duty with Atlantic Fleet patrol squadrons in the highly complex techniques of advanced anti-submarine warfare.

Before entering the Navy in June 1961 Hyde was graduated from Chilton County High School at Clanton.

Science Club

Met Friday, 13th

The Science Club of Mrs. Hubert's room met Friday, April 13, 1962. The president Richard Moore called the meeting to order. The secretary Karen Smith read the minutes. They were approved as read. The treasurer Brenda LeCroy gave her report. The flowers of the week were by Danny Doss. Brenda LeCroy, Brenda Easterling, Debbie Fulmer. The program chairman Susan Barton, took charge of the program.

Gene Allison held the flag. Karen Smith led the pledge of Allegiance. Karen and her helpers sang the Star Spangled Banner. The program was a spelling bee. The whole class was on program. The meeting was closed until Friday, April 27, 1962.

COKE OUTPUT

Coke output declined relatively more than coal production in the recession year just ended. While coke production was down approximately 20 per cent from the 1960 total, coal output, used by utilities as well as the iron and steel industry, fell only 8 per cent. Coke production during 1961 was slightly under 4 million net tons, the lowest year since before World War II.

Recent Bride

In ceremonies at the Clanton First Baptist Church on Saturday, April 7, Miss Avoline Eiland, daughter of Mr. and Mrs. Marion Eiland of Clanton, became the bride of Albert Grammatas, Jr., son of Mrs. Albert Grammatas and the

late Mr. Grammatas, also of Clanton. The couple will make their home in Atlanta, Georgia where the groom is employed. Miss Eiland was formerly employed by the Liberty National Life Insurance Co. in Clanton.

Aitchison Is

Electrician's Mate

Robert H. Aitchison, aviation electrician's mate second class, USN, son of Mr. and Mrs. Marvin B. Aitchison of Maplesville, Ala., participated in "open house" activities, April 6, at the Naval Air Technical Training Unit, Jacksonville, Fla.

Conducted by personnel of the advanced Aviation Electrician's Mate School, the purpose of the special day was to acquaint dependents and relatives with the work of the school staff and its students.

Welcomed by the unit's commanding officer, the guests then toured the school working spaces where many of the latest developments in the field of aviation electricity were demonstrated.

CARD OF THANKS

Revival at Stanton Wesleyan

REVIVAL Services at Stanton Wesleyan Methodist church will begin today, Thursday, April 19 and run through April 29. The public is invited to attend these meetings.

Leading the services on these dates will be Mr. and Mrs. Price P. Stark. They have both served as Missionaries to Africa and should be very interesting people to work with and to hear.

Mr. and Mrs. Price P. Stark, elders in the Lockport Conference, now residing at Marion Hall, Mr. Stark is presently engaged in evangelistic work while Mrs. Stark (Helen) serves as general president of the Woman's Missionary Society, having been elected to the office

by the General Conference held in 1959.

Both received their education at Houghton College, Houghton, New York where Mrs. Stark was member of the faculty from 1926-1931. Went to Sierra Leone West Africa in fall of 1931 as missionaries under the Wesleyan Methodist Church. Served three terms two of which were spent at Bendembu where they were in charge of the Bible School and out station work in that district. Their third term spent at Binkola where Mr. Stark discharged his duties as field superintendent.

They have two daughters married, the younger of whom was born in Africa.

Verberna WSCS Met 10th With Mrs. Higdon

The Verberna Methodist Woman's Society of Christian Service met at the parsonage with Mrs. Paul Higdon as hostess, on April 10.

The meeting was opened with a prayer by the president.

During a business session the following officers were elected for the coming year. President Mrs. C. S. Strick, vice president Mrs. Ben Frucci, treasurer Mrs. O. E. Howard, recording secretary Mrs. Joe Gibson, Spiritual Life secretary Mrs. O. L. Howard.

We had an addition of three new members.

Mrs. Ben Frucci gave the devotional, using Easter for the theme.

Mrs. Bernette DeRamus gave the closing chapters of the book, Edge of the Edge.

The following members were present. Mesdames Joe Gibson Barnett DeRamus John Frank Stevenson, O. E. Howard, Chas. Foshee, Jeff Mims, J. S. Williamson S. L. Gibson, Ben Frucci, Hugh Champion, Paul Higdon, C. S. Strick, O. J. McGriff, D. I. DeRamus, Miss Judith Gibson. Refreshments were served during the social hour.

BITUMINOUS COAL

Bituminous Coal mined in Alabama during 1961 amounted to 11.6 million gross tons. Out-put was approximately one million tons below production in the previous year and was the lowest non-strike production year except for 1958 since the end of the war. Output was depressed during the first half of 1961.

To The People Of District Two And Chilton County

This is the first time I have asked for a public office. Having been brought up on the farm, I have always been interested in the farm and farm problems. I worked for several years in the packing and processing of the peach and berry industry of Chilton County, serving as Secretary and Vice-president of Chilton County Fruit and Truck Growers Association. I have taught school for 25 years in Chilton County, serving 24 years as principal of a Junior High School. In this capacity I was interested in building better men and women for Chilton County, now I am asking you to let me try to help the other elected officials of the County and elected officials of towns in Chilton to build a bigger and better county.

I have not and will not make wild promises in order to get votes, but if you honor me with this office I will endeavor to the best of my ability, with the counsel of the people, to make my judgments and decisions for the best interest of Chilton County and its people. I further state that I will serve all the people, in all the District in all the four years that I am serving.

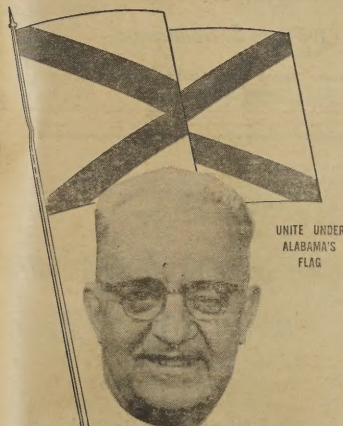

I have pledged to myself that I would conduct a clean campaign "neither turning to the right or left" as taught in the Master Plan for a Christian.

Your vote and influence for me will be appreciated. Subject to the action of Democratic Primaries May 1 and 29, 1962

To The Supt. And Board Of Education Of Chilton County!

because of much mis-information that was being told to the people, we placed a letter in the paper April 5, 1962 requesting that the true facts be given to the people. As has resulted the past you have failed or refused to furnish the people true facts even though we tried to meet the expenses of printing them. The questions are by us and the answers to which we were able to get through no cooperation your part are as follows:

Question 1
It is true that the Board of Education entered a contract with the Bonding Company which tied up 1/2 million dollars in Montgomery, Ala., on which we are paying interest, which money could and should be used for constructing schools and auditoriums?

Answer:
Such a contract does exist, entered by the Board of Education and the Superintendent of Education placing under the control of the Bonding Company the sum of 1 million dollars in the First Central Bank of Montgomery. On these bonds Chilton County is paying interest at the rate of 4 1/2 percent or a total of \$50,000 a year.

Question 2
Whether or not a commission was paid to a member of the Board of Education for acting as an agent in purchasing the land for a school building in South Clanton and the amount of it?

Answer:
We have been unable to secure this information but assume to be true as no denial has been made.

Question 3
The amount of money which has already been received from the sales tax and whether the amount amounts to 1 1/2 million dollars?

Answer:
We are reliably informed that \$200,000.00 was borrowed by the Board of Education Jan. 1, and that Chilton County pay \$315,000.00 interest on money during 10 years or more interest to build a school building. Additional amounts received which should amount to 1 1/2 million dollars.

Jack Lowery

Succumbs At 79

Jack Lowery, 79, died Saturday. Funeral services were at 4 p.m. Sunday from the Liberty Hill Baptist Church with the Rev. Jerome Robinson officiating. Burial was in the church cemetery. Survivors include the widow, Mrs. Jeanie Lowery Thorsby; three daughters, Mrs. A. G. Littlejohn, Clanton; Mrs. W. E. Cooper, Thorsby; and Mrs. James P. Baker, Montgomery; four sons, Marvin Lowery, Zane Lowery, Earl Lowery, William Lowery all of Thorsby; sister Mrs. Robert Littlejohn Thorsby; 14 grandchildren and great grandchildren.

HELP ELECT

J. McGRIFF

Member - Board Of Education, Place No. 1

A man who has proven his leadership ability in his church and community. Presently serving 2nd year as president of the P.T.A.
A man who has nothing to sell, but a service to render.
A man who will be fair and impartial in serving all the people of Chilton County.
A man who does his own work and will work with others for better education.
To action of Democratic Party of May 1st.
Pol. Adv. by Verbena Smith of O. J. McGriff

Question 4
Whether or not \$750,000.00 has been received from the State of Alabama for school construction making a total of \$2,255,000.00 received in the last 2 years for school buildings?

Answer:
The Board of Education cannot deny that Chilton County has received \$750,000.00 from the State of Alabama making a total of \$2,255,000.00 available for school construction in Chilton County for the last 2 years. We are reliably informed that the school in Clanton is to cost approximately \$500,000.00 and the school in Maplesville approximately \$350,000.00 which should leave approximately 1 1/2 million dollars available for other school construction, building of lunch rooms, gymnasium etc. We feel the people of Chilton County should be told the facts as to how this money has been spent.

Question 5
Can the 1c sales tax be extended by a vote of the people after 10 years?

Answer:
It is written in the law that this tax can be extended if approved by a vote of the people of Chilton County.

Question 6
Was \$6,000.00 spent at Vermont School last year and the school closed and sold for \$900.00 or less this year?

Answer:
This information we were unable to secure, but we believe it

all to be correct.

Question 7
Did a member of the Board of Education sell insurance on all the school buildings?

Answer:
We were unable to secure this information but feel the Board of Education could clear it up in a few minutes by printing the truth.

We feel that the Board of Education and the Superintendent of Education has been unfair to the people of Chilton County by not informing them of the true facts in this issue. We further feel that many falsehoods have been told as to why school buildings weren't built in Jamison and other places. Isn't it a fact that the Board of Education has complete control over how every cent of this money is spent? Isn't it a fact that these falsehoods are told hoping to get additional 10 year tax burden placed on the people so that money can be borrowed immediately which would take us 20 years to repay? Can we afford this indebtedness when we can't even learn where the money already received was spent?

VOTE FOR

Gordon Conway For Superintendent of Education

During my campaign for election as your superintendent of education, I am making a zealous effort to see each of you before May 1 and to ask you for your vote and influence. However, our schools must go on and my duties and responsibilities as your superintendent go with them so there will be some of you that I will be unable to see. I am asking you through the medium of this paper for your vote and valuable influence.

I am running for the office of superintendent on my educational qualifications my record of extensive experience as a school man, and on my character and reputation as a sturdy citizen of my community and my county.

Subject to the action of the Demo. Primaries, May 1 and 29, 1962
(Pd. Pol. Adv. by Gordon Conway, Rt. 1, Thorsby, Ala.)

It is not only my desire to please but to provide the best educational opportunities possible for the boys and girls of Chilton County. They are the ones and the only ones to whom I am responsible for their future growth and development. When you cast your vote on May 1 for superintendent, please remember that my one aim is the general educational welfare of all the children of all the people.

I shall be humbly grateful to you for your consideration when you go to the polls on May 1.

Sub. to the action of the Democratic Primaries May 1 and May 29, 1962.

TO THE

VOTERS!

I am asking you the people for the office of Sheriff of Chilton Co. I want and need your support and influence. If elected your County sheriff I will hire mature Chilton County men as deputies. I will ask you as Chilton County citizens to help me select the best men possible.

If elected I promise to operate the sheriff's office in such manner that will warrant the respect of every citizen. I promise to have some one on duty 24 hours each day.

If elected your Sheriff I promise all information given will be held in strict confidence and will be thoroughly investigated.

I will enforce our laws to the best of my ability. I will face each issue with an open mind. I will be honest and fair with each and every individual.

I would like, and am trying to see all of you and I hope anyone I miss, or have missed, will understand that I didn't intend to do so.

I will greatly appreciate your influence with your neighbors and friends in my behalf. I was born and reared in Chilton County. I like Chilton County and its people. I would like to serve you as your County Sheriff. Your support and Vote will be greatly appreciated!

THE EDUCATION-FUNDS CRUSADE of the American Cancer Society is in progress this month, and it already has taught me some new cancer facts. Here's one that maybe you didn't know: One-half of those whom cancer is striking can be cured! At the present rate, cancer will strike in two of every three homes, and one of every four people. It is the major fatal disease about which individuals can do the most now.

MORE THAN just a fund drive, the Cancer Society's Education-Funds Crusade has four important objectives. (1) Warn of the dangers of cancer. (2) Arouse to the chances of cure today and the importance of continuing research. (3) Impress with the importance of acting on the precautions in the American Cancer Society literature. (4) Encourage thoughtful giving in proportion to the seriousness of the problem.

Vote For R. O'dell Payton For Sheriff

Friends, neighbors and fellow citizens, I want to thank you for your kindness and encouragement and humbly ask for your continued support in my behalf for Sheriff and public servant of Chilton Co.

I will endeavor to see everyone that I possibly can, but to the ones I do not see it will certainly not be done intentionally. I would like to see and talk with everyone in the County and will do my best to do so. If elected Sheriff and public servant I will be slow and careful in selecting the Deputies to work with me. The deputies will all be Chilton county men and to you the public and all lawyers.

Every paper that is received in the Sheriff's office to be served, will be executed promptly with special favors to none. As I have stated before I am running a clean and honest campaign. I am not tied to any organization or to any one or by anyone. I am just trying to be elected Sheriff and public servant for you the people of Chilton County to work along and with all agencies of law enforcement for the betterment of our County.

And to our young people meet and talk with them and get them to know that an officer of the law is their friend and wants to help them to become better citizens and by gaining their confidence and working with them they will be better boys and girls of tomorrow.

As I have stated before if elected there will be some one on duty 24 hrs. day & night and if there is any trouble or need for help from the Sheriff force the call will be answered and seen about then not wait until the next day or night to check and see what the trouble is or was. Again I say of elected I believe in fair and impartial law enforcement with special favors to none. I sincerely ask for your influence and support in my behalf in the coming Democratic Primaries of May.

"The Farmers' Friend"

FOR COMMISSIONER OF AGRICULTURE AND INDUSTRIES

He Says...

To balance Agriculture with Industry is a most difficult problem.

I shall seek the advice of leaders of all phases of Agriculture and Industry to serve on a, purely, advisory board — to help me — to help our state — go forward with progress — not stand still or slide backwards.

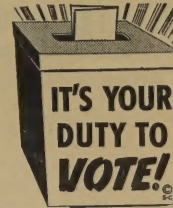

I will incorporate a state-wide program of boll weevil eradication to assist the farmers to realize as much money from their cotton crops as is possible.

I will start an experiment program to seek out products that the small farmers may grow at a profit to offset the income loss from cotton, which is now being replaced by synthetic fibers.

The Agriculture Department, under my Leadership, will work with the State Planning and Industrial Board, and all other interested local and state organizations, who are seeking industry to help improve the economy of Alabama.

I will continue to work towards the preservation of our forest and natural resources.

how reassuring it would be . . .

When measures come before the Alabama State Legislature involving: Principles of good government . . . Support for our schools . . . Reapportionment . . . Maintenance of segregation . . . Road programs . . . Aid to local governments . . .

THINK HOW REASSURING IT WOULD BE to the people of Alabama to have JIM ALLEN as LIEUTENANT GOVERNOR, again presiding over the State Senate . . . bringing to the office dedicated service, dignity, a wealth of experience, unquestioned ability and integrity, and a high sense of fair play.

THINK AND THEN VOTE for former Lieutenant Governor James B. Allen for a second term as Lieutenant Governor of Alabama. Help put Alabama's best foot forward.

NO MATTER WHO YOU FAVOR FOR GOVERNOR SEND TO MONTGOMERY WITH HIM A MAN EXPERIENCED IN STATE GOVERNMENT, FAMILIAR WITH THE STATE'S PROBLEMS AND CAPABLE OF WORKING TOWARD A SOLUTION OF THESE PROBLEMS.

MacDonald Gallion is running for Governor on his record of sixteen years of public service and on a plan for the industrial development of Alabama.

ALABAMA INDUSTRIALLY

Read Attorney General Gallion's statement about the "Gallion Plan"

THE GALLION PLAN

The key to solving the problems of Alabama lies in the industrial development of our state. I pledge a bold new concept in the part the Governor of Alabama must play in this regard.

Under the Gallion Plan, a private Industrial Development Corporation, with stock issued to the public, will be sponsored by the Governor and have his active leadership. This corporation will work with local governments, existing agencies, and private lending institutions to guarantee loans to supplement funds available so that:

1. No Alabama business worth saving will be allowed to fail.
2. Credit will be provided for those industries that seek to expand where the need for expansion is indicated.
3. New industry is secured for every area of Alabama which has an employment problem.

NEWS OF—

MT NEBO

Rev. Smith delivered a fine message to a nice crowd on Sunday. He, Mrs. Smith and children were dinner guests of Mr. and Mrs. Charles Mims and Glenda on Sunday.

There will be Sunrise Services here at 5:00 a.m. Sunday. We invite each and everyone that will to come and worship with us.

Thursday. We especially invite WSCS will meet at 7:00 p.m. all ladies and children in this and surrounding communities to come out and be with us.

Mr. and Mrs. Harry Ellison, Hal and Teresa carried Miss Sue Culp back to Birmingham on Sunday. They visited the Don Marcus family for a while in the afternoon.

Mr. and Mrs. H. L. Mims and children visited Mr. and Mrs. Hoyt Henley and family in Montgomery on Sunday. The Henleys have a new baby boy. We extend congratulations to them. Mr. and Mrs. Arthur Henley and daughters of Sylacauga spent Saturday with Mr. and Mrs. V. C. McKee. Mr. and Mrs. Dan Mims and Little Phillip Mims were dinner guests of the McKees on Saturday, also.

Mrs. V. C. McKee and Mrs. Charles Mims attended the Vacation Bible Workshop at Mt. Pisgah Methodist Church on Monday.

Mrs. J. D. Culp seems to be doing better at the present. We hope that she continues to do so.

Be sure to attend Easter Sunrise Services on Sunday at 5:00 a.m. There will be an Easter Egg hunt for the small children at the Sunday School Hour.

Auction For Aid To Retarded Children

COME one, come all to the Courthouse Square on Saturday, April 28th at 2:00 p.m. You can buy anything from toy tractors to tons of fertilizer. You name it and you can probably get it.

Local merchants have given freely many various items to be sold at public outcry. The proceeds will go to the Chilton County Association for Retarded Children. This Association is doing a marvelous job in Chilton County and it deserves the support of every citizen of the county. If you have any items of value that you would like to give to this cause please write P. O. Box 148 or call Mr. Woddie Bialock 728 or 1040-W1. This will be a good opportunity for some good advertisement as well as help these deserving children.

Delta Kappa Gamma Presents Program On Art

For the April meeting, Thursday, April 12, at Bob's Cafe, the Alpha Beta Chapter of Delta Kappa Gamma was privileged to hear Mrs. Fred Blackmon speak on "Recent Trends in Art". Enriching her talk with knowledge gained from her tour of Europe and its leading galleries the past summer, Mrs. Blackmon showed how the frequently misunderstood modern art forms are simply an expression of prevailing attitudes, as art forms have always expressed the underlying philosophy of a nation or period. Mrs. Blackmon also showed prints collected from European museums.

In the business meeting that followed the program for which Mrs. A. M. Thornton, president, presided a report of the nominating committee was given and adopted.

Hostesses for the occasion were Mrs. L. F. Gerald, Mrs. H. W. Yeager, and Mrs. M. C. Sutley.

NEWS OF — Samaria

Don Graham, pastor Next Saturday there will be two parties at the church. At 2:00 all the Juniors, Primarys, and Beginners will have an Easter Egg Hunt. There will be plenty to eat and prizes will be offered for a special egg and for the most found.

The Young Married People have made plans for a spaghetti supper at 6:30. Come and bring a big bowl of spaghetti.

Remember that the first week in June has been set aside for our Bible School. We hope that this will be very successful. We are depending on many of you to help with this.

The Young People and Intermediates have made plans for a "mysterious" party because we have yet to decide what kind. This will be on May 5.

The Easter season is coming to an end and if you have not observed it in the right way so far, end it by attending church Sunday. We will be looking for you.

A Man With Experience

Of all times in the history of Chilton County, we need good law enforcement now, more than ever! It is with confidence that most of Chilton County's citizens view the future. We are making big plans and are hoping for great economic expansion during the next few years.

A time like this requires... even demands... good law enforcement! We cannot hope to attract new industry or new people to our community without law enforcement of the highest order. These people will expect and should get, the best there is to offer in good, clean, efficient law enforcement.

It is evident, then, that in order to maintain a high calibre of law enforcement in Chilton County, we must have an honest, experienced man in the Sheriff's office! Experienced, not only in the ways means and demands of his office, but with a knowledge and sincere belief and understanding of the people of Chilton County.

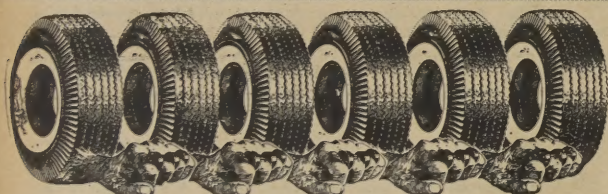

Good law enforcement is not merely the forcible maintaining of the law, but is the good will and cooperation of the people, given to a man whom they trust and can look up to, befitting the dignity of the office. Enforcing the law with integrity and intelligence is the backbone of our society. If we have good, clean law enforcement, we will have a growing and industrious community.

The spirit in which a man accepts his responsibilities means as much as his ability to carry out those duties. It is clear to the average citizen of Chilton County that we want and need a man who meets both of these basic requirements for good law enforcement in the County Sheriff's Office!

Flowers were arranged by friends of the family.

We, the STATESRIGHTS candidates and loyal ALABAMA Democrats, who are loyal to the people of Alabama, loyal to the doctrine of Statesrights, loyal to Southern traditions, and loyal to constitutional government in preference to socialistic, integrationist platforms and candidates of the national party solicit your vote and influence for the State Democratic Executive Committee from the Sixth District.

The candidates listed below are all men of integrity, tried and true, men who will Stand Up and Be Counted whenever the true interest of the people of Alabama is at stake. They are:

- No. 1 John D. McQueen, Jr.
- No. 2 Bruce Jones
- No. 3 C. E. Hornsby, Jr.
- No. 4 H. Coleman Long
- No. 5 Joe Graham
- No. 6 N. H. Waters, Jr.
- No. 7 Jimmie Nix, Jr.
- No. 8 Gerald E. Colson

It is a political certainty that John Kennedy will be the next presidential nominee, and that the platform again will be repugnant to the South. The above men, when elected, will not approve any party rules or oaths that would require hog-tying loyalty to such. Instead, they will favor an open primary which would permit the people to determine their presidential vote.

Mims, Mullins First To Identify Lewis Headley As MM

JOHNNY Mims and Mrs. J. R. Mullins were the first ones to identify our Mystery Man last week as being Lewis Headley. Mrs. Mullins sent in the winning postal card.

While a few folks got into the News office early last Thursday morning for the identification. You must come by the News as soon after 8:00 a.m. as possible on Thursday. This week, due to late publication, the earliest in on FRIDAY will be.

The earliest marked postal card also wins. That gives the folks out on the routes an equal chance to win also!

We are having a lot of fun with the Mystery Man feature and from the response of our readers, they are too! Can you tell us who the gentleman in the photo here is? You can win a six months subscription to the Chilton County News, "Your Alert Community Newspaper."

THERE will be a tremendous Auction at the Chilton County Courthouse next Saturday afternoon with proceeds going to the Mentally Retarded School in Clanton.

We are not going to editorialize here about this project, but suffice it to say, there are many persons who are working hard on this endeavor and there are many Retarded children in Chilton County receiving benefits from the school which was opened late last year.

Col. J. Reed Thompson will be the auctioneer for this event and there is quite a bit of valuable merchandise to be auctioned off. The time for beginning will be 2:00 p.m. All local candidates for public office are especially invited to attend. This will be a public gathering which you will not want to miss. Bring some cash and buy something you need! It is a most worthy cause.

Senior Play To Be Held At Jemison

A senior play, "She's My Daisy" will be presented at Jemison High School on Friday, May 4th at 7:30 p.m.

The directors are Mrs. Harvey Mrs. Guy, and Mr. Carden. The student directors are Carolyn Horne and Pat Varden.

The characters in the play are Daisy Darling, Joyce Headley; Donald Darling, Kenneth Davenport; Freddie Adair, Dwight Cobb; Anne Adair, Myra Robinson; Lucy Bell Barrett, Bettye Porter; Peter Barrett, Joe Chandler; Dr. Apple, Johnny Coleman; Queenie, Lydia Graham; Mrs. Snooks, Lois Martin and Mrs. Kelly, Brenda Gilmore.

The subject of the play is about a charming though rattle-brained young woman who is beneficiary of her uncle's will, which states she is not to marry before she is twenty-five. But, at the age of twenty-three, Daisy has been secretly married to Donald Darling for some time. Her maiden aunt, execrator of the will, announces that at the age of sixty-five she has decided to get married, and while en route to Bermuda on her honeymoon, will stop off to see Daisy. As you can see, this proves to be an interesting and hilarious one which you will definitely want to see. — Virginia Campbell.

Beta Club Elects New Officers

RECENTLY elected officers of Chilton County High School Beta Club are as follows: President, Joe Harper; vice-president, Susan Elsvier; secretary, Linda Burdette; treasurer, William Norton.

These officers will be installed at the May meeting of the Beta Club on May 18th.

THE first Chilton County ladies to enter the 1962 Peach Queen Contest are the three young ladies pictured above. They are from Chilton County

High School and dare, left to right: Miss Beulah Martin, 12th grade; Miss Betty Wailes, 10th grade and Miss Mildred Knowles, 11th grade. The date of

the Peach Festival, sponsored this year by the Jaycees, has been changed to May 31st through June 1st.

First Chilton "Peaches"

THE first Chilton County ladies to enter the 1962 Peach Queen Contest are the three young ladies pictured above. They are from Chilton County

High School and dare, left to right: Miss Beulah Martin, 12th grade; Miss Betty Wailes, 10th grade and Miss Mildred Knowles, 11th grade. The date of

the Peach Festival, sponsored this year by the Jaycees, has been changed to May 31st through June 1st.

Lions Sponsor East-West Game

On Sunday afternoon, May 6 the local Lions club will again stage their annual high school boys all-star baseball game in the City Park. Just as in past years the first game of the double header will feature the best players on the teams of Alex City, Columbiana, Marbury Verben, Indian Springs, plus two new comers in Talladega and Sylacauga playing the best from such schools. Calera, Billingsley, Isabella, Jemison, Montevallo, Thompson, and another new comer in Thorsby. From this six-inning affair the Major League Scouts will select a squad to compete in the second six-inning game against the strong aggregation from Chilton County High.

You will remember that all the profits from this game as well as the proceeds from the big game which will be played in Birmingham on June 8 always go directly to Alabama Sight Conservation Association for the relief of some of the less fortunate among us.

Coach Don Finlayson's CCHS Tigers are undefeated to this time, and will be looking for a fourth win against the All-Stars. Probable line up for the Tigers will be Ray Cox, catching; Bobby Miller at first base, Glen Grant at second; Warren Edwards finishing a brilliant career at short; Johnny Mac Smith at third; Jimmy Dan Brock in right field; Douglas Grant in center with either Hilliard Wyatt or Keith Mims rounding out the nine, the other will be the starting pitcher.

Your attendance at this game makes it possible for others to see; surely such a worthy cause merits your liberal support. The Lions urge you to make plans now to witness this game. Remember the time, Sunday afternoon at 2:00 p.m., May 6, in the Clanton City Park.

ON THE INSIDE

THIS week's News is unique in its content of political advertising. It is probably the largest volume of political messages that we have ever carried, and this creates mechanical and production problems which it is physically impossible to eliminate.

Your News is a little late this week, but we feel that it will be much appreciated because of information it contains. It's time to vote! Don't knock it! It is your privilege and your duty!

Bethsalem H D Club

The Bethsalem Home Demonstration Club met on April 12 with Mrs. G. C. Hathcock with 12 members present.

The meeting was called to order by Mrs. J. O. McGee, president.

The devotional was given by Mrs. J. C. Bookhold. The topic was Hot or Cold Christians, John 15:14.

The minutes were read and easurers reported given by Mrs. Norman Murrell followed by the roll call.

The demonstration on Lining Skirts and Dresses was given by Mrs. J. O. McGee. Everyone received many helpful hints from this demonstration.

Meeting was adjourned by Mrs. Rosa Belle Dockery reading the Home Demonstration Emblem. Mrs. M. O. Yeargan led the members in the recreation period after which everyone enjoyed delicious refreshments served by Mrs. Hathcock.

Davis Family Reunion At Alpine

On Sunday, May 6, the 11th annual Davis family reunion will be held at the Alpine Baptist church east of Plantersville, Ala.

This affair yearly brings together descendants of the eleven children of Lazarus and Sophronia Davis, who came from South Carolina and settled in the Milton County in Autauga County in 1850.

There are several hundred living descendants of this couple. The family of Alice Davis Roy will be in charge of the program this year with "winner on the ground." Those having heirlooms, old pictures etc. are asked to bring them along for display.

All descendants and friends of the Davis family are cordially invited and urged to attend this reunion.

Rescue Squad Called Out Sunday

LAST Sunday the local Rescue Squad received a call from Demopolis, Ala., asking us to come and assist in the searching of the Tombigbee River for the bodies of 15 year old Alex McFarby and his father Joe McFarby.

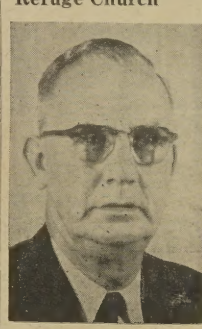

At one o'clock about 19 members left the Armory and drove down and worked until dark. We are sorry to report that we did not find the bodies. Both of these men were reported to be excellent swimmers but did not have on life jackets.

OF CHILTON COUNTY— Music Club To Present Glee Clubs

THE Music Appreciation Club of Clanton will present the Glee Clubs of Chilton County in a musical program at the Chilton County High School on April 30th at 7:30 P.M.

All the Glee Clubs are invited to participate. This is for the enjoyment of the people. Come out and hear some good singing.

Spring Revival At Refuge Church

M. G. FIELDS

Our Spring Revival will begin at the Refuge Baptist church on Thursday night of May the 3rd. Services each night on through Sunday night beginning at 7:30 o'clock.

The evangelist for this week end revival will be our well beloved Superintendent of Missions of the Chilton County Association, the Rev. M. G. Fields.

Every one is very cordially invited to attend each service to hear the message of this man of God. He has a loving heart for everyone and is not afraid to condemn sin in its every form. Please come and bring some one with you and pray that our church may be revived and that unsaved ones will be born into God's kingdom.

Talent Show Finals 28th

IN an unprecedented program of Talent Contests in Chilton County (seven in all) Belcher IEH Homes, Leon Wilcutt, Sales Manager in Clanton, has brought to this community some very clean entertainment since in February of this year.

The idea started off a little questionable, but after the initial program at Enterprise School, the Talent Shows have grown in popularity and scope until today, not many people in Chilton County haven't heard of the Belcher Talent Shows and the Belcher Boys Band who entertain.

Shows have been held at Enterprise, Jemison, Maplesville, Chilton County High, Isabella, Randolph, and Marbury. The climax will be the Big Show

this week end. The finals will be held this Friday night, April 27, 1962, at the Clanton National Guard Armory with the Grand Prize being \$100 in cash or a recording contract. See advertisement in this issue for details and pictures of all contestants.

The Belcher Company and Mr. Wilcutt are to be commended for our schools. They have already been well rewarded by the acceptance of their idea by the people of Chilton County.

Demos Invited To GOP Rally Saturday Night

Chilton County's final wind up political rally will be held this Friday night, April 27, 1962, at the Jemison High School at 7:30 p.m. All citizens and candidates are invited to attend. There will be no admission charge.

The rally is being sponsored by the Chilton County Republican Executive Committee. Guest key note speaker will be Mr. Claude O. Vardaman, State Chairman of the Alabama Republican Party.

provide a final meeting for the candidates of both the Democratic and Republican Primaries. In addition to the County wide rallies sponsored by civic and club groups, the Democratic candidates have held several rallies this year and have invited the Republican candidates. The Committee takes this opportunity to return the courtesy and all candidates present will be recognized. Refreshments will be served immediately following the rally.

The purpose of the rally is to

And Government

Friends and neighbors I want to thank everyone for their encouragement thus far in my campaign.

I have tried to see as many of the voters in District 1 as possible and I continue to see more of them.

Friends as I stated in the paper at the beginning, I do not have a regular job away from home. I own and operate my farm as a cattle farm and when elected your Board Member, if necessary I can devote 8 hours a day to your needs for better roads, schools and government.

When elected, I intend to ride the roads and see that they are improved. Friends as I have stated before when elected as Member of Board of Revenue, I intend to cooperate and will cooperate with the other three Board Members and all other officials.

Friends thanking you again for all of the encouragement you have gave me thus far.

Across The Editor's Desk— TO THE VOTERS OF CHILTON COUNTY:

As election time draws near, I very cautious in selecting men to feel that every voter should be full our county offices. We should study our candidates to see which are really qualified.

I feel that the office of Sheriff is one of the most important of our county. We have some mighty good men asking the voters to elect them to this office.

I feel that at this time we should vote for qualifications and not on friendship or for personal reasons.

I, as a taxpayer and voter, feel that a man should have some experience in law enforcement before he is elected to the office of Sheriff. I don't believe there is a voter in Chilton County that would hire an inexperienced man to do a job for them, when experienced men are available, for the same price.

MAN OF THE WEEK

LEWIS W. "Pig" Headley, owner of Clanton IGA Super Market, is this week's Man Of The Week.

"Pig", who has been called that practically all his life, has been a very successful businessman in Clanton for a long number of years. He was a good businessman when other boys his age were interested only in playing ball and going hunting and fishing.

Starting from a very meager beginning in business, "Pig" has built one of the most active and popular businesses in Chilton County. In his early years he was an errand boy, a grocery clerk, and many other minor things. But he determined that he would make something of himself and that is what he has done.

He is married to the former Dot Wesson and they have two daughters, both in school in Clanton.

"Pig" recently made a tour of Russia, with a group from Alabama and has made many speaking engagements concerning his trip. He is a most ambitious young man and gets a

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to The Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to the Chilton County News, Clanton, Alabama.

Q. I hire two men on my farm during the crop season, and one other on a part time basis. Do I have to make a report on what I pay this part time worker?

A. Cash wages paid to either a full time, or a part time farm worker must be reported to the Director of Internal Revenue whenever the worker is paid as much as \$150 cash wages in the year. If he is not paid as much as \$150 but works for you by the hour, day, or week on 20 days or more during the year, his wages must be reported regardless of the amount.

Q. What is the first month for which reduced payments can be made to men between ages 62 and 65?

A. August, 1961. If you are over 62 and you are either fully or partly retired, call your nearest Social Security office without delay.

Q. I am 67 years old but have never made a claim for Social Security checks because I am still working and making between \$1500 and \$1900 each year. My neighbor told me that I could get paid under the new law and that I should put in my claim now. Is this so?

A. Yes, you should do this right now. Under the 1961 changes in the law you could probably get some checks even though you keep on making more than \$1200 a year.

The largest peacetime defense appropriation in history was approved by the House of Representatives last week without a dissenting vote. The bill was passed on a vote of 388 to 0 after two days of debate in which almost every provision of the legislation was discussed. The measure contains nearly 48 billion dollars for operations of the Defense Department in fiscal year 1963.

Totaling almost \$70 billion less than the President's budget request the measure nevertheless represents an increase of more than a billion dollars over the

WAIT FOR GOD

"Lo, this is our God: we have waited for Him, and He will save us" (Isaiah 25:9) For many of us, to learn to wait on God, is one of our hardest lessons. The Prophet looked forward to the day when Israel would see the God of their fathers manifested in the flesh. Let us look forward to this experience, and know the joy of salvation by waiting in faith for God.

amount approved by Congress last year for military spending. Major controversy developed during debate on two provisions of the defense bill. One is the section of the measure that places a 15 per cent ceiling on the amount of research grant money that can be used by universities to pay overhead expenses indirectly related to the handling of the Defense Department grant. After considerable discussion, an attempt to remove the limitation was defeated by a margin of 60 votes.

The other controversy centered on a provision that cuts from 75 to 65 per cent the proportion of funds for ship and conversion in Navy yards, thus increasing by ten per cent one amount of this work, that can be done by private shipyards.

Even with the cut, however, the bill makes more funds available for this program for the Navy and for private companies than was appropriated last year. By a vote of 130 to 84, House members agreed to the limitation.

The measure also permits the Defense Secretary to continue the controversial RS-70 bomber program at the current rate to accelerate it if studies indicate that it is practical. Provisions of the House would support 2,883,881 active military personnel and reserve forces numbering slightly over one million.

MISSOURI—

The Jefferson City Capitol, overlooking the Missouri River bluffs, houses an interesting collection of the old and the new. There is a heroic bronze statue of Thomas Jefferson and a new bust of a native son, former President Truman. A bronze statue of Ceres tops the Italian Renaissance dome. Inside there are murals by Thomas Hart Benton. Tours of the Capitol are conducted every hour. Tourists feel almost impelled to test the dome's famed acoustics - you can hear a whisper across the 60-foot span.

Consider Lloyd D. Mims And His Platform!

During this election, I have made an effort to see every one of you to ask for your vote. If any of you have not been contacted, please allow me this opportunity to do so at this time. I have thought enough of your vote to ask you for it. Now, let me ask a favor of you. If you would like to vote for me, but are in doubt of the many measures used in this issue to compare my record, then please visit my own community, so I invite your visit to the Temple community.

In this race every effort has been made to explain my stand and to expose conditions as they exist in your educational system. I am sorry that I was not able to tell you week after week that I am the best person to ever seek office, for certainly I have made mistakes and will continue to do so. However, every issue or question put before me has been discussed, not dodged. None of my supporters have used threats or an attempt to seek the withdrawal of any candidate, nor have any of them been responsible for a wife of a citizen, who had the courage enough to expose the financial mess, to be admitted to the hospital with child-birth trouble as the result. How much the citizens of this county will take from such efforts to keep their man in office is your decision to make. One of the main issues in this race has been the refusal by a few to accept the idea that the person the people should allow them the privilege of handicapping a superintendent who will go along with the political machine now set up in this county. It has caused great concern for them to discover they have not been able to keep the facts and figures locked in the bank or safe, and they won't be able to continue if Lloyd D. Mims is elected. Even at this time closes, there are still certain answers to questions not given to the people, although it is the people's money and schools involved. Why anyone should want to dodge the answers to the following questions is not a mystery to any of us. Many of our citizens merely wanted to inform certain officials that they aren't in the ark when it comes to asking if a certain board member is an insurance agent and whether or not he is receiving money from selling the board of education real estate on its facilities.

Questions have been asked but answered as to whether there is a board member representing publishing company that sells textbooks and from which sales this member now receives a commission. It is also a deep mystery as to whether a commission was paid to any member for representing the interests of five people when purchase was made of the land for the new high school. Was every effort made by every member of the board to prevent the people of Thorsby from realizing their desire for a high school? Finally, the people are still in the dark as to whether a member of the board of education helped tie up a half million dollars of Chilton County School money with a bonding company in Montgomery and whether or not he is an agent for a bonding company in Montgomery working on commission. The mystery also includes whether a member of the board of education received a commission on the sale of school bonds in the amount of One Million Two Hundred Thousand Dollars issued on revenue from the One Cent Sales Tax Law.

If elected your superintendent of education, I pledge to work with as much vigor to inform you as to where your money has gone, as is now being used to keep the facts covered. Never will I forget the trust placed in me and the obligations and responsibilities connected with the office. To treat our children, regardless of section, with equal facilities and a better instructional program will be my chief desire. To treat our merchants equally and to make sure you know where your money is spent will also be at the top of my list. Never will I attempt to pass the fault of my failures on to someone else, for if the truth is told, one does not have to face the issue again. To be honest and fair with the teachers and other board employees will be my duty as their leader. The building program will be administered in a fair way, making sure the children of Jenison receive their fair share. Full co-operation should be given to insure the people of Stanton, Enterprise, Collins Chapel and other small communities that their schools will remain at all times. The people of Thorsby will be helped in maintaining their school with local children and other assistance.

Sincerely,
LLOYD D. MIMS

Amendment No. 3 Pertains To Cattle Industry

Amendment No. 3 pertains only to the cattle industry of Alabama. It is strictly a piece of permissive legislation.

The passage of Amendment No. 3 would merely allow all Alabama cattle producers to vote among themselves, at a later date, on whether or not they want to set up a self-help Beef Promotion program designed to further develop and promote Alabama's expanding cattle industry. Cattle men would finance this program from a voluntary contribution when they sell their cattle.

I would like to emphasize that: 1. Amendment No. 3 pertains only to the Beef Cattle industry.

2. Amendment No. 3 imposes no taxes on Alabama taxpayers.

3. Amendment No. 3 merely allows cattle producers to vote, at a later date, to decide whether or not they want a Beef Promotion Program.

Alabama cattlemen are proud of the fact that they have resisted Federal controls and quotas as on their cattle industry. The pro-

motion they propose, if Amendment No. 3 is approved, is further evidence of their independence. It is a program of self-help which should be endorsed and will help build Alabama's expanding cattle industry.

Amendment No. 3 is being sponsored by the Alabama Cattlemen's Association and the County Cattlemen's Associations throughout the state.

A MESSAGE FROM MacDONALD GALLION TO THE GARMENT AND TEXTILE WORKERS OF ALABAMA

I want you to know that I did not wait until a political campaign came along to work in your behalf by helping to eliminate unfair competition.

One of the members of my staff prepared a law in 1956 dealing with the sale of Japanese textiles which was introduced and processed by the Alabama Legislature. Not only did I work to help to secure passage of this legislation, but I have, as your Attorney General, called upon members of Congress to increase the present tariff to protect Alabama and Southern Textiles and Garment Industries.

As your Governor, I promise that I will continue to work to protect the jobs and production of the mills of Alabama from unfair foreign competition.

Dear Citizen & Taxpayer,

For the past several weeks I have been making an extensive canvass of District One. I have personally contacted many of you and talked to you about my candidacy for re-election to the Board of Revenue and Control in District One.

I sincerely appreciate the interest you have shown toward my being re-elected. You have been very kind and considerate and I am deeply grateful for it.

I have tried to humbly serve you to the best of my ability and if re-elected I promise to continue to do just that.

I am very keenly aware of the responsibility that rests on the Board Members' shoulders and that You the People are to be kept uppermost in our minds at all times.

To those of you that I may have missed would you please accept this as a personal contact and rest assured that I had no intention of passing by anyone.

I most humbly and sincerely solicit your influence, support and vote on May 1, 1962.

Sincerely Yours,

Candidate For Commissioner, District 2,

Thanks The Voters

It has been a pleasure for me to see the voters in District 2 and if I have failed to contact anyone I want to ask them to consider my candidacy and to know that I did not purposely fail to do so.

I have enjoyed my campaign and seeing the voters of the District and after driving over the dirt roads in the District seeing the voters I now know the need for our road improvement.

If you nominate and elect me as your Member of the Board of Revenue and Control of District 2 I promise each and everyone of you that I will travel in the district in the interest of your needs and do all I can to see that they are taken care of in the right way and manner.

Let's keep Chilton County on the GO for Progress.

Yours Sincerely,

To The Voters Of Chilton County

In past years I have had some experience with our community schools by serving as Trustee at Enterprise and Vermont. During this service everyone who knows me knows I have always stood for improvements of every kind in our schools. During my service I have had great pleasure in working with many good, sincere men among the local trustees and with capable, unselfish administrators among our past Board of Education and Superintendents.

I was greatly inspired when the present Board of Education spent Six Thousand Dollars last year to improve Vermont, but it broke my heart to see them turn around the next year and take this school away from this community without even consulting with those of us who have worked so hard and were so proud of our school.

I understand that the Board sold the building and land at Vermont for only Nine Hundred Dollars. Not only does Vermont suffer from this kind of management, but you the taxpayers all over Chilton County lost school money while someone must have profited from the Six Thousand Dollar repair job and the Nine Hundred Dollar sale shortly followed.

Also, I am afraid that you and I as taxpayers are about to suffer some more losses of the same kind at Collins Chapel Stanton, Mt. Pleasant, Thomas Junior, Cooper, Enterprise, Verbena, and Concord. Also, Thorsby is being set up for the same treatment by hauling children past their new High School. In fact, some interest on the present Board did everything in their power to prevent the Thorsby School from being established and seem to be determined to carry their point regardless.

We the people voted to pass a one cent sales tax to improve present schools and build new ones. We were willing to pay this much for improvements. Certainly I did not know that much of this money would be wasted by repairing and remodeling schools at great cost in one year and then destroy in the school a few months later and giving away the property at a junk price.

I am wondering if anyone believes this makes good sense, and I am wondering if anyone is getting fat off of this kind of management of our school money.

There are other questions which have been asked and which remain unanswered. No one can find out whether or not any member of the Board of Education is involved in sales of insurance, bonds, land and school books to the Board of Education. If such is not going on there has been ample opportunity for the Board and Superintendent of Education to give the people a report of the true facts. The questions have been asked and have not to my knowledge been answered.

I do not believe that any member of a Board which handles the taxpayers money should be permitted to profit individually from any transaction with the Board to which he is an elected member. I am not saying that this has been going on in our present Board of Education, but I know that you and I as taxpayers are entitled to know the truth.

Another thing that puzzles me is the fact that the Board of Education tied up a half million dollars of our school building money in a Montgomery Bank by some arrangement with the bonding company. I cannot see where Chilton County schools have benefited from this. It has been half way

explained that this was necessary, but I do not see it. If it was necessary why did the Board of Education put the money which belongs to Chilton County taxpayers in an out of the County bank? We have four good banks in Chilton County who could have taken this money on deposit and loaned it out for the benefit of farmers, businesses, home buyers and other individuals. At least this would have helped

ed Chilton County some with our own tax money. I believe that sincere, dedicated public officials will give the people facts about their money without being forced to do so. At this time the questions remain unanswered and the whole truth has not been publicly disclosed.

Clifford Lee
Davenport
For Member Of

District 1
A Man Interested In
Chilton County For
Better Roads, Schools
And Government

Friends and neighbors I want to thank everyone for their encouragement thus far in my campaign.

I have tried to see as many of the voters in District 1 as possible and I continue to see more of them.

Friends, as I have stated in the paper at the beginning, that I am a member of Pleasant Hill Baptist Church, a Sunday School teacher for the Intermediate pupils and director for Training Union.

I would like to say when elected as Board of Revenue and control, that I believe in better government, better communities, schools and better roads and more paved roads.

Friends, I am a man who believes in seeing where and how our tax money is spent—spent for the best purpose for the people of Chilton County and District 1.

Friends, I am a man who will cooperate with all state and county officials.

Friends, we have got to cooperate and work together to make Chilton County a better county to live.

Friends, I will abide by the wishes and majority of the people of Chilton County.

Friends, I will hear in mind that when elected that I will be in the hands of the people of Chilton County.

Friends, I will always vote in the court for the best interest of the people and Chilton County.

Friends, I have stated before I do not have a job away from home and if I had a job I would not ask the voters of Chilton County and District 1 to elect me as board member because I think that every board member should ride the roads in his District and help the supervisor, because Chilton County has a number of roads.

Friends, as this will be the last article before the election. May the first, I would appreciate greatly your vote.

We, the STATESRIGHTS candidates and loyal ALABAMA Democrats, who are loyal to the people of Alabama, loyal to the doctrine of Statesrights, loyal to Southern traditions, and loyal to constitutional government in preference to socialistic, integrationist platforms and candidates of the national party solicit your vote and influence for the State Democratic Executive Committee from the Sixth District.

The candidates listed below are all men of integrity, tried and true, men who will Stand Up and Be Counted whenever the true interest of the people of Alabama is at stake. They are:

- No. 1 John D. McQueen, Jr.
- No. 2 Bruce Jones
- No. 3 C. E. Hornsby, Jr.
- No. 4 H. Coleman Long
- No. 5 Joe Graham
- No. 6 N. H. Waters, Jr.
- No. 7 Jimmie Nix, Jr.
- No. 8 Gerald E. Colson

It is a political certainty that John Kennedy will be the next presidential nominee, and that the platform again will be repugnant to the South. The above men, when elected, will not approve any party rules or oaths that would require hog-tying loyalty to such. Instead, they will favor an open primary which would permit the people to determine their presidential vote.

To The People Of Chilton County And District Two

As you know, I am a candidate for re-election for the position of board member for this district. As of today, I have served you in this capacity for 3 years, 3 months, and 3 days, having taken office on January 19, 1959. I pledged in my former campaign to serve you to the best of my ability, my promises were to work for the betterment of Chilton County and all of the people I served. This promise has been kept 100%. I have fulfilled each and every promise I have made during this term of office.

We, the members of the Board, have been forced to operate within the income of Chilton County which does not allow us to do in a Cadillac manner with a Falcon or Renault income. I have been more disappointed in this situation than any of you, I'm sure. By nature I have never been asked to render a service that I received any joy from not rendering. By business experience and good judgment, I'm forced to keep your county in a sound financial condition. I am fully aware of the problems of all the departments which come under the jurisdictions of your Board of Revenue and Control.

I have not side tracked, forgotten, or voted in any instance against your needs. I have voted in every instance in your behalf. Money available may have kept your request from being granted, this is beyond our control. District 2 nor Chilton County has lost one cent by any vote I have made. I have entered into no political click or been influenced by no minority group.

I was granted the job of Member of the Board of Revenue and Control for District 2 by a vote of the majority of people voting in 1959 in my behalf. I honor this trust much greater and with by far too much respect to not try fulfill each request or need that is within our reach. I have fully cooperated with your Judge of Probate and other members of the board in matters that my conscious were clear in as to the majority of people served on the fair proration of county funds. I have entered into no conflict as to who shot Cock Robin or who pulled Jerry Wren's feathers.

It is a matter of record available to everyone as to what your elected officials are doing. If you have any doubts about this matter, I think I remember all discussions made at all meetings. Please let me help you unravel any problem you do not understand. I have done no man evil during this term or before. I have served my opponents in a faithful manner, never showing disloyalty to a friend. The other members of the board and I have served every possible request from each church, school, or town that has come to our attention whether from our district or any other. I know the problems confronting Chilton County. I was born here lived here and am trying to rear seven children here. I have every intention of doing every thing any human could do for our county and our district. I am endeavoring to promote our agricultural products, our river and climatic resources from day to day. I have served Chilton County in an unselfish manner for 35 years in many capacities. I feel that my experience and interest in good government makes me a worthy candidate for the position of Member of the Board of Revenue and Control for District 2.

I am soliciting your vote and influence in my behalf on this record. I will be happy with your decision.

Yours for good government

A. D. Headley

ELECT

R. Odell Payton Sheriff

R. ODELL PAYTON

Friends, Neighbors and Fellow Citizens of Chilton County:

Again I want to say that I am very thankful and grateful to you for the good encouragement in this campaign. I want very much to be your next Sheriff and public servant. This will be my last chance to contact you through the papers before election day, Tuesday, May 1st, again I want to say to you, the good people that I have not seen during this campaign, it was not done so intentionally.

May I take this means of asking for your vote and influence in my behalf on May 1, 1962. If elected I promise you, the people of Chilton County, service, law enforcement, with special favors to none. As I have stated before, if elected, there will be someone on duty day and night to answer and check on calls — not wait until the next day or night to see about it.

If elected, I will be very careful in selecting deputies. They will be Chilton County men and they will be hired on a 6 months probationary period. If they prove satisfactory, they will go on permanent; if not, they will be discharged and have someone else put on.

Another thing, there will be a matron at the jail to take care of any woman or girl who has to be locked up. The jailer and myself will handle the keys to the jail. No one else have charge of the keys. Anyone caught and put in jail will have decent treatment and a chance to place a telephone call to his or her people so they will know of their whereabouts—or to get a bond made.

Another thing, if elected your sheriff and public servant, you the people of Chilton County, will always be welcome to come in the office and rest and talk awhile. Because it is yours, the people of Chilton County; if I could assist you in any way, I would be more than glad to do so at any time.

The ones who happen to be arrested will be helped — if it can be done by telling the truth. Our constitutional rights say that a person is innocent until proven guilty. That part is for our courts to decide — not the sheriff or deputies.

Our national motto is: "In God We Trust" but our own government has agreed that there is no reason to open court with prayer; and our Supreme Court has decreed that God has no place in our school rooms; afraid that it might offend

some of our worldly brothers who favor voodooism, etc. I strongly believe our courts and schools should be opened with prayer and thank our Almighty God for this great privilege.

The issue of our country is not economic — it's moral. The county has many problems, but one overshadows all others. That problem is morality. In the past some of the people have been afraid to stand up and be counted. Without morality, freedom can't survive.

Well, you might say, what can I do? You can stand up and be counted. Study the candidates and vote your honest conviction or you will soon be counted out. You can believe in your God, county and fellow-man and go to work for God, county and the man of your choice. You might say one vote can't elect or defeat anyone, but you are wrong; one vote can make the difference. It never troubles the hawk how many sparrows there are in the field. So wake up, Chilton Countians to what is happening and vote for the candidate of your choice next Tuesday. Be sure to vote and if you have a friend or buddy who votes and don't have no way to get to the polls, see that they get there.

I sincerely solicit your vote and influence in my behalf on May 1st, 1962.

Sincerely,

R. ODELL PAYTON.

Memorial Day Draws Smallest Crowd At Mt. Creek Since 1956

THE smallest gathering since
1956 met at the Confederate Mem-
orial Cemetery in Mt. Creek
on Saturday, April 21, to Com-
memorate Confederate Memorial
Day and to pay special tribute
to the old soldiers buried at this
cemetery. Many illustrious dead
lie there.

Members of Morgan's Raid-
ers, Cox's Legion, Selden's
Sharpshooters, etc. are buried
in these two plots. Surgeons,
privates, ranking officers, Cav-
alry, Infantry, and even an
Indian Guide are among the
Veteran heroes.

The theme for this year's pro-
gram was: Veterans and their
Sons and Daughters.

Mr. Harvey H. Copeland, Bir-
mingham, and a member of the
Fighting Joe Wheeler Camp, SCV
gave the memorial address. He
spoke on the origin and survival
of Confederate Memorial Day.
Mr. Copeland is a Naval Design
Engineer by profession and a
Southern Historian by hobby.
He is a recognized authority on
Confederate Naval History.

In keeping with the theme,
Mrs. Fred H. Sharp, Birming-
ham, A Real Daughter, and the
director of the Jefferson Guards
District, UDC, lead the Salute
to the Confederate Flag.

Judge J. C. White, Judge of
Probate, Chilton County, gave
the Welcome Address. The Rev.
Mr. W. W. Clifford, pastor of
the Baptist Church, Mt. Creek,
gave the Invocation and the
Benediction. Zekie Jordan and

On July 1, 1961, I accepted
an appointment as your State
Superintendent of Education.
This appointment followed six
funds, the first year of pro-
ration being in 1949.

During these years of crises,
some teachers, office person-
nel, bus drivers, and others
in the field of education had
to wait for their pay. I ac-
cepted the office of State Su-
perintendent in order to cor-
rect this situation. I do not
want to mislead anyone. The
problems of financing edu-
cation have not been solved;
however, the outlook has im-
proved. I pledge my con-
tinued support to the school
people, the Alabama Legis-
lature, and the governor of
our state in order to solve all
these problems.

You have a right to know
that as of today, even with
proportion, all teachers, office
personnel, bus drivers and
others have been paid. Also
the State salary schedule has
been maintained.

I solicit your continued in-
terest and support in order
that I may be in a position
during the next four years to
complete this most important
job we have undertaken.

"Doc" Baker Appeals To The Citizens of Chilton County

I am a native of Chilton
County, was borned on a farm
three miles west of Clanton,
where I spent the first twenty
four years of my life.

I received my elementary and
high school education in the
county, graduating from the
Chilton County High School in
1929 where I was active in all
sports. I hold a two year dip-
loma from the Jacksonville
State Teacher's College, where
I was also a member of the
baseball, basketball and tennis
teams.

I taught school in the county
for five years. (depression
years.) I have some knowledge
of the teacher's problems and
needs.

Following a short term of
school, which closed about Fe-
bruary 20, 1933, I became an em-
ployee of the Alabama Power
Co. as common laborer. After
twenty-six years of continuous
service, I am now a plant
operator for this company at
Mitchell Dam.

I am married to the former
Miss Carol Thomason. We
have seven children, two of
which, both girls have graduat-
ed from Verbena High School
finished special training and
are now employed and married.
A girl and boy in high school;
two boys in elementary school
and one yet to enter.

I am the same "Doc" Baker
who played baseball at Clanton
and Lay Dam, basketball
at Clanton and Mitchell Dam
for a period of about twenty
years.

I feel that with the above
record as citizen of this county
I am well qualified to repre-
sent our parents, teachers and
children on the Chilton County
Board of Education. Please One,
and your influence, support
and vote for this place will be
greatly appreciated in the pri-
mary on May the first.

If you are one of those citi-
zens whom I have failed to see
and there are many, please ac-
cept this article as a hearty
greeting and as a personal con-
tact whereby I solicit your sup-
port.

We are living in an era of
machines and automation.
This makes it very necessary
that all our home and civic have
at least a high school educa-
tion. Did you know that only

a little better than 50% of the
boys and girls in Chilton Coun-
ty are finishing high school?

It is my desire that every child
be reached and to this end and
for an improved educational
system, and for a better Chil-
ton County; economically and
socially, that I desire to serve
the people of Chilton County.

A Man With Experience

For Your Next Sheriff

With election day just a few days away an
is time to vote; I would like to take this means
the opportunity to see and talk with and for
my behalf. It is with my deepest regret that
I have been unable to see each of you person-
ally and ask your support. To you whom I
letter as a personal contact in asking you for
your vote and support on next Tuesday, May
1st, in my behalf.

I sincerely ask that every voter go to the polls and vote; but before you mark your bal-
lot, I would like each of you to stop and think
twice as to which candidate would best serve
you as Sheriff.

I feel with my experience in law enforcement, I am fully qualified to make the people
of this county a Sheriff that all of you will be proud of and if elected, I will do so to the best
of my ability.

This is my first time to ask the people of this county to elect me to any public office. As
I promised you at the beginning of my campaign, I will have men on duty day and night,
seven days a week, and all complaints will be investigated immediately.

I want to say that I am not connected with any political group and if elected, I will be free
to serve all the people and not just one special group.

Your vote and support in my behalf will be greatly appreciated.

Bible School Clinic Monday, April 30

At last the long anticipated meeting of the Vacation Bible School Clinic will meet Monday, April 30, 7 p.m. at the West End Baptist Church, Clanton, where all the Sunday School workers and vacation Bible School faculty members of the 54 Baptist churches in the Chilton-Unity Association will gather to study the work and make plans for an excellent Bible School in every church to be held this summer, beginning May 28, 1962, or on a later date in June, July or August. The superintendent of missions will be happy to help any church with this work if invited. See you Monday night at the West End Church in Clanton.

High Attendance At Easter Services

The churches very happily witnessed high attendance at the Easter Services last Sunday morning, but the attendance at the evening services was below normal. Why? The absentees have an answer to this question. There were only four pastors in attendance at the Chilton-Unity Baptist Association Executive afternoon. Twelve members pre-committee meeting last Sunday sent constitute a quorum according to the constitution and by laws which further stipulates that the executive committee shall meet monthly, and it shall be the duty of the committee to serve in all administrative functions for the Association between sessions. For the convenience of all the members concerned, it may be wise for the committee to officially give the moderator the authority to cancel the meetings which come on dates for outstanding holidays.

AS voting time draws closer to us, local candidates are renewing their initial vigor and enthusiasm and the races are all being run close and with much calculating and quite a bit of guessing, too!

Fifth Sunday Hymn Sing April 29

This is a final reminder of the Fifth Sunday Hymn Sing Sunday, April 29, 2:30 p.m. at the First Baptist Church, Clanton. The music committee of the Chilton-Unity Association has mailed programs to the pastors and other leaders of the churches, and to all those who are to be on the program. The music leaders feel that this will be one of the most inspiring hymn sing-spirations ever held in the Association. It will be a spiritual

uplift to all who love gospel hymn singing. The spacious comfortable auditorium of First Baptist church is expected to be filled to overflowing. Everyone is invited to attend.

My Neighbors

FINAL WORD TO VOTERS

LONGIE COST

To The Voters From the First District and Throughout Chilton County:

Dear Friends:

Next Tuesday you are going to nominate your board member to represent you for the next four years. I think you people know my principle and what I stand for.

A few things I will do if elected. I will not hold any regular job while serving as your board member. I will always abide by the wishes and majority of the people. I will always vote for the best interest of the people throughout Chilton County. I will improve the conditions of the rural roads; I will get every foot of paved roads possible; I will cooperate with all state and county officials; I will see that your driveways are kept up. I believe in spending your tax dollars where every citizen will receive some benefit from his money.

I believe the people of the First District know me well enough to elect me to serve as your board member for the next four years.

Hoping that you people who I have failed to see and talk with will take this message as a personal regard and vote for Lonnie L. Cost May First.

Yours for a bigger and better Chilton County in which to live.—LONGIE L. COST for member of the Board of Revenue and Control from District One, Route 2, Jonison, Ala. Subject to the action of the Democratic Primary May 1, 1962.

Snowtime is funtime in New Hampshire's White Mountains with thrilling skiing, skating and sled dog races. The Magic Circle motor tour of this winter wonderland starts at picturesque Laconia where there is competitive fun every week, such as the World's Championship Sled Dog Races in which 30 American and Canadian teams of silver furred Huskies compete. March is sweet-scented sugaring time at High Maples Farm, with visitors welcome.

At Belknap Mountains Recreation Area aerial chair lifts glide up Rowe Mountain, while spectators watch human snow birds fly from the jumping summits. The route continues around ice-bound Lake Winnepesaukee, past evergreen clumps marking

islands. Stovepipes identify the sheds over ice-fishing holes.

The White Mountain Highway is a promised land for avid skiers, for there are centers everywhere miles where towns are in perpetual motion. North Conway has a night-lighted outdoor ice rink. There is a novel skimobile at Cranmore Mountain, while in Franconia Notch State Park cable-suspended, 27-passenger enclosed gondolas lift skiers to the 4,077-foot summit. Mittersill resembles a Tyrolean village, its inn surrounded by small matching chalets.

Rewarding side trips are to the Jackson and Pinkham Notch centers. Wildcat Ski Area has gaily painted, two-passenger gondolas which run on steel cables and stop under shelters to load and deposit riders. The slopes bear such names as Polecat, Alleycat, Bobcat, Copycat.

Elect Fred Robinson

Board Of Revenue & Control - District Two

TO THE PEOPLE OF DISTRICT TWO AND CHILTON COUNTY:

I am seeking to be elected member of the Board of Revenue and Control from the 2nd District. I would like for the people who are interested in honest and fair government to consider and weigh my qualifications and the issues I stand for, before going to the polls on May 1st.

Everyone who knows me, knows of my sobriety and honesty in all my business and social activities. I feel that my experience qualifies me to serve you as board member of District Two. I am running a clean and honest campaign and haven't criticized or knocked any one of my opponents in any way.

I have had 18 years of experience in road building and helped pave the first roads in Chilton County. I am extremely interested in the roads of our county and will strive to improve our unpaved roads and build more farm-to-market roads as funds become available. In traveling over this district, I feel that there is much work that needs to be done on our rural roads.

I am interested in schools and the things that will make our county a better place in which to live.

I have never asked for a public office in Chilton County before. If I am elected, with the counsel of the people, I will see to it that your tax money is spent wisely. I will serve all the people to the best of my ability.

Your vote and influence will be Appreciated.

Attends Alpha Delta Kappa Convention

Mr. and Mrs. W. F. Haywood and Miss Elizabeth Barton were house guests of Rev and Mrs. Charles West in Tanner, Ala., for the week end.

While there Mrs. Haywood and Miss Barton attended the Convention of the Alpha Delta Kappa at Huntsville on Saturday.

The main speaker was Miss Mae Payne of Kansas City, a member of the International Board. Her subject was The Ethics of Fraternal Education.

Mrs. Ernest Hill of Birmingham was luncheon speaker. His humorous topic was Putting the Alpha Delta Kappa's husband into Orbit.

The convention concluded with a trip through the Red Stone Arsenal.

The MAN with a PLAN

Solicits your support for a full term term as
State Superintendent of Education

On July 1, 1961, I accepted an appointment as your State Superintendent of Education. This appointment followed six years of proration of school funds, the first year of proration being in 1949.

During these years of crises, some teachers, office personnel, bus drivers, and others in the field of education had to wait for their pay. I accepted the office of State Superintendent in order to correct this situation. I do not want to mislead anyone. The problems of financing education have not been solved; however, the outlook has improved. I pledge my continued support to the school people, the Alabama Legislature, and the governor of our state in order to solve all these problems.

You have a right to know that as of today, even with proration, all teachers, office

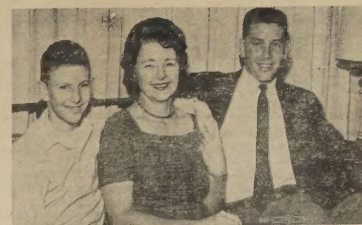

personnel, bus drivers and others have been paid. Also the State salary schedule has been maintained.

I solicit your continued interest and support in order that I may be in a position during the next four years to complete this most important job we have undertaken.

A good church member doesn't walk out of the church because he doesn't like the preacher—a sincere Lodge member doesn't leave the Lodge because he doesn't agree with the Worshipful Master! No one would abandon the Legion or VFW merely because he disliked the officers! Nothing is ever gained by quitting... yet certain individuals are urging us against our better judgment to walk out on the Democratic Party!

The eight men listed in this ad all believe that the way to win the battle against John Kennedy's anti-Southern legislation and discrimination is to fight it out WITHIN the Democratic Party.

W. R. Beadlescomb In Germany

Army PFC. William R. Beadlescomb, son of Mr. and Mrs. Ralph R. Beadlescomb, Route 1, Billingsley, Ala., recently participated with other personnel from the 8th Infantry Division's

12th Engineer Battalion in Main Bridge, a command post in Germany.

The exercise was designed to test the ability of 8th Division headquarters units to operate under simulated combat conditions. Main Bridge emphasized command decisions in battle situations and the problems of movement, security and communication.

Beadlescomb, a heavy equipment operator in the battalion's Company C in Dehheim, entered the Army in November 1960, completed basic training at Fort Jackson, S. C. and arrived overseas in March 1961.

The 21 year old soldier is a 1958 graduate of Billingsley High School.

Before entering the Army he was employed by Detroit (Mich.) Garage Builders.

Jemison Masonic Lodge No. 411 Express Thanks

The Jemison Masonic Lodge No. 411 wish to express our heartfelt thanks to the following companies and individuals for their help in making our Pancake Day a real success.

The Quaker Oats Company for the Aunt Jemima Pancake Mix and place mats, etc.

The S. T. Jerrel Company, who donated powdered milk for the pancake mix.

The Kraft Food Company, who gave us all the butter we needed.

The Barber's Milk Company for giving the coffee cream.

The Donovan Coffee Company for their delicious coffee.

The yellow Label Syrup Company for contributing the syrup.

Chico Quick Freeze, who donated half the sausage.

Hornel Company, who donated half the sausage.

Central Alabama Gas Co., who supplied the bottle gas and grill.

The Taylor Wholesale Co. and Woodley Gro. for their cooperation in receiving and dispensing to us the above items.

We wish to express our gratitude to both local newspapers, The Chilton County News, The Union Banner and Marion W. Easterling, radio announcer, for their efforts in our behalf in advertising this annual event.

Also the many people who gave us a hand and all who bought tickets to make the Pancake Day possible. Thank you.

FLBA Loans Are Higher

Farmers' borrowing through their local Federal Land Bank Associations in the United States reached a record high last year for a total of over \$575 million. The total number of loans involved was 47,000 - making the average size loan right at \$12,500.

According to G. B. Auburtin, manager of the Federal Land Bank Association of Marion, the amount borrowed showed quite a change from seven years ago. In 1954, farmers obtained roughly the same number of land bank loans - yet the amount of money involved was half the current figure.

And during this same seven year period the average size of the loans has doubled - from \$6,000 in 1954 to \$12,500 today.

All this goes to show, adds Auburtin, that today's fewer farmers are more highly capitalized and are producing more than at any time in our history.

Ruth S. S. Class Met

Mrs. Tom Thomson was hostess to the Ruth Sunday School Class of the First Baptist Church for their April Meeting. Mrs. Bobby Cook, president of the class, presided over the business when

plans were made for the month. The program was given by Mrs. Kenneth Cox entitled, What Is A Home.

In the social hour the hostess served delicious refreshments to 8 members present, and their teacher Mrs. Melvin Mims.

To The People of Alabama:

You have honored me twice by electing me to your Public Service Commission. In my first campaign for the Public Service Commission, I carried every county in Alabama. Four years ago I was re-elected without opposition.

I am now seeking a third term as Associate Public Service Commissioner on the basis of my record in the public service and my experience on the job.

In my every public and private act, I have tried to conduct myself in a way that would reflect credit upon the State and the people who have stood by me steadfastly through the years.

I want to thank all of you for your expressions of confidence given me in my visits with you during this campaign all over Alabama.

I am deeply grateful to you for your support and your vote. If I can ever be of assistance to you, personally or officially, please feel free to call on me.

Sincerely yours,

A MESSAGE TO THE PEOPLE OF ALABAMA

I THANK YOU FOR THE CONFIDENCE AND SUPPORT YOU HAVE GIVEN ME

Herewith I submit some of the highlights of my record, which I respectfully ask you to approve May 1 by your vote for my re-election as your Senior Senator from Alabama. I pledge that I will continue to serve you and our people of Alabama to the very best of my ability.

Our Southern Rights

I have always worked and fought to protect our Southern rights and traditions. I have fought against every anti-South measure in Congress - FEPC, anti-lynching, anti-poll tax, so-called civil rights bills, anti-filibuster moves - and as Southern team captain have lead many of these fights. I will continue to do everything in my power to preserve our Southern way of life.

NATIONAL DEFENSE

Our national defense and security and the preservation of our freedoms and our way of life in the face of Communist threats and aggression are of primary interest. To keep America strong that we may keep America free - I have worked for these measures:

Defense against subversion and Communism
Research and development of missiles and nuclear weapons
An accelerated space program
Utilization and strengthening of the Armed Services of the Nation
Establishment, development and retention of Maxwell and Gunter Air Force Base, Craig Field, Brookley Air Force Base, Fort Rucker, Huntsville Arsenal, Fort McClellan, Joniston Ordnance Depot, Hayes Aircraft Facility, Birmingham Naval Air Station

THE FARMERS

I have worked to give the Alabama Farmer and his family a fair share of the national income and the benefits of modern living through:

Price supports
Soil conservation and reforestation
Crop insurance and farm credit
Farm Roads
Rural Electrification
Rural Telephones
Farm housing
Cotton products labeling
Foreign disposal of farm surplus
Extension service and agricultural research

WATERWAYS AND NATURAL RESOURCES

Of vital necessity to Alabama's continued industrial growth and economic progress and to the happiness of her people is the full development of our waterways and water resources. I am grateful to have been in a position to fight for the development of our:

Coosa-Alabama waterway
Warrior-Tombigbee waterway
Tombigbee-Tombigbee Canal
TVA and its programs for our people
Chattahoochee-Appalachicola waterway
Mobile harbor improvement

VETERANS

As a veteran, I know the problems and the needs of our veterans. I have sponsored and worked for Veterans and Veteran dependents much-deserved benefits in these measures:

G. I. Bill of Rights
Korean Veterans Act
G. I. on-the-job and on-the-farm training
National Guard and Reserve Officer retirement
Homes and education for veteran dependents
Veterans housing and farm loans
Life insurance for armed forces
Hospitalization and rehabilitation for disabled veterans
Veterans disability compensation and pensions

HOUSING AND PUBLIC WORKS

Housing, roads and highways, and modern airports are a must for the safety, comfort and progress of our people. They also create jobs for Alabama workers and markets for Alabama lumber, cement, brick, soil pipe, and other building materials. I have helped advance the following housing and works programs:

FHA
Veterans and farm housing
Slum clearance
Highways and farm-to-market roads
Airport modernization and development

We must not forget that our America is strong only as her people are healthy and strong in body and mind and that our national strength depends on the development of our agriculture, our industry, our natural resources, and our scientific knowledge and technology. Now as never before, we must possess the physical and mental stamina, as well as the courage and the vision to meet the challenge of our time.

FLAMELESS

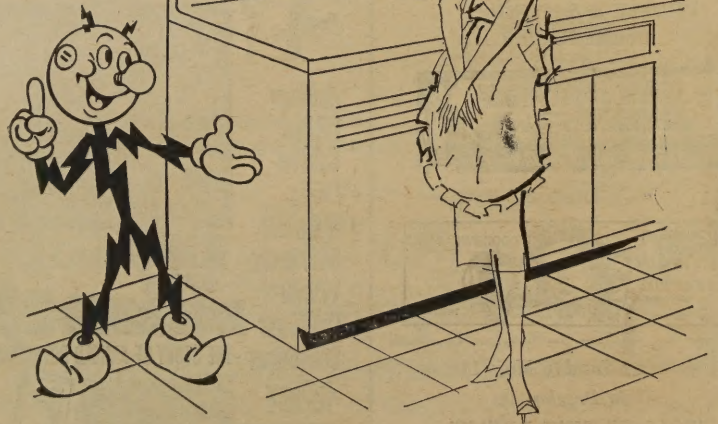

Electric WATER HEATERS

Look Good Anywhere

Round, square, counter-top or tall quick-recovery ELECTRIC water heaters can be installed in closets, pantries, alcoves, utility rooms or basements. Counter-top models provide extra work space in kitchen or laundry.

Only ELECTRIC water heater can be placed anywhere (often in space that otherwise would be wasted) and they look good anywhere. They're clean—require no vent, no chimney, because they're *flameless* and *fuelless*.

With the quick-recovery, automatic ELECTRIC water heater it's nearly impossible to run out of hot water. Ample insulation keeps the stored water hot; unlike other types of water heaters, the quick-recovery ELECTRIC water heater is "on" only enough to keep water at the desired temperature.

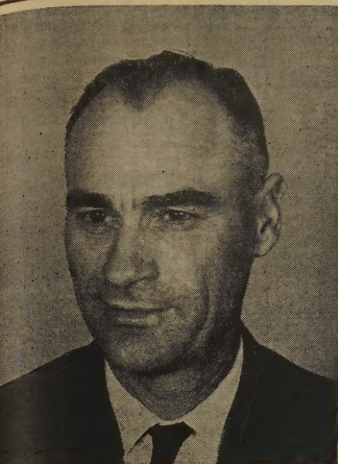

See the new quick recovery
fully automatic ELECTRIC water heaters
at your dealer, plumber
or any Alabama Power Company store.

Ask about FLAMELESS electric heating, too!
Already over 7,000 Alabama Power Company
customers enjoy homes heated by FLAMELESS
clean, safe, electric heat at only moderate cost.

THORNTON Seems Favorite For Sheriff

RAN A CLEAN RACE

And will Run A Clean Office. Thornton wants to thank all of the many people who encouraged him to run for Sheriff, in the first place and the hundreds he has seen since the beginning of this race who have given him their support. He also wants to thank each

of his opponents for the clean campaign they have conducted. Smolon (as he is known to his many friends) is not a stranger to the office of Sheriff, as he worked in the Sheriffs Department, and his father before him served in the department for some 12

years. Thornton makes you one big promise and that is, "clean, honest, and efficient administration of the Sheriffs office." Thornton says "this is a very large County and I have tried to see everyone, but time passes quickly and I know that there will be many people that I can't possibly see before election day," so Thornton wants to ask those of you whom he hasn't seen, to remember, he is asking for your valued vote. Thanks again

Remember Thornton On May 1st

W. A. "BING" LeCROY

The MAN with a PLAN

Solicits your support for a full term term as State Superintendent of Education

On July 1, 1961, I accepted an appointment as your State Superintendent of Education. This appointment followed six years of proration of school funds, the first year of proration being in 1949.

During these years of crises, some teachers, office personnel, bus drivers, and others in the field of education had to wait for their pay. I accepted the office of State Superintendent in order to correct this situation. I do not want to mislead anyone. The problems of financing education have not been solved; however, the outlook has improved. I pledge my continued support to the school people, the Alabama Legislature, and the governor of our state in order to solve all these problems. You have a right to know what as of today, even with proration, all teachers, office

personnel, bus drivers and others have been paid. Also the State salary schedule has been maintained. I solicit your continued interest and support in order that I may be in a position during the next four years to complete this most important job we have undertaken.

WILSON

"The Farmers' Friend"

FOR COMMISSIONER OF AGRICULTURE AND INDUSTRIES

He Says...

To balance Agriculture with Industry is a most difficult problem.

I shall seek the advice of leaders of all phases of Agriculture and Industry to serve on a, purely, advisory board — to help me — to help our state — go forward with progress — not stand still or slide backwards.

I will incorporate a state-wide program of boll weevil eradication to assist the farmers to realize as much money from their cotton crops as is possible.

I will start an experiment program to seek out products that the small farmers may grow at a profit to offset the income loss from cotton, which is now being replaced by synthetic fibers.

The Agriculture Department, under my Leadership, will work with the State Planning and Industrial Board, and all other interested local and state organizations, who are seeking industry to help improve the economy of Alabama.

I will continue to work towards the preservation of our forest and natural resources.

Citizens Praise RYAN deGRAFFENRIED'S Positive Plan to Protect STATE'S Rights

Ryan deGraffenried is the first of the Alabama candidates for Governor to offer a new and constructive approach in dealing with State's Rights.

He proposes, when elected, to create a STATE DEPARTMENT OF STATE RIGHTS, manned by competent counselors.

This department would not merely defend State's Rights in a negative way but would assert State's Rights in a positive, aggressive and vigorous manner.

Commending deGraffenried's State's Rights plan, the Alabama Journal, of Montgomery, a staunch supporter of segregation, recently said:

"Such a State agency offers a vast field of opportunity if it is created and the right persons put in charge of it."

Creative ideas PLUS vigorous action are two of the reasons why Ryan deGraffenried is making a winning campaign for Governor of Alabama.

Let's Go, Alabama with RYAN deGRAFFENRIED as Governor!

NEWS OF—**Northside Baptist**

A wonderful congregation attended the Easter service of the Northside Baptist Church last Sunday morning. The attendance at the evening service was normal. The church was honored to have a number of visitors representing other states and cities. The presence of the spirit of the Lord and his power was felt and this was expressed by many who were present. The church is looking forward to hearing a prospective pastor bring the message Sunday morning April 29, 11:00 a.m. He is Rev. Wally Henley, a student of Howard College, also associate pastor and minister of music of the Boyles Baptist church, Birmingham. The pulpit committee will hold a conference with this minister following the service.

Bro. Henley and his wife will also be the dinner guest of the church. All the members are requested and urged to attend the evening service Sunday, to hear the constitution and by-laws, also the proposed revised budget read and to consider the pulpit committee's report concerning the call of a pastor Sunday School at 9:45. Preaching at 11:00 a.m. at 7:00. Preaching at 8:00 Wednesday mid-week prayer service begins at 7. Choir rehearsal 7:45 p.m. The Brother-

hood men will meet this week, Saturday, 6:30 at the church building for their program of worship.

Jo Ann Wyatt has been selected for the honor of presenting a special message from the sorority's founder. She has received the message from the International Headquarters in Kansas City. It will be the central event of the evening and the culmination of the program.

Aboard USS Soley

William G. Wyatt, machinist's mate first class, USN, son of Mr. and Mrs. Elder Wyatt of Route 2 to attend the National Convention aboard the USS Soley, observed by President John F. Kennedy during a two-day visit on

April 13 and 14 to the Atlantic Fleet in Norfolk, Va.

The President, accompanied by Vice President Lyndon B. Johnson, members of the Washington diplomatic corps and U.S. Congressmen, arrived in Norfolk the afternoon of April 13.

After a brief cruise in the fleet ballistic missile submarine, USS Thomas A. Edison, the President's party boarded the tactical command ship USS Northampton to observe night air operations by the attack aircraft carrier USS Enterprise and USS Forrestal.

The next morning, the President received full honors in a review of the Second Fleet, and following an anti-submarine warfare exercise and an aerial fire-power demonstration by the Enterprise and Forrestal, his party observed amphibious assault landings both landing craft and helicopters at Onslow Beach, N. C.

The presidential party returned to Washington late Saturday afternoon.

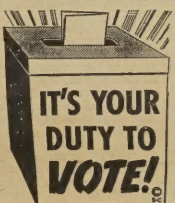

Sodalitan S. S. Class Met

Mrs. W. C. Dickinson was hostess to the Sodalitan Sunday School class of the First Baptist church on Monday night at 7 o'clock.

The meeting was called to order with prayer by Mrs. B. F. Williams, teacher of the class. Mrs. Doyle McRae, presided when plans were discussed and decided on for the project for the month. Mrs. F. H. Spicer gave the devotional reading part of the 22nd Psalm. She used verse 13 as the theme.

The hostess served delicious refreshments of strawberry short cake to 9 members present.

MARY TEXAS GARNER

In an exciting campaign we are apt to overlook a technical office like State Treasurer. But our State Treasurer has many important

duties and responsibilities. As your State Auditor for the past four years I have audited the books of the Treasurer . . . which means examining over one million vouchers in the course of a year. I am familiar with the many financial and legal problems with which the Treasurer must deal day by day. Twice before you have given me positions of high trust . . . first I served as your Secretary of State, and am now serving as your State Auditor. Before that I managed a family business and was a practicing attorney in my home town of Scottsboro. As your Treasurer I would serve on the Alabama Education Authority and the State Board of Adjustment . . . two boards on which I now serve as Auditor. If you will again trust me, I will dedicate myself anew

Wake up...this is 1960. Something's happened to the cost of all-through-the-house summer comfort since you inquired last time. For the past two years thousands of average-income families have been enjoying central air conditioning because of a revolutionary new engineering concept—the Fedders Adaptomatic.

Small enough to fit anywhere—attic, basement, utility room, etc.—the Adaptomatic does away with costly structural alterations. Exclusive split-chassis design and pressurized condenser air slashes installation days and dollars. And because the Adaptomatic is fully assembled, fully charged and fully tested in the Fedders factory, all critical on-the-job-hermetic work is completely eliminated.

So in addition to lower cost, you have the assurance of enjoying all the cooling

power and proficiency built into this wonderful air conditioner by Fedders engineers.

Ivie W. Childress Participated In A Air Evacuation

Staff Sergeant Ivie W. Childress, son of Mr. and Mrs. Joel I. Childress of Jemison, Ala., recently participated in a mercy air evacuation flight of a 19 year old girl stricken with a fatal disease.

Sergeant Childress, an aeromedical technician with the 339th Tactical Air Command hospital here and fellow crew members flew the patient from Nashville, where she had been receiving treatment, to an airport near her home in Transylvania, La., so that she might be with members of her family.

The flight was made in a United States Air Force C-130 transport aircraft, after Sewart officials were informed that the girl could not survive overland transportation.

The sergeant, who attended Jemison High School, entered the service in December 1948.

Phillips Elected To Board Of Trans - South

The Trans-South Insurance Company of Columbia, South Carolina, has announced the election of Mr. Fred F. Phillips of Siluria, Alabama, as a senior member of its board of directors.

Trans-South is unique in that 25% of all proceeds from the sale of stock and an equal amount of all profits realized from operations are turned over to qualified religious organizations for ministerial education. Since its inception it has experienced amazing growth and exports to reach 100 million dollars in insurance by 1967.

In announcing the election to the stockholders, Mr. Thurman Chittwood of Dalton, Chairman of the board stated, "Mr. Phillips is the only addition to our board for this year, and was selected from numerous nominees. He was selected because in our opinion he best exemplified the vigorous and progressive young business man the South needs so badly for leadership. His business successes and his broad identity in the southern business community fit him splendidly to this progressive organization."

Mr. Chittwood also announced the relocation of the executive offices of the company to Dalton, Georgia effective, April 30.

State Grand Jury Praised George C. Wallace for "Resisting To The Limit!!!" Following is a Certified Copy of the Grand Jury's Report:

STATE OF ALABAMA)
BARBOUR COUNTY.)

IN THE CIRCUIT COURT.

REPORT OF GRAND JURY

This Grand Jury recommends that the matters alleged in the sworn petition of Crews Johnston be investigated by the next regular grand jury, as that will meet within a short period of time. From our preliminary investigation we are convinced that this matter should be investigated further, and so recommend to the next regular grand jury.

We want to especially call your Honor's attention to the partial reports heretofore made to your predecessor, Honorable George C. Wallace, and we hereby express again our sentiments as expressed therein concerning our independent actions in this matter, and incorporate such partial reports into this, our final report. We want to state to you as we stated to your predecessor in our partial reports, that we, the Grand Jury of Barbour County, Alabama, allowed agents of the Civil Rights Commission to examine records in our possession, under rules set by us, and in our presence, to show the world that we, in this County, are not ashamed of the actions of any of our officials and that we had nothing to hide. This alone prompted our actions, as we, being an independent body, were determined that local authority would be respected by agencies of the Federal Government. We repeat, our actions were wholly voluntary and not influenced by anyone.

We, as the last Grand Jury to serve under Judge George C. Wallace during his six years on the bench, want to take this opportunity to highly commend him for his service to the people of this County and to the judiciary. We appreciate his vigorous defense of constitutional government and states rights. His successful defense of the courts over which he presided, from unlawful intrusion from the so-called Civil Rights Commission is well known. No group has been in a better position than this Grand Jury to observe his resistance to the Civil Rights Commission's attempt to take over the courts of this State, as we were on the scene and know he resisted them to the limit. We further commend him for successfully carrying through his original stand that the voter registration records would not be carried away from this County or taken from the custody of his court. We feel that the great need of the South today is for more men of the foresight and determination of your predecessor, Judge George C. Wallace and also our Solicitor, W. Seymour Trammell, in protecting our institutions from continual encroachment upon the rights of the states by the federal government. We, the Grand Jury of Barbour County, Alabama, feel that we are representing the views of the people of this County when we say we resent deeply the efforts of the Federal Government to destroy the social and educational institutions of the South, and the destruction of the rights of states; and we say emphatically that if this trend is not stopped we are afraid that it will bring about a national calamity. We say further that there has never been a time in the last several decades when unity among the people of the South is so badly needed. We call upon our elected officials to resist the arrogant attempt of the Federal Government to destroy constitutional government and institutions known to be in the best interest of all the people of the South. We are not unmindful of the fact that the officials of the South who are active in such resistance find themselves under attack from powerful forces from without, bent upon their destruction to lessen such resistance. We further call for unity of our people in their stand behind these officials who dare to resist.

We again commend the courageous action of Honorable George C. Wallace, who risked his very freedom in the federal courts in carrying out the duties and oath of office as a Circuit Judge. We also commend his course of action to Your Honor, and feel that we express the feelings of all people of Alabama and the South, when we pledge to you our support in such endeavors.

To The Citizens Of CHILTON COUNTY

For several weeks I have addressed you in this newspaper attempting to point out in a clear and conservative manner these assets which I offer to the office of Senator for the 15th District:

1. A strong educational background.
2. A broad history of public service.
3. Have clearly stated my support for an improved school system, enlarged old age and welfare payments, higher unemployment compensation benefits and many other matters of public interest.

Most importantly, my broad business background promises something that no one else has apparently considered and that is -- GETTING THE MONEY TO PAY THE BILLS.

If we roll more dollars across the counter and generate more payrolls, then our needs can be met. Only by balancing our agriculture and service professions with MORE INDUSTRY can this be realized.

If you want more industry and more payrolls, who can lead better than a man successful in industry? The greater our majority at the polls, the stronger our voice will be in Montgomery.

Gordon Conway

For Superintendent of Education

Since this will be my last communication with you through the county paper before May 1, I want to take this opportunity to express to you my heartfelt appreciation for being privileged to serve a total of thirteen years in my native county as a classroom teacher, as a high school principal and as your superintendent of education. In each capacity I have endeavored to be fair, honest, and sincere. Your expressions of appreciation and your words of encouragement have been bountiful and your efforts I have spent in discharging my duties over the years. During my short campaign, it has been very heartening to meet old friends and to make new ones. You have been kind, considerate and thoughtful.

When you go to the polls next Tuesday to cast your ballot for superintendent of education, please consider my record, my qualifications and my experience in making your choice. My record is open and clear. I urge any person who so desires to check it. Our schools should have the best leadership available. You will choose this leadership and I beg you to select your candidate on this basis.

I was born reared and still live in the Isabella-Mulberry community. I am a deacon and the Sunday School Superintendent of Mulberry Baptist Church. I am active in other organizations which are for the betterment of the community. Being a member of a large farm family, I am fully aware of the many problems in educating the children.

My only promise to you the citizens of Chilton County, is that I shall strive tirelessly to do all in my power to see that our boys and girls get the God-given right of the best education their county can afford.

I earnestly solicit your vote next Tuesday, April 29, to the Act. of the Democratic Primaries, May 1 and 2, 1962.

Attention, ALL VETERANS!

Your vote for E. A. "Red" Fulmer
for Representative from Chilton
County is a vote for good
Government because:

"Red" was born and reared in Chilton County and educated in the public schools here.

He represents no clique group and will not be obligated to anyone but the people of Chilton County.

He is well qualified through his training and his experience in dealing with people in public life.

"Red" was seriously injured during World War II in the "Battle of the Bulge" and is a 'paid up' member of the Disabled American Veterans. He is also a member of the V.F.W. and the American Legion.

He served as State Commander of the D.A.V. in 1951-52, and under his leadership and guidance the membership reached an all-time high.

"Red" served the veterans of Chilton County well as a member of the State Board of Veterans Affairs for eight years.

He personally donated the land to the veterans of Chilton County on which the Veterans Club now stands, used by every veterans group in the County.

In his efforts for veterans and their dependents, he has always been available when called. Nothing has ever kept him from going to the aid of a fellow veteran.

"Red" has spent much of his time and talents, and gained unmeasured experience, directly aiding his fellow veterans in this county.

A member of the Masonic bodies in Chilton County, he is also a member of the West End Baptist Church in Clanton.

He is the only candidate who has promised: "I will Represent All The People All Of The Time!"

"Red" has proved that he believes in practicing what he preaches.

LET'S SUPPORT A COMRADE WHO IS A PROVEN FRIEND AND HAS YOUR PERSONAL INTEREST ALWAYS IN HEART AND MIND.

NEWS OF—

Lomax First Baptist

The First Baptist church of Lomax had a fine crowd for the Easter services last Sunday, and enjoyed both messages by Rev. G. G. Williams of Clanton, the visiting minister, one of the most beloved servants of the Lord in the county. The pulpit committee at the request of the church, has invited Rev. Wayne Smith, 1700 Glendale, Clanton, formerly of Calera, Alabama, to bring both the messages Sunday, April 29, 11:00 a.m. and 7:30 p.m. All the members of this church are invited and urged to attend the

services Sunday and hear this man of the Lord, and also meet him and his wife and baby.

The church has elected the Chilton-Unity Association Superintendent of Missions to serve as interim pastor until a pastor is called. Sunday School begins at 10:00 a.m. Training Union begins at 6:30 p.m. Wednesday Mid-Week Prayer services begins at 7 p.m.

Brother Fields would like to meet with the church with all the members present on Wednesday, May 2, 7 p.m. for Prayer and a conference. Please keep this in mind and attend without fail.

Soil Conservation Service News

George Patterson, Verbena Rt. 1; Steve Baker, Clanton Rt. 5; Leon Mims, Thorsby Rt. 1; Charles Mims, Clanton Rt. 2; have planted 20 acres; 5 acres, 15 acres and 4 acres respectively to Bahia grass.

B. Ralph Mims states, "I will finish planting my waterways and field borders to Coastal Bermuda this week."

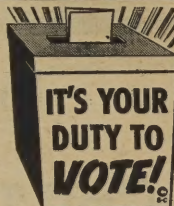

A farm pond was laid out on Hoyt Glass farm last week. This pond will be approximately 4 acres in size.

Wallace Fox is in the process of clearing 5 additional acres of land to enlarge his Coastal Bermuda field.

A. Lenoir, Maplesville is clearing 5 acres of land to be seeded to Bahia Grass.

A visit with Horace Mims of Temple community found him busy as usual preparing land to the planting of corn. Horace was asked how many terraces did he have to break during the recent big rain? Horace stated, "since I have established the waterways and reterraced I have not had any washing on my land. I did have one terrace to run over slightly but not enough to wash." Horace was asked how he managed to keep his waterways in such good shape? His answer was, never break the land toward the waterway and you won't have any water that won't go down it.

His most encouraging remark was, "do the best you can with what you have." Horace has done a very outstanding job of conservation.

Let him refrain his tongue from evil. —(1 Peter 3:10).

Words of kindness, peace, praise, wisdom and truth are words that build up—lifting us and others to new heights of satisfaction and happiness. This is the day for using the word-tools of life constructively in every situation.

To balance Agriculture with Industry is a most difficult problem.

I shall seek the advice of leaders of all phases of Agriculture and Industry to serve on a purely, advisory board — to help me — to help our state — go forward with progress — not stand still or slide backwards.

I will incorporate a state-wide program of boll weevil eradication to assist the farmers to realize as much money from their cotton crops as is possible.

I will start an experiment program to seek out products that the small farmers may grow at a profit to offset the income loss from cotton, which is now being replaced by synthetic fibers.

The Agriculture Department, under my Leadership, will work with the State Planning and Industrial Board, and all other interested local and state organizations, who are seeking industry to help improve the economy of Alabama.

I will continue to work towards the preservation of our forest and natural resources.

Watch The News For Election Results

To The People Of District Two And Chilton County

I have tried to see each of you personally, but find this is almost impossible. Since this will be the last time I have a chance to appeal to you by the press of Chilton County, I am asking you to consider the job to be done for our county. Study the four men that are asking for the job as Board Member of Revenue and Control of District Two, and if, after prayerful consideration you make your choice in my behalf, I will do my best to serve all the people in the district and county.

I will try at all times to make my judgments and decisions for the best interest of the financial and spiritual welfare of our people. I will try to see that our present roads are maintained and to continue to pave as we are financially able. I will at all times try to spend tax money wisely but, at the same time try to pay a living wage to county employees. I further state that if I am elected, all sections of the district will get equal consideration.

Again, I am stating that I have not, and will not, try to get votes by making false promises. I will promise, however, to try to be alert at all times to seek advantages for Chilton County, and I shall be free at all times to counsel with the people for their best interest.

I would like to urge every citizen to vote on May 1, for this is democracy in action.

Your Vote In My Behalf Will Be Appreciated And I Will, If Elected Endeavor At All Times To Represent You In An Honorable and Impartial Way.

Attention Textile Workers

Elect

John G. Crommelin

TO THE
UNITED STATES
SENATE

John Crommelin Candidate for the United States Senate knows THE TEXTILE INDUSTRY is the LARGEST INDUSTRY IN THE UNITED STATES.

John Crommelin knows that Seven Hundred (700) Textile Mills have had to Close Down since World War II.

John Crommelin knows there are over three hundred and thirty-two thousand (332,000) Textile Workers OUT OF A JOB NOW.

We ALL know that Lister Hill has voted to give away to Japan COMPLETE new Textile Mills and approved legislation permitting the United States Government to sell cotton to foreign mills to 8 1/2 cents a pound LESS than OUR OWN government will sell to OUR OWN United States Mills.

John Crommelin and the Textile Workers of Alabama know that this insane and destructive program of the Federal Government coupled with the very low wage scale of 13 cents per hour for Japanese workers is wrecking the Textile Industry of the United States.

Elect John Crommelin to the United States Senate and let's "CLEAN THE TRAITORS OUT" of Washington, D. C.

RECORD VOTE CAST IN CHILTON MAY 1st

Eagle Awards Presented

On April 10, 1962, the Eagle Award was presented to eight Boy Scouts of Clanton. The presentation was made by Mr. C. J. Coley of Alexander City, Alabama. Mr. Coley is chair- man of the Horseshoe Bend District of the Boy Scouts of America. Chilton County is one of the three counties which

make up this district. The 8 scouts receiving the Eagle A- wards are pictured left to right: Charles Roger Davis, parents Mr. and Mrs. Tate C. Davis; John Harold Lawrence, parents Mr. and Mrs. T. Harold Law- rence; Gary Bennett, parents Mr. and Mrs. Orus L. Bennett; Joseph (Pete) Johnson, par-

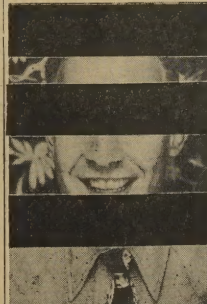

ents Dr. and Mrs. Joe H. John- son; Mike Johnston, parents Mr. and Mrs. Ralph Johnston; Robert Mullins, parents Mr. and Mrs. E. L. Mullins; Gary Williams, parents Mr. and Mrs. Luther Williams; and Ricky Wyatt (not pictured) parents Mr. and Mrs. Maurice Wyatt. All the scouts are of Clanton.

Election School Trustees Set For May

This is the year for the elec- tion of school trustees. The Board of Education has set the week of May 7 for this election. A meeting will be called by the principal of each school. Six people will be nominated at each meeting. Of the six the Board of Education will select three to serve as trustee of the school for a four year term.

Any person in the community may be selected by the group to serve as a trustee but only pa- trons of the school can vote. The term "patrons" as used herein shall be construed to mean the parents or guardians of children in attendance at the school.

Joe Smith Identifies MM This Week

JOE Smith earned a six months subscription to the News by correctly identifying the Mys- tery Man as Bill Hicks of the local Farm Bureau Insurance Co. office. Several persons stopped us on the street or in their business to identify the MM, but it doesn't count unless you come by the office and register. The only post card we received last week was incorrect. Come by the News office as early as possible on Thursday morning after 8 a.m. . . you may be the lucky winner. If you live on a rural route you may send in a postal card. Earliest post- mark wins! Give it a try . . . can you cor- rectly identify this week's News Mystery Man,

Political Wrapup

IN Chilton County on May 2nd it was George Wallace by an overwhelming majority; Jim- my Martin for County Coroner; Lawrence F. "Bud" Gerald as De- puty Solicitor in one of the close- st and most sensational votes in the history of Chilton County. He beat his opponent Walter C. Hayden Jr. on the very last box to be counted and it had been nip and tuck all the way.

Sheriff Hugh Champion put down all comers in his bid for re-election without a run-off Gordon Conway incumbent Supt of Education did likewise winning over U. H. Abrams local school principal and Lloyd D. Mims a newcomer to Chilton politics.

Grady Heflin and Francis Speaks in a close vote will have a run-off. There will also be a run-off by incumbent Dalton Champion, incumbent Commis- sioner in District One and Lon- nie Cost, former holder of the office. A. D. Headley, incumbent in District Two will have a run-off May 25th with Marion S. Smith, his runnerup!

Nix retained his post on the Board of Education and "Doc" Baker won over McGriff for Place No. One.

W. A. LeCroy carried Chilton County for State Supt. of Educa- tion by a large majority and Jimmy McDow carried for State Senator for 15th Senatorial Dis- trict. He also carried Autauga and Shelby Counties against his two opponents.

The victors and their support- ers were elated; the losers not so, as this, one of the most active and exciting votes in Chilton's history came to a close.

NO APATHY IN CHILTON CO THIS TIME

ANYONE who fears politi- cal apathy in Chilton County can forget it! A record vote was cast in Chilton County Tuesday of this week; and there was certainly a record number of citizens at the Courthouse Tuesday night for the first counting of the votes! It was obvious that though this most recent political cam-

paign drew little controversy among the candidates, the peo- ple were greatly concerned about how the outcome would be.

At one time Tuesday even- ing, an estimated 2500 to 3000 persons were in and around the Chilton County Court- house. Feeling was high among many, but a good natured rivalry was prevalent and the losers took it gracefully as a whole!

See complete tabulations of how Chilton County voted elsewhere on this page!

H. CLUBS D.

Mrs. Johnnie M. Lane, Agent

Are you planning to can or freeze this summer some vegetables which were grown in your garden? If so, you better start planning now just what and when you are going to plant. The smart gardener is the one who plans ahead so that all her vegetables don't "come off" at the same time. Plant a few rows of the same vegetable every few weeks, then canning and freezing isn't such a chore. And too, you will have better quality of food. That means your vegetables will be tender and have a good flavor and color.

Don't forget that you will need dark green and deep yellow vegetables—these are turnip greens and the other greens in this family, spinach, broccoli, carrots, sweet potatoes, pumpkin and yellow winter squash. That is all that is in this important group of foods. Some of these are not grown in the spring or summer gardens. This group of dark green and deep yellow vegetables give us that all important Vitamin A. This vitamin is necessary so that our outer layer of skin is soft and not dry and scaly; keeps the linings of the nose, mouth and inner organs in good condition; important for normal vision and influences the development of the teeth. With all these functions, you can see why it is so necessary to eat something from this food group at least every other day.

Other vegetables need to be eaten everyday. Some of these are corn, peas, butter beans, snap beans, okra, summer squash, eggplant, etc. These vegetables are not good sources of any one particular vitamin or mineral but contain some of all. We need to eat at least one of these every day.

(alphabetically arranged)

FROM: Supporters of former Lieutenant Governor JAMES B. ALLEN, for LIEUTENANT GOVERNOR.

You want your choice for Governor to be elected and to have a successful administration. Your best guarantee of this is to elect also James B. Allen for Lieutenant Governor. Former Lieutenant Governor Allen will add strength and stability to any administration. Your candidate—and the people of Alabama—will benefit from Jim Allen's wealth of experience, unquestioned ability and integrity, and high sense of fair play. No matter who you favor for Governor, send to Montgomery with him a mass endorsement in state government, familiar with the state's problems and capable of working toward a solution of these problems. Vote for former Lieutenant Governor James B. Allen for a second term as Lieutenant Governor.

Teen-agers need to eat more than a hundred pounds of Irish potatoes a year! In fact, all members of the family need to eat Irish potatoes.

Don't forget tomatoes and tomato juice. These furnish that all important vitamin C. This vitamin cannot be stored in the body so it needs to be eaten everyday. For a child between 7-12 years of age, he will need about 40 quarts of canned tomatoes or tomato juice per year. That is, if he doesn't eat citrus fruits. So that will mean you will need to "put out" a large number of tomato plants to have an adequate supply for your family. Vitamin C helps prevent gums from being tender and bleeding easily, helps prevent joints from swelling and hurting, prevents scurvy, and helps our nutrients to function in the diet and the body to resist infection.

Fruits are another group that needs to be canned or frozen for your family. Blackberries, straw berries, peaches, apples and pears are just a few. They too contain a variety of minerals and vitamins which are needed by everyone. A fruit is needed each day by all the family members from grandmother and granddaddy on down the line.

Safe Use Of Insecticides On Food

By Daniel R. Mims

Many Chilton County farmers are concerned about the proper and safe use of insecticides on food and fiber crops.

A few years ago the proper use would have been judged largely on the basis of effective control of the pests with very little attention given to the danger to the user. We must now accept the fact that we must concern ourselves with the task of learning what is the proper way to use insecticides when judged by modern standards.

In substance they can be just what are these modern summarized in one sentence. Insecticides must be used only when necessary and then in such a way that they will give insect control without injuring people, pets, or beneficial animals or useful plants.

Some confusion exists concerning the proper use of insecticides in agriculture. Some of the chemicals available for use are harmful to human beings. Before using any insecticide, read the label carefully and be sure you use only the amount recommended and apply it in the prescribed manner.

Farm and Home Safety: Joey Jackson, Ernest Porter, Heliam Jackson, Wayne Henry.

Electric Program: William Bolton, Michael Price, Robert Jones, Lelan Chism.

4-H Safety Winners: The two boys winning the 1962 Safety Essay trophies were Terry Smith of Collins Chapel and Jimmy Martin of Jemison. These trophies were donated by the Alabama L. P. Gas Association and presented to the Junior boy and girl and Senior boy and girl who wrote the best essays on Farm and Home Safety. The two 4-H girls receiving these trophies were Wanda Collins and Eulene Littleton.

1961 Corn Winners: Mr. A. R. Taylor presented check totalling \$105.00 to the five 4-H members who were "top" corn producers in 1961. Randall Thornton of Mt. Pleasant community took first place with 124.11 bushels of corn per acre. He was presented a check for \$50.00 from Mr. Taylor. Second place went to "Butch" Glasscock who produced 121.54 bushels per acre. Butch was

presented a check for \$25.00. Other winners were: Joe Gilbert 112.14 bushels, Len Traywick, 96.161 bushels and Judy O'Neal with 95.25 bushels took fifth place.

1961 4-H Lamp Winners: This program is an effort to get 4-H Club members to realize how important "correct" lighting is in the home. A total of thirty five 4-H boys built lamps and entered the three "top" lamp builders of this 4-H program this year. Wayne Robinson of Mineral Springs, Glenn Langston of Jemison and Junior Chandler of Stanton. Chilton County in Auburn, July 9th - 14th at the State 4-H Lamp elimination. Wayne and Junior received checks for \$5.00 and \$2.50 respectively.

There were also awards presented to the 4-H girls who showed the greatest amount of work and progress done on their projects. The winners were as follows:

Beef: Judy O'Neal and Jo Owen. Home Economics: Annette Jones. Home Improvement: Dianne Dennis.

Beautification of Home Ground: Joan Green and Donna Sue auner. Entomology: Elaine Patterson. Clothing: Helen Atchison, Carole Owen, Carolyn Clements, Jo Owen.

Poultry: Pat Wideman, Patsy Edwards, Peggy Davenport, Linda Burnett.

Food Preparation: Mary Alice Williams, Catherine Jean Smith, Mary Kathryn Thornton.

Foods and Nutrition: Jo Owen Joy Dell Adams, Jane Davis, Janice Sue Shanks.

Baking: Diane Headley. Gardening: Judy Powell. Dairy: Patsy Edwards.

Leadership: Joy Dell Adams. Safety: Sharon Bryant, Sandra Jackson, Belinda Headley, Barbara Price.

Medals were also awarded to the girls who won first, second and third places in the Apron, Skirt and Dress Revue which was held March 31st.

We would like to thank Mr. Spicer, Transportation Supervisor, all bus drivers who devoted their time to making the 1962 Rally a big success and to Mr. Conway and the 4-H teacher-leaders who supervised each club so well at the rally so that a good time could be, and was, had by all.

To The People Of Chilton County

Next Tuesday you will go to the polls to select those candidates you desire to work for and represent you during the next administration. For several months I have been making every effort to see YOU--to personally solicit your consideration and support of me as a candidate for State Senator from Autauga, Chilton and Shelby counties. Unfortunately it has been impossible for me to see everyone in these three counties. However I will continue to make every effort to see everyone I possibly can right up to election day.

My THANKS to YOU for the courteous reception I have gotten in every community in this district. If elected I pledge to HONESTLY represent YOU - to work hard for the progress of our district. I will always be available to listen to your views and work for the solution of your problems. Please go vote next Tuesday, I'd sure appreciate it if you could vote for me.

The People's Right To Know--

THE following editorial was written for the issue of the News which was published last week. Technical limitations kept us from running it last week, but since the basic idea behind the comments are as important today as they were last week, we would like to present it to you, entirely as it was written--

THE EDITOR

WE do not endorse any particular candidate for County office in the coming May 1st Primary. The reasons are obvious, though to many, they all seem materialistic in intent. For one thing, there is only one Democratic organ in Chilton County, as opposed to many in the State of Alabama. If the News endorsed a local candidate or slate of candidates, it would be completely unfair to the other candidates in the race, as they would have no media to turn to. We feel that the Democratic way to do it, is to let the people decide, and then for us to get behind their choice tooth and toenail if need be in the General Election. You may not agree with us, but we are used to having folks disagree with us. A state race is larger in scope and thus a choice can be made without discrediting or handicapping another candidate.

We do, however, want to make the following statement:

It is with great sincerity and earnestness that we appeal to all the Democratic candidates to cooperate with and assist their newspaper in informing the people. In Chilton County we do not enjoy that cooperation from many of our County offices. This County is unusual in leadership, in that most of our leaders seem to feel that the less the public knows, the better off they are! That is totally and undeniably false! An uninformed people are uncoordinated and coordination is one of the things we need most in Chilton County today. Our search for industry needs it; our efforts for all community improvements need it; we need it as a growing community!

If you are one of those nominated by the people on May 1st, we want to appeal to you now, to see to it as far as your ability and your powers of office will allow you, to help in informing our people as to what is going on, when and why! It is a great necessity of our time, and the past has proved that the other way does not work! "Give the people light, and they will find their own way!" That is our belief, and our sincere endeavor as "Your Alert Community Newspaper." Without this light our people will wander about aimlessly while communities all around us are growing and getting somewhere!

We make every effort to represent the people of this County. We strive to give them facts, and to suggest when something is wrong; to praise when good things happen. We do, to have a duty and an allegiance to the people of our County. Our efforts will be greatly enhanced, as to effectiveness, with the support, good will and cooperation of our elected officials.

We are sick of secrecy, tired of double talk and we intend to inform and guide our people. We can do a better job for you, if you are sincere in your efforts for the people with your help and with information which comes through your office! You are elected by the people to represent them in a given task. How can you do otherwise, than to assist in telling them what is happening? We will tell them, if you will help us! If you choose not to help us, as some have done in the past; we will tell them that! We solicit your cooperation.

The Threshold--

ARE you in a position to notice the economic change that is taking place in Chilton County? If you haven't looked, you owe it to yourself--and the future of your community--to take note!

We, in Chilton County have been in a "depression" (call it a rut if you will) for many years now, and it is believed by many that the new Interstate was a decisive factor in the change of attitude from one of complacency to one of vigorous action.

It is obvious fact that we are a long way from economic stability in this County, but it is evident to the objective observer that a change in attitude is evident in Chilton County. And it is undeniably true that a change of attitude was the first step in our particular situation.

A new awareness of the times is a good description of our attitude. More of our people understand that the horse and buggy ideas that have been saddled

with are no longer sufficient. We are coming into the brightness of a new economic growth in Chilton County. Most of our people are unprepared for the change. Those with the foresight to observe the change must take the helm and guide us in the right direction. We are ready for the change, but we are not yet able to direct it, and we most certainly cannot sit back and wait on it to come to us!

Unpeeling The Truth--

IT usually takes more than one trust to open up the truth in a public situation wide enough that it can be seen by all concerned. Some are narrow-minded enough that the slightest penetration of the facts is enough that they think they can determine their opinion.

However, it usually happens, that the wider the gap becomes, the more clear the facts show up, and the initial opinion of these people is usually wrong, or at least partially so!

A broader-minded percentage of the people are willing to wait and see all the facts before they make up their minds.

Recently, we made a thrust into the facts concerning the \$500,000 educational building funds which are being held in escrow in a Montgomery depository. As is usually the case, our initial onslaught only pierced the outer layer of the facts and it has been brought to our attention that our opinions derived from these first few facts, were not entirely correct!

In the first place, we have no reason to believe that the Board of Education of Chilton County has now or ever has had, anything but the best interests of our people in mind. Our conclusions are naturally based on these beliefs. If there are facts to the contrary, then the people deserve to know them. But until such facts are proven and published, we cannot believe otherwise.

As a newspaper and a servant of the public, we are obligated not only to uncover mismanagement and scandalous proceedings in public offices, but we are also morally obligated to support public officials in their efforts to help our people. Until they are proved unworthy of this trust, we refuse to chortle and belittle them.

There has never been a public situation, requiring public concern and public education, that did not, by the simple nature of it, create distrust and confusion among those who are willing to jump to conclusions before they know all the facts.

Let it be understood, that in this situation we do not, and cannot, take sides! There are those who would use this situation for political fodder. They are the most willing to condemn and criticize. We have stated what we believe to be true, with the facts on hand at present. We are most willing to further pursue additional facts, and if wrong in our first analysis, will so clearly state to the best of our ability!

Fortunately for us, we have only stated facts as we ourselves have seen them. Consequently, the only errors concerning these facts, are our own. Any mistakes we have made, and are proved in error, we will correct. Any additional facts on the situation we will print. We will not accept the opinions of others, as our opinion, but we will publish the opinions of others if they will sign their name to that opinion.

As we have stated, our only "side" is what we consider to be right. We will admit error and will publish facts if doing so will better unpeel the truth and satisfy the public concern about their business!!

Complaint Against County Policeman From Birmingham

Editor, Chilton County News
Clanton, Alabama

Dear Sir:

The Sheriff and police force of your city and other towns of Chilton County are very considerate and courteous to visitors but in one of your nearby towns I was "roughed up" and without just cause by the local policeman a middle-age and middle-size fellow with an apparent uncontrollable temper and very domineering.

Some months ago, as a former teacher employed to promote education in the use of cut offs and other waste from sawmills and other wood industries. I started into a bank of the town with some exhibition small stools and a miniature bat made of waste and including scrub hickory. These plants were established mean a quite a bit of income for land owners as well as new payrolls and we have during the past twenty-odd years, been given credit for having assisted in bringing in such small industries.

The policeman very bluntly and suddenly asked me what I was doing there. I asked him if I looked suspicious - that I was a former Principal of a high school in that area and had not been accused of any robberies. He blazed up and said that another word and he would lock me up. He asked me for driver's license which I did not have. He called Montgomery and found I was issued a license to include the time I was there.

This very gross discourtesy to

me was of very little importance perhaps, but now and then an advanced agent for new industries circulates around in the towns and such an unwarranted provocation might cost the town a payroll and otherwise work to the disadvantage of one and all in the community as well as our entire state.

In another small town in south east Alabama where I had discussed with the local Principal the donation of a series of expensive motion pictures by cooperating foundations, I was followed into a store where I was doing some shopping by a police man and also he went in a bank with me and he said between me and the banker about what I considered of mutual interest. The matter was taken up by the local civic club and the policeman was relieved of his duty and sought work an day residence in another place.

In some of our states where I have been assisting in supplemental educational work for the past twenty-odd years the State Department of Education has been fostering a courtesy program in school assemblies and which is paying off by reason of increased prosperity.

I am taking the privilege of sending this letter to a number of educational leaders of Alabama and in the thought that perhaps Alabama teachers may copy to a sister state and explain the necessity for courtesy to visitors and which, in turn, may mean a more prosperous life for one and all in the state for future generations.

Clanton was guest of Mrs. John Patterson on April 26th.

Before going to the mansion the Club had their annual luncheon at the Blue Moon Inn in Montgomery.

At 2:00 o'clock in the afternoon they were graciously met at the Mansion by Mrs. Patterson and made a tour of the grounds and the mansion which is lovely and the artistic hand of Mrs. Patterson can be seen in each room.

All the flower arrangements were beautifully done by Mrs. Patterson.

Later in the afternoon the club toured the lovely home on Fletcher Ave. that Gov. Patterson's family will occupy after this administration. This home has been beautifully decorated by Mrs. Patterson.

Before leaving Mrs. Patterson

served delicious refreshments to Morgan Reynolds, sister of Mrs. Patterson, and had several out of town guests to this most lovely occasion.

the following report. Club made contribution on expenses of \$5.00 Club members to their convention recently held in Mobile, \$25 donation was made to Red Cross during recent Red Cross drive; \$10 donation to crippled Children fund. Plans are well under way to conduct a 15 minute radio program each week to inform the public on vital issues. It is hoped that all question of public interest will be covered during next several weeks on this program.

President Bennett had mailed to each participating Rescue Squad a letter of appreciation for their efforts in the rescue of the bodies, Mr. Fuller and Mr. Hughes recently from the Coosa River.

Grady Avant explained Amendment 3 to the group and urged our support in getting this Amendment passed. This Amendment applies only to producers and will permit them to make a better opportunity to promote the use of beef.

Ben and Mrs. Studdard plan to be in Denver during week of June 10 attending the Kiwanis Convention.

Things You Should Know About Your Nations National Guard

In the recent mobilization of reserve forces the petty complaints of a few of those called for active service have given considerable publicity and has overshadowed the fact that by far the greater percentage of those called responded willingly and performed assigned missions efficiently. It has been conceded by the Department of the Army that the conscription is mostly for individual reservists who were ordered to active duty for the purpose of bringing to full table of organization strength organized units of the National Guard and Reserve. The complaints of these individuals reflected adversely on the National Guard.

It is significant that the two combat divisions ordered to active duty in the recent mobilization were National Guard divisions. One example of the efficiency with which an Army National Guard organization filled its mobilization mission is the 150th Armored Cavalry Regiment of West Virginia which moved into Fort Meade, Maryland, and assumed the mission of the 3rd Armored Cavalry Regiment of the Active Army which during the crisis was dispatched to Europe.

Official National Guard Strength

Authorized strength of 400,000 officers an enlisted men. Of this number approximately 36,000 are officers and approximately 40,000 are enlisted men.

Alabama ranks at the very top among all states in the National Guard. The Alabama National Guard has an average of more than 15,500 officers and enlisted men withing its ranks.

Report from Washington

BY
ARMISTEAD SELDEN

Congressman, Sixth District

A bipartisan Presidential commission, headed by the dean of the graduate school of the University of North Carolina, recently issued a report which proposes tax incentives as a means of encouraging the average taxpayer to take a more active part in campaigns for public office.

The report climaxes a lengthy investigation by a nine man commission on the costs of campaigning. It includes several recommendations designed to enable citizens to participate more fully in our democratic elective process through financial contributions to the party or candidate of their choice.

Although the report's observations are made with Presidential campaigns in mind, most of the findings can be applied also to campaigns on the state and local level.

The commission proposes two types of tax incentives - credit and deduction - which would apply to anyone contributing to political parties or candidates. An individual could subtract, under the tax credit plan, half the amount of his political contributions. A maximum subtraction of \$10 per year would be allowed. Or, he could claim a deduction of up to \$1,000 when filing his income tax return. The credit system is recommended by the Commission as encouraging larger numbers of small gifts, while the deduction would stimulate more medium sized contributions.

The deduction would be administered like any other similar tax deduction. However, an interesting method of administering the tax credit was proposed. The contributor would buy a special money order at the post office. The main part of the money order, addressed after its purchase, would be sent to the political party or committee. The contributor would keep the stub to send in with tax return. Finally, a third part would be kept on file in the post office. In this way, a taxpayer would have proof of his gift while, at the same time, no one other than the intended recipient would know to whom he donated the money.

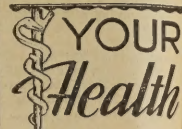

The present dependence of both major political parties upon large gifts from a few individuals and organizations invites criticism, although the report points out that the majority of these

infantry and 6 armored divisions. It includes also in its force structure 52 Nike missile batteries, operational and on site as integral units of the Army Air Defense Command; a number of tactical and service support organizations, such as artillery, combat engineers, signal, quartermaster, ordnance, etc.; a total of 4,400 units located in approximately 2,600 communities.

The Alabama National Guard not only has a large portion of the 31st Infantry (Dixie) Division, but also has non-division units composed of practically every tactical and service support branch, including Special Forces. These units, 173 in all, are located in most Alabama communities and in all 67 counties.

While the officers of the Army National Guard are appointed in the National Guard of the United States by the Governors, it is necessary that they be granted Federal recognition which requires that they meet physical and professional criteria established by the Departments of the Army. To be promoted it is necessary that officers qualify by attendance at a branch or service school conducted by the Active Army or by the successful completion of home study courses conducted by those schools.

An average of more than 9,000 National Guardsmen attend resident courses at Army schools annually, and 48,000 take Army extension courses. In order to be promoted to Colonel in a combat arm of the Army National Guard it is necessary that an individual be a graduate of the Army Command and General Staff College or successfully complete the extension course conducted by that school.

IMMUNIZATION

The family doctor practices community public health. The physician in private practice is primarily interested in the health of the individual's family and this interest affects the general health of the community. Preventive medicine in general practice includes the important phases of immunization.

Physicians in private practice play major roles in the immunization program. Professional nurse observe infants soon after birth. It is in infancy that routine immunization schedules begin, somewhat, but in general they follow a consistent pattern. Routine immunization begins about two months of age with diphtheria and tetanus toxoid and whooping cough vaccine given together in one injection. A second injection is given about three months of age and third at four months.

Smallpox vaccination is given at five months of age and is a revaccination at six months. Polio vaccine can be given at three months of age with a booster shot at five months and gain at one year of age. At one to one and a half years of age a booster shot of the triple diphtheria, tetanus and whooping cough vaccine should be given.

As for adults, immunization procedures are administered on selective basis to those persons subject to unusual risks of exposure to typhoid and diphtheria, tuberculosis, influenza, measles, typhus and yellow fever, gonorrhea, and rabies. The department and use of certain immunizing agent to prevent communicable disease is one of the triumphs of medical science.

NEWS OF — Samaria

Don Graham, Pastor. The Young People and Intermediates are urged to remember that Saturday is the day of the mysterious party. No one knows just what we will have to eat but there will be plenty of it. There will be all the games you can play and we hope you will have all the fun you can.

Have Monday night there was an informative meeting at the West End Baptist church. It concerned the people who will be helping with the Vacation Bible Schools all over the county. Our Bible School will be the first week in June and we want those of you who are helping to make it the best we have ever had. We urge all you parents to enroll your children in our school.

"We missed you last Sunday. You weren't there last Sunday night were you? Come to think of it I didn't see you on Wednesday night either." Is this what your neighbor says to you? Well it need not be so because there is plenty of room for you and all your friends. Will we see you?

Blessed is the man that trusteth in the Lord.

Henry Hotze's Index

A weekly publication, the INDEX, rolled its first issue of the press in London on May 1 1862. Its editor was 27 year old Henry Hotze, newsmen from Mobile, Alabama, with a mission abroad to give reliable news and to build up better understanding between England and the South. He had arrived in London early in 1862 as commercial agent of the Confederacy.

After six months of operation, the INDEX had correspondents in the United States, France and Germany - contributors to the literary and professional writers publication included outstanding in England and America; and in three years Hotze's weekly was read in three countries. This wide distribution caused the editor to be highly admired and quoted widely. He was popular with both Houses of Parliament and the British Cabinet.

But with all the seeming success Hotze never gained the recognition of the Confederacy from England and France. His foreign program was never outlined to him step by step but the intention of his appointment was perhaps three-fold:

First, he was told to present both the resources and the ability of the Confederacy in such a way as to show her capabilities of existence within herself.

He was to impress how law and order prevailed in the South as opposed to harsh rule of the Union.

And lastly, he purposed to picture the advantages of virtually free trade with the agricultural South that was available to England.

But even with the high sounding written words about the Confederacy and the respect of the INDEX editor, Hotze admitted that he was fighting a losing battle. He agreed, and so did the South, that the one man program was not capable of winning the recognition of the Confederacy in England.

RECENT BRIDE HONORED

A lovely affair of the Spring season was the tea and miscellaneous gift shower honoring Mrs. Jimmy Don Posey nee Betty Joyce Champion, Saturday afternoon, April 28.

The home of Mrs. P. M. Martin, grandmother of the bride was the scene of the tea. The party rooms were made more attractive with arrangements of Spring flowers. A bouquet of multicolored iris, pink predominating graced the dining room mantle. Pink iris combined with gladioli was used in the gift room.

The brides mother, Mrs. Dalton Champion, the honoree and Mrs. Pat Clements welcomed the guests.

The honoree was wearing a gold cotton frock, shirt waist style with full pleated skirt. Her corsage was white gladioli.

Mrs. Marvin Martin registered the guests at a table marked with a low bowl of pink dianthus.

In the dining room, the brides table was lace covered over pink. An arrangement of lovely pink rosebuds was at one end of the table, at the other end was a

Controlling
Prennials

By JOHN D. SELLERS
County Agent

We have recently had many requests for recommendations on controlling or eradicating Kudzu, blackberry, and poison ivy. The recommendations for controlling these prennials are listed below.

Kudzu: Use 1 1/2 - 2 pounds of 2,4-D mixed in 100 gallons or

more of water. Brush killer (mixture of 2,4-D and 2,4,5-T) is just about as effective and is a little cheaper to use. Use the same amount recommended for 2,4,5-T. Wait until kudzu has made considerable growth. Thoroughly wet the foliage. You will note the recommendation is not made on an acre basis. The amount per acre will vary with the growth of the kudzu. Most likely one or more spot spraying will be necessary.

Honeysuckle: Use 1 1/2 - 2 lbs brush killer (mixture equal parts 2,4-D & 2,4,5-T) in 100 gallons of water. Under some conditions 2,4-D Amine will kill honeysuckle. Sometimes results are good and sometimes the material has very little effect on the plants. Thoroughly wet the plants. Repeat if necessary.

Poison Ivy: Three of the most satisfactory compounds for killing poison ivy are Amitrol (Amino triazole), brush killer (Mixture equal parts 2,4-D & 2,4,5-T) and Ammate (Ammonium sulfamate), probably in that order. Mix 1/2 pound either Amitrol or brush killer in 25 gallons of water. You can use 3/4 pound of Ammate mixed in one gallon of water but it is more expensive. Thoroughly wet plants. Amitrol and Ammate are safer to use near plants susceptible to 2,4-D. Generally Amitrol does not damage woody plants when applied to the trunks and it will not kill Virginia Creeper.

Farmers often ask the question "If I spray my pastures with 2,4-D, will it kill my livestock?" The answer is "no" if recommendations are followed. The following research data should assure you of this fact.

Experiments and experience in the toxicity of herbicides. Since the introduction of 2,4-D as a dither hormone sprays, many carefully conducted experiments as to their toxicity have been conducted. Various formulations of them have put in the feed of animals, or sprayed on their pastures in such a way that they could eat nothing that had not been sprayed. In every one of these numerous carefully conducted tests, there were no symptoms of injury of any kind. Experiments with wildlife and game animals have given the same results. Determinations of the toxicity of 2,4-D standards methods indicate that a 1000 pound cow would have to eat one half pound of 2,4-D at one time to be in danger. This is the amount usually applied to one fourth acre of right of way. A cow would have to be a good consumer to eat that much sprayed material in one day.

Importance Of
Quality Hay

By JOHN D. SELLERS
County Agent

Shortage of hay on Alabama livestock farms is serious since farmers are producing only one half their needs. But poor quality - rather than shortage - is the No. 1 problem.

Cattle cannot be expected to maintain body weight, general health, and vigor when they are wintered on hay with coarse stems cut in late stages of development. Research work at the U.S.D.A. station in Beltsville, Maryland, has shown that 3,910 pounds of hay cut in late stages of maturity are required to produce 100 pounds of beef. And only 1,628 pounds of early cut hay are needed to make the same gain.

The crop that is grown for hay production is important. An ideal hay crop is a fast growing plant with a high percentage of leaves in production to stems. This is one reason why alfalfa and Kobs pederza hay are looked upon with such favor. However, several crops are suited to almost any farm. And the Bermuda probably heads the list.

Fertilizer increases the amount of hay produced and at the same time raises the level of protein, carotene, and vitamins. The protein in grass hay is in direct proportion to the amount of nitrogen used. Legumes require heavy amounts of phosphate and potash.

Quality is determined to a great extent by the stage of growth the plant is in when it is cut for hay. During the early growing season - before seeds appear on the hay plant - the rapidly growing plant is high in protein, carotene, and vitamins and is low in fiber. As the plant matures, carotene, protein content is lowered and the fiber is increased. The length of time hay is left in the field after cutting will have a marked influence on quality. Hay should be cured long enough to reduce the moisture to prevent hay from going through a heat in the bale and no longer.

Dear 4-H Janes:

On Thursday, April 26, Jo Owens, daughter of Mr. and Mrs. Carole Owens of Mopelville, exhibited her calf in the Birmingham Fat Stock Show and Sale. The 4-H members in Chilton County should be proud of Jo, and the others who took part in this event, for the good work she has done with her calf. As a reward for the work she has done, her calf placed in the top 15 in the Light Weight Hereford Division.

This past year there were four girls who had beef calves as projects. This is a good project for girls to have although it may sound as if it is only for the boys. Some of the girls have talked with me about having this project next year. If you are considering it, don't wait too late to start.

Again, I say congratulations to Jo for the good work she has done.

Five of Chilton County's 4-H and FFA steers were shown in the Birmingham Fat Stock Show April 26 and 27.

Larry Cobb of Jenkins took second place in the Heavy Weight Hereford class and Frank Daniel won fifth place in the Heavy Weight Angus class.

Other exhibitors were: Joe Owens, Larry Raspberry and Roger Littleton.

The Grand Champion of the entire show was owned by Alice Smith of Madison County and purchased by Hill Grocery Company for \$11.00 per pound.

MIMS REPORTS

By Daniel R. Mims
Assist. Co. Agent

Bill Cotney, Substation Superintendent, Winfield, has just completed some most important research on nutrition of growing finishing pigs.

Four trials were conducted with pigs averaging about 47 lb and carried to 220 pounds. Cotney tested six different feeding procedures that averaged about 75 animals each.

Methods tested to see which were best included: full feeding a mixed complete ration on concrete versus on grazing. Shelled corn and supplement on grazing versus shelled corn and supplement on concrete. Shelled corn on grazing plus all the supplement they would clean up twice daily until 80 pounds, then 12 pound of supplement per head daily versus shelled corn on grazing plus all the supplement would clean up twice daily until 80 pounds, then no supplement.

A modern commercial 40 percent protein supplement was fed. Minerals and water were always available.

Mr. Cotney's Conclusions:

(1) "About 100 days were needed to top out pigs on ground mixed feed; about 2 weeks longer for those on shelled corn and supplement! and for those on shelled corn, grazing and supplement hand fed; 5 to 6 weeks longer where no supplement was fed."

(2) "There was practically no difference in the feed required per CWT of gain as between a mixed complete ration and shelled corn and supplement. Where no supplement was fed after 80 pounds size, slightly more feed was needed."

(3) "Grinding and mixing the feed increased the daily rate of

No Farm Work For Youngsters
Under 16 During School Hours

Farmers and commercial growers in the Columbus area were reminded today that the Fair Labor Standards Act prohibits the employment of children under 16 years of age during school hours.

The reminder came from Hugh B. Campbell, supervisor of the U. S. Department of Labor's Wage and hour and Public Contracts Divisions field office here. Campbell administers the child labor provisions of the Federal statute in 42 counties in West Georgia and East Alabama.

"Seeing out tomato plants and harvesting spring vegetables always brings a demand for extra help," Campbell said. "Boys and girls under 16 years of age are barred from working on farms during school hours, but they may help before school, after school and on school holidays."

All farmers who ship crops across state lines, or have reason to believe that their products will cross state lines, are subject to provisions of the Fair Labor Act. Only exception to the law is for children who work for their parents or guardians on their home farms.

Millet Favorite Of
Many Farmers

By John D. Sellers
County Agent

Millet has become a favorite of many farmers for providing temporary summer grazing for dairy cows or hogs. Millet is usually ready to graze from four to six weeks after planting. It excels sudan or Johnson grass in production of forage and maintains high flow equally as well. It is resistant to leaf diseases, this is not true with sudan. When grazed or mowed down it recovers rapidly. It does not contain prussic acid.

Recommended Varieties. Starr and Gah-1 are the best varieties for grazing. Gah-1 is the most productive and under proper grazing management has provided high quality grazing. Starr millet is usually not quite as productive as Gah-1 or Common (Cattail) millet. It furnishes higher quality grazing than Cattail because it has a higher percentage of leaves, is more disease resistant and recovers from grazing slightly faster. Gah-1 is less leafy than Starr but remains productive longer in late summer. Millet harvested when it begins to head and having 100 to 150 pounds of crushed corn per ton added makes excellent silage. It is not a good hay crop because it takes too long to cure.

Soils: Millet is adapted to well drained productive soils that will normally make high yields of corn with good management. Prepare Soil: Prepare the seed bed. Break up the soil by breaking, disking and harrowing as you would for corn. Disking is often all that is necessary for the second planting on an area.

Methods of Planting: Plant two areas at different times. Seed the first area 4 to 5 weeks before the second. This is about cotton planting time and later as needed. Plant the second area 3 weeks later. Plantings may be made throughout the summer when there is enough moisture to germinate the seed. Millet may be planted in drills, broadcast or in 36 inch to 42 inch rows. The method to use will depend on equipment available, weed infestation, and productivity of the soil. On good soil probably the best method is to use a drill and place fertilizer about one inch to the side and one inch below the seed. You can also broadcast and harrow the

seed in. Whether seed is drilled or broadcast more uniform stands will be obtained if a cultipacker or roller is used to firm the soil after seeding. When planting in 36 to 42 inch rows use same methods as when planting sorghum. Seeding Rate: When planting in narrow drills use 15 lbs. of seed per acre; when broadcast use 25-30 pounds of seed per acre. If planting in 36 to 42 inch rows only 6 to 10 lbs. of seed per acre is needed.

Lime and Fertilizer: Lime and fertilizer according to soil test recommendations. It is desirable to lime the soil to a pH of 6. If no soil test is made follow these general recommendations. Apply 400 lbs. of 4-12-12 per acre or equal plant nutrients from other sources at or before planting. Topdress with 40 lbs. of nitrogen as soon as plants are up to a stand. On replanting the same area fertilize and topdress as recommended above.

"Our special concern about keeping youngsters out of the fields is to assure them the proper time to attend school. This applies to the children of migrants in the area as well as to local residents," Campbell pointed out.

He also advised farmers to request that youngsters seeking full time work obtain a certificate of age. These are issued by the local school authorities in Alabama and Georgia and protect the employer from unintentional violations.

Persons requiring further information about the child labor laws may contact Campbell at the Columbus Wage-Hour office, Room 106, Internal Revenue Building, or may call Fa 2-1243.

HOUSEHOLD HINTS

By Mrs. Johnnie M. Lane
Home Demon. Agent

This week I would like to give you some helpful household hints from time to time we will have more for you.

Homemakers should take a good bit of time in selecting their cookware. Once they buy, it's with them a lifetime. Consider both the advantages and the limitations of the set before making the final purchase.

When buying furniture a long range plan based on your family's needs is your best guide. Don't be concerned about what's fashionable.

If your vacuum cleaner isn't picking up dirt as well as it used to, a full dust bag may be the trouble. Empty or replace your dust bags often. Your machine will perform better and you may avoid a burned out motor.

Overeating has been called a major health menace for many years, but Americans are still stuffing themselves past the danger point. It's wise for heavy eaters not to take this danger warning so lightly.

Are your bath towels beginning to show their age? At the first sign of wear, stich bias tape to the bottom and top. It will lengthen their time of use.

CAPITAL KNOWLEDGE

By L. A. Clayton

MONTANA—

One of the first things you will notice when you visit Helena, the State Capitol is the information booth located in the rotunda. It is staffed with two guides in summer, and there are guided tours at frequent intervals. One of the highlights of the tour is Charles M. Russell's masterpiece, a huge mural in the chambers of the House of Representatives glorifying the Lewis and Clark expedition. On the grounds are the State Museum, Russell Gallery and State Historical Library. Helena is built on the site of the "Last Chance Gulch" mining camp and old diggings can still be seen on occasion in the neighborhood.

TALENT WINNERS
IN
Belcher Homes Finals

Grand Prize Winners

BEFORE an enthusiastic crowd at the National Guard Armory last Saturday evening, the Jemison FFA Quartet won First Place in the Big Belcher Homes Talent Contest. Their prize was \$100 in cash, or a recording contract. The boys took the cash home with them!

Second Place

MISS Lanelle Wright, Isabella, took Second Prize Saturday night. She was the winner at Isabella when the Belcher Talent Contest was recently held there. Lanelle's prize was \$50 in cash.

Third From Top

LITTLE Miss Barbara Bowers, who came in Third in the Belcher Finals, was probably the most surprised. She took home \$25 in cash for Third Place. She had entered the Contest at C.C.H.S. and was the winner there in the Junior competition.

Local Men Purchase Memorial Gardens

LEFT to right, above are Rev. Alford Littleton, Charles Wright and Lewis Headley, who have purchased the Chilton County Memorial Gardens at Clanton from the Green Hills Memorial Gardens, Inc. of Childersburg, Alabama. The transaction involved something over \$20,000 as the Gardens have been developed considerably, already.

The Gardens are located just north of the Clanton Airport and are "the most modern in Central Alabama" according to the new owners. The beautiful hand-carved Italian marble statue of Christ is the main feature of the garden and "you will have to see it to believe it" say the owners.

Glee Club Concert At Verbena High

The Facts--

WE attended a meeting of the Verbena Parent-Teachers Association last Monday evening. We heard an informal talk by State Supt. of Education W. A. 'Bing' Lecroy, formerly Supt. of Education of Chilton County.

Supt. Lecroy said:
The people of Chilton County borrowed \$1,200,000! The money which is in Government "bonds" (some \$500,000) is costing the County 4 3/8% interest and drawing 4 5/8% interest.

The land on which the new school at Clanton is being built was purchased from one Mr. Raymond Smith at a cost of some 30-odd thousand dollars.

The land was purchased only after a State survey team looked at 7 or 8 sites in and around Clanton. This site was the only one approved.

The County "did not" spend \$6,000 on the building at Vermont School!

The building was sold for \$1100 (according to a member of the present Board of Education)!

An audit of the books of the County Board of Education is available at the Board of Education office; the Probate Office; or can be obtained through the County Attorney!

The State of Alabama insures all school buildings. Mr. Reese White is the head of the State Insurance Agency.

The firm of Thornton, Moore and Farris are the Fiscal Agents for the Board of Education.

The Board of Education did not oppose a Trades School for Chilton County. People outside the educational system do not understand the problems of a centralized Trades School.

No other school system in the state has made as much progress as Chilton County has without Federal money.

These statements were made by the man who, of all people, should know the situation clearly. The above statements, which apply, are practically the same remarks which were made in an editorial in the Chilton County News on April 26th. And Monday evening, they were made publicly!

Disciples Of Distrust --

POSSIBLY, it is true anywhere you go; but we like it just as little, nevertheless!

Why do people distrust other people so much? As one fellow put it: "Six months ago everyone in Chilton County was as good as gold and today you can't find an honest man anywhere!"

He didn't mean literally, either time! He was referring to the loose opinions which are so prevalent after election time.

The most awful part of it is, is what this kind of thing does to our nature, as individuals. The people, by and large, who were honest six months ago are still honest! And the crooks are still crooked!

If there was \$10,000 brought into Chilton County in the recent primary to buy votes, surely someone knows the facts about it! All we have heard as yet, were loose talk, rumors and unsupported accusations.

Our human nature is taking a terrible licking when we can't trust anybody! We have forgotten what the Bible tells us about our fellowman and we are completely ignoring our built-in conscience about giving the other fellow the benefit of the doubt. We most certainly believe that crooks should be exposed, dishonestly chastized and vote-tampering annihilated! But loose tongues and suppositions never did any of these things! We have never seen a vote bought, neither with money, whiskey, marbles or chalk! If you have seen it, why don't you do something about it?

Report from Washington

BY
ARMISTEAD SELDEN

Congressman, Sixth District

With only nine dissenting votes the House of Representatives last week passed a bill which creates the machinery to set up a world wide communications system in space. The measure authorizes operation of the system by a private corporation. It permits both communications companies and the general public but not the government - to participate in ownership of the corporation.

It provides, however, that communications companies cannot own more than 60 percent of the stock. Other safeguards designed to prevent monopoly ownership of the corporation are included in the bill, such as the provision that no company owning stock can vote for more than three of the corporation's 18 directors. It also makes the program almost subject to regulations by the Federal Communications Commission.

The bill stipulates that three directors will be appointed by the President, six elected by public stockholders, and six by industry stockholders.

During House debate on the space age measure, the public was cautioned that investment in the corporation would not constitute a quick money making scheme. It was estimated that the corporation would pay no dividends for at least seven years if not longer.

Through the program, communications satellites will receive telephone and television signals from earth and transmit them almost instantly to telephones or television sets in the homes and offices.

Television pictures were relayed coast to coast by satellite for the first time on April 24 in an experiment conducted by scientists at the Massachusetts Institute of Technology.

Signals to and from the satellites would be relayed through specially equipped ground stations. That portion of the House bill which directs the Federal Communications Commission to encourage construction of the stations by private companies was opposed by the Administration. However, an effort to delete the provision was defeated by a vote of 116 to 33.

A bill similar to the House approved measure is pending in the Senate.

MORE TV CHANNELS

Another bill, passed by the House, required all new television sets to be manufactured with equipment for reception of all available channels, the 70 ultra-high-frequency channels, and the existing 12 very high frequency channels. This bill, which amends the Federal Communica-

tions Act of 1934 to allow the new regulatory authority, was passed by a vote of 279 to 90.

100 Years Ago

SNAIL'S PACE TRAVEL

One hundred years ago, railroads were receiving a fair share of blame for in-efficiency in service to the Confederacy. Food in the South might as well not have existed as far as its reaching the hungry soldiers in Virginia was concerned. Such was the state of affairs because of the lack of transportation facilities and good management.

In 1862 railroad services were beginning to worsen because of outmoded engines and cars, rotten cross-ties, broken rails and almost no equipment for repairs. Between Chattanooga and Nashville 1200 rails were broken which slowed travel to a "snail's pace". During this time it took eight days for a soldier to travel by train from Manassas to Augusta Georgia. Oftentimes food shipped by train was unfit for use upon arrival.

Any expansion as to new lines or in maintaining old ones was hindered because of the lack of equipment. Railroads were so badly needed that many times a lin of little importance was seized and its materials used at some more vital point.

The lack of standard gauge for railroads was a serious handicap. As much as four inches difference in gauges was often the case. This difference, plus the fact that tracks never joined at terminals, meant much unloading and reloading, and slower transportation.

Accommodations for rail passengers were pitiful, or lacking altogether. Floors and seats were often filled with villains and soldiers, many sick or drunk. The only supply of water was occasionally a barrel brought in with its tin dipper. Such crowded conditions led to the use of freight cars for passengers, box-cars in cold weather and even the top of such cars if weather permitted.

If railroads could be called the arteries of travel during the Civil War, then wagon trains could be termed the veins. Foods and packages could be gathered by mule teams and hauled to and from railway lines on a dirt turn to camp. There was much rejoicing at camps to see mule teams bringing mail and boxes from home.

ABUNDANT LIFE

by ORAL ROBERTS

THE MEANING OF LIFE

Some time ago a leading magazine told of a group of Polish students who asked their Communist professor a serious question. They asked him to explain to them the meaning of life. According to the article, he could not. The professor couldn't give his students a satisfactory answer because Communism cannot provide real meaning for life. Communists deny God and live atheistic lives. Without God, no life can have meaning.

People--old and young, rich and poor--look for something to give life meaning. They search in different ways--in different places. But the answer is the same for all. The meaning of life is the living Christ! He is an individual--not merely some mysterious spirit or power ten million miles out in space. As a personal Saviour and individual friend, Christ is everything you and I need. He makes living worthwhile and meaningful. I have known men who spent fortunes and traveled over the world trying to satisfy the longing within their souls. I have seen rich, powerful and influential men turn to alcohol and other vices in an effort to find life's meaning. But none of them ever truly succeeded until they accepted Christ. The Bible says, "For what shall it profit a

man, if he shall gain the whole world, and lose his own soul? (Mark 8:36). Christ is the only answer Jesus said, "I am come that they might have life..." (John 10:10).

Many times when you experience sorrow, pain and disappointment, you feel that life has lost its meaning--that there is no reason for your existence. You must realize that Jesus is the meaning of life! He supplies life's meaning. Give your heart-aches and losses to Him. He is the restorer of life's treasures and the fulfillment of all your needs. He transcends every earthly limitation. He is the way beyond death--the way beyond loss. He is the answer.

Many people believe that God wants them to be grieved, broken in spirit, poverty-stricken and distressed. But it is not true.

God does not send evil, but in a very present help to deliver you in time of trouble. He is very near to you. His presence is as close to you as the breath in your nostrils. God has an abundance of health, love, spirituality, faith and prosperity for you.

Yes, Christ is the meaning of life. When you accept Him and dedicate your life to His service, you have abundant life. It is then that your life has meaning.

MAN OF THE WEEK

JOHN C. "Chick" Wade and wife Jean and three children live in Clanton on the Lay Dam Highway. "Chick" came to Clanton several years ago from Oneonta, Alabama. He is the owner of Clanton Jewelry Company here in Clanton. Active in sports in his high school and college days "Chick" has been very instrumental in making Little League baseball and Pee-wee football what it is in Clanton today. He is also active in the Clanton Quarter-back Club and take part in many other civic endeavors.

The Wades are members of the Clanton Church of Christ an dntx. Wade has been affiliated with W.O.W. and held high honors in the Masons Fraternity Organization.

At 40 years of age, "Chick" is still a very young man in looks and actions. In fact, when we thired to interview him, he had just left to go to a Little League Ball Game. "Nuff said" when it comes to the youth in our community

"Chick" Wade is right in their pitching for them and he has, and is contributing greatly to the health and education of our boys and girls.

now principal of Mountain Brook school, Lewis Headley and school welcomed Gordon as a new member. We also have and have several jobs laid out for him.

Leo Thompson reported that the first radio program will be a 30 minute program on Saturday, May 12. An attempt is being made to secure Congressman Selden for this program to explain the new set up on Congressmen. The purpose of this is to help voters vote intelligently in the next election for Congressmen.

Jim Hester served as President of Club in absence of President Orus Bennett.

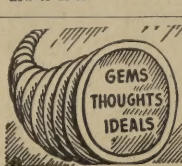

BUILDERS

The Club enjoyed a most enlightening program presented under the direction of Ivan Smith, chairman of vocational guidance committee. Speaker was William N. Eddins, Superintendent of the Mountain Brook school system. Mr. Eddins made a tour of Russia last year to study their educational system and his speech was centered along his observation of Russian people and schools. We were advised that in the opinion of the speaker the Russian schools does not equal ours and our main concern should be that our educational system should always exceed that of Russia. Russian children are taught Athesian which is part of communism from the first grade through high school. Mr. Eddins was impressed by way the Russians are dedicated to their educational system. They believe the purpose of education is to equip them educationally to make the world communist.

Guests present were Carl Cooper a former Chiltonian that is

FAITH IS A SHIELD--

Like the soldier's metal shield, we need to wear the shield of faith. The metal shield protected the soldier from the arrows shot by the enemy. We need protection from today's darts and arrows. A Christian must have faith, a faith that is strong enough to turn aside and make harmless all the fiery darts of doubt and criticism. Faith is the victory that overcomes the world. (John 5:4) Satan walks about like a roaring lion, seeking his victims, but if we are steadfast in faith we will not be devoured by him.

CHRONIC ILLNESS

The problems of learning to live with chronic illness and disability are universal. All persons over forty years of age, with few exceptions, have some physical disorder of some kind, more than 25 million persons in this country are afflicted with chronic illness. At least five and a half million suffer appreciable disability, and one and a half million more are made invalids by chronic disease.

Chronic illness may be defined as including all major impairments or deviations from normal which have permanence of disability that requires a long period of supervision, observation, or care in the effort to rehabilitate. The basic characteristic of chronic disease is its long duration which often necessitates medical care for month and years.

Some of the important chronic diseases are heart disease and allied conditions, kidney disease nervous and mental disorder, tuberculosis, cancer diabetes, asthma, and arthritis.

Chronic illness effects persons of all ages. More than half of the chronically ill are under 45 years of age, and more than three-fourths are between the ages of 15 and 64.

As the population on the average is living to grow older, the treatment of chronic illness undoubtedly will become more important. The enormity of the problem is indicated by the fact that 75 years ago chronic illness

caused only one-fifteenth of all deaths, while today chronic illnesses cause approximately two-thirds of all our deaths.

Despite the seriousness of the chronic illness situation, it is estimated that 80 per cent of these cases are not hospitalized. This means that the pressure of such a large number of handicapped people in the community has a tremendous impact on living conditions in homes. There is need for continued advance in control and prevention of chronic diseases.

ADAMS UNION MEET
The Adams Union had its monthly supper at the church last Friday night. There were 25 present, with plenty of delicious food for that many more. Bro. Grady Williams came and showed his movie pictures that he had made while pastor at Thorsby. It was most interesting to see children like John Henry Marcus, Roy Kendrick Jr., Janis Cleckler and many many others who have grown from 2 to three feet up to six feet at present. It was most enjoyable. The Adams Union invites others to join with them on Sunday night in the Training Union work and then enjoy this monthly supper and get together the first Friday in each month, when a good program is enjoyed by all. This group include Mr. and Mrs. Carlton Collins, Mr. and Mrs.

Tom Leslie, Mr. and Mrs. Wood, Mr. and Mrs. Delbert Collins and Mr. and Mrs. Roy Kendrick and many others.

Miss Williams Weds April 28th

William T. Ryan, Thorsby was held Saturday, April 28, at 7:00 p.m. in the First Baptist Church Thorsby with the pastor, Rev. Laney W. McReynolds, officiating, before an altar decked in bridal greenery with a sunburst of calla lilies and flanked with two tall baskets filled with calla lilies and white snapdragons. The family pews were tied with white satin ribbons.

The bride's attendants were, Mrs. Fred Honeycutt, her sister, who was matron of honor, and bridesmaids were Miss Rebecca Ann Bentley, Miss Ann Lackey and Miss Kay Collins. Junior bridesmaids were Miss Rebecca and cousin, Miss Sharon and Miss Melinda Ashcraft. All wore

emerald green chiffon over self colored taffeta made with basque waist, cap sleeves and full floor length skirts. They carried cascade bouquets of yellow roses garlanded with white stock and godsfenia. Little Miss Becky Everett dressed in all white was flower girl and she carried a satin covered basket filled with rose petals which she scattered in the path of the bride.

Miss Judy Childress sang "O Promise Me" and "Whither Thou Goest" accompanied on the organ by Mrs. B. V. Ray.

Best man was the bridegroom's brother, Billy Wayne Ryan.

The bride given in marriage by her stepfather wore a lovely bridal gown of white silk organza over white taffet and net. The basque waist buttoned down the back with self covered buttons which also closed the long calla pointed sleeves over the wrist. The straight front was trimmed in white bands of charmingly lace richly embroidered in sequins reaching from the lace neckline to the floor. The back skirt fell into a chapel train and was fastened to the waist with a winged bustle made of the same material as the dress. Her fingertip veil fell from a crown of seed pearls and she carried an arm bouquet of white calla lilies and satin ribbon, centered with a white orchid.

For her daughter's wedding Mrs. Jackson wore a blue lace dress with matching accessories and the grooms mother wore aqua lace. Both mother's wore gardenia corsages.

A reception following the wedding was held in the home of the bride's parents. The dining table was covered with a white handmade cutwork linen imported cloth over green linen. The table appointments were crystal and silver. Flowers in the home were in crystal containers and were arrangements of yellow and white stock, iris and snapdragons with fern fronds and snapdragons with fern fronds.

The three tiered white elaborately decorated cake, topped by a miniature bride and groom, reflected from its mirrored base in the soft glow of the burning white tapers. Lime sherbert punch was served by Mrs. Charles Cleckler, Mrs. P. F. Singley and Mrs. Charles Childress with the cake, mints and nuts.

For her going away dress the bride wore blue cotton with white accessories and the orchid from her bridal bouquet. They honeymooned on their way to

Hay On Time
By John D. Sellers
County Agent

Hay crop, grass or legume, be cut on time to produce highest quality hay or silage. Many times the excuse is that yields per acre are reduced when crops are cut at stage of maturity. Research work done at Cornell is of extensive research that has been done on time of cutting. In the Cornell test, alfalfa cut in the pre-bloom stage produced 1839 pounds dry matter per acre more than alfalfa cut at full bloom stage. Assuming alfalfa is worth \$42.00 per acre, the difference in value is \$78.00 per acre. In addition the alfalfa cut at full bloom stage produced 893 therms of energy per acre more than the alfalfa cut at pre-bloom stage. Assuming alfalfa is worth \$42.00 per acre, the difference in value is \$78.00 per acre. In addition the alfalfa cut at full bloom stage produced 893 therms of energy per acre more than the alfalfa cut at pre-bloom stage. Assuming alfalfa is worth \$42.00 per acre, the difference in value is \$78.00 per acre.

of 2.8 pounds hay per 100 pounds cow body weight, but would only consume 1.3 pounds late cut hay from the same field.

There's A Difference In Termite And Flying Ants

By John D. Sellers
County Agent

Don't mistake termites for flying ants. "Ants have a wasp-like waist but termites have no division between the abdomen and thorax. If flying ants are present, there's no real cause for alarm, but if termites are present, there's great cause for concern. A careful and systematic program should be taken to get rid of these pests.

Check Cotton For Insects

By John D. Sellers
County Agent

Approximately 1475 Chilton

County farmers are planting cotton this year. This is a somewhat smaller number than 1961, which points out that we are continuing to lose cotton acreage and needed income from this commodity. Those now producing cotton are striving for peak production - that is a bale to one and one half bale per acre, or more. In order to reach this peak production an effective insect control program must be carried out.

Mr. Sellers, County Agent, states that cotton producers should check young seedling cotton to determine the need for insect control during this stage. Cutworms, thrip, leaf hoppers, tarnished plant bugs, and overwintered boll weevils and occasionally red spiders do serious damage to seedling and growing plants before squares appear.

Mr. Sellers states that all cotton producers will receive letter control information within the next few days.

County Dress Revue Held April 25

One of the highlights of the County Council meeting on May 2 was the presentation of the ladies who read and entered dresses in the County Dress Revue. Judging was done on April 25 and winners were announced at the council meeting. Mrs. Charles Hamby and Mrs. Charles M. Dwyer, former Home Agents now living in Clanton, judged the dresses on construction and appearance.

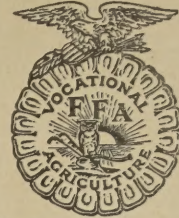

In the street dress group, Mrs. Edna Giles, Progressive Woman's Club, won first; Miss Willie Mae Lenoir, Mt. Carmel, placed second; Mrs. Carol Nelson, Progressive Woman's Club, and Mrs. Monroe Boles, Mt. Carmel, tied for third.

Winners of the dressy group were: first - Mrs. Doris Guy, Progressive Woman's Club; second - Mrs. Jewell Robinson, Fairview; and third - Mrs. Norman Murrell.

The two piece dress group had the largest number of entries. Mrs. Vera Latham, Shoultz, won first; Mrs. Jessie Parrish, Poplar Springs; and Mrs. Earl Vaughn, Baker, tied for second; others making two piece dresses were Mrs. Gladys Rich, Maple Springs; Mrs. Birdie Latham, Shoultz; and Mrs. Arthur Headley, Cane Creek.

Mrs. Mary Sam Moatts, Progressive Woman's Club, made and modeled the only suit. Congratulations to each of these ladies for the fine work they did on these dresses.

Each year the dress revue adds much interest to the County Home Demonstration Program.

Jemison FFA Chapter News

The Jemison Seabrook Bull has been placed with Mr. Tom Strain's herd of fine Herefords. This being a community service trying to give the farmers the benefit of using a bull that will build up their herd and the use of a bull that most farmers cannot afford to own. Mr. Strain has a herd of about 60 brood cows or maybe a few more. Mr. Strain has a good bull but by using our bull, this will prevent inbreeding.

Six members of the Jemison FFA Chapter have been nominated for the Alabama State Farmer Degree. The degree, highest awarded by the state FFA Assn., will be given to 287 Future Farmers at the state convention in Auburn next June. Ray M. McGee, teacher of vocational agriculture, said.

Nominated for the degree from here are David Morris, Paul Bates, Donald Ellison, Buddy Nix, Kenneth Ellison, Royce Davis. The degree is based on outstanding achievement in supervised farming and FFA activities. Each State Farmer must earn a minimum of \$500 through personal efforts.

David Morris and Royce Davis are chapter officers and active in its activities. The other boys are chapter farmers and are doing a fine job with their supervised farming program. We have many other boys that have their eyes set on this much wanted degree for the next year.

The Jemison Chapter held its annual Father and son's banquet last Tuesday night, May 1st. There were about 150 boys and fathers together with the invited guests. Everyone had a fine supper and followed with a timely program. The high lights of the program was the Honorary Chapter Farmers Degree to the following men: Mr. L. C. Shields, Mr. Gordon Conway, Mr. Dawson (Jemison Mayor), Mr. Gaudin, Mr. Payne. These degrees were awarded because these men have contributed much to the success of the Jemison FFA Chapter.

McNeel Helps Entertain "Brass"

Pfc. William J. McNeel, USMC son of Mrs. Carson O. Logan of Route 2, Verbena, Ala., is serving in the Second Marine Division observed by President John F. Kennedy during a two day visit on April 13 and 14 to the Atlantic Fleet in Norfolk, Va.

The President, accompanied by Vice President Lyndon B. Johnson, members of the Washington diplomatic corps and U. S. Congressmen, arrived in Norfolk the afternoon of April 13. After a brief cruise in the fleet ballistic missile submarine USS Thomas A. Edison, the Presidential party boarded the tactical command ship USS Northampton to observe night operations by the attack aircraft carrier USS Enterprise and USS Forrestal.

The next morning, the President received full honors in a review of the Second Fleet, and, following an anti-submarine warfare exercise and an aerial fire-power demonstration by the Enterprise and Forrestal, his party observed amphibious assault landings using both landing craft and helicopters at Onslow Beach N. C.

"Doc" Baker Says "Thanks To Voters"

To all the citizens who used their INFLUENCE and gave me their SUPPORT and I VOTE in the May 1st Primary, for the position of Member of Chilton County Board of Education, Place 1. If permitted to serve, I assure you that it is my desire to do a job in conformity to the wishes of the people for the betterment of our educational system and for a progressive Chilton County.

For your confidence I shall be ever grateful. Again I say THANKS.

"DOC" BAKER

Barney T. Adams Says "Thanks"

BARNEY T. ADAMS says: "I would like to take this means of thanking the people of Chilton County for the vote I received in the May 1st Primary for a place on the Democratic Executive Committee. I assure you I will do my best to deserve the trust you have placed in me. My sincerest thanks again!"

Season Opens 1st Of June

By John D. Sellers
County Agent

County Agent Sellers encourages all peach farmers to complete thinning of fruit, where necessary, at an early date. Where thinning is delayed until the pit becomes hardened the effectiveness of thinning is reduced considerably. Due to adverse weather conditions during the last couple of months, thinning of some varieties varies throughout the county, and in some cases will not be practical. However, due to scattered hail and insect damage, thinning of what might be considered cull fruit might be very profitable.

Removal of this type fruit would release plant food energy to the remaining fruit for producing extra quality peaches.

Mr. Sellers also points out that the complete spray schedule should be continued even though brown rot spores are not too active during fair, dry days. To combat brown rot conditions check spray coverage often to make sure chemicals are reaching all parts of trees. You might have to reduce your spray machine's rate of travel and apply more material per tree in order to get coverage for best control. On mature trees the amount of dilute spray material for best coverage will be about 250 - 350 gallons per acre.

Farmers throughout the county are reporting the loss of many trees due to some disease or condition that they are not too familiar with here in Chilton County. Mr. Seller reports that from reliable informants in Georgia he has learned that one farmer has lost 12,000 trees during the last few weeks. Others from the same area also reports such numbers as 7,000, 5,000 and 4,000 trees lost. Farmers from the area in Georgia and the Carolinas are becoming very concerned about this loss of fruit trees. This condition is caused by bacteria and has been given the name of "Blast".

Crown gall is another condition that causes dying of feeder roots of a tree, resulting in weakened or dead trees. There is no definite method of controlling either of these conditions. However, local farmers who applied extra nitrogen and did a severe pruning job on dead limbs during the spring of 1961 report the loss of only a few trees.

Considerable interest has been shown throughout the state as to the outlook for the 1962 peach crop here in Chilton County. After a study and summary of commercial orchards, we are still hoping for 50 - 60 per cent harvest as compared to that of 1961. This condition should be a challenge for each of us to strive for the very best quality we can produce and try to compensate for the reduction of volume caused by conditions heretofore mentioned.

Thanks From Jimmy Martin

I would like to thank the people of Chilton County for your vote and support for me as Coroner. Your trust in me and my ability is greatly appreciated and I will strive to serve each of you to the best of my ability. If I can ever be of service to you in any way, please feel free to call on me. Again I would like to say Thank You.

Sincerely,
James M. (Jimmy) Martin.

FAIR PLAY

During my campaign every effort was made to be fair and frank on all issues. At no time did I fail to stand for what was believed to be right. Like any candidate I built my platform around the issues that appeared to be the interests of the people, because the people are the ones to whom a public official owes his trust. The people choose to trust their system to others; therefore, I am sure their judgment is sound. Behind the educational leaders we must nominate for our children deserve only the best that can be put forth. Jealousy and hatred due to a political campaign must be put behind for the good of all. Now that my race is over, and false conclusions or interpretations connected with it must be corrected. No matter what candidate is still left in the race, I am going to be frank and plain regarding the use of any false conclusion from my race against them.

I find that certain interpretations are being used or were drawn from my race that were never intended in such respect. At no time have I endorsed Mr. Bing Lecroy, for the people are capable of making decisions for themselves. Yet, at no time did I intend for anyone to use my race as a tool to cast doubt and suspicion on him in a statewide race or at the local level.

I deplore any such efforts, in the making, to cause the voters and will state openly such conclusions are not my doing.

To be perfectly fair and frank, no person has the right to use any part of my efforts as a tool in feathering their

own nest, for such efforts will be challenged immediately. The following statements must be made by me to prevent false interpretations:

- (1) as to race, I am not a racist; I am not a bigot; I am not a discriminator; only has one stood by the truth, and has not been intimidated by the masses.
- (2) The asking of certain questions cannot be used to imply guilt on him for any reason, but an attempt used to clear the confusion of having such questions asked and answered and facts gathered. Such questions and answers were derived in great part by others working in my behalf and if any were misleading, then I'm setting them straight now, as far as my part was concerned.

These statements are made to make sure my statements and efforts are clear and my intentions were and are not to be mistaken and used by anyone, no matter whom they are to defeat, especially Mr. Lecroy, where my efforts are concerned.

Mr. Lecroy and I are very seldom on the same side in politics, but it is only fair to stand up for the right when the right will help. Mistakes and errors of judgement are going to be made, but such must be corrected when the truth is known; therefore, any false conclusions arising from my efforts are corrected, but the truth on other issues must stand for all to see.

Sincerely,
LLOYD D. MIMS

Speaks Expresses Appraisal

DEAR FRIENDS:

You have been so kind to give me such a good vote of confidence. I want to tell you how much I appreciate everything you have done for me in this election and during my service as your Representative.

The experience you have given me is a source of strength and encouragement which I want you to know fills me with humility and gratitude.

I want to especially thank those who voted for me and worked for me and urge you to continue with renewed effort. Your efforts have brought us this far and upon you and those who will now join with us depends the victory on May 29, 1962.

I deeply appreciate the consideration shown me by all the citizens and voters. I respect all those who voted for my opponents in the first primary, as I know you followed your convictions. I have confidence that you will keep an open mind, and I earnestly solicit the support of all in the run-off.

Work as your Representative in the Legislature is a task which I enjoy. To get the job done effectively requires debate in the House of Representatives on the issues involved in getting legislation passed for the benefit of our County.

There is much that we have to learn about procedure and how to go about the business of handling the complex problems that arise. I shall be the first to admit that I have so much to learn about these matters, but I am grateful for the eight years of experience which you have given to me.

In fairness to the voters and citizens of Chilton County, this campaign should be conducted on the issues with which we are faced at this time.

I believe that you will demand that the problem of segregation be met squarely and firmly. I believe that you want and are entitled to know the facts about your school building program and that you will expect the candidates to reveal all information concerning the One Cent Sales Tax Law, the proceeds derived from this tax, the bond transactions growing out of this One Cent Sales Tax and some other matters involving the expenditure of school money.

It was a pleasure for me to be able to work with the people of Thorsby in making possible the establishment of the Thorsby High School. This required securing a special \$80,000.00 appropriation from the Educational Trust Fund and did not in any way take money previously appropriated for the operation of the other schools of Chilton County.

Likewise, I have been most happy to work with all civic and educational groups who are interested in establishing a centrally located County Trade School. As a result of the Trade School Bill which I introduced in the last session of the Legislature, you will soon have the opportunity to vote to make this progressive improvement to our educational facilities a reality. I am hopeful that through your approval of this Trade School Bill that many of our young people as well as adults, will have the chance to acquire greater skills to make better wages to support their families.

Beginning with our work in the Joint Committee of the House and Senate on Public Parks and Recreation, we succeeded in securing many improvements to the Confederate Memorial Cemetery near Verbena and Mountain Creek.

Through this same committee, and with the cooperation of the Department of Conservation, we have been able to acquire lease for construction of a public park on Lay Lake. When completed this park will be for the use and enjoyment of Chilton County citizens and tourists and a great aid to the wonderful work being done by the Civil Defense Rescue Squad.

Among other legislation of importance to many of our citizens in times of their greatest need are the bills I have sponsored and supported increasing Old Age Benefits, Medical Care for the Aged, and increases in Workmen's Compensation and Unemployment Compensation.

The issues in this campaign should properly be presented to you, the citizens and taxpayers, in the same manner in which the hard work to secure these benefits has been performed. This work in your behalf done by your Representative has necessarily been performed in open debate on the issues and on the record.

Therefore, I am hopeful that all interested groups seeking improvements in Government and seeking to find the truth in matters affecting their tax money, schools, industrial progress, and the general welfare

Cole - Monroe Vows Said

Mr. and Mrs. Rozzie Britton Cole of Clanton, Alabama announce the marriage of their daughter Martha Rebecca to Elliott F. Monroe, son of Mr. and Mrs. Elliott Schuble Monroe of Clanton, Alabama.

The ceremony was performed at Heflin, Alabama, March 23, 1962.

She is the grand daughter of Mrs. Clyde Morgan and the late Mr. Morgan of Talladega, Alabama and the late Mr. and Mrs. John F. Cole of Ashland, Ala.

Mr. Monroe is the grandson of Mr. and Mrs. Earl Lee Fall of Honorville, Alabama and the late Mr. and Mrs. William M. Monroe of Anniston, Alabama.

He is a member of Phi Gamma Delta Social Fraternity, also Treasurer of Rho Alpha Tau, Freshman honorary and president of Druids, Sophomore honorary.

The couple will live in Tuscaloosa where they are students at the University of Alabama.

of citizens in all occupations will give me and my opponents the opportunity to present to you the issues.

In my opinion this can best be done to the satisfaction and benefit of all by arranging a series of public appearances in all the communities of our county in which both candidates for the Legislature may have the opportunity to state their respective positions and answer the many questions which I feel are in your minds.

With my best wishes and sincere gratitude, I am

To The Voters OF Chilton County

I shall always be grateful to you the Voters of District One for the very fine vote of confidence you gave me on May 1. I want to thank each of you for working so diligently and untiringly to help me receive this fine vote.

I worked very hard to see each and every voter in District One, but I know there were those of you whom I missed. The time is short between now and May 29 and I may have trouble seeing all the Voters. If I miss You please feel assured that I am trying and it is not my intention to miss anyone.

To those of you who may have voted for either of my most worthy opponents on May 1, may I take this opportunity to solicit your support and vote on May 29. I would deeply appreciate the whole-hearted support and influence of Mr. Sidney Porter and Mr. Leo Shaw in the May 29 run-off. I feel that there are those of you who may have voted for either Mr. Clifford Davenport or Mr. Curtis Brand who will vote in this run-off. I would certainly welcome the support of these two Gentlemen and their supporters.

I most humbly say that it has indeed been an honor and a real pleasure to serve as a member of Your County governing body. I have always stood for and shall continue to stand for those principles for which any honest, upright, clean and sober-minded Citizen would stand for. I owe NO MAN a political debt, but I do owe

You the Taxpayers the best that I have. I promise to continue to work toward good clean honest and efficient government in Chilton County and to always abide by the wishes of the majority of the people.

If you see fit to re-elect me to the Board of Revenue and Control from District One, I shall always strive to conduct myself in such a manner that I will not betray the confidence you place in me.

I shall be most grateful for your support and vote on May 29.

Sincerely Yours,

Book Fair In High School Gym

750 BOOKS FOR CHILDREN AND TEENAGERS

The best of the year's new juvenile library books are on display in an organized, graded exhibit at Chilton County High School Gymnasium, Clanton, Alabama. Beginning at Kindergarten level and ranging through Grade 9, a total of 750 titles are included, which cover every conceivable area of interest of child and of parent and adult, for after all children's books have their appeal for grown-ups too. The exhibit is open daily from 8 a.m. to 5 p.m. May 10, 11, and 12.

To give a for taste of what will be found in this representative and complete collection, it is only necessary to sample a selection of the various subjects and interests covered. Starting with the pictorial magic of the Picture and Easy Books, there are Here and Now Stories, stories of Family and Community Life, of Other People and Other Lands, Mystery and Growing Up Stories. On the imaginative side also, Fantasy, Poetry, Folk and Fairy Tales are importantly represented, and there are books about Science, factual, informative books about living Things the Space Age, Experiments and Mathematics, about Personal Development, Careers and Guidance the Arts and Activities, about America Today and Yesterday, and the World and Its People. The 750 books of the exhibit range over no fewer than 89 subject classifications or sub-classifications. They represent an outpour of great variety and appeal, the significant production of our most creative talents in both writing and pictorial art.

A feature of the exhibit is the annotated, graded, curriculum-related catalogues, with complete cross-reference, title and author indexes. There are free to teachers, librarians and to other school personnel and provide easy, direct access to the books of one's interest, as does the numbering system used for both books and catalogues.

The exhibit comes here from BOOKS ON EXHIBIT, a national promotional enterprise of the country's leading juvenile publishers. Its function is through the organized exhibit with covering catalogues - to make it possible for school and libraries to do an informed and intelligent job of book selection.

This exhibit is sponsored annually by the Alpha Delta Kappa Sorority of teachers of the county.

Telephone Talk

W. R. Waters

Your Telephone Manager

COME TO THE FAIR! And I'm talking about the Century 21 Exposition in Seattle, April 21 to Oct. 21, 1962. This international show, set in some of America's most spectacular scenery, is the first world's fair held in this country since 1939, and is expected to draw tourists from all parts of the world. If a trip to the Exposition is in your vacation schedule, we'd like to invite you to see the Bell System's exhibit. In keeping with the Fair's theme—a preview of the world of tomorrow—the Bell exhibit will show modern communications equipment and a glimpse of what's ahead for telephone users.

WE GET a lot of strange requests, and one of the most unusual is the one from the woman who called the operator and said, "Will you please ring my telephone? My dog is outside and won't come in. He comes running when he hears the telephone." Ten rings later, she reported back. "Thanks a lot," she said, with the barking of a dog in the background. "He's in now." And that's just one of the many requests we answer every day. Customers sometimes ask us what they should use to clean their telephones. The answer: a damp cloth is all that's needed to keep the phone clean and shining! Soap-and-water treatment is risky since the water may get into the set and put working parts out of order. No waxes are needed and there is no need to keep your phone surgically clean, since laboratory tests have shown that telephones do not serve as a shelter for germs from previous users. Try the damp cloth treatment occasionally to keep your phone spotless.

THE ECHO of the lumberman's cry, "Timber!"... the scream of saw mills... the crunch of grinding wood chips in a pulp mill. These sounds unfold another chapter in the story of Alabama's industrial growth. It is a chapter being written by the state's multi-million dollar pulp, paper and lumber industries. Together, these wood-using industries provide stable employment for 36,000 Alabama citizens. Their combined annual payrolls now total over \$125 million not to mention the many millions more spent for local services and supplies. In addition to this financial contribution, these industries play leading roles in the state's reforestation and conservation programs and other civic enterprises. Southern Bell is proud to serve the Communications needs of these industrial neighbors. We support and share their dedication to the task of bringing even more progress and prosperity to Alabama.

Cadet Foshee Makes Grade At Marion

Cadet John C. Foshee, II of Verbena was named for academic honors at Marion Institute according to an announcement made by Colonel R. J. McDonold, Dean of the 119 year old military preparatory school and junior college.

Foshee was named on the Dean's List for the fifth grading period. The Dean's List at Marion Institute consists of those cadets who have no grade less than "B".

Cadet Foshee, son of Mr. and Mrs. C. C. Foshee of Verbena, is in his first year at Marion Institute and he is a member of the sophomore class in the high school department. He holds the cadet rank of corporal and is serving in Company E, 2nd Battalion of the Cadet ROTC Brigade.

A total of seventy four cadets were cited for academic achievement for the fifth grading period. This represents fifteen percent of the entire Corps of Cadets.

Fred Robinson Thanks Voters

I want to thank each and everyone who voted for me and gave me their support in the campaign for Board of Revenue District Two. Although I didn't win the election I feel that my campaign was not all in vain. I enjoyed seeing old friends and I feel that I have made some new ones.

In riding over the district I know that I failed to see many of you, but not intentionally. I have nothing to regret in the way in which I conducted my campaign. If there is any way in which I can be of service I hope my friends won't mind calling on me.

Thanks again,

Red Fulmer Appreciates Fine Vote

Dear Friends and Neighbors:

I want to take this opportunity to thank everyone who worked for me and voted for and supported me in my candidacy for Representative.

Together we conducted a good, clean, and friendly campaign, and we worked together for what we believed in. We did so with good will and respect for the other two candidates.

You shall always have my gratitude and good will, and I say this also to those who supported my opponents.

I would not at any time try to tell anyone how to vote in the runoff for Representative on May 29, 1962. However, I have carefully weighed the qualifications of the two candidates. Even though they are both my friends, I feel that it is my duty to support the man who can best serve in the most progressive manner the best interests of all the people of Chilton County.

Francis Speaks is a combat veteran of World War II, and he and I and many of us have shared these experiences. We are drawn together by this common bond of experience, comradeship, and for many of us, wounds and suffering in a cause that will always be remembered.

Francis Speaks serves on the Military Affairs Committee, the Judiciary Committee, and the Southern Regional Educational Conference as a member of the Alabama House of Representatives. Having eight years seniority, he is in a wonderful position to help our county, and I know that he will work hard to fairly and efficiently represent citizens in all walks of life.

Therefore, I take pleasure in making this public endorsement of my friend, Francis Speaks, and I am available to assist him to be re-elected as our Representative from Chilton County.

Thank you all again for your many courtesies and consideration shown me.

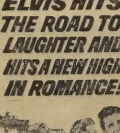

Sincerely your friend,

Francis Speaks is a combat veteran of World War II, and he and I and many of us have shared these experiences. We are drawn together by this common bond of experience, comradeship, and for many of us, wounds and suffering in a cause that will always be remembered.

Public Rally Here Tonight

(EDITOR'S NOTE: We take exception and call your attention to the following notice of a Public Rally to be held at the County Courthouse this evening. Some issues, now before the public, greatly concerning the public, are to be discussed at this meeting. It

that they read it, nor are they afraid to allow their children to read it! If that isn't a community newspaper, then we have been misleading you all the time and deserve to be ostracized for it.

As for the above mentioned meeting being "secret". We are informed that the announcement of same was made over our local radio station, since it was too late for the newspapers. If someone wants to take the radio station to task for not getting to the "right people", that is entirely out of our hands, and does not constitute news, unless of course, it comes to blows. Then it's news! And then, we would report the fact that the blow was struck... not how many people did, or did not see it!

YOU know how youngsters will get to "talking politics" after they have heard it around the house for several weeks? We were out riding the other afternoon and our youngest son, who is two and a little bit, said "I want Wallace". We inquired just why he wanted Wallace thinking he didn't know what he was talking about. "To put on my mickey 'tricycle'" says he! Don't know whether Mr. Wallace will appreciate this young vote of confidence or not, but at least the coming generation holds him in high esteem, as well as a good many of the present one.

CHILDREN'S logic viewpoint on describing what they see is interesting to watch. We were out playing ball the other evening, with our minds (me and Ben) intent on getting the lodged ball out of the old oak tree. Daughters, Terry, came up and looking down at the ground said, "Daddy, there's a dead butterfly trying to get somewhere!" It doesn't make much sense, but the apparently dead butterfly still had a few flutters left in it, and that is the way she chose to describe the situation! It did make sense, after all!

THERE are several blind corners in Clanton, which we are not going to name in detail, which are peevish to say the least and extremely dangerous to say the most! At best they are a nuisance to the motorist, and the shrubs which are blocking the view of drivers are certainly not worth the chance that is being taken with human life. They should be cut down, either by the owner of the property which they are on, or the city. We find ourselves cautiously pulling out into the path of a fast moving vehicle on more than a rare occasion. We have been lucky so far. We dislike relying on pure luck, however, and we are certain that many other motorists feel the same way!

Let's clean up the right-of-ways before someone has to clean us up off the pavement!

is your duty as a citizen-taxpayer of this community to attend this meeting and see your collective problems discussed in open meeting.)

TO THE CITIZENS
OF CHILTON COUNTY:
American Legion Post No. 6, Clanton, Alabama, has arranged a public rally at Chilton County Courthouse in Clanton at 7:00 P.M., Thursday, May 17.

All citizens are urged to attend this important public meeting, and all candidates are especially invited to appear. All candidates appearing will be given sufficient time to make a speech. Also questions from the audience will be welcomed regarding each candidate's position on any issue involved.

The American Legion supports a strong Constitutional Government and the Democratic processes of our republic. We feel that this type of meeting is a constructive way to bring about a better understanding of our community and Government affairs, and we sincerely hope that everyone interested will find the time to come to the meeting.

Sincerely yours,
Lilly Bates
Adjutant

CHILTON GALLION SUPPORTERS TO TRY WALLACE

Reports this week confirm the fact that the Chilton County Committee for Macdonald Gallion have agreed unanimously to support Judge George C. Wallace in his bid for the Democratic nomination as Governor of this state.

Wallace, who polled 3,130 of the 6,533 votes cast in Chilton County in the May 1st Primary, appears to be a heavy favorite in this area. His opponent Sen. Ryan deGraffenried is gaining active supporters throughout the County, but most observers agree that the breach is too wide, and time too short.

The Gallion Committee was the most active in the race for Governor in the County during the May 1st Primary.

-- The Man Of The Hour --

BORN in Clio, Alabama on August 25, 1919, George C. Wallace worked on the family farm until his father died in 1937. He finished high school in Barbour County and worked his way through the University of Alabama, receiving his law degree in 1942.

He entered the United States Air Force in October of 1942 and saw combat action with the 20th Air Force in attacks on Japan. He was honorably discharged from the service of his country in December of 1945 as a Flight Sergeant.

George Wallace is a member of the Methodist Church of Clayton, is Supt. of his Sunday School and has taught Sunday School classes for 20 years. He is a member of the American Legion, VFW, Masons, Eastern Star, Disabled American Veterans, Shrine and Woodmen Of the World.

He is married to the former Lurlean Burns and they have four children: 17, 12, ten and one-year old. On May 15, 1958 the Chilton County News said:

"First, Judge Wallace has a wide experience in the political field as a legislator and as a Circuit Judge.

"Judge Wallace has proven his ability as a leader worthy of the confidence and trust of the people of Alabama and has already accomplished much for the 'little man'."

"George Wallace is a leader.

"He has a record of honesty and integrity.

"He has a record of ability beyond the average.

"His record is one of sound legislation and judgement for the benefit of the handicapped, the aged, the mentally afflicted and for those less fortunate (than the average).

"Judge Wallace has proven himself. To support him is no gamble as to what he will do. His past performance speaks for itself.

"Truly George Wallace is 'THE MAN OF THE HOUR'. He is the high type man that Alabama needs for Governor for the next four years!"

That is what the News thought of George C. Wallace four years ago, to the day, and our opinion has changed only to the extent that our convictions then, are now more substantiated than ever before.

We have only one thought to offer Mr. Wallace in his efforts to work for and serve the people of Alabama, and that is that judgement is sound, only when reason is present!

That philosophy is all that the "Fighting Little Judge" needs to make him the best Governor the State of Alabama has ever had!

Business College To Open Here In June

MASSEY College of Columbus, Georgia, on June 11 will open an extension school in Clanton. This business college is not connected in any way with the Massey College in Birmingham but is a branch of Massey College of Atlanta, Georgia.

Your Chamber of Commerce's investigation of this group's back ground reveals that they are highly respected at both Atlanta and Columbus and have offered to the young people of that community valuable courses in the business field which have helped them to obtain excellent employment opportunities.

The College's enrollment qualifications, however are very high and not all applicants are accepted. The School's high standards have given it a wide reputation of academic excellence in the State of Georgia.

Your Chamber of Commerce welcomes the School to Clanton and Chilton County. Please watch your paper for future announcements.

UDC Meeting At Holiday Inn

THE annual business luncheon of the Jefferson Manley Faulkner Chapter, UDC, will be held at the Holiday Inn at 12 noon on Friday, June 1st.

Mrs. Cherry Crawford of Birmingham, who organized the local chapter in 1958 will install new chapter officers.

All members are urged to be present as this will be the final business session of the year.

Accidents cause more deaths for children under 14 years old than the total of all four of the next leading causes.

'Springtime' On Market; Outlet For Frozen Peaches Promising

ELECTION OFFICERS SAME AS MAY 1ST

THE election officials who served in the May 1st Primary of the Democratic Party will again serve on May 29th, according to official sources.

There will be no Republican Primary on the 29th. A heavy vote is again expected in this County, partly due to the fact that the vote on the 9-8 Congressional Plan will be held at this time.

Political Rally At Thorsby, 22nd

THERE will be a Political Rally at the Thorsby High School on Tuesday evening, May 22nd, sponsored by the American Legion, Post 206 of Thorsby.

The Rally will begin at 7:30 P.M. and all local candidates for public office have a special invitation to attend and speak. The general public is also cordially invited to this event, which is only six days before the May 29th Primary.

First Peaches Of Season Brought In

TUESDAY, County Agent

John D. Sellers, brought into the News office a handful of peaches called Springtime. There are some of this variety ready for market now, the middle of May, but they are scattered sparsely over Chilton County. The fruit are expected varieties in passion to be accepted varieties. Rain is needed soon, if our peach crop is to develop normally!

Springtime, which looks promising as an early variety with size and color (and aroma), is very susceptible to brown rot, according to the Chilton Area Horticulture Station and Mr. C. C. Carlton, near Thorsby. Other early varieties are Redwing, Marcus, and Mayflower, and they are less expensive than the Springtime. Nevertheless, the Springtime looks very promising as an early market peach for our growers.

This year's fruit market looks good, says County Agent Sellers. Packing shed operators are looking for better outlets. The Peach Festival (May 31-June 1) is shaping up into some good publicity for our favorite crop. Local and State extension personnel are assisting in locating new markets, developing new products such as a frozen peach for ice cream manufacturers and peach pies.

Representatives from the local County Agent's office, the Extension Service at Auburn and the Peach Festival Co-op at Thorsby, spent Wednesday in Birmingham developing new outlets for these products. The Co-op is in the planning stages of developing a commercial process for frozen packaging and pickle peaches.

P. O. To Aid In June Livestock Survey

Postmaster R. R. Suttley announced today that Rural Mail Carriers and Star Route Contractors will soon begin distributing June 1, 1962 Livestock Survey Cards to patrons on their routes. This mid-year livestock survey is the first of three which your Post Office will assist in making for the Department of Agriculture this year.

The Alabama Crop and Livestock Reporting Service will use the returned cards in preparing State and National reports on the spring pig crop and intention to breed for fall farrowing, the lamb crop, calf crop and wool production, chickens raised, and milk production. Importance of Alabama's livestock industry is emphasized by the fact farmers in the State received almost 35 of their cash receipts from farm marketplaces in the sale of livestock and livestock products in 1961.

Carriers assisting with this survey are: James M. Mims, Route One, R. Z. Gray, Route Two, W. E. Crowe, Jr., Route Three, E. B. Allison, Route Four, H. G. Thompson, Route Five.

CONCERT TONIGHT National Guard Armory

DUE to the unforeseen delay in completion of the new high school auditorium, it will be necessary to change the location of the Annual Spring Concert by the Chilton County High Band.

The time, Thursday, May 17, at 7:30 P.M. is the same. The National Guard Armory is the new location.

This year's program will feature American composers. Feature numbers of the first half are: "Portrait Of The Land" and Gerhart's "An American In Paris".

The second half of the program will be devoted to folk tunes and musicals composed during the period of the Civil War. "The Blue and Gray" and "The Blue and Line Gray" are just two of the numbers to be presented.

For the first time, an outstanding band student will be awarded a scholarship to the University of Alabama Music Camp by Art's Music Shop in Montgomery. The student selected by the band will be announced during the concert.

Admission: Adults \$1.00 and students 50c.

Softball League To Organize

TUESDAY night, May 22 at 7:15, if you are interested in playing Softball come to the high school or contact coach Finlayson or Bulger. There has been talk of a church league which allows ten men to play. Come on let's get started and have a good summer of Softball.

Youth Rally At Verbena Baptist

We would like to extend to everyone a cordial invitation to attend our next Baptist Youth Rally on Thursday, May 18, at 7:00 p.m.

Charles Pennington, a young evangelist who is a student at Howard College will be our speaker. I am sure you will receive a blessing by coming out to worship with us.

Thorsby Methodist Church To Be Dedicated

Dr. Don E. Marietta, District Superintendent of the Selma District will dedicate the Thorsby Methodist Church Building at Thorsby, Alabama, May 13th, 1962 at 1:30 p.m.

This building was completed and the first service was held in it on October, 1956, by Dr. James E. Tate, who was superintendent of the Selma District at that time. The pastor at that time was the Rev. Gene Murphree, formerly of Clanton, Alabama, who is now serving as pastor of the Methodist church at Ramer.

The men who have served as pastor of this church in the order that they served are: Walter Ellisor, Asa Boozler, Gene Murphree, Scottie Woodham, Dr. H. W. Rice an dthe present pastor C. T. Davis, III. The pastor and official board extend a cordial invitation to all our friends to come and share the wonderful experience with us.

Providence Beat 16

Rev. Robert Carden, pastor. Let me remind everyone about the date, May 20, 1962. That is Homecoming Day at Providence our song leader, has lined up some good singers and Rev. Calvin Crocker will give the devotion. Then Rev. Fred Lowery will bring the message.

So everybody bring your dinner and come on to Providence and eat, sing and visit your old friends.

Mr. George Keith, brother of Mrs. Abb Porter passed away over the week end.

Mrs. Bob Green's father is critically ill in Shelby Memorial Hospital. Be in prayer for him and the family.

CARD OF THANKS

We wish to thank each and everyone that came to us in sorrow and grief in an accident that took our darling daughter Carolyn Jane Culp, from us. We know that God needed her Kingdom and knowing that we humbly accept his will.

We thank Bro. White and good people for being so kind, sweet. We also want to thank the good ladies for so much for the sweetest singing that we have ever heard from the Liberty Quartet, the beautiful flower the comforting words of Bro. Wayne Smith, Bro. Vester Bro. Jerome Robinson. Most all we appreciated the wonderful prayers.

We don't have the words to tell everyone how much we appreciate and love them. May God's richest blessings be bestowed on everyone.

New Library Proves To Be A Popular Place

From the opening day on Monday, April 30, until today, the new Clanton Public Library has been the scene of much happy activity. Typical of the interest shown in our new library is the snapshot above taken on opening day.

Members of the library board and the librarian, Mrs. B. E. Reeves, have received numbers of letters of appreciation. The following three are typical.

Mrs. B. E. Reeves, Librarian
Clanton Public Library
Clanton, Alabama
Dear Mrs. Reeves:

We are very proud of our new library. We have wanted one so long that it's like a dream coming true. We especially want to thank you for being so courteous and considerate when we visited the library, May 3. Again we want to thank you for helping us check out the good books.

Sincerely yours,
Barbara Noah

Mr. Morris Moatts, Chairman
Clanton County Library Board
Clanton, Alabama
Dear Mr. Moatts:

I greatly appreciate your work and consideration on working toward getting a new library. The library will be a great help this summer when I have nothing to read or do. The Bookmobile will greatly help too. I hope it will come by my house.

Many people say that we would not have had a library if it had not been for your conciate the new library and book sideration and help. We appreciate very much.

Sincerely yours,
Steve Crew

Mrs. Omar Reynolds, Chairman
Clanton Public Library Board
Clanton, Alabama
Dear Mrs. Reynolds:

I would like to thank you for working so hard toward building a library. I am so thrilled because I love to read, and I am sure I will enjoy it.

I really have enjoyed the books I have checked out. I especially like the books of mysteries.

I am sure I will enjoy the library this summer. I am sure it will be hot and then I can go

The Man For Governor Who Promises Good - Honest Government

Ryan deGraffenried

Speaking At

Chilton County Courthouse

Saturday, May 19th 9:00 a.m.

(Pd. Pol. Adv. by Chilton County Friends of deGraffenried)

RYAN deGRAFFENRIED Says

"It's Time to Do More Than TALK Segregation"

Ryan deGraffenried is the only candidate for Governor with a fighting record of ACTION to keep segregation on every front in Alabama.

In our State Senate, Ryan deGraffenried was a leading member of the hard working committee that approved all bills to safeguard segregation and resist Federal force to destroy it.

In this campaign, Ryan deGraffenried IS the ONLY candidate who proposes a workable plan — an Alabama Department of Rights — to stand guard and defend our way of life all the way and all the time.

The Wallace Record on Segregation:

- Got the Bloc Vote in the 1958 Governor's campaign.
- Voted "NO" in the Legislature on the Engelhardt plan to withhold State funds from any integrated school.
- Has NO workable program to keep segregation in our schools, colleges, parks and playgrounds.

NEWS OF — Samaria

Don Graham, pastor

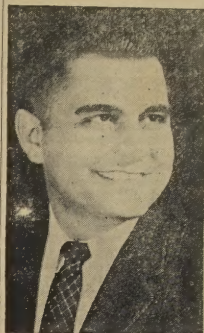

The monthly meeting of the Youth Rally will be held Saturday night at the Thorsby First Baptist Church. We promise that we have one of the best; most inspiring programs one can imagine. The program will be given by the Youth of the Fairfield Baptist Church, Fairfield, Alabama.

Mr. Dick Tamassia, the Master of Music, will lead his choir in group singing, solos, duets, and etc. If you do not have a way to go, please call the pastor or a member of the church.

Our Bible School is very near and we want to make sure you remember this and enroll your child in our school. It will be June 4-8 and will last from 9 until 11 o'clock.

Our revival will be July 29th thru August 4. We will have as our guest speaker Rev. Cambron of the Union Baptist Church in Lipscomb. Make your plans to be with us.

Baptist Youth To Hear Mr. Dick Thomasson Saturday Night

DICK THOMASSON

By M. G. FIELDS

Baptist Youth Highlights Program Saturday, May 19th at 7:30 P.M. at the First Baptist Church in Thorsby. Rev. Wayne Smith, President, Rev. Don Graham, Program Chairman and Miss Glenda Martin, secretary of the Chilton-Unity Youth Rally, announce that Mr. Dick Thomasson, Minister of Music and Youth Director of the Fairfield Baptist Church of the Bessemer Association, his choir and instrumentalists, will feature the program with a musical fest. All lovers of genuine Gospel Music will not want to miss this worship and to see one of our most talented choir directors and musicians. His choir will be composed of all ages of the people of his church.

Everyone attending is requested to register at the door as they enter the building which will be air conditioned and adequate to comfortably seat a large crowd.

The adults of every church should furnish transportation for the youth to attend this great Youth Rally service Saturday night.

Willing Workers S. S. Class Met

Mrs. J. C. Burnett was hostess to the Willing Workers S. S. Class of the First Baptist church for their April meet on Wednesday afternoon, the 25th.

The meeting was called to order by the president Mrs. J. Lee Smith.

Mrs. Durwood Teel gave the devotional reading part of the 3rd chapter of Acts. She also closed with an appropriate poem. In the business it was decided to visit each shut in Mother for Mother's Day.

Delightful refreshments were served to 10 members present.

DeGraffenried or Wallace

A governor should have the courage to stand up and be counted. Last week three television stations offered free time to Wallace and DeGraffenried to debate the issues before the people of Alabama. DeGraffenried accepted immediately. But, Mr. Wallace, the fighting judge, didn't see fit to accept. His excuse was that his schedule was just too tight and he couldn't make it!

Effective Power--

THE most effective power in the world is not that of brute force or the power of physical or material strength; but that of simple suffering love! It has been through the trial by fire, and when patiently practiced has never been found wanting!

Democrats Take Note --

A partisan effort on the part of good Democrats in Chilton County is very necessary this year due to the activity of the Republican Party in this County.

You may rest assured that Republicans, both in their own ranks and in the ranks of the Democratic Party are doing everything in their power to recruit every person they possible can into the fold. It is indeed making some strange "bed fellows" as the saying goes!

Do not feel that because the Democratic Party has been in power for many moons, that it has nothing to threaten its vantage point in that respect.

Infiltration, brought about by years of Democratic rule, and apathy on the part of Democratic leaders, is the greatest danger that exists for the Demos in Chilton County today. The Party has nothing to fear with regards to fundamental beliefs and the consistent development of this County under its guidance. The one problem is that too many in its rank have grown complacent and are content to rest on their laurels. The Republicans are busy! They are, at present, the new broom sweeping clean!

If the Democrats are to maintain their balance of power in Chilton County they must first clean house; Second, develop and coordinate their activities;

Third, initiate a program of enthusiastic selling of the principles and ideals of the Party;

Fourth, determine their direction and work-as a whole-toward that end!

If you are a Democrat, now is the time to say it, and show it, loud and clear!

Profane Intelligence--

WE received this week, a feature article which contained some very thoughtful suggestions for the way our Federal Government should not be directed. However, after closely scrutinizing the content in full, we saw that we did not agree entirely with the writers opinions: He mentioned something about "damn fools" parading before the White House, etc., most of which we agree with, but do not feel that his means of expressing same was exactly according to the accepted manner of speaking. When he again made reference to the "damn fools" picketing the White House we decided that we had had enough of his "fool"ishness! It is amazing to us how some folks think that profanity emphasizes their intelligence. Being guilty of it ourselves at times, we feel qualified to say that it only emphasizes a lack of it!

A First Impression Of The
Honorable Frank Boykin

WE have already had the pleasure of meeting most of Alabama's nine Representatives to the United States Congress and of course are very familiar with our own Armistead Selden in the Sixth District.

This past Monday we had the honor of meeting and talking with the Hon. Frank Boykin, Rep. from Mobile. He is very personable and likeable as first impressions go; but the thing that impressed us, and it's still ringing in our ears, is his apparent enthusiasm for industry... and in the Sixth District! Of course, we realize clearly that Mr. Boykin is campaigning for his place as dean of the delegation from Alabama to the U.S. House of Representatives. But, the enthusiasm is there, and his account of how his own district has grown industrially was music to our ears.

If, through the cooperation of our Rep. Selden and Mr. Boykin, along with the other Representatives and Senators from Alabama, we can develop the Coosa River to the extent that some of our citizens blessed with foresight, have dreamed and planned. Chilton County will definitely be on the road to economic stability.

MEN OF THE WEEK

ALEC Hayes and Probate Judge J. C. White are chosen by the News as this week's Men Of The Week!

Alex has just won a tremendous trophy in the Key Murphree Tournament at Troy, Alabama. (See CCN, May 10th). He is owner and operator of the Chilton Office Supply Office Supply, and has built it into one of the most modern and finest business establishments in Chilton County. Alec

has led an eventful and colorful life. He is a man of the air and on the ground. He meets people easily and knows quite a number of influential citizens in the State of Alabama intimately. He lives with his family on 2nd Avenue in Clanton.

J. C. White, a complete newcomer to the field of active politics was elected to his present position as Probate Judge of Chilton County in 1958. He was then Principal of Isabella School. Under his administration Chilton County has seen many new improvements in the physical face of our County. He also serves as Chairman of the Board of Revenue & Control of Chilton County.

He lives in the Isabella Community with his family and takes an active part in church, social and civic activities. These two gentlemen have meant much to Clanton's and Chilton County's progress down through the years, both in the field of politics and education.

These two men deserve the distinction of being chosen Men Of The Week. They have won in their grasp the opportunity to serve the people of this area well in the years to come. With their civic pride and devotion to their community, we are sure they will mean much to Chilton County in the active years of building a better community which we have before us!

SOUTH'S WILL TO WIN

Outnumbered in men about four to one, and outfitted in equipment and supplies, the Confederacy realized that in order to gain independence there must be a "will to win". This determination must also make use of every weapon an dmedoth, new and old.

The South was the first to use marine mines and torpedoes. In 1862 land mines were used to slow down the Federal advance toward Richmond. The mines, invented by General Gabriel J. Rains, caused bitter complaints from General George McClellan. Confederate prisoners of war were forced to risk their own lives in locating and removing the mines they had assisted in placing.

One Southerner invented a double barreled cannon to shoot two balls connected by a chain. Dr. A. B. Moore, Tuscaloosa, in recent years has viewed the interesting cannon on the grounds of the city at Athens, Georgia. He received the following explanation: the barrels would no discharge the balls simultaneously. The first ball fired, held by a chain swung around the cannon with the second ball serying as an anchor. The cannon was never used against the enemy. It was fired only twice in practice and in each experiment the swing

ing ball killed the gunner.

Both North and South made use of balloons for spying. The first balloon the South used successfully was the so called "silk dress balloon", believed by many to have been created from women's silk dresses. It was captured with the vessel, Tesser, to which it was attached on July 4, 1862 on the James River. It was replaced by one similarly made out of various colors.

Often the South resorted to subtlety to win a battle, or retreat. On army commander or "make-believe" guns. This was worth the extra effort and of great value in a safer and faster dered his men to retreat, but first to replace guns with wooden retreat.

Don't forget and listen to the information program, sponsored by Clanton Kiwanians, over the local radio station each week.

We do not know whether or not we agree with Mr. Boykin's ideas on the way government control is overtaking our land, because we do not know what his ideas are on the matter. If, however, we see eye to eye on the development of the Coosa waterway, as we seem to, then he is our ally and our friend in that department.

We will not accept government "charity" on the Coosa program, because it definitely is not charity in the first place. We want something done about the development of our national resources. Mr. Boykin is in a position, with his seniority, to do something about it! We accept his offer to help in this capacity! And thank him in advance!

(This series of questions about Social Security is complete from the questions sent to The Selma Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want answered to ask e Social Security, c/o Chilton County News, Clanton, Ala.

Q. I draw Social Security business. Can I pay Social Security on my own? A. She answers the telephone and makes out bills in the business.

A. No. Work done for a spouse is not covered by Social Security. Q. I draw Social Security. My wife and I have adopted a young child of my daughter's that was born out of wedlock. Can I get any Social Security payments for this child?

A. Yes. Also, if your wife is caring for this child she would qualify for benefits even though she is under age 62.

Q. My son died in November. He was never married. Can I draw his social security?

A. It is possible that you may be due the lump sum death payment. The amount you can get would depend on his earnings under social security and the amount you paid on the burial. The lump sum payment is never more than \$255. Monthly benefits are also payable to dependent parents under certain conditions. If you were dependent on your son, such dependency must be proved within two years after his death.

Mailbox Cleanup

Drive Now On

The annual rural mail box improvement program is to encourage patrons to provide suitable mail receptacles erected and maintained for easy and safe accessibility, presenting a neat appearance, and affording protection to the mail.

This is a list of suggestions for rural mail box improvement: Boxes that are not properly erected or not maintained in good serviceable condition retard the delivery of the mail and expose it to the weather.

Boxes which are no longer serviceable should be replaced. Name of box owner should be inscribed on the side of the box visible to the carrier as he approaches or on the door if boxes are grouped.

Boxes and supports should be kept painted, preferably white or aluminum.

Mail boxes on rural and star routes must be placed on the direction of travel. Boxes on the right side of the road in the conditions are such that it would be dangerous for the carriers to drive to the left in order to serve the boxes, or where their doing so would constitute a violation of State or local traffic laws and regulations.

Approaches to boxes should be unobstructed at all times. Filled and properly graded and The cooperation of all rural patrons will be appreciated.

Report from Washington

BY
ARMISTEAD SELDEN

Congressman, Sixth District

The story of our state's progress and needs in the development of its rich water resources was told to the House and Senate Appropriations Committee last week in an effort to obtain approval of funds included in the 1963 federal budget for Alabama waterways.

The budget contains five items for continued improvement of the important Coosa-Alabama River System. These include \$1 million for beginning construction of the Millers Ferry Multiple Purpose Dam; \$210,000 to complete advanced planning of the Claiborne Navigation Dam; and \$150,000 to resume planning of the Carters Flood and Power Dam, located in northwest Georgia on a tributary of the Coosa the budget designates \$2,500,000. An additional \$75,000 is earmarked to complete a comprehensive report, including flood data, of the Coosa-Alabama System and its tributaries.

In my committee testimony supporting approval of these appropriations, I pointed out that the Coosa-Alabama is one of the greatest underdeveloped waterways in the entire United States.

The federal government recognized its many potential advantages as far back as 1872 and instituted a program of improvement which, unfortunately, was not revitalized until recent years.

The river system's potential uses are not only of vital importance to the areas in Alabama and Georgia which will realize great economic benefits; but also to the entire United States, as the Coosa-Alabama will provide a major source of water transportation, reservoirs, and hydroelectric power for national defense.

I urged committee approval of the five budgeted items which

will enable the development of this waterway to continue on orderly schedule.

WARREN-TOMBIGHEE For continued modernization of the great Warren-Tombighe Waterway, I testified in behalf of budgeted funds of \$3.5 million for proceeding with work on the Holt Lock and Dam, \$75,000 to initiate studies related to modification of the John H. Bankhead Lock and Dam.

Construction of the modern Holt Lock and Dam was begun in fiscal year 1962. It is located approximately nine miles stream from Tuscaloosa and will eliminate four small facilities which are totally obsolete and inadequate to meet the needs present and future commerce. The Holt structure will reduce locking time, enable boats to travel at faster speeds, and eliminate delays caused by traffic congestion and other unfavorable conditions.

Calling to the committee member's attention the need at the Bankhead Dam, about early construction of a new lock miles upstream from the Holt project, I pointed out the critical delays encountered by navigation at this facility and strongly urged approval of funds for a study to determine the feasibility of replacing the two smallest locks with a large single lift chamber.

It is my hope that the Appropriations Committee will recognize the justification for the requested funds and favorably commend them to Congress.

CLANTON VISITOR

Mr. Ralph Johnston of Clanton was among those who came to Washington last week for committee hearings on the Coosa-Alabama River System.

CHEERFULNESS--
The following beautiful verse of cheer was written by Fanny Crosby, the blind hymn writer: "Oh, what a happy soul am I, Although I can not see, I am resolved that in this world contented I will be; How many blessings I enjoy that other people don't To weep and sigh that I'm blind I can not, and I won't."

Warning to Voters

Efforts may be made to confuse you, the voters, on the election for State Representative. My plea to you is to think carefully about which candidate has the most experience in business dealings with farmers, business and working people and from this experience of many years is now in position to pass on the proposed laws as they will affect your welfare.

Don Graham, Pastor

The date for our Bible School will be from June 4 - 11. The classes will be held from eight until 11 o'clock. We are sure that your children will enjoy the services.

The Young People and Intermediates had their mysterious party which turned out to be peanut butter party. Our pastor has a notorious appetite for peanut butter and was almost cured with this party.

Our revival will be July 22 through August 4. We will have as our guest speaker Rev. James B. Cambron of the Union Baptist Church in Lipscomb. Our song leader will be Mr. Richard Bolen, minister of music at the Bethel Baptist Church of Birmingham. This will be a real revival if you will only give your time and prayer to the furtherance of this revival.

Every Saturday in the month of June will serve as car wash days for the Intermediates and Young People. The money made there will send us to the retreat at Cook Springs on July 15, 16 and 17.

Our next Youth Rally will be held on May 19 at the Thorsby Baptist Church. There will be a very interesting and inspiring program and you are cordially invited.

We missed you last Sunday. Didn't you know that we still had church? We do. Why don't you come and see for yourself?

NEWS OF —

Lomax First Baptist

The First Baptist Church of Lomax is looking forward to making great progress in the service of Jesus Christ, the head of the church, throughout the community and to the ends of the earth. The interim pastor, Mr. G. Fields, invites every member to be present next Sunday morning for a very special reason. It is high time that the Vacation Bible School faculty and program should be organized. Also the summer revival should be planned and the preparation plans worked out. It is later than you think. The Lord is calling on us to stand up and be counted. There are other important matters of interest to be considered and attended to. Sunday school begins at 10. Preaching at 11:00 a.m. Training Union begins at 7. Preaching at 8 p.m. The mid week prayer service begins at 7. Choir rehearsal at 7:45 on Wednesday. Everyone is cordially invited to attend every service and you will receive a war mwelcome.

The sins are forgiven. —(Mark 2:5).

How far-reaching is the love of Christ! All remorse and all regrets are banished as we turn to His presence within. Confidently, wholeheartedly let us accept His forgiving love.

NEVADA—

Carson City is the smallest State Capitol, was named after Kit Carson, Indian fighter, and the Capitol Building was built in 1872. Due to its structure of storic over log rafters is why the engineers are debating whether or not to raze the beloved old building. Naturally there is considerable sentimental associations. In the main corridor is an information center where questions will be answered about the state as a whole. Another city attraction is the State Museum built as a U. S. mint in 1870. The old mint vault is now a working model of a mine.

FARM BOY to GOVERNOR

with YOUR help and support!

The road to the Governor's Mansion has not been an easy one for George Wallace. He was raised on hard work. As a farmer's son during the depression years, he spent his days plowing corn, picking cotton, and working hard at farming from sun up to sun down.

Later he worked his way through the University of Alabama Law School by waiting on tables, doing clerical work, and driving a taxicab.

He has worked constantly—bringing Alabama the fruits of the Wallace Industrial Act, Wallace Trade School Act and many other needed benefits.

The hard work and fighting heart that this background has given him have brought George Wallace to the threshold of the Governor's office.

George Wallace will make the only kind of governor he knows how to make—sober, conscientious, hard-working, economical, totally dedicated to making Alabama a better, more prosperous state for all its citizens and to maintaining our segregated customs and traditions.

George Wallace is the kind of man Alabama needs—and needs now—for Governor.

Are
"administered"
prices
in the U.S.
fair?

We don't think so. 88 per cent of all prices in the United States are administered*. This simply means they are fixed by administrative decisions of managements of companies. This practice is possible only where the companies in question have monopolistic control in the industry. This is why the healthy competition of Rural Electric is helpful to all users of electricity.

Republican County Convention Elects 12 Delegates To State Meet June 8th

The Republican Convention for Chilton County was called to order at 12 noon at the Court House Saturday, May 5, 1962, by County Chairman T. E. Wyatt. The purpose of the Convention was to elect 12 delegates and alternates to represent Chilton County at the Republican State Convention in Birmingham which will be held Friday, June 8.

The Convention was addressed by Jon Will Pitts, Republican Candidate and Nominee for Deputee Attorney General, Solicitor and Morris Moats, Republican Candidate for Representative. Both candidates outlined their plans for campaign in the November general election. Moats stated the Convention that if elected would favor passage in the Legislature of a local bill which would enable Chilton County to have a reidentification of all registered voters. Under the present system all registered voters

would have to sign in at the Courthouse and give their correct present address.

A new list of voters would then be published made up only of those people who appeared and signed in. Under that plan registered voters who are now dead could not be reidentified since they could not sign in nor could the many people whose names are still listed but have moved away from here many years ago. It is estimated that if such a reidentification were had, fully 30% of the names now carried on the qualified list would be eliminated.

Jon Will Pitts made the following motion: "I move that this Convention go on record as urging the Chilton County Board of Revenue and Control to take immediate steps to divide the congested and over crowded boxes in our Beats, in Beats 4, 2, 9 and 7, so that no more than the maximum number of voters allowed by law shall be grouped in one box. And, that failing to do this, they also investigate the possibility of Chilton County obtaining voting machines for Beats 4, 2, 7 and 9 and that the situation of over crowded boxes be relieved prior to the general election this year." The motion was passed after Pitts explained to the Convention that except where voting machines are installed the law requires that no more than about 300 people be

registered to vote in each box but that all of the boxes in Beat 4 and in several other beats contain far beyond the maximum number of voters allowed and this requires the polling officials in these boxes to do three or four times more work than the laws of this State contemplate their doing. "Some of our election officials have been required to remain at the polls for 24 hours or more not only in managing the election as they the counting of the votes." Boxes are required to do but also for 1 at Beat 4 (the Courthouse) has 1,060 qualified voters registered in it. That one box should be split into three boxes and the election officials who have to sit on the Courthouse Box are called upon to do three times more work than the law contemplates that they do. In Beat 4 all five boxes contain more registered voters than the law allows for one box. The Board of Revenue and Control need not split up these boxes if they are willing to install voting machines but if they decide to continue to use the paper ballots in these boxes they should split them up as they are required to do under the law and should have done long ago." Delegates and Alternates elected to the State Convention are as follows:

DELEGATES
Johnny Mack Taylor, Morris

Moats, Jon Will Pitts, C. L. Davenport, Curtis Brand Myrtle Pitts, T. E. Wyatt, James Dennis Sam Pate, Sue Brock, Mrs. E. E. Edwards, Alton Cobb.

ALTERNATES

All The Seldens Are Grateful To The People of the Sixth District

You elected Armistead Selden to Congress in 1952. Since that time Selden has been unopposed for this seat.

The entire Selden family is grateful for this vote of confidence but the fight to preserve the 6th District is not over!

We must have a record turn-out on May 29. Meantime please contact your friends and relatives outside the 6th and ask them to include Armistead Selden in their eight on May 29. This is extremely important.

Remember—you must vote for eight or your ballot will not be valid. Armistead Selden has ten years seniority in Congress and is only 41 years of age. He has the seniority and the energy to get things done for all the people of Alabama. This "9-8" race is most important... your all out effort is needed to keep Armistead Selden on the job for you.

FOR

Representative

I want to thank each of you for the vote you gave me on May 1st. To those of you who voted for my opponents I urge you to consider the need for more industry in Chilton County. I believe that the growth of industry can be brought about best when we have a representative with business experience. More industry means more JOBS and more jobs means more MONEY in your pockets.

I have not made any promises or commitments to any special group and will not make such promises.

I pledge to you that I will cooperate with all the public officials of our County in any effort to bring about better public services to the people of Chilton County.

I pledge to you that I will not pass legislation affecting any public official or City or County public office without first discussing that legislation in a public hearing with the affected official or Board and the general public in an open meeting. I intend to cooperate with our Governor in an effort to obtain paved road between the Countyseats of Chilton and Shelby Counties. I also will be cooperative with State officials in any undertaking which will benefit Chilton County.

Efforts to Demoralize And Intimidate Board of Education Fail; Facts Remain Unchanged

BY BOB TUCKER
Managing Editor
Chilton County News

THIS reporter, representing
this newspaper and the people
of Chilton County, spent prac-
tically the entire morning Tues-
day of this week in the offices
of the Department of Educa-
tion of Chilton County. I
spoke with Mr. Gordon Con-
way, Mr. J. Pope Payne, Sr.,
Mr. Dudley Nix, Mr. Marg-
aret P. Rawlinson, Mrs. Claudia
E. Williams and I also inter-
viewed Mr. Hubert Hayes of
Dumas, O'Neal & Hayes by
telephone to Birmingham, Ala.

Every statement printed
thus far by this newspaper,
concerning the public funds,
borrowed, and those in escrow
interest rates being paid and
interest being drawn on the
peoples money, has been cor-
rect!

The above mentioned per-
sons have verified these facts
individually insofar as their
various offices and duties are
concerned.

If there is any blame as to
why the public funds were put
into escrow (some \$500,000) it
lies with a mathematical error
of the State Dept. of Finance.
The Dept. furnished affidavits
as to what the proceeds of the
1c Sales Tax in Chilton County
should be. They, through an
error of a V. J. Elmore Stores
tax number, attributed ALL
taxes from the Elmore Stores
to Chilton County. They found
that this was not so, and when
the tax failed to bring in the
expected amount, the Board
had to act to honor their obli-
gation and to protect the
County's credit.

The bonds were sold and ac-
cording to Mr. Hayes of Dumas
O'Neal & Hayes, and every other
reliable source I can find,

week's Peach Festival Edition of
the News.

TOO many "citizens" expect
every public official to be "snowy
white," a roer of no wrong, while
they themselves languor an exist-
ence in the clouds of complacency and
self-righteous indignation. They
make us sick!

they are earning 1/8 of One
Percent interest for the people
of Chilton County!

When dealing in stocks and
bonds, there are naturally
costs and fees that must be
taken into consideration. Also
when you seek par or nearly
par when selling bonds of the
type in question, you usually
earn a lower rate of interest!
Selling these bonds at 99.38%
of par allowed the Board of
Education to get a better in-
terest rate on your money.

On a completely moral
basis, we are convinced that
the Chilton County Board of
Education has done no inten-
tional wrong to the people of
this County. We also feel
that you should have known
that anyway! The men and
women in the school system of
Chilton County are of the high-
est calibre and have primarily
the interests of our children in
their minds.

It is unfortunate that peo-
ple such as this must be sub-
jected to the kind of unwarrant-
ed "third degree" which they
have been subjected to in the
past several weeks. Their re-
putations speak for themselves.
By and large they are unques-
tionably among the best citi-
zens in this community. We
can ill afford to discredit
them with rumors and unfoun-
ded accusations. We discredit
ourselves as well!

All persons with whom we
have discussed this matter
have told us that they are cer-
tain they have acted in the
best interests of the people--
and the school children--of
Chilton County! We believe,
without doubt, that they are
sincere. Our opinion is that
our tax money and our school
system is in the best of hands!
We are grateful for their ef-
forts in our behalf!

An Important Message From Mr. J. P. Payne, Sr.

To The Citizens of Chilton
County:

Since there have been some
questions concerning the
schools and the manner in
which the Superintendent of
Education and the County
Board of Education have han-
dled your 1c sales tax money
I feel that in fairness to the
Superintendent and Board, I
should give you an insight as
to the manner in which this
money has been handled.

First, I would like to state to
you that Superintendent
W. A. "Bing" LeCroy and the
board members have had no
other than the best interest of
the schools. I can truthfully
say that we have handled
school money according to all
state laws that govern the
spending of all school funds.

I would like to state to you,
as to any losses of the tax
money, there isn't any loss to
the people other than regular
expense that occurs in hand-
ling such bond issues.

I am quoting to you a para-
graph of the official minutes
in the office of the Board of
Education of May 23 1960,
while his self-explanatory.

"The interest yield present-
ly available on 4 5/8% notes of
the United States of America
maturing May 15, 1965, is 4 1/2%
or better. It thus appears that
any Warrant proceeds invested
by the Trustee in such United
States obligation will pay on the
Warrants. Therefore, the
Board will suffer no loss in
interest charges by reason of
the investment of Warrant
proceeds in United States obli-
gation."

I dislike to mention any
names, but since Mr. John
Higgins, a member of the com-
mittee that looked at county
school records knows that
when you offer bonds for sale
that the investors won't give
you 100% on them and I am
sure he knows that but he
would try to have you believe
that the Superintendent and
the Board have handled these
bonds in a shady and incom-
petent manner which is very
unfair to the officers and
school children of our county.
There is no way to estimate the
damage this and other articles

Shall Southeast Asia Go Red? Answer Lies In Laos, Says Sparkman

The situation in Laos boils
down to whether Southeast Asia
shall be allowed to fall to Com-
munist, according to Senator
John Sparkman (D, Ala.) Act-
ing Senate Foreign Relations
Committee Chairman.

In interview programs carried
over Southern radio on televi-
sion stations, Sparkman in re-
sponse to a question on the sign-
ificance of events in Laos said,
"The question really boils down
to this: Shall Southeast Asia be
allowed to go under?"

"It is apparent when you look
at the map that if Southeast Asia
is lost to communism, probably
all of that part of Asia would be
lost," Sparkman stated. Also,
it would be very difficult for the
Philippines, Australia and New
Zealand to survive.

"I think the Administration has
decided the answer to that
question is in the negative and
that the line is drawn here and
that we intend to do whatever is
necessary to prevent that from
happening," Sparkman declared.

"If we can get Laos as organized
as a neutral, the rest of South-
east Asia I think is reasonably
safe."

is costing the schools. I am
sure if he would state the true
facts to you he would have
other motives in mind instead
of the tax payers and school in-
terest.

I want to say to you people
who are interested in good
schools you cannot have them
and follow such propaganda
and criticism of your school
Administration, if you want to
follow this propaganda and
you soon won't have any
schools.

Now, let me make a few
statements from a personal
nature. I am not at present
a member of your Board of
Education; I gave the schools
of this County some 27 years
of my life as a service and I
resent him, Mr. Higgins, or
anyone else attacking my hon-
esty and integrity. All of my
dealing with the school's prob-
lems is open to the public and
I can truthfully say that as far
back as Mr. Luther Little's
term as Superintendent and all
Superintendents whom I serv-
ed with, we did not have any
other purpose other than to
serve the schools with the very
best of our ability.

In reference to the \$70,000.00
bonds which have been sold
since July 1, 1961 the time
which I resigned and Mr. W.
A. "Bing" LeCroy was appointed
State Superintendent of Educa-
tion I will not try to
state to you the facts about
these, but I do not have any
doubt in my mind but what
Mr. Conway and the Board did
handle them in the proper
manner.

I trust that I might have
cleared any doubt that might
be in anyone's mind in regard
to your schools and the man-
ner in which your tax money
has been handled.

Sincerely,
J. P. (Pope) Payne

May 17, 1962
Mr. W. A. LeCroy
State Supt. of Education
State of Alabama
Montgomery, Alabama

AS State Superintendent of
Education you have inquired in-
to the circumstances surround-
ing our underwriting for Chilton
County, Alabama, Board of
Education school Warrants in the
amount of \$70,000 sold on No-
vember 21, 1961. These warrants
were sold at public competitive
sale. We mailed from this of-
fice a joint sealed bid for our
account consisting of the First
National Bank of Memphis and
ourselves of the Chilton County
Board of Education. The Warrants
were sold on the basis of the
lowest net rate of interest.
Our net rate was 3.354%; other
bids were as follows: 3.59%;
3.49%, 3.46%, 3.42% and 3.40%.

"Mr. James D. Heflin who is
associated with this firm, was a
member of the Board at the time
of the sale. In view of this re-
lationship, we, therefore, mailed
our bid direct to the Board and
Mr. Heflin had no knowledge
whatsoever of our bid nor of
that matter of our competitors'
bids until they were opened at
a public meeting at the same
time as all others. Based on
market conditions at the time
of the sale, there is absolutely
no question whatsoever but that
it was decided to the Board's ad-
vantage and, therefore, the school
system of Chilton County to ac-
cept our offer.

"... You will note that the
gross profit was \$661.60 and that
the net profit for each of us (the
First National Bank of Memphis
and our firm) was \$215.17 and
\$215.17. The amount of profit
involved is certainly in-
dicative of the highly competi-
tive basis under which the
Board's warrants were sold.

"... Certainly the records of the
Board open for public in-
spection, will verify the com-
petitive nature of any and all
such dealings and are self evi-
dence of the businesslike man-
ner, free of all politics, in which
its affairs are conducted for the
benefit of the Chilton County
School System and we are proud
of our association with the
Board."

Safety Reminders From Your Water Patrol

Now, that the cares of winter are over, many of us will begin to take to the water. Of course as we go later and later into the season, more and more people are going to find their way to the rivers and back waters for recreation. The water provides many happy hours of fun and enjoyment for you and your entire family, but the water can be a very deadly thing if not treated with the proper respect.

Be sure that your life jackets are capable of doing the job that they were intended to do. Inspect them for holes, weak material and weak straps. Be sure that they are Coast Guard approved. All Coast Guard approved life preservers and buoyant cushions have tags sewn into them stating that they are Coast Guard approved and give a Coast Guard approval number. You should never remove these tags because they are the only evidence that your life preserver and buoyant cushions are Coast Guard approved.

Be sure to have a Coast Guard approved life preserver or buoyant cushion in your boat for each occupant of the boat. It makes good, common sense to do so because they are for your own safety and for the safety of those that are with you.

You are cautioned that although a ski belt or a life preserver is required by law to be worn while skiing, ski belts are not Coast Guard approved. Therefore, they are not recognized by law as suitable to fulfill the requirement that a Coast Guard approved life preserver or buoyant cushion be in your boat for each occupant of the boat. Read your regulations, play

Willie C. Williams In Germany

Army PFC Willie C. Williams, son of Mr. and Mrs. Marvin Williams, Route 1, Clanton, Ala., recently participated with other personnel from the 14th Armored Cavalry Regiment's 2d Reconnaissance Squadron in a month long tour of duty on the East-West German border in Europe. The primary mission of the 14th is the constant surveillance of

NATO's Fulda Gap, a 100 mile segment of the Iron Curtain, which serves as the gateway to Berlin.

Williams, an infantryman in the squadron's Troop G in Bad Kissingen, Germany, entered the

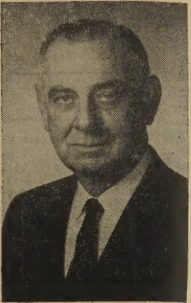

Army in May 1960, received basic training at Fort Jackson, S. C., and arrived overseas the following October.

He was employed by Rocket Powers before entering the Army.

NEWS OF—

MT NEBO

Mr. Stanley Davis delivered a very fine message to a small group on Sunday. Attendance off for all the services Sunday. May we all make a special effort to worship each Sunday in the church of our choice.

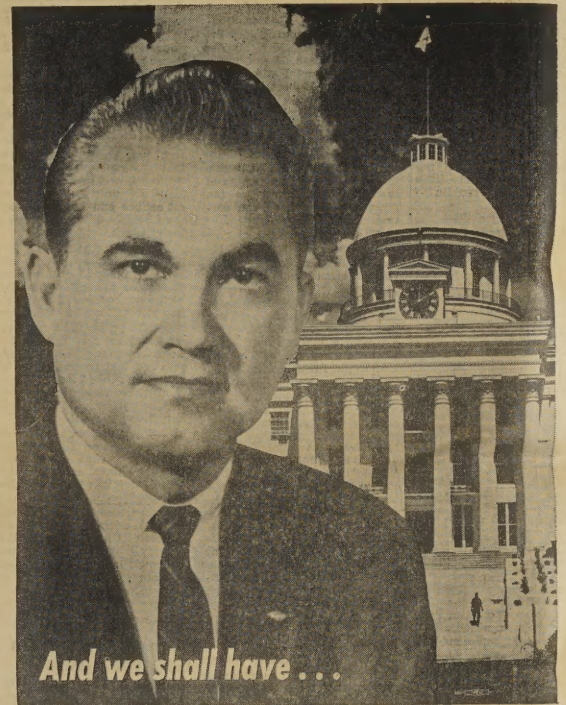

Mr. and Mrs. John Culp and Karen of Auburn, Mr. and Mrs. Harry Culp, Nanette and Benita of Boaz were at the W. W. Culp on Saturday and Sunday. The Culp, Harold and Mark, Mrs. E. S. Chasteen, the Harry Culp, the H. R. Ellisons' Hal and Teresa, Sue Culp, Mr. and Mrs. A. J. Chasteen and sons and Pam, all enjoyed a family gathering at the City Park on Sunday. The Haylets left for Lexington, Kentucky, where he will be stationed for the next three years.

Miss Inez McKee of Maplesville spent the week end with Mr. and Mrs. V. C. McKee. Those enjoying a family gathering at the home of Mr. and Mrs. V. C. McKee on Sunday were Miss McKee, of Maplesville, Mr. and Mrs. Dan Mims of Clanton, Mr. and Mrs. Arthur Henley and daughters of Sylvauga, Mr. and Mrs. H. O. Headley and children, Mr. and Mrs. H. L. Mims and children and Miss Elaine Wilson. Mrs. Sam Wilson, Mr. and Mrs. Jack Tucker and children of Montgomery visited the McKees in the afternoon Sunday. Mr. and Mrs. Sam Taub visited Mr. and Mrs. McKee for a while on Saturday afternoon.

Mrs. H. R. Ellison and Teresa Mrs. E. S. Chasteen, Mr. and Mrs. Harold Haylett and Mark visited Mr. and Mrs. D. H. Marcus and children in Birmingham on Thursday.

We are very sorry to report that Mrs. J. D. Culp is not improving. She remains about the same in the nursing home.

Mr. and Mrs. John Culp and Karen of Auburn are combining a business trip with a short vacation this week. He was to be at the Extension Service at the University of Oklahoma and the University of Arkansas, on Tuesday and Thursday, respectively. We hope they had an enjoyable trip.

And we shall have . . .

Honest, Southern, God-fearing leadership in Montgomery

George Wallace has made his pledge to the people of Alabama.

George Wallace has clearly demonstrated, in every phase of his public and private life, the integrity, the sobriety, the deep-felt Christianity, the leadership ability and dedication which Alabama needs—needs desperately—needs now.

George Wallace stands for—and stands up for—the things that we all want for our state. And we, the people, showed our confidence in his leadership with an outstanding majority of our votes on May 1. On May 29 we shall elect him Governor.

Because everything in George Wallace's past record proves that, when he stands on the hallowed spot where Jefferson Davis stood and takes the oath of office, a better and brighter day will dawn for all of us and for our state.

STAND UP FOR ALABAMA

ELECT GEORGE C.

WALLACE

Representative

I want to thank each of you for the vote you gave me on May 1st. To those of you who voted for my
opponents I urge you to consider the need for more industry in Chilton County. I believe that the
growth of industry can be brought about best when we have a representative with business experience
More industry means more JOBS and more jobs means more MONEY in your pockets.

I have not made any promises or commitments to any special group and will not make such pro-
mises.

I pledge to you that I will cooperate with all the public officials of our County in any effort to
bring about better public services to the people of Chilton County.

I pledge to you that I will not pass legislation affecting any public official or City or County
public office without first discussing that legislation in a public hearing with the affected official or
Board and the general public in an open meeting. I intend to cooperate with our Governor in an
effort to obtain paved road between the County seats of Chilton and Shelby Counties. I also will
be cooperative with State officials in any undertaking which will benefit Chilton County.

Peaches In Chilton Are Everybody's Concern--

AS has been said many times before, there is hardly a family or an individual in the whole of Chilton County that is not touched by the Peach Industry. It is therefore fitting and proper that the people—as one support and encourage efforts by interested sources to promote and publicize the industry, to the improvement and development of this industry as a money-making part of our economic structure.

In other words: Don't knock it. . . join it!

The Jaycees of Clanton are promoting this year's Peach Festival, which takes place on Thursday, May 31 and on Friday, June 1st. Sectionalism should not be considered in an effort such as this. The motive of the Jaycees, one of the finest organizations of its kind in the County, is to promote "King Peach" for in Chilton County, the peach is the unquestionable ruler, all things considered!

The Chilton County News, consistent with its efforts to promote Chilton County in any way, shape, form or fashion, has joined in the effort to make this year's Festival one of the best. We are putting out a Special Peach Festival Edition of the News on May 31st. It is hoped that, since this issue will go to every family in Chilton County, local merchants will take advantage of the opportunity to make great sales day out of Thursday and Friday; thus helping to add to the activities of the Festival and also doing their part to keep Trade at Home where it belongs!

Folks, This Is Serious--

IT is apparent that the people of Chilton County have quite a stake in the 9-8 Plan which will culminate this year in the loss of one of the Congressional Districts in the State. We, unquestionably stand to lose a great deal if our District is "sub-divided" among the other eight.

The saving of the Sixth District is not assured even if we retain our Congressman. It depends entirely on who the Congressman is that is "left out in the cold" so to speak. If he is in a District which borders the Sixth, then chances are, Chilton County will be placed in another District.

We feel that if the Sixth District, of which Chilton is a part, gives a strong, almost 100% vote to our Congressman, it will carry a lot of weight when Re-districting time comes around. The Sixth is the lightest voting of District the nine in the State. One more reason why we MUST stand with our Congressman Armistead Selden, Jr.

It is apparent, that what the entire problem boils down to is: "Who do we eliminate." This is a question for you the voter to decide, and it makes it doubly important that you go to the Polls on May 29th and put in your opinion on how the thing should go!

As a Democrat and citizen, we feel that we need the Hon. Armistead Selden in Washington. As a citizen of Chilton County, we feel the necessity for preserving our District—as it now is! What do you think? Let us know in May 29th. . . and that is next Tuesday friend!

WHO IS GUILTY?--

WE do not hold every Republican in Chilton County responsible for the actions of their Party organ in this County—the Union-Banner. However, if they support the newspaper, then we maintain that they are, at the very least, partially responsible for the attempt to demoralize the governing body of the school system in this County.

In the first place, the newspaper, using the most deplorable of tactics, has presumed upon itself the role of judge and jury by indicating that a man is guilty until proven innocent! This in itself is bad enough, and they are using a controversial situation to further their own political ambitions.

An editorial in the Union-Banner of May 17, both in headline and content of article, imply that a member of the Board of Education was wrong because:

He was a member of the Board;

He represented a bonding company which bought bonds from the Board;

WHAT IS THE CAUSE OF ALL THE CONFUSION?

EDITOR,
CHILTON COUNTY NEWS

"TOO many of our citizens are shrugging their shoulders and saying 'politics are dirty; I want nothing to do with politics!'"

"Politics, in my opinion, is the science of government, and will be as efficient, as clean or dirty as our citizens permit. The word 'citizen' has a venerable history. It meant, in ancient times, the free men of a city, who share its civic life. I like the definition

"share" which, of course, means that citizens share the responsibility, as well as the rights and privileges. Rights and privileges are protected by our Constitution and should be upheld by law enforcement officers.

There is no law that I know that forces a citizen to share and discharge civic responsibility. Too many of our citizens, perhaps, leave the discharge of civic responsibility and the control of our Government to political machines made up of those whom we would not employ in our business, whom we would not trust and for whose knowledge, ability, experience and

integrity we have no confidence. "Some of our best thinkers refer to the decline and fall of the Roman Empire, as disclosed by Edward Gibbon, published in 1788. He gave five reasons for that fall:

1. The rapid increase of divorce: the undermining of the dignity and sanctity of the home, which is the basis of human society;
2. Higher and higher taxes and the spending of public money for free bread and circuses for the populace.
3. The mad craze for pleasure; sports becoming every year more exciting and more brutal;

4. The building of gigantic armaments when the real enemy was within the decadence of the people;
5. The decay of religion - faith fading into mere form - losing touch with life and becoming impotent to guide the people.

The intelligent minds of today are wondering if we are in the cycle of the rise and fall of the world's greatest civilization which can be traced in 8 distinct stages:

1. Bondage to spiritual faith,
2. Spiritual faith to courage,
3. Courage to liberty,
4. Liberty to abundance,
5. Abundance to selfishness,
6. Selfishness to apathy and complacency,

7. Apathy and complacency to dependency,
 8. Dependency to bondage.
- "What stage are we now in? "Eternal vigilance is the price of freedom."
- "Could it be that the author of Chapter 3 of II Timothy, was able to apprehend, foresee and predict our present time? The first seven verses of that Chapter are as follows:

1. "This know also, that in the last days, perilous times shall come,
2. "For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy,

3. "Without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good,
4. "Traitors, heady, high minded, lovers of pleasures more than lovers of God,
5. "Having a form of godliness, but denying the power thereof; from such turn away,"
6. "For of this sort are they, which creep into houses, and lead captive silly women laden with sins, led away with divers lusts,
7. "Ever learning, and never able to come to the knowledge of the truth."

Respectfully,
-S- J. B. ATKIN

BUILDERS

Guests of the local Kiwanis club this week were John Sellers our County Agent and John Wheeler head cattle buyer for Prasty Morn Packing Co. of Montgomery, Ala.

Mutt Wray was appointed to represent the club in working with other clubs and individuals in the Boy Scout drive that will soon be under way. Mutt has always done an excellent job in his assignments with boys and girls work.

Ben Studdard reported that all remarks had been favorable covering the information program presented by Congressman Selden over local radio station last Saturday. This week's program will be presented by Bob Powers and he will explain the workings of the Federal Housing Unit is under construction in Chilton County. Always remember to turn radio dial to 980 at

12:30 p.m. each Saturday for an explanation of timely subjects. Judge Joe Mullins urged all members and everyone else to go by and see the new library which there take advantage of the many services offered by our County Library.

This week's program was under the direction of Reddie Taylor chairman of the membership and attendance committee. The speaker was Mr. Andrew Dennis, formerly of the Maplesville area and presently employed by Frosty-Morn of Montgomery. We were told that Frosty-Morn will soon have their new plant in operation and it will be capable of handling 300 - 800 cows and 1000 - 1500 hogs per day.

Alabama farmers will furnish the cattle and hogs needed by this plant their farm income will increase by several million dollars. Presently Alabama is producing less than 1% of beef and pork produced in U.S. and should increase present production by more than 50%. Farmers of this area have a wonderful possibility provided they will produce quality livestock in the years ahead.

Kiwanian of the week was Irvin Joiner. Irvin and Big Jim Folsom have one thing in common, is that both have lived in Cullman County, however Irvin states that he left before Big Jim arrived. Irvin has been employed by Southern Bell Telephone Company all his adult life except for six years spent in the Navy during World War II. The Joiners have some extra cash they can spare if you need one.

And that he abstained from voting when the issue came before the Board.

Regardless of what implications may be assumed by the individual mind on the matter, the man is innocent of wrongdoing until proven guilty. So far, such proof is conspicuously absent from the scene. A man's character has been attacked, and no matter how circumstantial evidence is twisted, that man is supposed to be innocent until proof to the contrary is evident!

The purpose of this bit of slander is obvious to the most innocent of observers. As the Republican organ in Chilton County, and because the Republican Party is striving to make a name for itself, the newspaper involved is grabbing at any straw to insure the success of the effort. We are convinced that the good Republican citizens of this County will not be intimidated by such ugly, base political maneuvering.

We lay ourselves open to the wrath of the people should they assume that we defend only our Democratic Party. But, the implications and the situation we are dealing with, extends far beyond Party loyalty. It goes to the very core of our American heritage and beliefs. We will defend anyone: Democrat, Republican; Methodist, Baptist; white or black, if evidence is lacking as to their guilt.

Lynching and slavery are wrong. Just as wrong, is the willful de-facing of a man's character, when he is innocent.

We already have three children who must go through the educational system of Chilton County. That gives us an unquestionable interest in the operation and maintenance of that system. Seeking to demoralize the system, is in no way, helping our children's education!

We do not defend any individual's right to tamper with or misuse public funds. If intentional wrong has been committed, we want the offenders punished, by due process of law, and we want the system in the hands of competent men, who will look after our best interest, as a citizen of this community!

We are a great deal more concerned with men of character than we are with percentages. A monetary loss can be regained. A man of character, when drug through the mud, in some peoples minds, never again is clean. Poisoning of peoples minds is not against the law, though it should be. If a political party has no more confidence in itself, than to stoop to destroying character to maintain its prestige and self respect, then it hasn't much to begin with. A man of character cannot be destroyed by rabble-rousers, but the public image of the man can be! When that happens, his usefulness to his people is over. Do you consider yourself enough of a God to assume such a role? Are you of such Divine content, that you can judge without yourself being judged? We have none such in this life?

Across The Editor's Desk--

Naish Writes On 9 - 8 Plan

Mr. R. M. Tucker, Publisher
The Chilton County News.
Dear Sir;

"Your editorial of May 17 is indeed timely and should be needed. You state in one paragraph (quote) If the Democrats are to maintain their balance of power in Chilton County, they must first, clean house. (end of quote). This statement covers more than Chilton County. It covers all of Alabama. The entire state is faced with the same dilemma.

"The state-wide congressional race is proving to be a blessing in disguise and is our golden opportunity to retain the ones that have stood true to their Party and their electors. Those who will not 'turn coat' on their electors, their Party or its chosen leaders and when elected will not vote Republican nine out of ten, but will stand loyal and true to their Party and Party principles.

"Can anyone expect the voters to stand true to their Party (any Party) knowing the candidate to be only a campaign Democrat?"

"Luckily, we have four men in the congressional race that are outstanding in Party loyalty, ability, knowledge and honor.

"George Huddleston has done more for Alabama as a whole than anyone else has in the last fifty years. His prestige is high in Congress. He is now serving on the all important Armed Services Committee and fighting hard to keep several of our military training centers from being abandoned and our National Guard units reduced.

"Carl Elliott has blazed a trail in Congress that is still sizzling by being appointed to the powerful House Rules Committee. A place only three other Alabamians have ever held. To keep him there is a paramount necessity.

"Albert Rains is first, a man! A natural leader of men with a powerful congressional following. A man of firm convictions and action and a knowledge and willingness to work for the things Alabama most needs. He just brings in the bacon on almost every turn.

"No more honorable or efficient man can be found than Kenneth Roberts. He too, stands true to his Party and its principles and has the respect of the entire Congress as well as the Administration. He does not confine his efforts solely to his district, but his entire efforts are for Alabama and its welfare and progress. His achievements are many.

"Alabama cannot afford to lose the brilliant services of these men. The states popularity in

the Congress has risen to an all time high due to their ability, honesty, loyalty and untiring efforts. Let's keep them there and doing.

"Who among us would like to return to the starvation days of Taft, Harding, Coolidge, Hoover and the tottering, bungling Eisenhower?"

BLINDNESS

There's a difference between total blindness and legal blindness. Total blindness, of course is no vision at all; but legal blindness is that state wherein the degree of vision in the better eye is no more than 20-200, or less. By this measure, a person can see no farther than 20 feet what a person with normal vision can see at 200 feet.

Most blind people are in the older age group, with more than half of the legally blind population of 339,000 being 65 or older. A half million people in

A. You have the right to appeal the decision. Your social security office will be glad to assist you. security office will be glad to assist you. security office will be glad to assist you.

Q. Is there any advantage to my wife (who is younger) claiming a reduced benefit on her own account as soon as she reaches 62, rather than waiting until she is 65?

A. There are advantages and disadvantages. The people in the social security office will be glad to explain. However, the decision as to whether or not she will accept reduced payments must be made by your wife.

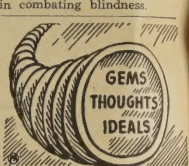

Q. Can my employer be of assistance to me in applying for my social security payments?

A. Occasionally it is necessary for the Social Security Administration to ask the employer for a statement of wages paid to a worker in certain periods. The employer's personnel records are also very helpful sometimes in establishing the date of birth of a worker.

country are estimated as being blind in one eye, and a far greater number are afflicted with some lesser degree of defect. Over a million people in the country require some form of visual care, including vision training, and the aid of glasses. Only four out of ten people receive such care, and one out of ten wears glasses that are obsolete or improper for his condition.

In the older age group, conditions causing blindness include diabetes, hardening of the arteries, high blood pressure, glaucoma, and cataract. Because of medical advances, particularly in drugs, the rate of blindness due to infectious diseases among school children has dropped 75 per cent during the past 20 years.

Blindness is costly in the loss of manpower, in the need for education services, in the need for seeing-eye dogs, and in pension costs. Economically, the burden of blindness would be far greater were it not for recent medical discoveries and their application in combating blindness.

THINKING OF HEAVEN--

One night a girl walking with her father was looking intently at the stars. Her father asked her what she was thinking about and this is what she said. "I was thinking if the wrong side of Heaven is so glorious, what must the right side be?" We cannot tell what a glorious place Jesus is preparing for us but we know it will be a beautiful place. And best of all, He will be there.

WALLACE SAYS HE WILL NOT GET BLOCK VOTE; OK BY HIM

With the Wallace Campaign-Judge George C. Wallace moved into the final days of his campaigning for governor confident of victory and anxious to "get busy getting jobs - the problem that demands our immediate attention."

Calling the critical unemployment and short-work weeks in Alabama beyond the alarming stage, Wallace pledged an immediate program of industrial and business recruiting.

"And I won't wait until inauguration time in January to start," Wallace said.

"I have already been in touch with several big businesses in recent days and they have promised to talk with me about locating plants in Alabama immediately following my election. Wallace's gubernatorial hopes were bolstered from many directions as May 29th neared. He entered the second primary knowing that voters in 37 out of 67 counties had picked him over his opponent and had given him a lead of some 46,000 votes.

"Discounting the bloc vote which will vote 100% against me, my supporters feel that a vast majority of the good folks who supported the other candidates on May 1 will be with us this time," Wallace said.

A strong endorsement by Eugene "Bull" Connor, one of the defeated candidates, and a mass movement of county and state leaders from the backers of James Folsom and MacDonald Gallion backed up Wallace's thinking.

Although several out-of-state paigning against him in the run-off, 10 of 13 Alabama-owned daily newspapers have announced their endorsement of Wallace. The vast majority of weeklies who had publicly endorsed a candidate had also come out for Wallace.

In addition, endorsements continued to come from organizations and groups all over Alabama. Among the latest announcing their support were the KILROU - American, made of

Creek, Choctaw, Cherokee and Chickasaw Indians living in Alabama, 10,000 strong.
From a base vote of 206,000 on May 1st, Wallace's total vote on May 29th was expected to jump dramatically with these thousands of new supporters joining with him to "Stand up for Alabama and the Alabama Pension bama."

Wallace himself continued to follow the stumping trail and to stick to the issues - rather than personalities. He had a jammed packed schedule leading right up to May 29th. Two programs were scheduled, one from Mobile on May 24 and one from Birmingham on May 28.

To The People Of District Two And Chilton County

Again I am asking you in the final edition before the second primary to study in a sincere manner the job to be done, as member of Board of Revenue and Control, and the two men in the run-off. If you should decide that I am the best qualified I would like to make the following statements:

1. I shall stand for maintenance of roads and drives and pave as much as we are financially able.
2. I shall stand for using Chilton County skilled or common labor on Chilton County work.
3. I shall stand for fair wages and working conditions for all county employees.
4. I shall stand for buying from local merchants tile makers, lumbermen or makers of other products, when prices are on a competitive basis.
5. I shall stand for giving the citizens a voice of approval before any major undertaking is decided upon.
6. I shall not employ an inexperienced foreman for political reasons or otherwise to lead in road construction in District Two.
7. I have not, and will not, enter into any agreement with political individuals or groups of individuals. I have run on my own and for myself, and will be free to act with the counsel of the people for the best interest of the people.
8. I shall try at all times to regard the office as a public trust, and, thinking soberly making judgments and decisions for the best interest of our county.
9. I shall serve all the district all the four years, in a fair and impartial way.
10. I shall at all times work for the best educational, financial and spiritual welfare of the people.

Again, I state I have tried to conduct my campaign in a fair and upright manner, "neither turning to the right or left" as taught in the Master's plan.
IF YOU CAN SUPPORT A BOARD MEMBER THAT STANDS FOR THESE PRINCIPALS, THEN I SINCERELY ASK FOR YOUR INFLUENCE AND VOTE ON MAY 29th

(Pd. Pol. adv. by Marion S. Smith)

The Political Machine IS Against Grady Heflin

IT is important that the voters of Chilton County know, that the political bosses and machinery of organized politics in Chilton County are fighting Grady Heflin.

There is but one reason that these people are against Grady Heflin, and that is because he is a man of integrity, longtime good standing in this County and community, and they are well aware that he cannot be intimidated.

The machinery politicians stand to lose even more control over Chilton County politics than they have already lost in recent months if they allow such a man as Grady Heflin to be nominated as Representative of Chilton County.

If you are a citizen of Chilton County, and you are anxious to have politics returned to the control of the people, you will weigh the possibilities carefully before you follow the machine politicians to the polls next Tuesday. There are too many good people in Chilton County to allow our County to be run completely and absolutely by big-wig politicians.

It is your privilege, as a citizen of the United States, to vote your own convictions when you cast your ballot. You are asked only to remember your responsibility to your neighbor and yourself when you go to the polls on May 29th. Do not let gossip, slander and mud-slinging mar your vision about who your choice will be. Choose the man with the most experience in dealing with peoples problems and the man whose character and ability is beyond question in the minds of those who know him best!

Choose Grady Heflin to represent you in the State Legislature for the next four years!

To The People Of District Two & Chilton County

You are faced with choosing a board member for this district in the May 29th primary. May I bring to your attention the fact that there are many needs and problems that need the full support of each and everyone of us, united not divided. I have been most grateful to call each of you my friend and very thankful to have the friendship of each of my opponents. May we conduct ourselves in such a manner that no friendships will be lost and where we can unite 100% for any and all worthy causes.

The jobs ahead need each and everyone at his or her best. My philosophy is that a dirty job is one that leaves dirt on the soul. I am determined that I will say no one evil, so that I can live in peace with each of you after this election is over. I can continue to serve you with a clear conscience that I have done all for each of you that our means would provide. In making and planning your county budgets, I have earnestly tried to be fair with each department. I have sought advice on every road project set up and been guided by this and the best judgment I had. I now have gained valuable experience along with sound advice from many of you that I can use in further carrying on your county's business.

There are several persons running to and fro giving false advice and making false statements. You, the people, know their interest, if you do not I will say that they are interested only in their personal gain, not yours or Chilton County's.

I have served many worthy causes, rendered many favors and contributed in many ways for many years to make our county what it is today. I do not deny the friendship of any of my supporters.

May I humbly and sincerely solicit your vote and influence in my behalf on May 29th.

Your for a better Chilton County

Veterans' Group Endorses Speaks

Francis W. Speaks is a combat veteran of World War II, having served as an infantry squad leader in the U. S. Marine Corps in Asiatic-Pacific Campaigns.

Francis W. Speaks has reflected credit upon Chilton County during his eight years service as our Representative in the Alabama Legislature. He has seniority on the Judiciary Committee and the Military Affairs Committee.

He was the single Legislator chosen to represent the House of Representatives on the Southern Regional Educational Conference which is a mark of distinction for Chilton County, and shows that he is a man possessing both youth and maturity, having earned the confidence and respect of his fellow Legislators.

He has helped to lead the fight for better appropriations for education and higher pay for school teachers. As the House member on the Southern Regional Educational Conference he will be able to continue to exert great influence in the fight for better education and segregated Southern schools.

Francis W. Speaks will be remembered for securing the special \$80,000 appropriation from the Educational Trust Fund which made possible for the people of Thorsby to establish their Thorsby High School.

Francis W. Speaks passed a local bill levying a One Cent Sales Tax for school construction in Chilton County. This law provides the tax for ten years, after which time the people have the right to vote whether or not the tax is to be extended for another ten years. This right of the people to extend the tax is written in the present law, and if the people want the tax a total of twenty years, the people of Chilton County alone have the right to extend this tax.

Francis W. Speaks is the author of the Trade School Bill which gives the people of Chilton County the right to vote this Fall on the two-mill tax which will make this Trade School a reality. He has shown the ability to co-operate with all education and civic groups to give our young people and adults a chance to learn a trade in order to make a better living.

Francis W. Speaks has initiated the plan to provide public parks on the Coosa River and to secure improvements to the Confederate Memorial Cemeteries. This has been possible through his work with the Joint Committee on Parks and Recreation in the Alabama House and Senate.

Francis W. Speaks is co-author and sponsor of bills to provide for care for the aged, mental health, increase Unemployment Insurance Payments, Workmen's Compensation and stands ready at all times to assist the working people, those in need, people with special problems. He treats people in all walks of life with equal courtesy and respect.

We believe that a vote for Francis W. Speaks is a vote for progress for you and all the people of Chilton County - not just a few or for any select or privileged group.

Sincerely yours,

Northside Baptist

The Northside Baptist Church held a unanimous call as to Rev. Walley B. Henley, pastor, youth director, director of music, of the Boyles church, Birmingham, and begin his junior year this fall at Howard College. He is about the age of 16, serving as a Director and minister of the church, later moved to South Highland Baptist Church, both of Bessemer, and then serving at the Boyles church about two years. Rep. Mrs. Henley will move into the parsonage, and he will begin his duties as pastor of this church about June 10. At the business meeting last

Sunday, the church adopted a unified budget, and a constitution and by-laws. The Vacation Bible School faculty is organized, the books and other materials are at hand, the school is scheduled to begin May 28, to continue for one week. Mrs. Ruth B. Comer is principal. The attendance is holding up well in spite of the memorial services at other places and a gracious spirit of the Lord is being felt at every service. The church invites everyone, especially of this community, to attend every service and join in with them in looking forward to the coming of their new pastor who is highly recommended to be a great worker, especially with young people, also a great evangelistic gospel preacher. Sunday School begins at 9:45.

Dear Friends and Fellow Citizens:

In the past few weeks I have been in contact with most of you. I want to say that it has been a real pleasure and I certainly appreciate the many courtesies extended to me.

Four years ago when I asked the voters of Chilton County to elect me to membership on the Board of Revenue and Control I promised to conduct my campaign as an individual and not to become connected with any certain group, clique or so-called political bosses in Chilton

County. I have kept that promise to this day and I promise to continue to serve you just that way. I know that to serve on the Board of Revenue and Control it has to be on a give and take basis. No man can or should even expect to have everything go his way all the time. We need elected officials in Chilton County who can sit around the conference table, weigh the issues before them, think the problem through as an individual then role in the best interest of the majority according to the dictates of his own conscience.

I don't feel that there has been any major issues in this campaign. I feel that everything has been very clean between the men who qualified with the Democratic Executive Committee to run as qualified opponents. However, after having so many of you tell me, I feel that there are those who are running as unqualified opponents. I know that you as voters, thoroughly qualified to think and vote as you see best, emphatically resent this kind of politics and I don't blame you.

I will make every effort to see as many of you as possible this week and ask for your continued support and influence in my behalf. To those of you who read this and for some reason I fail to see you, please accept this as a personal contact in asking for your support and vote on May 29.

I want to thank each of you for every effort put forth in my behalf and I humbly and earnestly solicit your support and vote in the May 29 run-off.

Sincerely Yours,

Roy L. Pilgrim Participates In "Quick Kick"

Staff Sergeant Roy L. Pilgrim of Thorsby, Ala., an Air Force baker, is participating in Exercise "Quick Kick" now being held in this area. Sergeant Pilgrim is on temporary duty for the joint training maneuver which is designed to test the conventional warfare capabilities of air, land and sea forces of the U.S. Atlantic Command. He will return to his permanent assignment in a Tactical Air Command unit at Seymour Johnson AFB, N. C. upon completion of the exercise. The sergeant is the son of Mr. and Mrs. O. R. Pilgrim of Thorsby.

James R. Walker In Germany

Army Specialist Four James R. Walker, son of Mrs. Eunice Walker, Thorsby, Ala., recently participated with other personnel from the 49th Ordnance Company in Order 1, a two-week command post exercise in Germany. All Seventh U. S. Army ordnance units participated in the exercise which was designed to test the ability of these units to provide ordnance support for Seventh Army combat units under simulated combat conditions. Specialist Walker, a crew chief in the company in Karlsruhe, entered the Army in 1950. He attended Thorsby Institution High School.

June Is The Month For Bible Schools

The month of June seems to be the most convenient time for the churches to conduct the Vacation Bible School. At the close of the elementary, junior and high schools, just before the peach and vegetable harvest time, also before the Vacation period begins is a fine opportunity time to hold a Bible School in the church for the Young People and Adults as well. 44 churches conducted a school last year. There is every indication that all 54 churches will have a Bible School this year. Some are already requesting the superintendent of missions to announce their school on WKLF radio each Saturday 8:15 a.m. Everyone is invited to feel free to request him to announce their school or services of the church program from time to time.

MAY marks the Centennial anniversary of the establishment of the United States Department of Agriculture. On May 15, 1862, President Lincoln signed it into being. Since then, agriculture has compiled one of the nation's most impressive production records. In 1862, one farmer produced food and fiber for five people. Today, he produces enough for 26! Result: now, more than 90 per cent of our people have no worries about enough food. Also, the tremendous strength of our nation today depends heavily on the unequalled productivity of the American farmer. And, of course, as both producer and consumer, his contribution has been important in helping America achieve its high standard of living. I, for one, am happy to join in this Centennial salute to our farmers... and say "thanks" for the part they have done in the development of our nation.

It's called "Communications -- Key to Universal Understanding."

Shell dealers suggest 15 ways to make your car last longer

Shell scientists dedicate their working lives to the care and feeding of automobiles.

They can offer dozens of tips on prolonging the life of what is probably your second biggest investment. Here are some useful samples:

- 1. Learn to read tail pipe smoke signals.** Blue smoke means too much oil is getting into the combustion chambers. Your piston rings may be worn.
- 2. Check wheel alignment at least twice a year.** An out-of-line wheel can increase tire wear as much as 50 percent. Also, keep your wheels balanced. An unbalanced wheel pounds the tire against the pavement, wearing the tread unevenly.
- 3. Rotate tires every 6,000 miles.** Be sure to include your spare. This helps tires wear evenly, last longer. Your Shell dealer can take care of this for you.
- 4. Avoid high speeds and save your tires.** High speeds increase tire wear drastically—by as much as 80% over normal wear.
- 5. Use your engine to save your brake linings.** Try to avoid hard, sudden braking. When you see you'll have to slow down, take your foot off the accelerator early and let the engine's compression do some of the job.
- 6. Warm up slowly.** Racing an engine to warm it up ages it fast. A short warm-up at moderate speed is good for your car even in summer. But never race your cold engine to warm up. It may damage critical working parts before lubrication can be fully established.
- 7. Have your engine's spark timing set to proper specifications.** Spark timing determines whether your plugs fire at the right instant. With incorrect timing, you can lose power and mileage. Also, your car may knock. And chronic knocking can damage your engine.
- 8. Use a gasoline that controls knock.** If your engine persists in knocking, you may need a gasoline with more anti-knock components, for a higher octane rating. Super Shell contains all of the anti-knock ingredients required to help your car deliver knock-free performance.
- 9. Have your oil checked whenever you fill up with gasoline.** Oil does not wear out. But it can be lost through leaks or burning. And it does get dirty. Worse yet, oil can become contaminated by combustion by-products—including acid. Suggestion: use new Shell X-100® Premium Motor Oil. It fights engine acid and four other troubles that can shorten engine life.
- 10. Change your oil filter element regularly.** The filter is designed to catch and hold foreign particles so they can't get into your engine. Replacing the filter element at regular intervals helps your engine last longer.
- 11. Have your car's cooling system checked in spring and fall.** Cooling system rust inhibitors can wear out. Rust, corrosion and sediment may then start to form. In the spring, let your Shell dealer

inspect your entire cooling system. When he drains and refills, he'll add a special Cooling System Protector.

In the fall, you get a free cooling system inspection when you have Shellzone anti-freeze put in by your Shell dealer.

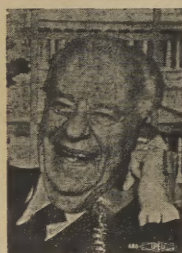

12. Get a lubrication job regularly. Dirt and moisture can work into chassis joints and bushings, causing friction and wear. Grease can also eventually pound out, leaving the parts unprotected.

Shell lubrication at regular intervals helps protect those vital parts.

13. Keep door and body panel drain holes clear to foil rust. There are little drain holes at the bottom of body panels and doors. They can get clogged so that the panels actually hold water. Result: Rust forms more easily, can eat through the metal. Make sure drain holes are clear.

14. "Bandage" minor scratches in your car's finish. Until you can have the scratches refinished, keep rust from forming with a coat of touch-up paint or a strip of cellulose tape.

15. Let your Shell dealer help your car last longer. Your car may have cost you thousands of dollars. Treat it carefully. Feed it well. Let your Shell dealer help you on both counts. You will save money—and increase your driving pleasure, too.

EXPERIENCED LEADER EFFECTIVE FIGHTER FOR ALL ALABAMA

FRANK BOYKIN

EXPERIENCE

Dean of Alabama's delegation. Introduced every present member to Congress. Seniority counts in Washington, and Boykin outranks nearly every Democratic member of Congress.

LEADERSHIP

Boykin's 1st Congressional district has grown 20% in the last ten years. If all districts had grown as Boykin's, Alabama would not be losing representation.

KNOW-HOW

Knows personally nearly all government officials and agencies with authority to act and help our state. He can and does "go straight to the top" to get things done.

RESULTS

Frank Boykin has brought more jobs to Alabama than any other Congressman. More industrial payrolls, more businesses with good-paying jobs for Alabama's young people, for farmers displaced by farm mechanization, for wage-earners looking for wider opportunity. More veterans returning from service have come to Alabama through Boykin's influence than any other man's.

More than any other man, Boykin is lifting Alabama toward prosperity and security. He is known as a fighter for Southern traditions and customs. Alabama needs Boykin. Let's re-elect him to Congress and keep him working for us.

AN IMPORTANT MESSAGE

to the voters of the 6th district from
CONGRESSMAN ARMISTEAD SELDEN

Next Tuesday the existence of the 6th
District hangs in the balance. You will
vote for eight congressmen to represent
Alabama in the U. S. Congress. ★ Since
the 6th is one of the smallest districts
from the standpoint of population it is
extremely important that you get to the
polls and vote on Tuesday. ★ The vote
for Congress will be on paper ballots so be sure to get this ballot
when you are at the polls. ★ Remember, too, that you must vote
for eight out of the nine or your ballot will not be valid. ★ I would
like respectfully to ask that you contact friends and relatives in
other sections of the state and ask that they include me in their
eight. ★ During this campaign I have gone into every county in
Alabama, I have worked long and hard to secure my re-election
to represent you. I am most grateful to all of you in the 6th District
for the confidence you have placed in me. I humbly ask that we
have a record vote on May 29 in the 6th District. ★ I want to
say "thank you" to all who have done so much to help in this
campaign. Let's finish the job Tuesday.

When you build a quality truck,
the inclination is to run around
asking users what they think of it.
We do quite a bit of this.
It's a funny thing. You'd think
people would talk mostly about
the mechanical features of the
vehicle—the good ride, its power,
the double-wall construction, cab
comfort, or tough tailgate.
These things get comment, of
course, but they're consistently
outnumbered by expressions of
satisfaction with the dependability
of a Chevrolet truck. Its greatest
single asset seems to be the fact
that it does its job well day after
day without a lot of fuss or atten-
tion—and that's what impresses
people the most.
Quality is the key to reliability.

Husband Of Former Resident Missing At Sea; Search On

MAJOR I. C. Wagner, veteran Air Force Pilot and husband of Doris Wanda (Newell), formerly of Clanton, has been the subject of a feverish air-sea search along the Maine Coast after sailing out of a jet trainer when ran out of fuel. A Captain was flying with the Major, bailed out and was picked up in a good condition.

Major Wagner and family have been living in Bangor, Maine for the past five years. He is with the Strategic Air Command. Mrs. Wagner's mother is Mrs. R. D. Woodson of Florida, also formerly of Clanton.

Nation's Quota Of Men For June Draft Is 6,500, 2 Chilton

State Director Walter M. Thompson, Jr., said that a total of 11 young Alabamians would be called to the Montgomery Industrial Station during June to help fill the state's Selective Service quota.

The nation's national quota for June is 6,500 inductees. Alabama's quota will consist of volunteers, delinquents and registrants without children in Class I-AO of 23 years or older.

Director Thompson said that individual county calls are based on those available registrants already examined and acceptable.

The county by county call includes: Autauga 0; Bibb 1; Chilton 2; Dallas 0; Elmore 2; Etowah 1.

MYSTERY MAN IS BACK

THE popular News feature which has aroused so much interest throughout Chilton County and even elsewhere in the state, is back after a brief vacation.

The News "Mystery Man" is fully back by popular demand. People have asked us to bring the feature and it appears that its popularity has increased rather than declined.

Since this week is something of a Special Event, we felt we should give you "something special" in the way of a "Mystery Man" this week.

The first correct answer in the News office after 8 A.M. Tuesday will win a full TWO YEAR subscription to the News. That's a lot of good reading at absolutely no cost to you! We hope you are lucky winner this week!

POWER PROBLEMS

WE had two power failures this week; which turned out to be minor difficulties considering the whole thing; but when the power goes off, so do we! Some items were omitted this week due to that fact. We had no control of the weather or the Power Company!

We'd also like to mention that we did not have engravings of Miss Jackie Hunt, sponsored by Helene Curtis Beauty Shop; Miss Joyce Henley, sponsored by Lambert Motors or Miss Charlotte Blackmon, sponsored by the Coors River Fishing Lodge and their pictures do not appear in this issue. They are contestants in the Peach Queen Contest being held tonight and Friday here in Clanton.

WMU TO MEET

The Woman's Missionary Union Association of Chilton County meets Tuesday, June 5, at 10 A.M. at the Liberty Hill Baptist church to plan the July quarterly meeting program. The officers are invited to bring a covered dish for the noon meal and fellowship. Mrs. J. W. Johnson, Rt. 4, Clanton, president and her co-workers are leading the churches in the world mission program of witnessing. It is a wonderful way. The women of each of the 54 churches should feel free to call on these workers for any assistance necessary.

Headley, Cost Win Places On Board

Wallace Swamps DeGraf

CHILTON County politics has set new records in many ways during the two Democratic Primaries witnessed during May. One of the most encouraging and impressive is the number of persons taking active interest in local politics this year.

Tuesday night of this week, there was hardly room to park at the County Courthouse for two or three blocks around, including both parking lots, and the Courtroom, where the voting was being tabulated and recorded, was literally overflowing with enthusiastic voters. They were in the corridors, on the stairways and in front of and around the building in large numbers.

The crowds stayed on through midnight and after, partly because of the unusually close vote in the local races.

Special interest was shown in the race for Representative where Mr. Grady Heflin defeated incumbent Mr. Francis Speaks by some 36 votes.

The two races for place on the Board of Revenue & Control were almost as close, and people were staying through to the finish of the tabulation.

Of course, George Wallace, the stalwart in Chilton from the beginning took a landslide vote, topping Ryan DeGraffenried by more than 3,000 votes in the County.

Lonnie Cost eased by incumbent Dalton Champion in the First District for Member of the Board of Revenue and A. D. Headley, in the Second District topped his opponent Marion S. Smith by a good margin.

(See tabulation of local races elsewhere on this page.)

In other races, County totals were:

For Lieut. Gov. Jim Allen 3717 and Bert Hutton 1892. For Attorney General Richmond Flowers 3341 and Willard Livingston 2198. For Mem. State. Demo. Exec. Com. 6th Dis. P. No. 6 Gerald Colson 1225 and William Henderson 3772.

The largest number of votes cast in any race in the County was in the Representative's race with 6002 votes cast!

CLANTON TOTALS— SELDEN LEADS TICKET IN CHILTON

FOLLOWING is the total vote for the nine Congressmen from Alabama, which was cast in the Tuesday Primary Election:

GEORGE ANDREWS 5076
FRANK BOYKIN 3481
CARL ELLIOTT 4741
GEORGE GRANT 5017
GEO. HUDDLESTON, JR. 5129
BOB JONES 4496
ALBERT RAINS 5070
KENNETH ROBERTS 4970
ARMISTEAD SELDEN 5211

SELDEN, the Sixth District Congressman, led the ticket in Chilton County. Low man in the County—"Mr. Number 9"—was Frank Boykin of Mobile's First District. Early reports indicated that Albert Rains will lead the Nine in the statewide voting!

For Lieut. Gov. Jim Allen 3717 and Bert Hutton 1892. For Attorney General Richmond Flowers 3341 and Willard Livingston 2198. For Mem. State. Demo. Exec. Com. 6th Dis. P. No. 6 Gerald Colson 1225 and William Henderson 3772.

The largest number of votes cast in any race in the County was in the Representative's race with 6002 votes cast!

Sarah L. Arant Dies At 81

Sarah Lizzie Arant, age 81 died in Chilton County Hospital on May 21, 1962. Born April 20, 1881, she was the daughter of John F. Culver and Mary Jane Meek. Funeral services were held Tuesday, May 22 at New Hope, in Elmore County, Burial in church cemetery. Rev. Billy Joe Jackson officiating minister.

Survivors include: husband Jacob Arant, Clanton, two daughters, Mrs. Wilma Green, Clanton, Mrs. Jewel Green, Alabaster, 4 sons, Clarence Arant, Clanton, John Arant, Deatsville; Sam Arant, Clanton; Marion J. Arant, Atlanta, Ga., three brothers, Willie Culver, Marbury, Frank Culver, Bessemer; and Lewis Culver, Marbury, 14 grandchildren and 15 great grandchildren.

Martin Funeral Home in charge of arrangements.

As You Know That I
Clifford Lee Davenport
A Republican candidate
for the Board of Revenue
and Control of District 1
Friends I have heard
of a little rumor that I
was taking sides with one of the other candidates that is asking for the same office. Voters of District One and Chilton County it is not true. I am not siding with Mr. Dalton Champion or Mr. Lennie Cost. I am canvassing for Clifford Lee Davenport for Board Member of District One and the people of Chilton County.

Yours Truly,

Peach Festival Dance Will Feature Blueton s

By Edward Davis
Dance Chairman

The Clanton Junior Chamber is sponsoring a "Peach Festival Dance" June 1st, 8:00 p.m. at the National Guard Armory. Immediately following the Peach Queen contest. Music will be furnished by the "Bluetone" from Selma, Alabama. This is a very good band and they will be playing all varieties of music including request from the audience.

This dance will be semi-formal with couples only. Tickets are now on sale at many places in town, and will also be on sale at the door. Drink will not be allowed and there will be two policemen on duty at all times. Refreshments of all kinds will be sold at the dance also.

TRIP TO FLORIDA

Anyone buying a ticket to the dance will have a chance of winning a free trip to Panama City, Florida. Write your name on the back of your ticket and put it in the box as you enter the dance. The drawing will be held during one of the intermissions and some lucky couple will win a two days vacation at the "Playland Motel" and meals will be furnished by the Wayside Restaurant just across the street. This is one of the finest and

most modern motels and restaurants in Panama City, Fla. You do not have to be present to win. Just buy a dance ticket and have someone to drop it in the box, with your name on it.

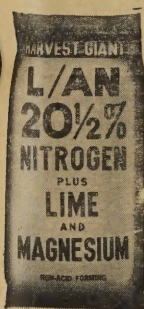

The Armory will be gaily decorated with a peachy atmosphere and we feel that it will be something different for the people of Chilton County to see and talk about. Proceeds from this event will go toward community development, such as the public library. So why don't you buy your ticket today, win a trip to Florida, and see something that happens only once a year in Chilton County. This event is going to get bigger and better every year, so why don't you come on out and see what Your Junior Chamber of Commerce is doing about promoting our Chilton County Peaches.

OES BENEFIT TEA

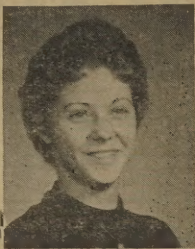

Magnolia Hill, the antebellum home of Mrs. Skelton, Maylene, Ala., was the scene of a benefit tea, with the Brand Chapter OES of Alabama as host, Sunday afternoon, May 20.

The home was built by the Peters family who owned and operated coal mines there. They were from England and an English architect designed the house. It is 3 stories high, the top story was at one time used as a school room. Antique furniture fills the house and is a delight to all callers.

In the receiving line were the grand officers in Colonial costumes, past grands were in an antebellum frocks, mingling with the guests.

Trays of sandwiches, pound cake, compotes with mints and nuts were on an old fashioned table bedecked with tulle. Summer flowers, candelabras with white candles completing the decorations.

Attending from Jamison, Mrs. Sam Woodley, Kelly Don Ellison, U. V. Woodley, Elsie Smith, Jewel Ellison, Elton Cobb, Elma Cost.

BACCALAUREATE EXERCISES

The Seniors of Jamison High School held their Baccalaureate exercises in the Jamison Baptist church, Sunday morning, May 27th at 11 o'clock.

Rev. Sidney Samples, a graduate of this school was the minister, pastor of the Woodlawn Baptist Church, Augusta, Ga.

Rev. Samples read from John 4 34-38 and his subject A Godly Pulpit in your Life.

Rev. Louis Brasher gave the invocation, a group of the Seniors sang the anthem, If You Believe.

Mrs. Nell Walton was pianist and provided the Marches. Ushers: Misses Lynda Clements, Glenda Faulkner, Carolyn Oaks, and Jimmy Martin.

Specimen white gladioli and white carnations arrangements were used in front of the pulpit and on the piano.

TRIP TO MONTGOMERY

Thirty four children, all eager for an outing, met at the local bus station at 5:58, Monday morning, the 28 for a trip to Montgomery. Mothers accompanying these 4th grade pupils and their teacher, Mrs. Verta Mae Langston; Mrs. V. O. LeNoir, Mrs. J. N. Northcutt, Mrs. Hilyer and Miss Shirley Glass in the absence of a mother.

The group visited the Archives of History, the Capitol, the little White House of the Confederacy, the Coca Cola Bottling Company and the office of the State Superintendent of Education to chat with Mr. LeCroy, then to the 10c store.

They had lunch in the administrative building. While eager to be off on the trip, many were eager to get home at the days end. A delightful day and well spent.

SAXON FOLLIES AT PHILLIPS SCHOOL

Mr. Jack Saxton presented pupils on his two studios in a Dance program, Saturday night, May 26 at Phillips High School in Birmingham.

Participating were two of his pupils from Jamison, Veronica Harrell and Donna McNeill.

These girls presented their number, Poetry in Motion, executed with large fans. Both did a tap number, Veronica was wearing a purple costume covered in sequins, wearing a purple feather headdress; Donna was in a blue costume, wearing a sequin covered headdress.

Accompanying the girls were Mr. and Mrs. Charles Harrell, Mrs. Edna McNeill, Mrs. Dot McNeill and Mrs. Irby McNeill.

JR. MUSIC RECITAL

Mrs. Nell Walton presented her Junior Music pupils in a recital Thursday night, May 24th in the school auditorium.

As the curtain opened, a party picture met the eyes. The young ladies in their ruffled long dress in a myriad of colors, the young boys in white coats and dark trousers.

It was a pleasure to hear these young people perform and to note the progress made in a years time.

There were 33 pupils in this group. Mrs. S. W. Cost, Misses Della Cost, Nell Champion and Sandra

**Capacity Crowd
At Supper Club
Meeting Friday**

The dining room at the new Masonic Temple on 8th Street North was filled to capacity last Friday night, May 25, as members and guests gathered for a delicious meal and an hour of fellowship and fun. The Hon. M. E. Kilpatrick, who is Central Alabama Manager of the Woodmen of the World Life Insurance Society was the speaker of the occasion. The audience was both outspoken and demonstrative in their approval, finding his remarks entertaining and informative. May we remind all Masonic families in this area that this is a regular meeting held monthly, and we believe that you would enjoy this fellowship hour; so we cordially invite you to attend these meetings. The meal was served by the fine ladies of this club and we wish to express once again our appreciation to them for a job well done.

THIS IS AMERICA...

WE were asked this week in no uncertain terms, to write
an editorial concerning the limits of one man's business in re-
gards to another's!

It seems that during the past week, some local individuals,
themselves supposedly representing an organization, took it as
their responsibility to tell another man where he could and could
not paint a house! They were not being merely critical of his
ability to paint or not to paint, but rather that he SHOULD NOT
do it at all... at least not in their territory!

Needless to say, the employer of the painter who was work-
ing, was upset. We can understand his feeling at someone else
trying to run his business for him!

Armchair critics are one thing... possibly even necessary
in the making of things. But, intimidation is not confined to
an arm chair and should not be dealt with lightly. There are
undoubtedly times when organization is a blessing to a com-
munity, whether in business fields or civic endeavor. But,
such organizing should be for a common good of a community
and not purely brought about for the intimidation or threatening
of individuals seeking to do an honest day's work!

Unionism has blessed us with unequal opportunity for the
working classes. It has also cursed us as a pox, with the in-
dividual feelings of many that "organizing" gives them a license
to run the whole show!

We have fought as Americans, with our fists, with guns and
with pen and statesmen for a free country where a man can
build a dream, or work with his hands. We are still fighting
today, paying seemingly unbearable taxes, in order to maintain
that ideal and follow that dream! It is not one man's right...
not in America—to tell another man what he can and cannot do!
It is a wonderful system and whatever we do, we must not let
men of small intelligence and narrowness of mind take it from us!

OH, THOSE PEACHES—

THIS week, the News salutes the industry which has meant
more to the "selling" of Chilton County to the world, than any
other one thing... The Peach Industry!

Peaches are, according to Webster's: "A Persian apple; any
of a family of trees and shrubs distinguished by the single pistil,
with united carpels, and the drupe, or stone fruit. The sweet,
juicy fruit of a tree, of this family, botanically a drupe, with a
pulpy white or yellow mesocarp. The sessile pink flower (peach
blossom) of this tree, borne on the naked twigs in early spring."

Well, now if that isn't a round-a-bout way to describe the
most delicious of God's creations, that we have ever heard!

A peach... a Chilton County Peach... has no equal any-
where in the world. It is the one fruit of nature that is a
favorite of beggars and kings alike. It is possibly nature's most
fragile delicacy! Loving care, expensive maintenance and a lot
of backbreaking work and long hours during the season, are
just a few of the prerequisites for growing this most prized of
edible things.

The grower invests much time and labor into the crop...
and either a bug, a disease or a freeze late in the season... can
literally wipe out the fruits of his labor in very short order.
He must depend largely on Mother Nature to see him through to
harvest time.

But in a good year, the Chilton County Peach Grower is sit-
ting on top of the world. He has grown something with his
hands... he is making for himself and his family a living... he
finds that what he has grown is in great demand and he languors
in the joy of it... he is satisfied with the knowledge that he is
helping to give to mankind a thing of usefulness, of beauty and
of great joy and fulfillment! The Peach grower is an artist in
his own right.

Give to others the glory of honor and fame... and to him
that will have it your wealth... but for me, I do say, a fresh
Peach every day, is the way to take care of yourself!

It's Peaches the doctors fear... not apples!

Welcome to the Chilton County Peach Festival!

**Red Cross Names
Bill Donovan
Vice Chairman for
Alabama**

Seattle, Wash., May 16 — William H. Donovan, Jr., Manager of the Opelika District for Alabama Gas Corporation, has been named National Fund Vice Chairman for Alabama for the 1963 American Red Cross campaign. This was announced at the recent national convention of the American Red Cross in Seattle. Donovan served as a Regional Chairman during the 1962 campaign. Donovan joined Alabama Gas in May, 1940, working as a co-op student draftsman until his graduation from Auburn in 1942. Entering the military service, he became an aviation cadet and served as a Marine fighter pilot until the end of World War II. After returning to the company, he was called back into service during the Korean conflict as a member of a Marine Attack Squadron, 1952 to 1954. He has held positions with Alabama Gas Corporation as Staff Engineer, Executive Assistant, and District Manager. He assumed his present position at Opelika in 1957.

How To Fertilize And Maintain Your Crop Of Turf Grasses

By John D. Sellers
County Agent

TO START TURF GRASSES—

1. Newly cleared land, land not previously getting fertilizers and where soil tests low or medium in phosphate and potash.

Work into the top 6 inches of soil 35 pounds of 8-8-8 (or equivalent nutrients in other 1-1-1 ratios) per 1000 square feet of the same mixture. Apply as a top dressing every 4 to 6 weeks with one pound of nitrogen per 100 square feet during the first year of establishment.

2. Old land or land previously fertilized and testing high in phosphate and potash.

Work into the top 6 inches of soil 25 pounds per 1000 square feet of 8-8-8 (or equivalent nutrients in other 1-1-1 ratios).

Topdress every 4 to 6 weeks with one pound of nitrogen per 100 square feet during the first year of establishment.

TO MAINTAIN TURF GRASSES ON LAWNS—

Apply 10 pounds of 8-8-8 (or equivalent nutrients in other 1-1-1 ratios) per 100 square feet early in the spring and repeat every 4 to 8 weeks. Make the last application 3 to 4 weeks before usual date of first killing frost.

A nitrogen material at rate o

one pound of nitrogen per 1000 square feet may be used for some of the top dressings in place of the mixed fertilizers.

EXCEPTION FOR CENTIPEDE

Establishment. To start Centipede work into the top 6 inches of soil one application o 25 pounds of 8-8-8 (or equivalent nutrients from other 1-1-1 ratios) per 1000 square feet. No other fertilizer is necessary during the first year of establishment.

Maintenance - To maintain Centipede apply 10 pounds of 8-8-8 in the spring—no additional fertilizer is needed.

Are You A Farm To Market Farmer?

BY JOHN D. SELLERS
County Agent

There is a new regulation this year regarding farmers permits. This has come about due to the many complaints from farmers who have to compete at the market with persons who are not bona fide producers; yet they possess growers' permits which exempt them from purchasing licenses. This is truly an unfair practice and has now been corrected if all farmers asking for permits will cooperate. The present permit is stated in the following manner, with the wording having the approval of the State Department of Agriculture, Montgomery, Ala:

good only when used in connection with truck identified by tag number listed above.

My A.S.C. Farm Worksheet number is _____

I produce the following crops that I sell: _____

Farmers are urged to come by the County Agent's office on the first floor of the new Courthouse and pick up their growers' permits as soon as possible in order to avoid delay when they are ready to market their produce.

MIMS REPORTS

By Daniel R. Mims
Assistant County Agent

Cotton and corn that has not been side dressed with Nitrogen should get this treatment very soon. Research shows that it is best to apply **some** Nitrogen at planting, but most of the Nitrogen requirement for a crop is used most efficiently if applied as a side-dressing or top dressing after the plants are up to a good stand.

There are two major reasons why a side-dressing application of Nitrogen is recommended. First, nitrogen is very soluble in water and may be reached or moved from the soil in rainwater from heavy rains if applied before the crop can use it. The second reason is that plants require a large amount of nitrogen during the first growing and fruiting season. Side-dress cotton at normal chopping time or about the second cultivation, and corn about 30 days after planting or when the corn is about knee high. The amount of nitrogen needed at side-dressing time will vary with the amount used at planting time. If you have had a soil test made, follow the recommendations from the laboratory.

Use nitrogen at the rate of 70 lbs. per acre for cotton. For example: if you used 500 lbs of 4-12-12 at planting time, you used 20 lbs. of nitrogen. This leaves an additional 50 lbs. of nitrogen that you need to apply at side dressing time. To apply 50 lbs. of nitrogen that you need

to apply at side dressing time. To apply 50 lbs. of nitrogen, you may use 310 lbs. of sodium nitrate, 150 lbs. of ammonium or 250 lbs. of the 20-20 per cent material.

Use nitrogen at the rate of 90 lbs. per acre for corn. May we take another example: If you used 300 lbs. of 4-12-12 per acre at planting time, you used 12 lbs. of nitrogen, then you need to add 78 lbs. of nitrogen when you side dress.

To apply 78 lbs. of nitrogen, use 257 lbs. of ammonium nitrate, 380 lbs. of the 20-20 per cent material or 500 lbs. of sodium nitrate.

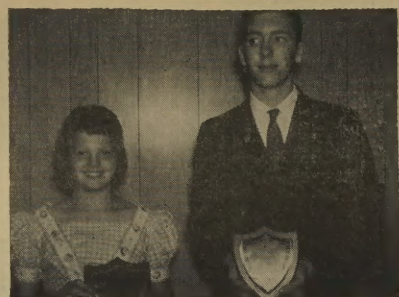

Electric Mixer Can Be 3rd Hand in the Kitchen

By Johnnie M. Lane
H. D. Agent

Almost any homemaker would like to have a third hand in the kitchen. Especially when she's trying to prepare a meal and the potatoes boil over, the bread starts to burn, and, of course, the telephone rings. An electric mixer can be a third hand if its attachments are used as well as the mixer itself. The mixer won't be able to turn off the range and rescue the burning food, or answer the telephone, but it can do numerous other little jobs, such as juicing, chopping and blending of food.

A few tips for putting that third hand to work are: With summer already here everyone is ready to grab a few sandwiches and head for the lake. When making those sandwiches, use the mixer to break up hard cooked eggs and canned tuna.

Winners In County 4-H Public Speaking, Essay

Michael Robinson was second place winner in the boy's division.

A number of people were given very good ideas concerning Farmers' Cooperatives and their work at the annual 4-H Essay and Public Speaking Contest held Thursday, May 17. The first place winners are shown above with the plaques presented to them by the Central Alabama Electric Cooperative. Shown on the left is Danna Gilbert, daughter of Mr. and Mrs. Pat Gilbert, who is a member of the Clanton 6th grade club and on the right Benny Atkinson, son of Judge and Mrs. J. B. Atkinson. Benny is a member of the Clanton Older Youth 4-H Club.

Second place winners in the girl's division was Joy Dell Adams of Maplesville. Joe

see ants, but be careful not to spray around food or dishes. Also, spray the lower part of window frames and around doors. One or two applications should provide seasonal control.

H. CLUBS D.

By Johnnie M. Lane
H. D. Agent

On Tuesday, May 8th, eighty-six members from 18 Home Demonstration Clubs spent the day

Dear 4-H Janes

Happy days are here again! School is out. No more studying again until next fall for most of you 4-H members. However, many of you will be getting jobs for the summer and still more will be helping out at home.

Summer is a very good time for you to work on your 4-projects. There are some projects that are done mostly during these summer months. These are gardening, canning and freezing. Those of you who help with these things at home, be sure and keep a record of the things you have done by yourself and helped with. Two 4-H girls who turned in good records of their canning and freezing last year were Dianne Hoesy from Isabella and Patricia Ann Boggs from Maplesville. I hope they will be many more girls to keep records o their project work in these fields next year.

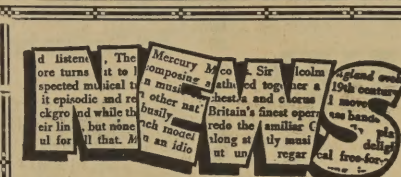

Those of you who have other projects will find that you will have more time to devote to them during the summer months. I hope that all of you have a real nice summer.

Control Of Face Fly Likely To Be Difficult Local Farmers Warned

By Daniel R. Mims
Assist. County Agent

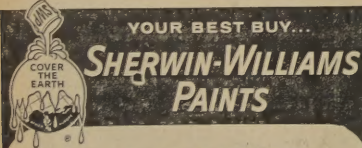

Mr. James Buttram, Extension Entomologist, says the face fly is a new pest of Livestock, is likely to show up in Alabama this year. Everyone should keep a watchful eye for this pest.

The face fly resembles the common house fly but is larger. They attach themselves to the moist around the eyes, nose and mouth of animals. They are annoying and consequently impair milk and meat production. It is suspected that they trans-

mit some eye diseases, such as pink eye. The control is likely to be very difficult. The USDA presently suggests the use of DDVP or pyrethrins plus synergists. DDVP is mixed with a sugar water solution and applied to the face of the animal with a paint brush.

Cattle owners are urged to submit any suspected specimen to the County Agent for identification.

Bates Has Idea

LALLY Bates, one of Clanton's and Chilton County's most patriotic young citizens, and a very active member of the American Legion has a plan whereby every businessman in the County can have a flag to fly, either on his place of business, or on parking meters all over the town!

Mr. Bates has information concerning the purchase of these little American flags, and the idea is intriguing.

It would be a wonderful sight next June 14, Flag Day, if every business establishment in Chilton County was "dressed out" for the occasion with the Stars and Stripes of Old Glory! If you are interested, contact Lally Bates or the Chilton County News, right away!

NEW JERSEY—

One of the country's outstanding collections of battle flags, dating back to Revolutionary times, is housed in Trenton's State House. The state museum in the annex contains exhibits of New Jersey plants and animal life. The Old Barracks were built to house French-Indian war troops in 1758 and is considered an architectural gem. In the Revolutionary War it was barracks for Hessian troops. The museum now includes a collection of Continental currency. The spot where Washington's troops first fired on the Hessians is marked by a 150 foot high Battle Monument.

THURSDAY, JUNE 7, 1962

THINGS

We see
and hear
by BCS

THE most ignorant man you
now is intelligent. . . if you
only take the time to listen
him on his own level!

Our special thanks to the
people of Clanton for their
efforts in behalf of Chilton County
most prized crop. . . even
the most unpredictable! The
Junior Chamber of Commerce
has worked hard on this event
leading to "Boost Chilton County
Peaches". That's their new
campaign. It's like the old
"Chilton County Peaches
are Tops"; but time marches on
and so does peach progress in
Chilton County!

WELL, it rained cats and dogs
in Clanton on Tuesday of last
week, and according to the of-
ficial count on the Recapitulation
sheet at the Courthouse, it also
rained water that day! It didn't
rain water all over the County
we understand, but the "vote
counters" were fairly general
people really turned out for
their favorite candidates! And
back to work everybody!

THE rain Tuesday afternoon
which soaked Clanton pre-
tended to be widespread and did
get to many areas in the
rounding County. But, some
of the farmers were relieved
and it looks like the
truth is lifting somewhat. Mr.
L. Henderson of Route Two,
brought in a healthy
basket of tomatoes this
week, the first of the season to
be sold. He says his
peaches look good. Peaches are
in the market in increas-
ing numbers and packers are
readying their operations
for a good flow of prime peach-
es this season. Things are look-
ing up for the Chilton County
top man at this point!

WE can understand, at this
critical time, why a man nam-
ed "Bain" would run so good in
election. It's a good thing
there wasn't a man named
"Drought" on the ticket! He
would have surely gone down
the drain!

LACK of information was the
only reason that Miss Carol Ar-
buckle's sponsor in the Peach
Festival contest last week, did
not appear under her picture.
We'd not know who her sponsor
was! Thanks to her sponsor,
Pioneer Life & Casualty Co.
of Mr. Lester Connell, we now
know! And now you know too!

A personal note to Lois Bol-
ton of Jemison, Route Two: We
sincerely regret the delay and
inconvenience to you and we are
feeling you the News because
of the fact that you will enjoy it
and you make a habit of it! If
you experience any more diffi-

culty, please let us know!

BIBLE School is one of the
greatest contributors that exists
today, to the healthy acceptance
by a child of our American way
of life. We know of no other
(using which has such a magic
appeal to our own youngsters as
this annual event and we here-
by take time out to thank and
homage to all those tireless in-
dividuals who make Bible schools
possible. Our youngsters not
only learn to appreciate more
the Bible and God, but they
form patterns of living and
playing with one another which
will stay with them their entire
life. It may seem extreme to
those who are willing to work,
and the demands on them are
great indeed. . . but here's one
parent who most sincerely ap-
preciates their efforts in behalf
of our children.

MISS Betty June Mims gradu-
ated from Verberna High School
with the class of '62. Her name
was not included in our infor-
mation last week. We are most
happy to make this correction.
She's a grad, Dad!

ADVERTISERS (scratch that),
"prospective advertisers" are
born with a built-in ability to
make excuses! If it isn't too
hot, it's too cold; too wet, too
dry; to soon, to late; too much,
too little. . . One of these days
we're going to catch it "too just
right" and probably go "Too
cuckoo!"

LITTLE Teena Rene Scott,
who is now about two weeks old,
has the unusual distinction of
having 12 living grandparents.
They are: Mr. and Mrs. C. L.
LeCroy, Mr. and Mrs. Reubin
Scott, Mr. and Mrs. John Scott,
Mr. and Mrs. E. C. Grooms, Mr.
and Mrs. R. M. Foshee and Mr.
and Mrs. W. C. LeCroy. There
is every possibility that this
young lady will be just a little
spoiled! She isn't going to lack
attention, for sure!

45 men and 18 women from
Chilton County are enrolled at
Auburn University. You can
hear the "War Eagle" cry prac-
tically anywhere you go in Chil-
ton County! We're gettin' edu-
cated, brother!

Annual Headley Reunion At Sardis

THE annual Headley Reunion
will be held at Sardis Baptist
Church, Sunday, June 10. All
Headley families and relatives are invited
to attend. Lunch will be served
at the noon hour.

Music for the processional and
recessional was played by
Miss Betty Lumby, associate
professor of music at A.C. Special
vocalist of the morning service
was senior Randall Veazey of
Clanton.

The Chilton County group in
this year's graduating class is
among the top leaders in stu-
dent organizations and activi-
ties. They also represent a wide
area of studies.

Gandidates for BS degrees
have studied in the following
areas: Miss Neeley daughter of
Mr. and Mrs. J. R. Neeley, Rt.
1, Clanton, biology; Higginbotham,
Mapleville, and Mrs. H. S.
Higginbotham, Mapleville, and
Smith, son of Mr. and Mrs. A.
E. Smith, Rt. 2, Clanton, business
administration; Lowery, son of
Mr. and Mrs. K. V. Lowery, of
Jemison, mathematics; Mrs. Ful-
mer, home economics; and Veazey,
son of Mr. and Mrs. R. C.
Veazey, Rt. 1, Mapleville, applied
music.

New Pilot Officers

The installation of officers for
the Pilot club of Clanton took
place on Tuesday night, May
22 in the private dining room
of Bob's Restaurant on High-
way 31, with Marguerite
Thornton presiding at a beau-
tiful and impressive service.
Heading the slate for 1962-
63 is Avoline LeCroy, president
serving with her will be Clara
Ward, first vice president; Faye
Woolley, second vice president;
Helen Parrish, recording sec-
retary; Laura Little, corre-
sponding secretary; Ellen Brin-
ner, treasurer.

Serving on the board of di-

rectors will be Nell Sims, Lois
W. Mims, and Joyce Clements.
The club had three 1961-
62 members during the past year.
They were: Joyce Clements,
outgoing president; Zora Smith
and Lois W. Mims. The club's
annual attendance award went
to Miss Clements. This award
is given each year by Mamie
C. Smith who is the eldest
charter member of the club.
Miss Clements presented her
gavel to the in-coming presi-
dent, and members joined
hands and sang the Pilot song
Sail On International.

New Equipment At County Hospital

Chilton County Hospital has
recently purchased one of the

RESCUE SQUAD INSTALLS OFFICERS

THE Chilton County Civil De-
fense Rescue Squad installed
their new officers in ceremon-
ies Monday evening, June 4th.
The following are the new of-
fice holders:

Six From Chilton Graduate At Montevallo

Six Alabama College students
from Chilton County are listed
among 135 seniors receiving de-
gree in the 65th annual
graduation program of the liberal
arts college on Sunday, June 3.
Candidates for Bachelor of
Science degrees are: Julia Caro-
line D. Fulmer, Shirley Faye
Neeley, Ronald Edgar Smith,
Clanton; Ned Alan Lowery,
Jemison; and Larry Edward
Higginbotham, Mapleville.
Charles Randall Veazey, Map-
leville, is a candidate for the
Bachelor of Music Education de-
grees.

Music for the processional and
recessional was played by
Miss Betty Lumby, associate
professor of music at A.C. Special
vocalist of the morning service
was senior Randall Veazey of
Clanton.

The Chilton County group in
this year's graduating class is
among the top leaders in stu-
dent organizations and activi-
ties. They also represent a wide
area of studies.

good results.

Miss Howard Honored At A.C.

Carolyn Howard from Verberna
was one of the students to be
honored at the Honors Day Con-
vocation in Palmer Hall on May
1. Carolyn is a freshman at
Alabama College majoring in
music. She was given an award
at the Tuesday Convocation by
Pi Kappa Lambda, national hon-
orary music fraternity. Carolyn
was the recipient of one of the
Music Scholarships given an-
nually to entering freshmen. Be-
cause of her high scholastic
achievements and outstanding
musicianship, Carolyn was re-
cently initiated into Phi Alpha
Mu, an honorary music society
at Alabama College.

Carolyn is the daughter of Mr.
and Mrs. Excell Howard of Ver-
berna and a graduate of Verberna
High School.

Third Grader Thanks Bookmobile Folks

The people of Chilton County
have shown by words and deeds
that they appreciate the library
service which is coming to them
as a free demonstration from the
Alabama Public Library Service.
The bookmobile has now made
two rounds of stops and
reports show that during April
there was a circulation in the
County, exclusive of the Clanton
library, of nearly three thou-
sand.

Typical of the way school chil-
dren feel about this service is
shown in the following letter
from a third grade student in
the Jemison Schools:

County High School, son of Mr.
and Mrs. Thomas C. Moatts, 1101
Seventh ave., has been selected
to attend the American Legion's
Boys' State at The University
of Alabama from June 3-8.
Boys' State is held annually
on the Campus of the University
of Alabama under the supervision
of the American Legion.
Dept. of Alabama, for the pur-
pose of training boys in operat-
ing state, county, and city gov-
ernments. During the week
Boys' State will be brought to
Montgomery where they will
take over the State of Alabama
government for a day.
According to Boys' State Direc-
tor, Cliff Harper, over 400
boys are expected to attend this
year from all over the state.
This is the 25th year that the
American Legion has selected
the outstanding boys in Alabama
for this honor.

THE widely-known Calfee
Reunion will be held next Sun-
day, June 10 at the home of the
L. S. Calfee family in the Isa-
bella Community. This is an
annual event of a very large
Chilton County family and at-
tracts the attention of many in
Alabama and other areas.
Anyone who is "kissin' kin"
of the Calfee family is invited
to this happy event!

Miss Bentley Is '62 Peach Queen

Chilton County Peaches ARE Tops

MISS Rebecca Bentley, daugh-
ter of Mr. and Mrs. Sam Bentley
of Thorby was chosen last Fri-
day evening as Chilton County's
1962 Peach Queen. She was
chosen from a field of some 26
contestants after two days of
judging, and she will represent
Chilton County for the coming
12 months.

The young ladies chosen as al-
ternates in the contest were:
Miss Joyce Lawrence of Clanton
and Miss Ann Price of Clanton.
They are all three pictured here
after their coronation!
At the Peach Festival Dance
last Friday evening, Mr. and
Mrs. Maurice Lind were the lucky
winners of the trip to Florida
which was sponsored by the
Clanton Junior Chamber of Com-
merce. They leave this week,
we understand!

of 88 students at Chilton Coun-
ty High School, at least 27 plan
to attend college. 11 plan to at-
tend business college now or in
the near future, and 3 plan to at-
tend trade schools. Six grad-
uates plan to enter the armed
services upon graduation
and two girls will enter nursing
school.

Nine of the college bound stu-
dents will attend Alabama Col-
lege, 10 will attend Auburn, 2
have enrolled at Huntingdon
College, four at the University
of Alabama, one at Birmingham
Southern and one at Alabama
Christian College, Montgomery
Alabama.

CCHS Girls Visit Medical Center

Mary Catherine Mims and
Glenda Baker from Chilton
County High School recently vis-
ited the medical technology de-
partment of the University of
Alabama Medical Center. They
were conducted on a guided tour
of the heart laboratory, chemis-
try laboratory, research build-
ing, x-ray rooms, physical ther-
apy ward and other divisions
relating to medical technology
and x-ray technology.
In addition they visited the
Reynolds Library, the Medice
Center's reference library, the
dental clinic and other branches
of the medical center.
Mary Catherine stated, "Bein'
interested in the field of medi-
cine, I enjoyed the tour, and
was amazed at some of the won-
derful work now being done in
the hospital!"
Each year, students interested
in medical technology are invited
to attend this program.

"Who Is Running My Farm?"

A Talladega County farmer
who says he has been threaten-
ed with "very heavy penalties"
if he feeds his chickens wheat
grown on his own land has raised
the question with Secretary
of Agriculture Orville Freeman
"we wonder who is operating our
farm."

J. E. Wallis produces com-
mercial eggs and raises beef cat-
tle. The only two products he
sells and neither of which is un-
der direct government controls.
He wrote the Secretary that
with the price of eggs at a low
level he planted some wheat to
be used solely for chicken feed
in order to reduce production
costs. None of the grain was to
be sold.

But he hid a rake awakening
when the government (A.S.C.)
man found out about it. Here's
Mr. Wallis' story to Freeman:
"On May 4, a representative of
our A. S. C. office asked us what
we were going to do with the
wheat on our farm. We told him
that it would be used for chicken
feed."

Nedford Williams Graduates

Daniel Nedford (Buddy) Williams
graduated from Livingston
State College on Sunday, May
27th, 1962. Buddy completed his
studies on March 15, 1962. He
received his B.S. Degree in Busi-
ness Administration and English
while in school, Buddy was a
member of Kappa Alpha Epsi-
lon Fraternity and served as
college photographer.

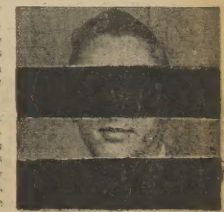

Bureau, reminded Freeman that
he had advocated letting farmers
operate their own farms. He
quoted the Secretary as writing
in a magazine article, "I be-
lieve our nation owes its farmers
in return for their investment,
their skill and their labor, not a
guaranteed income but a set
conditions under which they will
have opportunity to earn a fair
income in freedom, without re-
gimentation, through collective
action which they themselves
approve."

Wallis commented in his let-
ter to Freeman:
"I wonder if the ones who ap-
prove have been braidwashed?
Where is our freedom? When
some representatives of a gov-
ernment agency tells us we can-
not plant and raise feed on our
own land, for our own use, we
wonder who is operating our
farm."

"Isn't this regimentation?"

For Safe Motor Trip Follow These Rules

FLINT, Mich. Your vacation trip this summer will be a lot safer and more enjoyable if you will get plenty of rest each night and limit your driving to 10 hours per day.

1

Good living habits — plenty of sleep and rest, and a good frame of mind with no worries while driving.

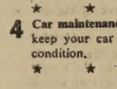

2

Break up monotony — stop for coffee or gas, at regular intervals, get out and walk around. Never go more than two hours or 150 miles without a stop. This keeps you fresh, alert and at your driving peak.

3

Limit your Daily Driving — ten hours of driving per day is the limit. After that you are asking for trouble.

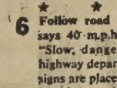

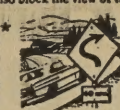

4

Car maintenance — it's a must to keep your car in top mechanical condition.

5

Drive a tidy Car! Loose articles, litter, packages, etc., can be dangerous. Keep the inside of your car neat and tidy, everything packed in convenient places where loose items can't slide around. Packages piled on the rear window ledge become missiles in case of a collision, and they also block the view of the driver behind you.

6

Follow road conditions! If the sign says 40 m.p.h., believe it. If it says, "Slow, dangerous curve," take the highway department's word for it. The signs are placed along the roadway for your help, and they have a good reason for being there. Dusk and dawn are poor visibility driving times. Use extra care then.

"These are the rules we follow," points out McManama, "and everyone of them can be adapted by the motorist. Strict adherence to them is the best insurance we know against accidents."

IT JUST KEEPS ROLLING. . .

NO one idea which has come along in the past several years holds quite as much promise for Chilton County as that of the building of a "Scenic Route" from one end of Chilton to the other along the Coosa River!

There are no doubt untold numbers of difficulties and reasons why this should not be—probably a few "impossibilities" thrown in for good measure. But, the one outstanding and overwhelming fact of it all, is that Chilton County must soon have some very cold water thrown into its economic face. It is beginning to wither on the vine!

The possibilities of the idea of opening up this beauty attraction are unlimited. We do not know who wants this to happen or who does not and we do not particularly care! The fact is, it would mean a complete new start for this area and would not only attract industry, but would also give us a wonderful tourist attraction—and let's face it—tourists spend money! We have the natural beauty of nature to attract the tourist dollar. Why shouldn't we make the most of it! With all due respect to the visiting fisherman—when it comes to spending money, he can't hold a candle to the average hot-handed tourist!

We have to use our imagination a bit; but we cannot think of a more beautiful, peaceful, impressive landscape than that along our own Coosa River! And who has ever seen it, entirely? Very, very few persons. Because there is no way to get to it, except a little piece at a time and rather than satisfying, that is only aggravating.

We have one of the greatest, most promising natural resources in the world—the Coosa River! And it just keeps rolling along!

WE HOPE WE ARE WRONG!—

WE have been living on Second Avenue in Clanton for about eight months now and shudder at the following prediction:

SOMEONE — POSSIBLY A CHILD — IS GOING TO BE KILLED ON THAT TRAFFIC ARTERY. . . If we do not soon do something about the speeding of automobiles all during the day and night! It is realized that the same problem exists in many other areas of our fair city, but this particular avenue is very congested and narrow and thus presents peculiar circumstances. It should be an individual responsibility, but human nature does not seem to follow that vein. Then it is a problem of enforcement, and should be dealt with as any other ignoring or breaking of the law. Who can afford to lose a child to the carelessness of a thoughtless driver?

And who among us is equipped to live with a death on his conscience for the rest of his life?

There are none!

KING PEACH HAS A QUEEN!—

KING PEACH—1962 vintage—now has a Queen! She is Miss Rebecca Bentley, daughter of Mr. and Mrs. Sam Bentley of Thorsby, Alabama, and certainly a most suitable choice for the crown she will wear for 12 months.

She was chosen from a field of some 28 lovelies vying for the coveted title of "Chilton County Peach Queen, 1962!"

We, as her subjects, look forward to a very active representation from Miss Bentley. She is, we are sure, deserving of the honor bestowed upon her; but she has the great responsibility of presenting the people of Chilton County—as they are—to the rest of the world! We wish her unequalled success and pledge our complete cooperation toward this end.

Long live the Queen!

IT AIN'T OVER YET!—

POLITICS in Chilton County were, for four months, fast and furious as an intriguing to more people than have taken interest in quite some time! We predict that the interest shown will bear fruit in the months which lie immediately ahead of us!

And congratulations to those who were fortunate enough to become the Democratic nominees for political office in the recent Primaries! Some of them are surely elected, but some will have opposition in the November General Election. We, as Democrats are behind these men one hundred percent in their efforts to serve the people of Chilton County.

As the Democratic Party—come November—you are either for us, or agin' us! Now is the time for all good Democrats. . .

BUILDERS

The regular meeting of the local Kiwanis Club was held on Thursday night with the majority of members being present.

Dr. J. Gilbert Hutchinson, pastor of the First Baptist church of Clanton, was Kiwanian of the week. From a farm in the north of Ireland to Clanton, Alabama has given that Irishman a life filled with various experiences. He came to America in 1927 and has made his home here since that time. Dr. Hutchinson was educated for the business world but later decided on the ministry. Even though his education for the ministry was in Presbyterian schools. He never served a Presbyterian church. Soon after school days he served Baptist churches of the north for 13 years then into the Armed forces for some years while in the armed forces he met groups of Southern Baptist and liked their doctrine so much that at the end of the War he came South and has held pastorates at Thomsville, Ala., and here at Clanton since that time.

President Orus Bonnet called for all reports and he made promptly and most of them were turned in at this meeting.

Several favorable reports were made on the radio program that is broadcast each Saturday at 12:30 p.m. over the local station. Have you heard the program? Plans are under way for the largest auction sale of its kind ever to be held in Central Alabama. This event will take place sometime in October so keep check on this paper for future announcements.

100 Years Ago

WAR ERA CHANGES

Within one year Tennessee had seceded from the Union, joined the Confederacy in many battles and became the first southern state to have its government in exile. Both February and April, 1862 were months of discouragement for Tennessee and the Confederacy. During these months Nashville was captured and the capital moved to Memphis; the Battle of Shiloh was lost and points along the Mississippi evacuated.

With the Union forces capturing Island No. 10 it was easy to take Memphis. After the city surrendered on June 6, 1862, Governor Isham G. Harris, with his government officials and records, became a roving government and attached themselves to whatever Confederate force was the most outstanding in the state.

But while losses were great in Tennessee, in the Shenandoah Valley General "Stonewall" Jackson was successful. He had made his reputation by winning 60,000 Federals busy and winning five out of six battles.

As Jackson's march progressed, the Federals hoped to trap him and his forces between the armies of Major Generals John C. Fremont and James Shields. But Jackson slipped through the double lines, whipped Fremont at Cross Keys, Virginia on June 8 and Shields the following day at Port Republic, Virginia. Thus ended Jackson's campaign.

DANGERS OF BOXING

Boxing is the only sport in which the head is the chief target. It is also the only sport in which a participant tries to render his opponent insensible by knocking him out. In other sports the aim is to score points not physical injury.

A recent fatal episode following a championship prize fight illustrates the savagery exhibited in the boxing ring. Brain hemorrhages resulted from this encounter, necessitating brain surgery.

Deaths resulting from boxing are not as frequent as might be expected from this type of physical contact. The president of the National Boxing Association estimates an average of ten deaths in each of the past ten years that were due to boxing. Many boxers suffer permanent injury, an it is estimated that 50 percent of active prize fighters become punch drunk. Being punch drunk is to suffer loss of mental powers or bodily control.

Pinpoint hemorrhages resulting from a single blow to the head often destroy nerve tissue, resulting in permanent injury to the brain. The condition is similar to the result of a succession of little strokes. There is memory loss, confusion, sometimes blindness and loss of hearing.

There has been agitation toward barring professional boxing but the public's love for blood and mayhem is a strong influence in favor of prize fights. Some type of headgear and the use of soft gloves would reduce the amount of damage done in the boxing ring.

Many prize fighters are in mental institutions; and others are floundering around as stumblebums, slaphappy as they try to convince fight managers they can still put up a good battle.

Chilton County News
Clanton, Alabama
Dear Sir:
Please find enclosed a money order for \$3.00 to pay the subscription on my paper for another year, which will expire May 1963.

I would like to say that I enjoy the Chilton County News very much and look forward to receiving it each week. It is a wonderful paper and from a wonderful County. I will try and stop and see you the next time I am down that way. Again I say I appreciate your paper for its cleanliness. If you have the room and would like to print this just say it from an old friend at Bessemer. Thank You very much.

MEN OF THE WEEK

THE News this week salutes a young man who is certainly well-known in this community. The reason being, he has a very pleasant personality and has learned to conduct himself as a gentleman at all times, especially when the situation calls for such action.

Vernon Cleckler, a 25 year old native of Chilton County has been affiliated with Spigener Brown-Service Funeral Home here in Clanton for some four years now, and has made many friends for himself and the business he represents.

He and his wife, the former Lois Cordle, and their four children live on 4th Avenue North here in Clanton. They have three daughters: Deborah Jean, 6; Angela Marie, 4; Donna Kay, 3; and one son Ricky Ronald, age one year.

Vernon and his wife are members of the First Assembly of God Church here. His parents are Mr. and Mrs. Grady Cleckler of Route 5, Clanton. Lois's parents are Mr. and Mrs.

W. C. Cordle of 2nd Avenue South, Clanton.

We predict that Vernon Cleckler will surely make his mark on the affairs of this community, if he continues to conduct himself as he has for the past four years. He is active in Rescue Squad operations in this area and handles himself with authority and humility whenever the need arises. He is a young man who fits well into the everyday circumstances of community life. We are proud to add him to our honor roll of "Men Of The Week!"

Save The USS Alabama

Alabama's member of the House Armed Services Committee, Congressman George Huddleston, Jr., has urged the Secretary of the Navy to delay action on the proposed scrapping of the battleship, USS ALABAMA.

Huddleston told Navy Secretary Fred Korth the people of the State would like to retain the ship that bears the State's name as a shrine, "if it is practical".

Ministers And
Social Security

In the June 1962 issue of the Baptist program, the assistant editor of the Oklahoma State Baptist paper writes, "Be careful how you pay your social security tax" for ministers who have entered in the social security program. The tax must be paid only by the minister. No part of it can be paid directly by the church. Even though the church files a quarterly social security report and makes payment for non-ministers members of the staff, the pastor and other ministers must not be included in this report. A minister in the social security program must remit his social security tax with his Federal income tax return. Payment error forces re-arrangement plans. Funds mistakenly paid will be refunded to the church for the minister. Newly ordained ministers have until the income tax filing date for the second year after ordination to decide whether to enter the social security program. For final rulings on difficult matters write the social security administration division of accounting, Baltimore, Md. for information pamphlets.

Report from Washington

BY
ARMISTEAD SELDEN
Congressman, Sixth District

There was little activity in the House of Representatives last week due to the Memorial Day holiday, as well as the election primaries that took place in Alabama, Florida, and Kentucky.

Much has been written about the unique 9-8 congressional election that occurred last week in Alabama. Because of a population decrease in the past decade, the State's delegation in the House of Representatives had to be reduced to eight members. The 9-8 plan, resulted when the Legislature failed to redistrict the State.

As you know, the statewide campaign preceding the election necessitated my being away from Congress and in Alabama for a number of weeks. The final results of the primary held on May 29 list me as finishing fifth in the nine-man race, which appears to be a creditable showing in view of the fact that the 8th Congressional District contains the least voting gratified by the fine showing I made in the Sixth District where I led the ticket in every county but one.

My good standing in the election was due largely to the support and assistance of countless friends inside and outside the district who worked so hard throughout the campaign. I am deeply grateful to their support and will make every effort to continue to warrant their confidence.

I am now back in Washington where I plan to remain until Congress adjourns later in the year. After adjournment, I expect to return to my district office in Tuscaloosa.

TAX CREDIT
PROPOSED

President Kennedy formally

The first U. S. steamer, ALABAMA, was a 700 ton ship which operated in the antebellum days. The second ALABAMA was a side wheel steamer which was commissioned in 1861, and the 3rd ALABAMA was a battleship which saw Naval duty from 1900 to 1921. The Congressmen proposed to give the study group a full chance to determine whether it would be feasible to preserve the ship as a shrine before allowing plans to scrap the USS ALABAMA to proceed.

requested last week the enactment of legislation to encourage the average taxpayer to make a more active part in campaigns for public office. His proposals are based on the results of a study conducted by bipartisan Presidential commission headed by the dean of the University of the South, North Carolina.

The major proposal allowed individual to subtract half the amount of his political contribution of up to \$750 per year. As an alternative available to the taxpayer, the proposed legislation permits individual tax deductions of up to \$10 per year. The tax credit method was recommended by the investigating commission as encouraging larger numbers of small gifts, while the deduction would be expected to stimulate more medium-sized contributions.

LET YOUR LIGHT SHINE—

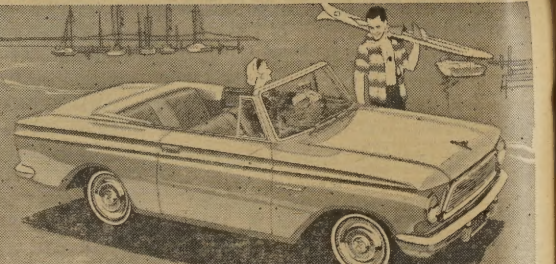

By Donald Martin

(St. Matt. 5:16)
I would not give much for your religion unless it can be seen. Lamps do not talk; they shine. A lighthouse sounds no drums; it beats no gong, far out over the waters its friendly spark is seen by the mariner. So, let your actions shine out your religion. Let the main theme of your life be illustrated by your conduct, and it shall not fail to be illustrious.

Governor Urges Water Safety

Wearing a life jacket for the occasion, Gov. John Patterson has called on Alabama citizens to be extra careful while swimming, fishing and boating on the state's 10,000 miles of creeks and rivers and 500,000 acres of lakes. "Use every precaution to prevent water accidents and tragedy," the governor warned in a special proclamation. He is

shown presenting the document to Tom Shackelford, chief of the Conservation Department's water safety division. Others are Mrs. William H. Joseph, Jr., of left, and Mrs. James Ruth, right, both of Montgomery and members of the Alabama Water Safety Committee.

Mr. Robertson is employed as an engineer with the Alabama Power Co.

The wedding will be August 18 at the First Christian church.

Circles Join To Enjoy Supper

The Edyth Stuart Circle and the Margaret Crawley Circle enjoyed a covered dish supper at the First Baptist church, Tuesday evening, May 22 at 6:30. This was a regular combined meeting of the two night circles.

Mrs. Luther Little, president of the night WMU welcomed members and guests to the meeting. Following a short business session the Edyth Stuart Circle gave an interesting program from Royal Service, Indiana East of the Mississippi. Mrs. Little and other members who have visited the Indian mission fields told of personal contacts and showed some lovely Indian handicrafts. It is interesting to note that almost 500 years after Columbus there are Indian natives in every one of the nation's fifty states. While much yet remains to be done Southern Baptists have been faithful witnesses to those first Americans in our midst.

Fourteen members, one visitor or an done new member enjoyed the evening of fellowship and inspiration.

Miss Glenn Feted

Mrs. James Donald Fraser was hostess at one of the loveliest affairs of the summer season when she entertained at her home on Selma Highway on Friday afternoon, May 25 honoring Miss Patricia Clairette Glenn, bride elect of Forest Jones with a tea and miscellaneous gift shower.

Beautiful arrangements of summer flowers throughout the party rooms added to the attractiveness of this occasion. Guests were greeted at the door by Mrs. Fraser and receiving with her were the bride elect who was wearing a cocktail frock of Red Chiffon over tulle and a corsage of red carnations, her mother Mrs. Frances Glenn and Mrs. A. A. Jones mother of the groom to be.

Miss Blanche Headley registered the guests in the bride book where red roses in a crystal vase marked the brides table.

In the dining room the guests were served refreshments from a tea table covered with a hand embroidered oyster linen cloth. A beautiful arrangement of artificial multi-colored flowers adorned one end of the table and the other end was a chrysal bowl filled with green lime punch, dainty sandwiches, cookies and an opink and green minis.

Alternating at the punch bowl were Miss Janice Glenn, Miss Greer Blankenship an dMiss Judy Agee. Others assisting in serving were Miss Sue Glenn, Mrs. A. B. Fraser and Mrs. Derrell Mims.

LONNIE COST THANKS VOTERS

Lonnie L. Cost wishes to express his heart felt thanks for the fine vote and support the people of District One and everyone throughout Chilton County gave him in the May 29th election. Friends, words cannot express how I appreciate each and every vote you good people gave me, and I sincerely ask for your continued vote and support in the November election and good people, if I am elected and can ever be of any help to anyone, don't fail to call on me. SELLERS SAYS

By John D. Sellers
County Agent

Soybean production is Alabama's fastest growing farm enterprise. The state acreage devoted to this crop has increased about 200 per cent in the last ten years. At the same time, about 1,000,000 acres have been taken out of the production of cotton, corn and peanuts. Soybeans may fit into your farm business. Here is some information to help you decide whether or not they have a place on your farm.

SOILS: Soybeans have climatic and soil adaptations similar to corn. They do best on well drained, fertile loams and sandy loams with good water holding properties.

ROTATIONS: Plant beans following well fertilized corn crop. In South Alabama beans can be planted after vegetable or grain crops have been harvested.

FERTILIZER: Follow soil test 3 to 5 years and use 400 pounds or apply 1 ton lime stone every 0-14-14 to the soybeans.

VARIETIES: Central Alabama varieties plant Hood or Lee varieties.

SEEDING RATE: Plant approximately 1 bushel of inoculated spacing. For full season beans plant 10 to 12 good seed per foot of row in 36 to 38" rows. Soybeans planted after June 1 should be planted in as close rows as good weed control will permit.

CULTIVATION: Ordinary cultivators and equipment may be used for soybeans. First cultivations can be done with a rotary hoe, spiketooth harrow, or weeder. Start the rotary hoe in the middle of the day when the plants are slightly limber. Two to three cultivations with the rotary hoe and two cultivations with sweeps are usually sufficient for good weed control.

If you desire further information relating to soybean production, contact your County Agent.

In this scene from Metro-Goldwyn-Mayer's Academy Award-winning "Ben-Hur," Haya Harareet, as Esther, pleads with Charlton Heston (Ben-Hur) to forget his hatred of the Romans. The William Wyler presentation was filmed in Italy and other foreign locales in color and MGM Camera 65.

"Ben-Hur" starts at the Clanton Drive-In Theatre on Sunday, June 24th and runs for five nights. This movie is the winner of eleven academy awards. It's one you shouldn't miss!

DEAR 4-H JANES

Since school is out, I imagine a good many of you are finding more work at home to be done by you. One of the jobs that girls

do more of in the summer is ironing. Most of you probably dislike this job - the reasons being that it is a hot job, and you may be giving about it in the wrong way.

Of course, we can't do anything about the weather but we can improve our method of doing the job.

When the ironing must be done plan your work. If you hang out the clothes after washing them, you can start your ironing when the clothes are damp. Shake before hanging them on the line, hang similar articles together, and put enough pins in the article to hold it straight on the line.

When sprinkling use as little water as possible and use warm water. Place dampened clothes in the bottom of the basket. Iron temperature first.

Now you are ready to iron. Use both hands - hold the garment with one and smooth the fabric ahead of the iron. Be sure to use long, slow strokes. Iron white and light cottons on the right side of the garment and dark cottons, silk, linen, and synthetics on the wrong side to prevent shine.

To make the job shorter, iron only those things which you feel need ironing. Some things are just as usable not ironed.

Try these methods an see if ironing is not easier.

Tips For Storing Your Electric Blanket

Electric blankets are used in many homes during this day and age - they offer comfort and convenience. With hot weather here most homemakers are putting their blankets away for the season. Be sure to have blankets clean before storing. They are easy to care for, so if you have not cleaned yours be sure to do so by using the following suggestions.

Let your mechanical servants clean your blankets. Follow the instructions that are given in the Use-Care Book, which came with your washer and dryer. Most blankets seem to shrink some when washed; however, a clean blanket is necessary. If these hints are followed the blanket will be soft, fluffy and shrinkage will be limited. Wash only one blanket at a time. Pre-treat heavily soiled bindings or spots with a thick paste of soap & detergent. Wash water should be lukewarm, 80 to 100 degree F. Agitation and spin cycles should be very short. Check the Use-Care Book again for specific directions. Use only light duty detergents or soap for washing. Heavy duty detergents will make woolens harsh.

Electric blankets which the manufacturer labels as machine washable are washed by the same method as the non-electric blanket. Also, if the blanket manufacturer recommends dryer drying then the same method is used as for the non-electric.

When drying blankets in the dryer make sure the lint trap is clean. Then place six or seven towels in the dryer to cushion the tumble action. Dry only one blanket at a time. Let towels pre-heat for five minutes an then add blanket. Put three or four towels in the blanket folds. As soon as the dryer stops, remove the blanket. There should be enough moisture left

so that the blanket can be blocked to its original size. Allow "airing" time before pressing the binding and packing it away. Most important! Follow the directions in the Use Care Book for your particular washer and dryer. It'll be a joy to unpack clean, fluffy blankets next fall so let your mechanical servants work now!

Pastures & Weed Control

By John D. Sellers

Take a little time and look over your pastures. How do they look - good or bad? If they are short, maybe a topdressing of nitrogen would be all they need to grow enough grass for your cattle. Broad leaf weeds could be stealing moisture and fertilizer from your good pasture plants. About one dollar worth of 2, 4-D Amine per acre properly applied in 12-20 gallons of water would solve the weed problem for a while. Some claim that the 2, 4-D actually stimulates the growth of the grass.

Caution. Do not use peach

spray machinery for this job.

Could be you've let your dallis grass and white clover pasture get so run down that a "tonic" is not the answer. It may call for a complete "re-doing" breaking, liming, fertilizing, etc. If that is the answer, now is the time to make your plan. Decide on the part you plan to rework. Get a soil sample. Get lime applied if the soil test calls for lime. Decide on the grass and legume mixture you will use. You might need to plant some millet to take care of your cattle in late summer and fall so that your newly seeded pasture can get well established.

Grazing Crops Should Be Planted Now

By Daniel R. Mims
Assistant County Agent

To have summer and early fall grazing crops should be planted within the next few weeks. There are many summer plants

that can be used for temporary grazing. Among them are: Gobi, Starr Millet and Sudan grass. Select the one that fits your need and plant on a well prepared seedbed, and use 40 lbs. of 4-12-12 per acre and when plants are up to a good stand apply 40 to 50 lbs. of Nitrogen per acre. Each time the crop is grazed down or cut for hay, get quick growth, topdress with another 40 to 50 lbs of Nitrogen per acre.

To make summer grasses such as Johnson and Coastal Bermuda do their best, topdress these grasses with 40 to 50 lbs. of Nitrogen per acre and apply 40 to 50 lbs. of Nitrogen after each cutting of hay.

Four From Isabella Attend Convention

The Isabella FFA Chapter will send four members to the Alabama State Convention of Future Farmers of America in early June. Members attending are Tommy Lawrence, David Cummings, Marvin Baker and Frank Daniels. The Convention is held in Auburn, using the facilities of Auburn University.

Two Future Farmers from the Chapter will receive their Alabama State Farmer degrees at the Convention. The degree is the highest awarded by the state Association.

The official delegates to the Convention from the Isabella Chapter is Tommy Lawrence. He will participate in the business sessions with delegates from the more than 200 other chapters in the state.

Approximately 900 Future Farmers will hear T. L. Faulkner, state supervisor of vocational agriculture and former executive secretary of the FFA, who will be present as the state advisor to the Alabama FFA Association.

Accompanying the members from the Isabella Chapter will be Mr. Curtis Smith, local chapter advisor and teacher of vocational agriculture.

Miss FHA And FHA Quartet

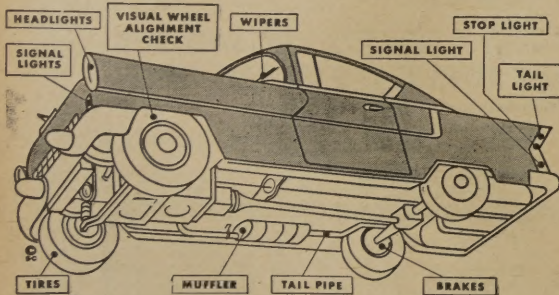

The County Miss FHA and the FHA Quartet Contests were held at Verbena High School last month. The Miss FHA candidates modeled and the winners are: Miss FHA, Judy Mitchell from Maplesville. 2nd place was to Myra Robinson from Jemison. Maplesville also won first place while Verbena won second and Clanton third. Ruth Smith and Judy Cox presided. Entertainment was provided by Barbara Rowers, Linda Carroll and the Jemison and Verbena FFA Quartets.

Credit for the beautifully decorated stage was given to Joyce Edwards and Joyce Mullins.

THINGS We see and hear

by BOB

RICHARD Lawrence has a no-nonsense "To Kill A Mockingbird" in his yard. A young customer said he didn't want to buy it until he had seen it in his neighborhood and he's about ready to buy the old blunderbuss. Richard says "I like to hear them bang in the morning, but this bird won't work." It, well, he says it's for the real birds!

PAUL Headley says he and his wife have a new system of the barber shop. The barber shop is a young customer who didn't get until he had seen it in his neighborhood and he's about ready to buy the old blunderbuss. Richard says "I like to hear them bang in the morning, but this bird won't work." It, well, he says it's for the real birds!

Miller To Attend Summer ROTC Camp

CADET William O. Miller of Chilton County, a member of the Auburn University Advanced ROTC Course, will attend summer camp at Fort Gordon, Ga. during the period June 24 to July 3. He will receive six weeks of intensive field training under combat-like conditions. This practical work will be followed by classroom studies during the summer year at Auburn. On the successful completion of the summer camp and his commissioning as 2nd Lieutenant, U. S. Army Reserve, Miller, as he is known in the military, is the son of Mr. and Mrs. W. O. Miller of Glendale.

Cemetery Cleaning at Samaria

There will be a working at Samaria Baptist Church this Saturday, June 16 for the purpose of cleaning the cemetery. Everyone with any interest in this matter please come early and bring your tools to work with you. A refreshment will be served. The cemetery will be greatly appreciated.

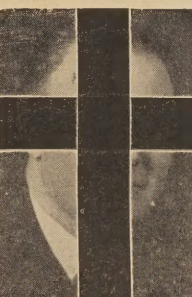

Local Scouts Serving On Camp Staff

Explorers Charlie Patterson, Jr., and Joe Hayes of Explorer Post No. 44 in Clanton have been selected to serve as counselors at Boy Scout Camp Tukabatchee this summer.

Approximately seventy-five scouts from the Clanton area will attend Camp Tukabatchee during the period of June 17 thru June 23rd. Many of these scouts will attend additional weeks during the period June 24 thru July 28. Explorer Post No. 44 will attend during the week of July 8 thru July 14th.

Camp Tukabatchee is located approximately 25 miles toward Prattville from Clanton. Parents and friends are invited to visit the camp on Thursdays and attend the camp fire program when an "Indian Pageant" is presented.

MYSTERY MAN NO. 24 IS JOHNNY VINES

LAST week the News presented its 24th Mystery Man to our readers and Mr. Clyde Mims was the first one to identify him as Mr. Johnny Vines. That's two, and according to the rules of the game, all for Mr. Clyde. You can win only twice! Then it's someone else's time.

The rules are simple, and it's a mighty good way to get the good old News started in your home as a weekly habit. All you have to do is to come in, as early as possible after 8 A.M. on Thursday and turn in your guess. Those who cannot come in may send in a post card. The earliest post mark wins for you! The prize: a six months subscription to the CCN... 26 weeks of news and happenings of Chilton County absolutely free!

It's a real fun game... and lots of folks are interested in just who will be the next News Mystery Man!

Can you identify the accompanying picture? It could mean six months of mighty good reading to you and your family! If you're already getting the News as most everybody is... we just need the six months to your present subscription! See the Man Of The Week feature on the Editorial Page!

Thorsby Youth Attends Boys State; Capitol

JOE Michael Robinson, son of Mr. and Mrs. Herman Robinson was elected to attend Boys State from Thorsby High School. He reports that Boys State is beneficial in aiding boys to understand the City, County and State Government. The boys attended lectures. Later they wrote up bills and debated these in the Legislature in Montgomery where the officials who had been previously elected, presided.

The privilege of attending Boys State is made possible by the American Legion.

Bryce Hospital Choir Program At Liberty Hill

The Bryce Hospital Choir of Tuscaloosa, Alabama will appear in concert at the Liberty Hill Baptist Church, Thursday night, June 14, at 7:30 p.m. The choir is under the direction of the Rev. B. W. Allen, Bryce Hospital chaplain. The choir will be making its 130th appearance outside the hospital.

This will be the first time the choir has appeared in Chilton County. Some numbers that the choir will sing are "Guide Me, O Thou Great Jehovah, Thy Sins Be as Scarlet, Only Believe, in Jerusalem Just Like John and Just A Little Talk with Jesus, and some spirituals such as Walk Roll, Jordan, Roll.

Jemison FFA's Note Progress In Breeding Program

The Herford bull placed with the Jemison FFA Chapter by the State FFA Board and Company being used to the best advantage states R. M. McGee, Chapter advisor.

The bull was placed with this chapter, as one many other beef type bulls through out the state and nation, and is being used to improve the beef type cattle in the Jemison School District and adjoining areas.

This bull was received from the Sears Chain two years ago. It was fed through the cooperation of the Jemison FFA Chapter and the FFA Members; the bull being kept on the school farm. He was shown in the Sears Roebuck bull show in Montgomery last fall and won a rosette placing in the show 4th place.

We have used this bull in heavy breeding since the show last fall, says McGee. Several small farmers have brought cows which was bred by this bull and a few weeks back we moved him to Mr. Strains farm which is a pure bred breeder. The bull "Honey" has been in service near Clanton on the farm of Mr. Luther Scott and Mr. Bill Lowery.

CHILTON County, according to sources who should know, is closer now, to streamlining and capitalizing on its basic industry — the Peach — than it has been in 20 years!

Reason for this encouraging development, is a culmination of years of work by individuals and groups trying, so far in vain, to commercialize our number one crop to the extent that we can call it an economic improvement for the entire County.

THE C.C.P.P. — A group with the intriguing initials of C.C.P.P. — The Chilton County Peach Pilot Project has been formed here and with funds contributed by the County Chamber of Commerce, the county's banking houses, peach growers and packers and the municipalities which are vitally concerned with our Peach Industry, a big push has been initiated to gain a foothold in our economic climb to better things for the people of this area.

EXPERIMENTS WILL TELL This year, with facilities furnished by Auburn University, Dr. Harris at Auburn along with other technicians in the food processing field, are developing some five new products from the Chilton County Peach which will, according to statistics and information already available, enhance greatly our chances of obtaining a canner here in Chilton County. It is felt that after the experiments conducted at Auburn this year are completed, enough information and knowledge of the products will be available that we can attract industry to this area with regards to our peach crop and other truck crops.

ALL-OUT EFFORT This effort is being well received all over Chilton County. Growers, packers, businessmen and the Extension personnel here in the County are all acutely aware of our problem when it comes to marketing the peaches which we grow. Fruit from California and Michigan is now taking priority over our own peach, mostly because we lack the information and the consistency of product that industrial users require. It is generally believed that the experiments conducted at Auburn this year will hold a very important key to Chilton's future economic growth and development.

RA Mason's Annual Meeting

Clanton Chapter No. 116 RAM will hold their annual convocation next Saturday, June 16, 1962 at 7:30 p.m. at the Masonic Temple.

All members urged to remember your obligation, and be present to make this a record attendance for an Annual Meeting. New Officers will be elected for the ensuing Chapter year, as well as other important matters.

We look forward to seeing all members present. Don't let us down, we need you. Visiting companions welcome. Isaac C. Byrd, H. F. B. E. Reeves, Sr., Sec. TO "BRAVES"

Progress Noted In Housing Project

AS you can see by the above photo, work is coming along fast on the Clanton Housing Project in north Clanton and in West End Clanton. The scene above is the white project just north of the City waterworks on Highway 31.

The houses are taking shape, streets are being cut and the schedule will be met without too much delay. The city is also finishing a street and bridge through Black Snake woods and across the creek just south of the Project. This

will greatly facilitate traffic from Highway 31 to the Lay Dam Road and in effect, connect East Clanton with West Clanton!

GOP State Convention Nominates Martin

ALABAMA Republicans have nominated Jim Martin of Gadsden to oppose Lister Hill in November for U. S. Senate. Martin, who is 44 years old, is married to the former Pat Huddleston of Clanton, and is the father of two children.

The Convention, which was held in the City Auditorium in Birmingham, was the largest in the history of the Republican Party. An estimated crowd of 3500 people were present at the opening of the Convention. The permanent Chairman of the Convention was Joe Farley and permanent Secretary of the Convention was Jon Will Pitts of Clanton.

New Hours For ASC Office

Office will be open from 7:00 a.m. to 12:00 noon (Monday through Friday) 1:00 p.m. to 4:00 p.m. This change will be effective May 28 (Monday), and will continue through August 31.

Cemetery Cleaning

There will be a cemetery cleaning at Pilgrim Rest Church near Pletcher Friday and Saturday, June 15 and 16th. Those who are interested are requested to come as early as possible and bring tools to work with.

Elmer B. Harris, Clanton is the recipient of a scholarship awarded by the Schlumberger Collegiate Award for the scholastic year 1962-63 at Auburn University.

This announcement was made this week by Auburn University President Ralph B. Ibraugrah.

To Elect Officers

Jemison Masonic Lodge No. 411 annual communication Saturday June 16. Also election of officers. All members urged to be present.

Five Years of Progress Recognized at Temple

On next Sunday, June 17, Rev. and Mrs. Nelson E. White will celebrate their fifth anniversary as pastors of the Temple Assembly of God. They came to Clanton to accept the church on June 16, 1957.

The Sunday school attendance goal for this special day has been set at 217. This would be exactly 100 more than were present on the White's first Sunday five years ago.

At the 11:00 a.m. worship service Pastor White will repeat the same message he preached on their first Sunday in 1957. The church joins with their pastors to welcome the public to the services Sunday. And everyone is invited to stay for dinner which will be served in the church vest.

During the past five years Rev. White has received 43 new members into the church, and baptized 33 converts. He has conducted nine weddings and 14 funerals. Also, during this time a lovely new brick parsonage has been built and paid for and

Rev. and Mrs. White

the church and Sunday School building have been completely air-conditioned.

Golden Supper Bake

When minutes count, self-rising corn meal comes to the rescue
in this quick Golden Supper Bake. Beneath its tender golden
corn meal topping is a tuna or chicken base. Creamy mayonnaise
and green pea sauce tops each bite, placing Golden Supper Bake
in the class of the popular one-dish entrees.
The corn meal topping has a light soufflé-like texture created
by using three well-beaten eggs in the batter then beating in
more airy lightness with the other ingredients. Baking puffs
the topping and turns it a golden brown.
Because the leavening and salt are already blended into the
self-rising corn meal and flour, no pre-mixing of these ingredients
is needed. Enriched with B-vitamins, iron and calcium, all self-
rising products also lend important nutritional benefits to baked
foods.

GOLDEN SUPPER BAKE

1 7-ounce can tuna or salmon 1/2 cup enriched, self-rising corn
1 6-ounce can boned 1/2 cup sifted enriched self-
cooked chicken (about 1 cup) rising flour
3 eggs 1/2 teaspoon celery seed
1 cup milk 1/2 teaspoon Sausage
2 tablespoons melted butter or Mushroom Sauce
margarine
Spread tuna evenly in well-greased 8-inch round pan. Beat eggs
until foamy. Add milk and butter or margarine. Mix well. Add
corn meal, flour and celery seed, beating with rotary beater
until smooth. Pour over tuna. Bake in moderate oven (350°F.)
45 to 55 minutes or until golden brown. Cut into pie-shaped wedges.
Serve immediately with Mushroom Sauce.
Mushroom Sauce
To prepare, stir one 10 1/2-ounce can condensed cream of mush-
room soup until smooth. Stir in 1 cup cooked peas (8-ounce can
or half of 10-ounce package frozen), 1/2 cup milk and 1/2 teaspoon
curry powder. Heat to serving temperature.
Makes 4 to 6 servings.

washes to pay their way. The
first of these will be Saturday
and will begin at 10:00.

Our Bible School will close
tomorrow and we are happy to
say it has been a very successful
venture. The youngsters have
all enjoyed this and have learn-
ed a lot.

We missed you at our services
Sunday and we always miss you
on Wednesdays. What happens
to you then. Do try to come
we surely would enjoy having
you.

CARD OF THANKS

We wish to take this oppor-
tunity to thank all the friends
and neighbors for their kindness
shown us during the illness and
death of our dear mother Mrs.
Lizzie Arant. We cannot find
words to express our apprecia-
tion, everyone was so good also
we want to thank Dr. Rennings
for all he did and the nurses at
the Chilton County hospital for
their kindness and may the good
Lord bless all who lent a help-
ing hand.

Francis Speaks Writes Chilton Voters

I wish to express my sincere
appreciation to the people of
Chilton County for the honor
they bestowed on me by al-
lowing me to be their Repre-
sentative for the last 8 years.
I also wish to express my sin-
cere appreciation to the many
individuals who expressed their
confidence in me by working
and supporting me in this cam-
paign. I know the many ser-
ious responsibilities that will
face your Representative dur-
ing the next 4 years. This is
especially true in the field of
Segregation. May God assist
him in this serious undertak-
ing. I shall ever be grateful
to each of you and will always
be ready to assist you in any
way possible.

CAPITAL KNOWLEDGE

NEW YORK
 New York State's Capitol at Albany, built in the style of a French chateau, occupies a three and one half acre site at the head of State Street Hill, and overlooking Hudson River. Even in 1894 when it was built it cost \$25,000,000. One staircase cost \$1,000,000. It is considered a monument to the art of stone-cutting. The Capitol is open from 10:00 to 4:00 daily and guards are on hand to direct visitors. Other sights in Albany can be seen from the observation tower of the State Office Building. Near Albany is the battlefield and spa of Gettysburg.

Northside Baptist

There was a noticeable increase in attendance at the Northside Baptist Church service last Sunday. One person came on profession of faith in Christ at the invitation during the Morning Service. Rev. Horace E. Kimbrel, pastor of the Aldrich Baptist church in the Shelby Association, brought the message at both services. His wife and two children also attended the service. Mrs. Kimbrel is a very talented worker and an accomplished pianist. Brother and Mrs. Kimbrel came highly recommended by Rev. C. O. Sewell, Sr., pastor of the West End Baptist church, Clanton. The pulpit committee urges all the members to be present to hear their report at the Morning services Sunday. Sunday School begins at 9:45. Preaching at 11 a.m. Training Union begins at 7. Preaching at 8 p.m. Mid-Week Prayer service Wednesday, 7. Choir rehearsal at 7:30 p.m. Church Visitation, 6:30 p.m. "Come thou with us and we will do thee good." A warm welcome awaits one and all who will attend the services of this church.

KENNEDY - COBB ENGAGEMENT
 Mr. and Mrs. W. E. Kennedy of Birmingham announce the engagement of their daughter Mary Louise to Charles Cobb, son of Mr. and Mrs. Lonnie L. Cobb of Jemison.

Miss Kennedy is the granddaughter of Mr. and Mrs. D. D. Findlay. Mrs. Elizabeth Cannon was the late Mrs. H. E. Kennedy. The bride-elect received her B.A. degree from Auburn University, where she was a member of Alpha Omicron Pi social sorority. The future bridegroom is a member of Alpha Gamma Rho fraternity. He is presently employed in Auburn by the Soil Conservation Service. The wedding will take place August 30 at the Central Park Presbyterian Church, Birmingham.

BRIDE-ELECT COMPLIMENTED
 Miss Mary Holland King of Luverne, whose marriage to Rev. C. T. Davis III will be an event of June 17 at the Thorsby Methodist Church was complimented at a tea and gift shower on Sunday afternoon, June 10 by the Woman's Society of Christ-ian Service of the Jemison Methodist church.

The spacious home of Mrs. A. C. Bratton was the scene of this event.

Miss Nancy Easterling registered guests at a table marked with an arrangement of pink snapdragons. She was wearing a formal polished cotton frock adorned in the present made, low neckline and bouffant skirt. Mrs. Bratton, president of the WSCS welcomed the guests and presented the honoree. Others in the receiving line were Miss Sybil Langston, treasurer of the society, Mrs. Dan Robins, past president and Mr. N. L. Duffee, Supt. of the Methodist Sunday School.

The honoree was wearing a pastel pink frock, the bodice and sleeves trimmed in Irish lace, fashioned with a high neckline and pleated bouffant skirt. Her corsage was formed of pink carnations.

In the dining room, the tea table was lace spread over pink. Tall spindle candles nestled in a large arrangement of pink snapdragons and stephanotis that graced one end of the table; a crystal punch bowl ornamented at the base with rosettes of pink snaps was at the other end. The color scheme of pink and green was carried out in the lime punch, green and pink mints and individual embossed cakes. Miss Sarah Johnson presided at the punch bowl. She was wearing a pink dotted white silk frock with a pink sash.

The buffet was ornamented with an arrangement of pink roses, grapes and greenery. On either side were silver candle sticks holding tall pink candles tied with pink ribbons holding clusters of pink snaps.

A nice assortment of lovely and useful gifts that would delight the heart of any bride elect were carried out in this room. Pink hollyhocks and Queen Anne lace formed an arrangement.

Out of town guests: Mr. and Mrs. Charles R. King, parents of the bride elect, her sister Miss Penelope King of Luverne, Mr. and Mrs. C. T. Davis II and Miss Diane Davis, parents and sister of the groom to be of Jackson, Ala. Miss Sylvia Short, of Birmingham, niece of Mr. and Mrs. E. E. Easterling. Pink snap-corsages designated the hostesses, other than Mrs. Bratton who was wearing a purple throatied orchid, a Mother's Day gift.

Due to arrive in Jemison from Butzbach, Germany, Monday night are Capt. and Mrs. Hollis D. Messer, Sherry, Randy and David, to be with her mother, Mrs. Verta Mae Langston and other relatives, then to Verbena to visit his people then to camp.

Do You Deserve Your Rights?--

To appreciate anything, you must first understand it. That is precisely where some of us, as American citizens, are failing... we do not understand the fundamentals of our own form of government, our own Christianity, even our own society! How then, can we expect to understand something like Communism, or anything of its like?

In the first place, we accept our American heritage as something that was owed to us. That is ignorance! We expect our neighbor to take thought of the ideals which make America strong, but when we get the opportunity to get a handout from the Federal Government, we jump at the chance, and hang the ideals. That is stupidity!

And where is all this blind waste of human thought and action leading us? Straight to Hell, friend!

Our reason for saying this is simple: we believe that it is a sin to expect something for nothing; we believe that it is a sin to expect freedom as a hand-me-down policy from great grandpa; we believe that it is a sin for a people to allow themselves to believe that the lazier they get, and the more leisure time he can absorb, the better off they are!

We are sinning against ourselves...one of the worst kinds of sins! We have allowed ourselves to complacently believe that when the Federal Government "grants" us a sum of money, that it is right and good. That someone, somewhere, owes us a living is utter nonsense!

If you can twist your mind into believing that some way or other you, personally, are entitled to a handout from the Government, you are offending your own integrity! Nobody owes you anything! Nobody owes anybody anything, in this life! If we are our brother's keeper, how can he owe us anything regardless of what we have done for him.

No, it is only a device we have developed to soothe our own conscience! When you strike for higher wages, or expect higher wages, do you honestly believe you deserve them? When you draw that monthly check from the Government, are you confident that they owe it to you, and that you couldn't bet by any other way? Does that subsidy mean so much to you that you can ignore the fact that it entirely wrong that you are getting it?

Until, we, each of us, decides that it is up to us to live and help others live; independently, without Government assistance and the Government control which naturally follows, we are going to be taxed out of business; we are going to be led down the wrong paths by the wrong leaders and we are going to be degraded and disgraced by our own greed and apathetic attitude about our responsibilities to our fellow man!

Our attitudes, and our goals must be accompanied by a new determination to do what is right, according to the dictates of our own conscience. What is freedom without honor? What is man, if he cannot call himself a man? What is America, if we depend on someone else to run it for us and all we do is pay through the nose to get a handout which makes us feel more like a leech than a human being?

Late, But Not Better--

WE read, carefully this week, a letter from a very controversial figure during the recent Primary Election of May 1st, which, if written an dmailled earlier, could have saved much embarrassment and much questioning in the minds of the people. The party finally "realized" and so stated that he was "wrong" all along! This is indicative once again that it is not politics which are ugly and dirty, but rather the individuals which we allow to participate in them. A person who allows himself to be used by political "vultures" is no less a party to the crime than if he were one of the original "birds"!

Administration's Feed Bill Would Ruin Alabama Farmer--

WHEN you deny a farmer the right to produce feed grains to feed his own livestock, then you have taken away a basic right of that farmer as an independent business man and, moreover, you have stopped the progress of that farmer in continuing to increase or expand his livestock or poultry production.

The U. S. Senate has passed the Administration Farm Bill (S. 3225). A similar bill H. R. 11222 is to be considered in the House on approximately June 11, 1962. Both of these detrimental bills provide for acreage allotments and marketing quotas on feed grains, as well as a multiple-price certificate plan for wheat. H. R. 11222 also provides for production controls for dairying.

BUILDERS

The spotlight was on our Chilton County Superintendent of Education, Gordon Conway, last week. Gordon Conway, last anion o fthe week". He was born in Chilton County in 1924 in the Isabella Community and now lives about 300 yards from the place of his birth. Gordon is the tenth child out of a family of eleven (who can afford that many kids today?) He graduated from Isabella High School in 1943 and was called into the Army in 1944. He served his country for two years with the 102 Infantry Division in the European Theater. Gordon entered Jacksonville State Teachers College in 1946, transferred to Auburn in 1947, and received his degree from Auburn in 1949. After leaving college he taught Vocational Agriculture in Marion County and returned to Chilton County as teacher at Isabella High School in 1951. In 1959 he became principal of Isabella High School and served in this capacity until he became Superintendent of Education in 1960. Gordon is now doing a good job as Superintendent of Education as judging from the recent election results he has the whole-hearted support of the people of Chilton County.

By the way, Gordon has tickets available to the barbecue which will be held July 4 at the City Park. All proceeds will go to support the school for the mentally retarded of Chilton County. Tickets are \$1.25 each. Mayor Hollis Jackson was in charge of our program. Hollis asked for suggestions from club members on ways that could be used to improve our city. Some of the things that were discussed were: (1) Clean-up campaign for the beautification of our city. A committee consisting of a

Farmers in areas that were once "one-crop" areas have realized that they must diversify their operations in order to more adequately utilize the man and labor resources available to them. By so doing, many of the smaller farmers have been able to maintain well-balanced, efficient farming operations. In moving from a row-crop type agriculture the logical area of development was dairy and livestock production. Thus, we have seen in our State tremendous changes taking place in the type of agriculture. We have seen in Alabama hed hills that were eroding away changed into deep green where the soil is being held in place. We have seen net farm income rise on many of these efficient, diversified farms.

The feed grain provisions of this legislation will stop the progress that has been made in this changing agriculture. We already have a deficit production of feed grains in Alabama. Increased production of feed grains in Alabama is absolutely essential, if our farmers are to continue to increase our rapidly expanding livestock and poultry production.

Alabama farmers grossed \$432.6 million from agriculture in 1960, an increase from \$369.7 million in 1950. While the income from livestock and livestock products was only \$134 million in 1950, it had increased to \$302 million by 1961. The proposed all-powerful legislation now pending will not only make Secretary of Agriculture Freeman a virtual Czar of Agriculture, but it will adversely affect the economy of Alabama and the nation as a whole.

Furthermore HR-11222 is not in the best interest of Alabama farmers because:

1. It will restrict opportunity and income, thus working toward relegating Alabama to its present agriculture status.
2. It will place unwarranted authority in the U. S. Department of Agriculture, thus compounding the problems of over-centralization, attending inefficiencies and abuses, already too much in evidence.
3. It will delay other efforts of economic improvement in agriculture by application of strict controls by government, which work against natural economic laws and not with them.
4. It will not and cannot achieve its stated objective of improved farm income.

This legislation, if passed, undoubtedly would also result in reduced purchases of feed, seed fertilizers, insecticides, farm machinery, and other production essentials.

This legislation is being opposed by the Alabama Farm Bureau, the Alabama Cattlemen's Association, the Alabama Poultry Producers Association, and other groups. Although Congressman George Grant, third ranking member of the House Agriculture Committee, opposed this legislation in committee, it was passed by a vote of 18-17. Bill HR-11222 is being debated now on the floor of the House. We urge everyone who is a friend and business partner of the farmer to write a letter today to their Congressman urging him to defeat this drastic legislation. If every farmer, fertilizer dealer, farm machinery dealer, seedman and merchant who derives his income from farm activities would either write or wire his Congressman this week, we feel that HR-11222 would lie on the floor of the House.

Report from Washington

BY
ARMISTEAD SELDEN

Congressman, Sixth District

After delaying action for almost a week, the House of Representatives last week passed a bill to amend the National School Lunch Act. The measure includes revised formula for apportionment of the states for school lunchment of cash assistance payments program, and a special assistance fund for schools in economically poor areas.

SCHOOL LUNCH ACT OF 1946

The National School Lunch Act of 1946 authorized cash assistance payments to the states for school lunch programs apportioned on the basis of each state's school age population and per capita income. State agencies were required to use the payment to reimburse participating school on the basis of the number of hot lunches served, with a maximum payment of nine cents per lunch. Funds were also authorized

for direct purchase of foods for distribution to participating schools. Finally, funds were reserved for private schools in amounts based on the number of students attending such schools.

Plans were made to have a radio program covering the drainage project for June 16. In this case, aid would be in direct proportion to the number of meals served in the private and public schools in the state.

The fund raising drive for the Boy Scouts of America is now in full swing. Please help us out in this worthwhile project. Funds will go to our own Tukabatchee Area Council. Call Mutt Wray.

for direct purchase of foods for distribution to participating schools. Finally, funds were reserved for private schools in amounts based on the number of students attending such schools.

HOUSE APPROVED MEASURE

The new bill revises the formula for apportionment of cash assistance by tying it to two factors: (1) The number of lunches served in participating schools, and (2) The average annual per capita income of the state relative to the national average per capita income.

The measure also authorizes a special fund for aid to schools in economically poor areas which are financially unable to operate a school lunch program on a free or reduced price basis. In applying for such aid, states will be required to submit information showing the need for additional aid. The funds would be apportioned through a three way formula which would take into account the number of meals served, the state's ability to pay, and the overall educational resources compared with those of other states. The special aid program would be administered by state educational agencies except in cases where state laws made it necessary for the Agriculture Department to deal directly with private schools. In this case, aid would be in direct proportion to the number of meals served in the private and public schools in the state.

TAX RATE EXTENSION

The House also approved last week a bill to extend for one year existing corporate and excise taxes. In addition, the measure continues for an additional six months the current 10 percent tax on transportation of persons. Without the passage of this drop on July 1, 1962, from 32 percent to 47 percent, the ten legislation, corporate taxes would percent telephone tax would excise, and other excise tax on distilled spirits, beer, wine, cigarettes, passenger cars, and automobile parts and accessories would be reduced. Most of these tax rates were imposed during the Korean Conflict and were extended in 1954 and each year thereafter. There is every indication the Senate will join with the House in extending these rates again this year.

YOUR SOCIAL SECURITY

MEN OF THE WEEK

JOHN G. VINES, 36 year old business and civic leader of Chilton County was wounded in the European Campaign during World War II on March 1, 1945 near the Rhine River.

His physical set-back then, has not slowed this young man down in his responsibilities nor his desire to help his community to grow and prosper. In 1952 he accepted a position with Suburban Gas Company in Clanton as its new manager of the local office.

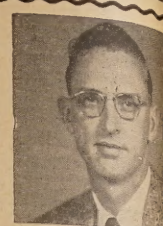

He is a member and past president of the Clanton Lions Club, belongs to the First Baptist Church, is active in Chamber of Commerce work, now serving on the Board of Directors, and is an active member of the Disabled American Veterans and Home Service Officer for the Red Cross.

Born in Jefferson County, John was one of five children. He has one brother living at home one in Monticello, one in Birmingham, and one in the position with Suburban Gas Company. He is an energetic man that Clanton Chilton County needs in effort to attract new industry and to grow with the rest of the State and nation. We are proud to add him to our Honor Roll of Men of the Week.

HONOR ROLL OF "MEN OF WEEK"

SINCE beginning the "Mystery Series" and "Man Of The Week" series late in December of last year, unhopod for interest has been shown in the feature and we are, this week beginning an Honor Roll listing those individuals who have been featured in this column since its beginning--THE EDITOR.

INTRACRANIAL HEMORRHAGE

Intracranial hemorrhage in the newborn is more frequent than is normally suspected. In the newborn, such hemorrhage may result in cerebral palsy or in mentally or physically retarded children. The typical and gross hemorrhage is easily recognized and recorded at birth.

Minor injuries to the brain, often not even suspected at birth, show up later in life when it is found that the child does not normally develop physically or mentally.

To apply the term birth injury is incorrect in many cases because before birth there are vast changes taking place in an infant as he emerges into an independent entity. Circulation, respiration, and blood all undergo dramatic changes and are subject to damage before and during birth, beginning with early labor. Traumatic forces are exerted by the mother's body; and a weakly developed or friable blood vessel in the cranium of the infant may become injured. Even in easy labors and Cesareans, if contractions are taken place before the operation, such hemorrhages can occur.

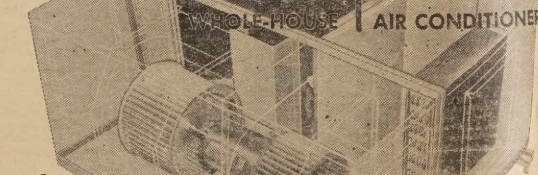

The death rate among infants suffering intracranial hemorrhage is high. Recovery is slow and is usually marked by after effects, varying with the extent and location. The consequences of intracranial hemorrhage range from severe cases of spastic paralysis to the just not quite normal child.

FEDDERS

Automatic WHOLE-HOUSE AIR CONDITIONER

famous engineering design takes the luxury price tag off comfort

why the price of whole-house cooling is way down

pay as little as \$25 per month

Wake up...this is 1960. Something's happened to the cost of all-through-the-house summer comfort since you inquired last time. For the past two years thousands of average-income families have been enjoying central air conditioning because of a revolutionary new engineering concept -- the Fedders Automatic.

Small enough to fit anywhere--attic, basement, utility room, etc.--the Automatic does away with costly structural alterations. Exclusive split-chassis design and pressurized condenser air slashes installation days and dollars. And because the Automatic is fully assembled, fully charged and fully tested in the Fedders factory, all critical on-the-job-hermetic work is completely eliminated.

So in addition to lower cost, you have the assurance of enjoying all the cooling power and proficiency built into this wonderful air conditioner by Fedders engineers.

What To Do Now! --

Disease Control Is Essential To A Good Peach Crop

DISEASE CONTROL

Brown Rot: It is very important to control brown rot during bloom to prevent a buildup of sources of infection. If blossom blight and twig lesions can be prevented, brown rot control in the later stages is made easier. However, this year there are a considerable number of twig lesions which resulted from blossom blight here in Chilton Co. This means that a thorough and complete job of spraying must be done beginning with the second swell and continuing to harvest. In brown rot control, the control during second swell is most important of all. At the second swell the starches in green fruit start changing to sugars. And when the sugars start forming, the fruit is more susceptible to the fungus which causes brown rot since the sugars in the peach are pretty

much ideal media on which brown rot will grow. Sometimes between pit hardening and second swell we get a minor amount of brown rot setting up, but almost always this is caused by large leaf marks or peaches near twig lesions breaking down and brown rot since the crown rot can travel short distances through the wood of the twig into the stem of adjacent peaches. Therefore, when the second swell starts, be prepared to go out in applying sulfur or captan.

In spraying mature orchards use 250 to 260 gallons of spray materials per acre. This should assure good coverage.

CHECK FOR CURCULIO

Here again we realize the importance of changes in the fruit beginning with the second swell. Prior to pit hardening curculio

eggs can be deposited in the fruit, hatch and the larvae mature and leave the small green peach. However, if the eggs are deposited between pit hardening and just prior to the second swell when the eggs hatch and the small larva start tunneling through the flesh of the peach, the injured flesh of the peach will exude a jelly like substance which usually drowns the small larva, thus stopping the infection. However, when the second swell starts, the starches and other compounds in the fruit start changing to sugars. When this happens, the peach will not exude the jelly; therefore, if an egg is deposited at the beginning or after second swell starts, the egg will hatch, the larvae will develop, and a wormy peach at harvest time will result. This means that there have any curculio present in the orchard

when the second swell starts we can expect some wormy fruit unless we do some thorough spraying.

Incidentally, the damage caused on early peaches in one section of the state this year was undoubtedly caused by late emerging overwintering adults. No damage from the first brood of adults will be expected until after July 1 in the central part of the state and after July 10 in the Piedmont. However, in the meantime we must do a good job of spraying to prevent possible damage from overwintering adults on varieties ripening prior to the above dates. Observe the spray schedule for the use of parathion. Apply all of the pre-harvest sprays as recommended (6 weeks before harvest, 4 weeks before harvest and 2 weeks before harvest). If rain washes off, replace it immediately

except the last spray. If rain washes the 14 day prior to harvest spray off some other material with a shorter waiting period will have to be used since parathion is not to be applied within 14 days of harvest.

In addition if there is a definite threat of curculio within two weeks of harvest, growers can change to malathion 25 percent wettable at the rate of 4 pounds per 100 gallons of spray. This material can be used to within 7 days of harvest. Another compound that is effective against curculio is seven. However, severe damage of 2-3 percent has been noted following applications of seven. This material can be applied within 1 day of harvest. If this material is applied, it is altogether possible that growers may have to spray on one or two weeks following harvest.

Plan Now For V. B. S.

Vacation Bible School is one of the most valuable opportunities to the church and to the youth of the church and community to study the Holy word of God, and to win the lost young people to Christ. Come well trained workers are available at the Baptist Headquarters in Montgomery. The associational Superintendent of missions is also available to assist in planning schools and to help secure the books and other materials necessary to have a good school. If there are churches who have not planned to have a school, please get in touch with Brother Fields immediately and let's talk over plans for a school. Will you call right now? Any church can have a Bible School at a very nominal cost. Workers can be trained to assist in conducting a school on one or two weeks. Don't let anything hinder a school from being conducted this summer.

School Of Music June 18 - 29

The Associational Superintendent of Missions of Chilton County will teach a church school of Music June 18-29, Monday through Friday each week 7 p.m. nightly. "Practical Music Lessons" (Rudiments), technique of conducting, the beginning vocabulary of the church will be used. Will also teach sight reading, ensemble groups, choir performance and organization and instruments, at the Macedonia Baptist Church, Maplesville, one mile west of the highway that connects these two towns. The Macedonia Church extends a cordial invitation to other churches to send their choirs and sing to attend. The cost of the school will only be the expense of the books which will be less than a dollar per pupil. The teacher holds a first grade certificate in music and has been teaching for a number of years, having taught two schools in Chilton-Union, at Chestnut Creek two years ago and one at Union Springs last year. This school will convene for two sessions each evening and a large class was anticipated to enroll.

Verberna WSCS

News In Brief

Mrs. D. I. DeRamus was hostess to the Verberna Methodist W.S.C.S. June 10.

The meeting was opened with prayer by the president. During the business session plans were completed by the chairman Mrs. T. B. ReRamus for the chicken supper to be given in cooperation with the official board.

The chickens and other things for the supper were largely given through the efforts of Mr. Winston Galloway, Bama Trucking Company, Geo. Little and Bama Brokerage Co., which was greatly appreciated.

The proceeds to be applied to the building fund for an educational building for the church.

The devotional was given by Mrs. O. L. Howard.

The program was given by Mrs. C. E. DeRamus. The subject was The Ecumenical Deacons and Missionary.

The pledge service was observed.

The hostess served delicious refreshments assisted by Mrs. S. L. Gibson and Mrs. J. B. Forte. During the social hour.

Mr. Henry Childers of Stuart, Fla. visited the W. S. Cox family on Sunday.

Dorothy Hill of Birmingham and Mr. and Mrs. Max Smith Jr. (Carolyn Hill) of Auburn visited Mr. and Mrs. E. W. Hill and Wynne over the week end.

NEWS OF -- New Cedron

Rev. Paul Johnson, Pastor We had two good services on Sunday and Sunday night. Bro. Johnson delivered two inspiring messages. If you missed them you missed a real blessing. The Lord was in the midst of the 61 present for Sunday School. Did you miss church Sunday? We did we pray that you will come next Sunday and bring someone with you. Come and come praying for our pastor, the leaders and the church.

We are glad to have the Rev. Fields with at the morning worship services. He closed our services with a prayer. May God be with Rev. Fields in all of his undertakings. We was able to have Mr. and Mrs. C. H. Herrod with us and welcomed them back. If you was a visitor in our church Sunday we invite you to come back anytime.

Please remember every Wednesday night is our Mid-Week Prayer services. Come praying and support your church. Also remember this coming Saturday night at 7:00 o'clock is our Family night. This is only once a month so let us all be there. Each department will have classes.

Father bring you sons to the hood. We ask all officers of each RA and you attend our Brotherhood meeting. Last Saturday night at our church was the wedding of Mr. Andy Dennis and Miss Sherry Moates. May God bless this young couple in all of their undertakings.

Next to Sunday is Fathers Day. We want you to help us have 100 in Sunday School. Please come and bring all of your friends.

NEWS OF-- COX CHAPEL

by Mrs. Lavada Wilson

We would like to welcome our new pastor, Rev. M. E. Ziriotti and his family.

Vacation Bible School is in progress this week. We would like to welcome all the young people who would like to attend. Those who have planned to attend Bible School this week had a preparation day Saturday. There was a real nice attendance. They sat around a campfire and ate food such as the shepherds did in Biblical days: barley bread, beans, olives and figs. Each person chose a Biblical name for himself and were called by that name the remainder of the evening.

Last Monday the Circuit Riders MYF had a picnic at Holiday Beach. Everyone had a really wonderful time.

This past Monday night, the Central Sub-District met at the Plantersville Methodist Church. Mr. and Mrs. Bill Wilson and family attended a family reunion in Alabaster Sunday.

Mr. and Mrs. Loyd Lovelady spent while Sunday with her mother in Centerville.

Mr. and Mrs. Morgan Ratliff had as guests for a few days the past week, Mr. and Mrs. Hubert Colvert.

Mr. and Mrs. Ward of radio station WAPX in Montgomery spent while Saturday afternoon with Mr. George Wilson and Sue.

Mr. and Mrs. Grady Mayfield had as guests this past week, Mrs. Grace Calhoun of Ponds-ville, also their son, Mr. and Mrs. Sam Mayfield and family of Centerville.

Mr. George Wilson and Sue had as guests Friday afternoon, Mrs. D. C. Wilson and family of Birmingham also Mr. J. D. Houston and Mrs. Bob Houston and children of Liberty Hill.

Mr. Argle Mayfield showed some films at his home Sunday afternoon to Jimmy Gaudin, John Cayne Smitherman and Gene Gore.

Mr. and Mrs. Lance Atchison and family had as guests Sunday their daughter, Mr. and Mrs. James Thomas and son of Billingsley.

We are sorry to report that Mr. George Wilson has been ill this past week. We wish him a speedy recovery.

THORSBY METHODIST

The regular Fellowship Supper last week was followed by a called meeting of the Church Board, to discuss further plans concerning the air conditioning of the church later in the summer.

Visitors to the morning worship hour last Sunday were Rev. Davis' father from Jackson, Alabama and Mr. Yeagan's son Robert.

Mrs. E. B. Piner remains at home recuperating from a recent illness. She will appreciate cards and visits we know.

Ronnie Giles was missed from church Sunday and we hope he is feeling better.

WEDDING ANNOUNCEMENT

The marriage of Rev. C. T. Davis and Miss Mary Halland King of Laverne, Alabama, will be solemnized at 4:00 o'clock p.m. on Sunday, June 17, 1962 at Thorsby Methodist Church.

The reception will follow immediately at the home of Mrs. Ella Robinson. All friends are cordially invited.

The Ladies Fellowship Group of the church met last Thursday afternoon at the home of Mrs. Idell Kincaid. There were thirteen members present. We were very glad to have Mrs. Joe Ellis and Mrs. Barbara Kincaid attend this meeting also.

The session for the day was presented by Mrs. Lucile Lucariand. The subject for the next several meetings will be women of the Bible and for this particular meeting was the Christian Homecoming. The particular attributes of Mary and Martha were presented as found in the story of Jesus' visit to their home in Bethany. Among the items of business discussed were plans to have a rummage or "white elephant" sale in the near future. These ladies will be most grateful for any items of clothing, toys, etc. which can be cleaned, washed, or mended and resold at this sale.

Further notice will be made in this column. In the meantime please look in your closets and other storage places and take out those things you don't use any longer but which are too good to throw away and call Mr. G-3542 and arrangements to pick them up will be made.

The group will meet at the home of Mrs. J. M. Higgins the first Thursday in July.

DON GRAHAM, Pastor

Next Saturday we have planned to clean our cemetery. This is a big job and we must do it. We have needed to clean our cemetery for quite some time. We invite any of you who are interested to bring your tools and meet us at the cemetery. You may come as early as 6:00. The ladies are also invited.

Our Bible School closed last Friday. We feel it was a real success. We had a total enrollment of 128. There was an average daily attendance of 91. Our highest daily attendance came on Thursday with 102 present. Each of those who took part in the School received much inspiration from the children. We hope the children profited as much.

Our retreat is near. It will be held from July 13 to 15. We will hold our retreat at Cook Springs, a Baptist retreat area near Leeds. We will hold our retreat in conjunction with the Union Baptist Church of Lipscomb, Alabama. We have been washing cars so we can go to

spending some time in the Veterans' hospital in Montgomery.

Mr. and Mrs. John Hugh Morgan and baby of Birmingham spent the week end with Mr. and Mrs. Conger Cummings.

Cook Springs. Last Saturday we had quite a profitable day. Our next car wash will be on June 30 at the church.

We had our Ice Cream Supper last night after Prayer Meeting. Everyone enjoyed himself. There were all kinds of ice cream and cakes. This was a Church-wide party. Afterwards all enjoyed playing games.

On Saturday night at 7:30 the Young Married People have planned a Hamburger Fry. Everytime they plan a party, it is quite a hit. There is always plenty to eat and lots of fun. We hope you will make your plans to be with them.

As you probably have heard, our revival will be held from July 29th through August 4. Our guest speaker will be the Rev. James B. Cambron, pastor of the Union Baptist Church. We will have as our song leader Richard Bolin, minister of music at the Bethel Baptist Church in Birmingham.

We now have paved roads to our church, after many years of hard work. There will be no more mud, no matter how hard it rains. Even if we have a dry spell we won't be bothered by dust. We are really proud of our roads and want to thank those who did so much in planning and construction.

Call our business office today and order this low-cost convenience in your favorite color and style, for kitchen, bedroom, den.

THANKSGIVING

As Americans, we have infinitely more to be thankful for than any other peoples.

Our material richness, so apparent to others, is nothing compared to the families and friends we have and our community and the people we have served. It is for these we give our sincerest thanks.

If variety is the spice of your life, see the choice selection of buys now at your Chevrolet dealer's One-Stop Shopping Center. One of those new Chevrolets, Chevy II's or Corvairs should suit you perfectly and spare your budget any strain!

We wouldn't presume to tell you which one to buy, but your Chevrolet dealer has more ways of helping you make up your mind. Like the Jet-smooth Chevrolet Impala, luxurious, extremely comfortable, undoubtedly the best riding car in its field; the Chevy II Nova, lively, lovely, and inexpensive, too; the Corvair Monza, a family car that rather thinly disguises its desire to be a sports car; and the Corvette, America's out-and-out sports car. As you see, your Chevrolet dealer has just the tonic for that "let's go traveling" look in your eye. And, what's nice about buying one, you won't have to juggle your life around to afford it. You know?

Instructor Billy Reynolds (turning front wheel) and Shell dealers check out a car at one of Shell's 123 training centers.

Shell instructor Billy Reynolds offers 10 clues that may help you spot trouble before it starts

Billy Reynolds

OVER 12,000 Shell dealers go to Shell training centers every year. There, they learn how to spot trouble quickly.

Here are 10 trouble signals that Billy Reynolds, one of Shell's chief instructors, always stresses. If you notice any of them in your car, tell your Shell dealer. His advice might head off a big repair bill later on.

1. Mushy brakes. When your car is standing still, push the brake pedal down with a firm, steady pressure. If it feels soft and sinks to the floor, you've got trouble that should be fixed right away.

2. Wandering wheels. If your front tires show more wear on one side of the tread than the other, your wheel alignment is probably at fault. Out-of-line wheels can increase tire wear up to 50 percent.

3. Jiggly front end. Shove down hard on either bumper with your foot. If the car bobs up and down for a long time before coming to a rest, ask your Shell dealer to check your shock absorbers.

4. Decrepit tail pipe. If your muffler or tail pipe is rusted through in spots, it's a good idea to replace it.

5. "Bloated" radiator hoses. Inspect all

of the rubber hoses that interconnect your cooling system. If they're cracked or swollen, they can fail at any time and cause your engine to overheat.

6. Marred windshield. If your windshield is scarred or streaked, it's probably due to faulty windshield wipers. Have your Shell dealer check and replace them if necessary.

7. Strange noises. Listen for any odd noises from your car. They can be warnings of trouble on the way.

8. Under-the-hood clues. You can learn a lot by looking at your engine. Watch for oil, fuel and water leaks. Also, loose wires and worn insulation.

9. Sluggish battery. If your engine turns over more slowly than usual when you start up, a weak battery is probably the trouble. But it could be something else. Better check it.

10. Oil-streaked sidewalls. Check the sides of your tires you seldom see—the sides facing in. Look for signs of leaking fluid on the tire walls. Could be a leaking brake cylinder, or faulty oil seals on the rear wheels. Both can be serious.

Any trained Shell dealer knows many trouble signals besides these. Take advantage of his training. And one last tip: when you've got your car in top condition,

keep it filled with today's Super Shell—for top performance all year long.

Super Shell's 9 ingredients for top performance

Spain, 3525 Park ave., SW, Birmingham, Ala., he attended Jones Valley High School in Birmingham. His father, Ballard Cox, lives in Route 4, Clanton, Ala.

The purpose of the academy is to broaden the NCO's professional knowledge and to instill in him with the self-confidence and sense of responsibility required of a capable leader. Cox, a helicopter crew chief in the 3d Armored Division's 503d Aviation Company in Hanau, entered the Army in 1954 and arrived overseas on this tour of duty in November 1960. The son of Mrs. Mery L. Spain, 3525 Park ave., SW, Birmingham, Ala., he attended Jones Valley High School in Birmingham. His father, Ballard Cox, lives in Route 4, Clanton, Ala.

Dan N. Lucas At
Fort Jackson

Private Dan N. Lucas, son of Mr. and Mrs. Jessie J. Lucas, Route 1, Maplesville, Ala., has begun his Basic Combat Training at Fort Jackson, S. C., where he has been assigned to Company D, 8th Battalion, Training Regiment of the U. S. Army Training Center, Infantry.

During his basic training he will be introduced to a wide variety of infantry skills, along with intensive physical conditioning. He will attend classes in the traditions of the service, character guidance, and the role of the Army in the world today. Many of his instructors are combat veterans of World War II and the Korean conflict.

Other highlights of his intensive basic training schedule include squad tactics, bayonet drill, hand to hand combat, and a night problem against an aggressor force. He will also crawl the infiltration course while live machine gun fire pops overhead.

During his seventh week of training, he lives in the field under conditions similar to a combat zone. Here, moving over rough terrain, he has a chance to participate in realistic combat situations and to apply his newly acquired skills.

UDC Luncheon Affords Look Into The Past

The outstanding feature of the Business Luncheon of the Jefferson Manly Faulkner Chapter of UDC held at the Holiday Inn on Friday the first of June was the installation of the 1962-64 officers. Mrs. Cherry Crawford of Birmingham, member of the R. D. Jackson Chapter and Chairman of the Mountain Creek Memorial Cemetery Committee was in charge of the installation service. She followed the UDC Handbook form but in her charming and competent manner added the individual touch of presenting each officer with some item necessary to his performance of his office and asking for a personal response from each new officer.

Mrs. Crawford organized the local chapter in 1958 at the request of the Alabama Division for the purpose of working on the necessary legislation to restore the cemeteries at the Old Soldiers Home at Mt. Creek. Upon the recommendation of the Alabama Division of UDC, Mrs. Charles Foshee of Verbena was in charge of the organization of the local chapter and became the first chapter president. Mrs. Charles Foshee of Verbena was in charge of the organization of the local chapter and became the first chapter president. Mrs. Charles Foshee of Verbena was in charge of the organization of the local chapter and became the first chapter president.

Weather, past president and member of the R. D. Jackson chapter, all of Birmingham. Also of the local chapter: Mrs. Reese Mullins and Miss Elizabeth Barton of Clanton; Mrs. T. B. DeRamus of Verbena, a transfer from the Alexander D. Stehens chapter of the Children of the Confederacy.

A resolution passed by the local chapter made Mrs. W. G. Culver of Verbena an Honorary Member of the chapter. She is a charter member of the chapter and a Real Daughter. Materially, she is the grand daughter of Dr. J. C. Courtney formerly a large land owner and slave holder who moved to Chilton County from Montgomery County. Present were three new members - in 1872. Dr. Courtney had three sons who served in the Confederate Army. Two of them died in battle. Paternally, Mrs. Culver is the daughter of the late E. F. Gardner, a Confederate Cavalry veteran. As was the custom, Cavalryman Gardner carried his horse with him when he enlisted. The horse was valued by the Confederate Government at three hundred and fifty dollars, as the records show. Mr. Gardner, of like heritage, married his neighbor's daughter, Miss Margaret Eliza Courtney. He and a cousin accompanied Dr. Courtney to this county. They settled on the old original Montgomery - Tuscaloosa Highway which was a stage coach route at the time, and is now a part of the Enterprise Community. No other members of Mr. Gardner's immediate family served in the CSA.

ber of the Jefferson Manly Faulkner Chapter is Mrs. Lillie Teel of Clanton, also a Real Daughter and the only surviving Confederate Veteran's widow now living in this section of the state.

FOLKS and THINGS About Town by Ben

Howdydoodere!!

WAS hanging around the office the other night with hungry look. Frank Parrish sorry for us and came out with a handful of luscious fresh peaches. We tried them next to the place like Chilton County Peaches ARF!

MR. L. E. Diefenderfer and his wife have returned from their trip to see their daughter, Mrs. Dier says they had a wonderful time, and after all, it was no place like Chilton County, and he is glad to be home.

WE want to thank son Bob for taking care of the premises the past 15 months and while we are about it, let us take this opportunity to thank everyone for so wonderful and for favors shown during our vacation.

LAST Friday Jeff Miller was asked to pick up a thousand dollars worth of money. He was told that it would be Monday, so he said, "OK, I'll expect it Tuesday." The job was ready early Saturday morning.

IF we have been asked once before, we are asked once more in the past year why we get rid of our cane. Now in the world anyone would ask we carry it because we are, it is beyond us. It is a cane, or we could not carry it, if the Good Lord's will, and the creek don't rise, we just before throwing it away!

DOYLE Ashley has moved in the door. Doyle says it is the time that he will ever try living alone. You know, his wife is busy taking care of a daughter. Between moving has had to look after their house, buy groceries, feed the cat, vacuum the house and do other jobs which had him busy. He liked Saturday night, we said, he says the next time he moves, he'll have help. We might glad to have them neighbors and offer our hand help anytime.

JIM and Charlie and wives at the World's Fair. That's right, Wade and Jimmie Bell. They are going off to fly and will make a Jim-dandy (no intended) trip for both and will be up in the air most of their lives, they'll feel right at home!

Library Board Plans Summer Activities

Plans were made recently for Children's Story Hour by the members of the County and City Library Boards. An advisory committee of the Alabama Public Library Service.

All children between the ages of 4 and 8 are invited to participate in this program. Beginning Monday, June 25th and continuing following Monday until the 30th, a period program of interest to this age group will be presented. The time is 10 a.m. and will be held at the Children's Public Library.

Parents with Children in this group are urged to see that they take advantage of this worthwhile summer activity.

GIFTS PRESENTED TO LIBRARY

Albert and Eabel Patterson and daughter of Governor John Patterson, presented to the Chilton County Public Library a beautifully framed Seal of Alabama on Saturday, June 18. It was accepted by Mrs. E. Reeves, librarian.

Also presented and accepted was a framed United States flag which was flown on Flag Day. This gift was made by the 400th Telephone Company, Troop 4.

GOSPEL SING AT COURTHOUSE SATURDAY

THE Sons of Song and the Rainbow Quartet will be appearing at the Chilton County Courthouse Saturday night, June 23 at 8 o'clock. This program will be sponsored by the Chilton County Business and Professional Women's Club.

Advance tickets, adults \$1.00 and children 50c. At the door \$1.25 and 75c.

Baseball Club Seeking Games

THE Autaugaville Baseball Club desires to schedule games with teams in the Chilton area at their regular meeting of June 14th by Lt. Gov. for the Central Alabama District, Joe Smith. He is a member of the Chilton Club.

The new officers are: President J. Reed Thompson; vice-president Fonzie Coe; treasurer, Grady Popwell; secretary, Neel Robinson. The Board of Directors is as follows: James Langston, Joe Smith, Mack Gozwin, Bill Hicks and Honnie Little.

Civilians Install New Officers

1962-63 officers for the Chilton County Club were installed at their regular meeting of June 14th by Lt. Gov. for the Central Alabama District, Joe Smith. He is a member of the Chilton Club.

The new officers are: President J. Reed Thompson; vice-president Fonzie Coe; treasurer, Grady Popwell; secretary, Neel Robinson. The Board of Directors is as follows: James Langston, Joe Smith, Mack Gozwin, Bill Hicks and Honnie Little.

Legion Team Plays Montgomery Friday

THE local American Legion baseball team will play the Montgomery Legion nine tomorrow night at the Chilton City Park. Game time is 7:00 P.M. The Clanton team will travel to Sylacauga tonight.

The big game of the year will be on the Fourth of July at 2:00 P.M. The Post No. 43 team from Birmingham will furnish the opposing team for Clanton on that Holiday Special.

Post No. 43 won the State Championship last year and has a strong team again this year. Make your plans to attend all these games and support our local teen-agers.

Gospel Meetings At Maplesville

YOU are cordially invited to Gospel Meetings from June 24th through 29th at the Church of Christ in Maplesville, Ala. Services will begin at 7:30 p.m. and N. P. Gribble as evangelist and T. G. Bradford, song director.

EFFECTIVE JUNE 30th— HEFLIN RESIGN AS HEAD OF BOARD

(We received the following letter from James Duke Hefflin early this week. He has resigned as Chairman of the Chilton County Board of Education due to the demands of his Board, his absence from the County much of the time when he is on his job, and, for what he feels are the best interests of the school children of Chilton County.—The Ed.)

Honorable Gordon Conway, Superintendent Chilton County Board of Education, Clanton, Alabama

Dear Gordon: Please accept this letter as my resignation from the Chilton County Board of Education effective June 30, 1962.

I feel that it has been a privilege to have served on the Board while such men as J. H. Brockhead, W. V. McCaskey, and now Gordon Conway have filled the office of Superintendent of Education. I know that during these years I have enjoyed working with such Board members as J. P. Payne, A. B. Stanley, Lonnie Messer and Charles W. Burnett. These men have shown a sincere interest in the progress of the Chilton County School System toward the end that the school children of our County might receive the best education possible while getting a dollar's worth of education for every tax dollar spent.

Much work remains to be done toward this goal of better educational opportunities for our children, and I, for one, can think of no finer or better qualified group to assume responsibility for planning and directing the work of Chilton County's School System than Gordon Conway, Superintendent, and your Board of Education composed of A. B. Stanley, vice-president, F. Dudley Nix, E. Span Jones and Charles W. Burnett. I want to commend each one of these men for their sincere interest and dedication to the school children of Chilton County.

Sincerely yours,
James D. Hefflin
President Chilton Co. Bd. of Education.

RADIO WORTH MORE THAN GOLD

As literary critic and playwright, Clifton Fadiman, will attest, a radio is worth more than gold to a blind person. Through it a blind person is able to keep abreast of what's going on in the world; hear concerts, sporting events and other interesting programs which he possibly could not afford to attend, and couldn't see even if there is a person.

Delectable Drinks And Sauce The Instant Strawberry Way

Make it in moments—a sauce that is clear as crystal, sweet as strawberry, as sassy colored as a red lollipop. Takes only two basic ingredients to make this sauce—quick strawberry-flavored mix and corn syrup—yet it glamorizes ice cream puddings, plain cakes, into "company creations."

Best known for flavoring milk, quick strawberry-flavored mix makes delicious drinks in an instant. Just stir it in, and strawberry milk is ready to serve. If you like a bubbly drink, try combining milk, strawberry-flavored mix, and your favorite carbonated beverage, to make a Strawberry Sipper. Quick, cool, good for you.

Quick Strawberry Sauce
1 cup quick strawberry-flavored mix
3/4 cup light corn syrup
Combine quick strawberry-flavored mix, syrup, water and lemon juice in 1-quart saucepan. Place over high heat. Bring to full rolling boil, stirring constantly. Remove from heat. Chill. Serve over ice cream, custard or puddings. Yield: Approx. 1/2 cup. Strawberry Sipper

Fill 10-ounce glass 3/4 full with milk. Add 2 heaping teaspoons quick strawberry-flavored mix; stir briskly until blended. Fill with chilled carbonated water. Serve immediately. Yield: 1 serving.

A Spring-Like Dessert

Strawberries, fresh or frozen, are a delight to homemakers because they can be served in so many delicious ways. One of the most enjoyable combinations is to top sweetened whole berries with cream and serve with crisp chocolate-coconut cookies. Here the chocolate is drizzled on to form a lacy pattern. The result is a cooky as good as it is pretty!

Florentines
1/2 cup sifted flour
Dash of salt
1/4 teaspoon soda
1/2 cup butter
3/4 cup firmly packed brown sugar
2 tablespoons light corn syrup
1 egg, well beaten
1/2 teaspoon vanilla
1/2 cup flaked coconut
2 squares Baker's Dot Chocolate

Sift flour once, measure, add salt and soda and sift again. Cream butter, add sugar gradually, creaming until light and fluffy. Add corn syrup and egg and beat well. Stir in flour, vanilla and coconut. Drop by 2 teaspoonsful about 2 inches apart on greased baking sheet. Spoon on this mixture. Bake in moderate oven (350°F.) about 8 minutes. Remove at once from baking sheet. Cool.

Heat chocolate over hot water until partly melted; then remove from heat and stir rapidly until entirely melted; then drizzle the chocolate in lacy pattern over bottoms of wafers. Makes dozen.

Increase Watermelon Yields Now

By Daniel R. Mims
Assistant County Agent
Research at the Florida Agricultural Experiment Station has shown that close spacing and increased rates of fertilizer increase watermelon yields.

In these tests, rows were spaced 10 feet apart and all 6-8-8 fertilizer was applied in a furrow to one side of and slightly below seed level prior to planting time. The crop received adequate moisture from rainfall on location. This melons were not pruned, all melons set were allowed to develop.

At 12 foot spacing in drill, with 500 pounds of fertilizer, the yield was 444 melons averaging 23.2 pounds. With 1,000 pounds of fertilizer at 6 foot spacing in the drill, the yield was 667 melons averaging 22.8 pounds per melon. At 9 foot spacing in the drill and 1000 pounds of fertilizer there were 626 melons averaging 22.5 pounds.

The highest yield was obtained from 3 foot spacing in the drill with 2,000 pounds of fertilizer, from which 1,071 melons averaging 22.8 pounds were obtained.

Household Hints
By Johnnie M. Lane
H. D. Agent

A few household hints that may help you save time and energy are: If you ever need an extra large piece of wax paper, seal two or three pieces together with a hot iron.

The best way to get the disliked household tasks finished is to do them first.

Store potatoes and cabbage in a dark, cool place which has plenty of ventilation.

Cottage cheese and cream cheese absorb flavors quickly, so keep them stored in an air tight container.

Choose the right size container for your family when you're freezing foods this summer. A quart container usually holds from four to six servings.

If your sink is filled with too many socks, sprinkle them with table salt. This will cause them to disappear.

New Projects For County Grading And Paving

Governor Patterson and Highway Director Engelhardt have entered into a Contract with Chilton County for the construction of grading, drainage and pavement on 2,923 miles of road from Shiloh Church North toward Chilton County Industrial School.

The project will cost approximately \$72,700.00. The grading, drainage and pavement will be done by County forces and equipment by Negotiated Contract with the State Highway Department saving \$36,350.00, or half of the cost.

For the construction of grading, drainage, pavement and bridge culvert on 2,404 miles of road from Mt. Nebo Church northwesterly toward the Benton-Sardis Church Road.

Construction will get underway in the near future.

The grading, drainage and pavement will be done by County forces and equipment by Negotiated Contract at an estimated cost of \$45,100 of which \$22,550 will be paid with County FAS Funds, \$11,275 by the State Highway Department and \$11,275 by the County.

The Bridge Culvert will be let by FAS Contract with an estimated cost of \$13,600 of which \$6,800 will be County FAS funds, \$3,400 will be paid by the State Highway Department and \$3,400 by the County.

The work being done on this project is part of the regular Farm to Market Road program whereby roads and bridges are being replaced an improved to higher standards to serve the local people.

The regular program provided by law and the Special Aid Program as granted by the Governor and the Highway Director will be the means for the construction of 1000 miles of County roads an bridges within the State during each year of the present Administration. Chilton County will construct it proportionate share.

This is the first Administration that has entered into an Agreement with every County covering the granting of Special funds or road and bridge construction on the County road system.

THORSBY METHODIST

The regular Sunday School classes were held at the Methodist Church June 17th and were well attended with several out-of-town visitors present.

The wedding of Miss Mary Holland King to our Pastor, the Rev. Charles Thomas Davis was solemnized at the Church at 4:00 o'clock P.M. followed by a reception. Wedding gifts were on display at the parsonage and everyone was invited to go by and see them.

Refreshments were served to Msds. Irene Giles, Lillie Williams, Mildred Connell, Magie Jones, Annie Mae Giles, Pearl Connell and two others. Mrs. W. A. Anderson and Miss Joyce Connell.

The Thorsby Methodist Church was the scene at 4:00 P.M. Sunday of the wedding of Miss Mary Holland King of Luverne, Alabama, and Rev. C. T. Davis, II of Jackson, Alabama.

The Rev. Lawrence McCulloch of Atlanta, Ga. climated of the groom heard the vows of the double ring ceremony before a white satin draped altar adorned by a gold cord flanked by gold candle holders.

Parents of the couple are Mr. and Mrs. Charles Rafael King of Luverne and Mr. and Mrs. C. T. Davis, Jr. of Jackson.

The bride's only attendant was her sister, Miss Pamela King, who wore a street length dress of aqua peau de soie with matching hat. She carried a bouquet of lilac tinted carnations.

The bride, given in marriage by her father, wore a street length dress of white peau de soie adorned with lace medallions and seed pearls designed and fashioned by herself. Her

veil of illusion fell from a tiny pill box of white peau de soie trimmed with seed pearls. She carried a white bride and a white orchid with satin streamers.

Mrs. R. B. Johnson of Jemison presented nuptial music and Miss Helen Foster of Greenville, sang "O Perfect Love." Cantorship was lighted by Mr. Franklin Johnson of Jemison.

For her daughter's wedding, Mrs. King chose a pink lace sheath with white carnation corsage. The mother of the groom wore a sheath of blue lace with a corsage of white carnations.

Mr. Davis was his son's best man. Others were Mr. Alex King, brother of the bride and Mr. Franklin Johnson.

Following the ceremony a reception was held at the home of Mrs. Henry Robinson. Guests were registered by Miss Helen Foster. The lace covered table holding the tiered green and white wedding cake, flanked by burning tapers in silver candelabra was presided over by Mrs. Henry Robinson and Mrs. Malvina Lovell. Miss Wanda Coplin of Andalusia, Alabama assisted by Miss Clementine McGowan of Jackson, Alabama presided over the punch bowl.

For traveling the bride wore a lime green sheath with black accessories. After the wedding trip the couple will be at home in the Methodist parsonage apartment in Thorsby until September when Rev. Davis will resume his studies at Emory University and Mrs. Davis will be

gin her teaching position in Atlanta.

BRITT - MINOR VOYS SAID

NEWS OF PROVIDENCE (Beat 13)

Rev. Robert Carden, Pastor Sunday School 10:00 Morning Worship 11:00 Training Union 6:30 Evening Worship 7:30 Choir practice and Prayer meeting on Wednesday night.

Our Bible School, held last week, was a big success. Almost everyone came every day and are sure they received a good deal from the lessons they had and enjoyed working on the projects. There is a wonderful group of boys and girls around Providence and every love to be together at church.

Mrs. Bob Green, Mrs. Herbert Conway and Mr. Fred Horsley are on our sick list this week.

I am sure the Jim Blewisters are happy. Their son Bobby Kirk and family are visiting from California. This is the first time in five years since Buddy has been home.

NEWS OF Northside Baptist

The attendance at the Northside Baptist church, is increasing each Sunday. The church is looking forward to a report from the pulpit committee concerning the possibility of calling Rev. Horace E. Kline.

The interim pastor has been teaching a book on the deacons, and are looking forward to electing some new deacons. New members are joining the Sunday School and the Union.

The interest in the church visitation program is expected to grow as a result of having already reached some people. Sunday School begins at 10 o'clock. Every one carries a covered dish and a noon lunch was served on table under the beautiful shade trees.

Mrs. Ola West president presided over the meeting. After the devotion by Mrs. Mattie Cobb and prayer by Mrs. Spud Watts, eight members answered to the roll call. Four visitors were present Mrs. Elizabeth Martin, Miss Jo Lane, Teresa and Tammy Cobb.

Government To Buy Chilton Peaches

CHILTON'S peach crop, by and large, is not selling this season.

Unorganized marketing can be the only reason for this, because the peaches that are being produced this year, are of excellent flavor and many of the varieties have the size and color which usually brings the buying peach lover to his knees.

Still, lack of a suitable market has plagued the grower since the beginning of this season and shows little sign of improvement to date.

The United States Department of Agriculture, Agricultural Stabilization and Conservation Service, this week, made the following announcement:

... Hereby announces that

it will consider the purchase of 1962 crop fresh peaches in the principal producing areas in the State of Alabama, subject to the following terms and conditions. Purchases will be limited to quantities for which outlets are available. Since offers may exceed outlets available, purchases may be allocated among prospective vendors. USDA reserves the right

to accept or reject any or all offers, in whole or in part."

USDA also stated that the purchasing period would run from June 22 until further notice. Purchases will be made only from growers, cooperative associations of growers, or growers' authorized agents.

The fruit purchased must meet the requirements of U.S. Extra No. 1, or better grade and must be 2-inch fruit or

better. Vendors, at their own expense, will furnish the USDA with official inspection certificates issued by the Federal or Federal-State Inspection Service.

Peaches from any orchard showing evidence of brown rot shall not be eligible under this program.

All peaches delivered to the USDA under this program must be packed in new 3/4 bushel

baskets with liners and pads, ring faced, in accordance with good commercial practice.

The price to be paid by USDA for peaches accepted by and delivered to USDA will be \$2.35 per 3/4 bushel basket f.o.b. refrigerated cars or refrigerated trucks, at the option of USDA, at the point of purchase, including the cost of hydrocooling, inspection and headloading.

Interested individuals wishing to sell peaches to USDA may communicate with their local ASCS County Office for technical details. All offers shall be made to the Purchase Representative at the following location:

M. H. Lane
C/O ASCS Co. Office
Higgins Building
Clanton, Alabama
Telephone: 348.

Big "4th" Ball Game Planned By Legion

THE red hot Clanton American Legion team, has won their last four ball games. They have defeated Childersburg, Talladega, Sylacauga and Montgomery. Clanton will journey to Maxwell Field to play Montgomery on Thursday night (Thursday). On Saturday night the local team will go to Talladega for a doubleheader.

On July 4th, Post No. 43, the State champions from Birmingham, will come to Clanton for an afternoon game starting at 2:00 P.M. Every-one is asked to come out and support these young boys.

WYATT: CLANTON'S UP-AND-COMING PITCHING THREAT
Hilliard Wyatt, pitched one of the best games of the current season last Friday night against a strong American Legion team from Montgomery. With Montgomery leading 5-0 in the second inning, Hilliard was called in to relieve.
He threw scoreless ball for eight innings with Clanton winning in the bottom of the 10th inning 6-5.

Jerry Pate, the catcher, singled home Douglas Coe for the winning run.
Next week in this newspaper, we will have a team picture of Clanton, who will play here next Wednesday afternoon, July 4th at 2:00 P.M.

On Saturday evening, June 30 at 7:30 Clanton Lodge No. 423 Free & Accepted Masons will hold public installation of new officers by elected officers for the ensuing year. The public is cordially invited to this meeting which will be held at the New Masonic Temple, located at the corner of 8th Street and 4th Ave. No. Light refreshments will be served.

Singing At Oak Grove Sunday

NEXT Sunday, July 1st, is the date set for the Annual All Day Singing at Oak Grove Church, located two miles north of Jensen.

All sinners and lovers of Gospel singing are invited to be present for this occasion. You are asked to bring your new convention song books. The Pioneer Quartet will be one of the good singing groups present.

Sam Collins is Chairman of the Singing this year.

Rev. Bill Cox Called To Sardis

The members of Sardis Baptist church met last Sunday and called Rev. Bill Cox to serve as pastor for the rest of this church year. He will be preaching next Sunday, and everyone is asked to come and hear him. Sunday School at 10:15 and Preaching at 11:00 O'clock.

Your reporter is Mrs. G. B. Culp, Rt. 2, Maplesville.

Cemetery Cleaning At Shiloh

THERE will be a Cemetery Cleaning at Shiloh Baptist Church, Saturday morning, June 30th. Everyone is asked to come early and bring tools with which to work.

Winners Announced In Local Ladies Golf Tourney

THE second annual ladies' closed golf tournament was held at the Clanton Country Club on Saturday and Sunday afternoons June 23 and 24.

Winners for the two day tournament were as follows: Championship "A" Division, Helen Blackmon, winner and Jean Taylor, runnerup; Championship "B" Division, Betty Vinson, winner and Ethel Loyd, runnerup.

1st Flight, Reba Hayes, winner and Dot Lawrence, runnerup; 2nd Flight, Mary Roberts, winner and Wynelle Crew, runnerup.

Jean Taylor and Helen Blackmon were tied for medalist and Jean Taylor won in a playoff.

The following were tied for the lowest number of putts on 9 holes on Sunday: Sheryl Thompson, Jean Taylor, Janelle Sellers, Helen Blackmon, Dot Lawrence, Betty Vinson and Wynelle Crew. Helen Blackmon won the prize on a "putt off". Marjorie Headley won a special award.

Prizes were presented Sunday afternoon by Alex Hayes, president of the Club, who also assisted with other phases of the tournament.

Homecoming At Pilgrim Rest

THERE will be a singing and Homecoming at Pilgrim Rest Baptist Church, near Fletcher on Sunday, July 1st. The Chairman for the occasion will be E. L. Taylor. Refreshment services will run through the week following the Homecoming services.

A large crowd is expected.

Miss Rawlinson Honored At Troy

MISS LaNelle Rawlinson was chosen vice-president of the Sq. Root of C Club at Troy State College, Troy, Ala. for the year of 1962-63. To be a member one must be a math major or minor.

LaNelle is the daughter of Mrs. G. L. Rawlinson. She was a member of the 1960 Class of Isabella High School.

Jehovah's Witnesses Convene At Mobile

Hartwell Field, Mobile, Ala. has been selected for the largest Southern Convention of Jehovah's Witnesses this year, June 29 through July 1. Announcement of the three-day gathering which is expected to draw more than 4,000 delegates was made by William Robinson, province minister of the local Clanton congregation.

D. J. Thomas, New York minister and Convention manager started off the Assembly organization Saturday, June 9, when hundreds of Jehovah's Witnesses gathered at Fort Gainer Army.

The Courageous Minister Assembly will be sponsored by the Watchtower Bible and Tract Society of New York and is one of 58 assemblies to be held in the United States and Canada this summer. All members of the Clanton congregation are planning to attend this three days of advanced training and Bible instructions.

DON'T FORGET THE W.O.W. BAR B Q AT THE WOODMEN CAMP IN SOUTH CHILTON ON THE FOURTH OF JULY!

School Census to Be Taken, July

4th of July Bar B Q At Local City Park

THE Clanton Clifton Club will sponsor their 4th of July Bar B Q on Wednesday, the Fourth of July at the Clanton City Park.

They will serve from 6:00 A.M. to 3:00 P.M., specializing in a lunch of Bar B Q pork or chicken and Camp Stew that's boxed and ready to go.

It is a delicious lunch, with no fuss or muss and the proceeds will all go to the Clanton County Association for Retarded Children.

And by the way, that's the day of the big ball game at the City Park, so you can make it an old-fashioned Fourth with lots of fun and food, and no trouble for Mom!

Donald Driver Now At Jacksonville, Fla.

Donald W. Driver, aviation structural mechanic airman, USN and son of Mr. and Mrs. Amos A. Driver of Route 3, Clanton, is serving with Patrol Squadron 30 at the Naval Air Station Jacksonville, Fla.

The squadron is the Atlantic Fleet Replacement Training Squadron for the Maritime Air Task Force Atlantic and has the mission of training pilots, navigators, aircrewman and maintenance personnel destined for duty with Atlantic Fleet patrol squadrons in the techniques of advanced anti-submarine warfare.

Mystery Man Still 'Mystery'

UP to this point we have at least known who our Mystery Man was each week, before we presented him to you. Last week was no exception — we thought. The gentleman we pictured last week is not the man we think he was!

Personal Notes

MR. and Mrs. Joseph J. Mullins' visitors last week were Mrs. Lawson B. Nelson of Laverne, Tenn. and Joe Mullins, Jr. and daughter Melinda from Albuquerque, N.M. Melinda remained with her grandparents for a longer visit.

James David Bynum will leave this week for Norfolk, Va. after a 15 day leave here with his parents, Mr. and Mrs. J. C. Bynum and sister Patricia. He has just completed a tour of overseas duty in the U. S. Navy.

MR. and Mrs. John Gandy and son Hal of Montgomery visited Mrs. V. J. Gragg and Mrs. Minnie Brown Sunday. Mrs. Gragg returned home with them for a few days visit.

Visiting Mr. and Mrs. Andy Jones last week were Mr. and Mrs. Virgil Jones and sons Mike and Jimmy of Topeka, Kansas. Mr. and Mrs. Bob Sims and sons Dicky and Bobby of Baltimore, Maryland.

MR. and Mrs. Lewis Headley and Sally Jane and Ginger spent last Tuesday and Wednesday in Mobile where Mr. Headley attended a J.C. meeting.

OUR best wishes to Mr. J.W. Sexton who is in Clanton County Hospital. He was transferred from a Selma hospital on Tuesday morning.

PUBLIC ASKED TO HAVE CERTAIN INFORMATION AVAILABLE

IN accordance with the laws of the State of Alabama, census enumerators will be calling on every home in Chilton County during the month of July to enumerate children, ages 2 through 20. This count is very important for several reasons.

It helps the State in the distribution of school funds to the various counties and cities. It is also accepted as an official document in aiding in securing driver's licenses, birth certificates, and in various other legal matters.

Parents and guardians can be helpful to the enumerators by having the information readily available. The enumerator is to be obtained will include:

1. The full names, addresses, and occupation of both parents.
2. The full names of all children, 2 to 20 inclusive, the name of the school they will attend, the accurate birth date and the highest grade completed.

Children within the age limits who are temporarily away from home should be enumerated. This will include those in college and in the armed services, or those away at work as evidence of birth date. When these are not available, Bible records, old insurance policies, or Baptismal records will be helpful.

Enumerators have been selected. Principals and teachers of the various communities will be making the enumeration.

Your cooperation will be appreciated.

423 Supper Club Host To Shriners; Local Officers Installed

Clanton 423 Supper Club was host last Friday evening to local Clanton Shrine Club and to Alcazar Temple Shrine officials of Montgomery together with their wives at the regular meeting of the Club. Following the beautiful meal, the Shrine officers were installed by the fine ladies of the Club, the newly elected officers of Clanton Shrine Club and Alcazar Temple Shrine were installed. A very pleasant time was enjoyed by one of the largest groups to attend since the founding of the Club.

CITY PARK POOL OPEN

The pool at the Clanton City Park will be open through the summer months at the following hours:

From 1:00 P.M. to 5:30 P.M. on Mondays, Wednesdays, Thursdays and Saturdays.
From 1:00 P.M. to 5:00 P.M. on Tuesdays and Fridays.
From 2:00 P.M. to 5:00 P.M. on Sundays.
Swimming lessons will be given in the mornings. Call Mr. Bulger at the Park for further information about lessons.

Never thought you would say it but those who say prayer is unconstitutional are ignorant!

FOLKS and THINGS About Town by Ben

TO be lonely means you stand being by yourself; why inflict it on someone

WELL tickle our frogs, if haven't found someone to our old walking cane! W.M. wants us to throw it where we can find it. Right now he needs it, but he says he's getting to the point where will come in handy!

OUR old friend Billy Smith is to see us Monday morning. He is still in the newspaper business in N. C. and is just coming over a dose of poison. Billy was mowing the lawn and the bag exploded in his face, throwing poison ivy all over his face. He says he'll be led around for about a week because of swelling in his eyes.

WE were very sorry last night to hear of the untimely death of Audell Miller. Much sympathy to "Sleepy" and the family.

MRS. Emma McCraw, our friend, writes and asks if it's all right because she already renewed her subscription and we sent her a reminder. We apologize and guarantee it won't happen again! And thanks for her subscription, too!

WE saw a big, old fashioned rooster across from Taylor's IGA the other day. It was the yard of Vincent Ward. It was about the size of a plate. It is back about 40 years ago we grew them for chicken when we were just a shav-

SAM Patterson and Dan Al- are really coming along the Sunday School annex the First Methodist Church. He like by fall they will complete the contract and the boys and girls will be able to move all!

ACCIDENTALLY, we heard Dr. J. Gilbert Hutchinson will be in town this summer for Revivals for several weeks.

GUESS that is about all for now. I can collect for now, this is to wait and give you the next week. Adios!

A man with a sewing machine to sell placed a classified ad in the newspaper. The ad came out last week as follows:

"FOR SALE: R. D. Smith has one sewing machine for sale. Phone 958 and ask for Mrs. Kelly who lives with him after 7 P.M."

"We regret having erred in R. D. Smith's ad last week. It should have read: FOR SALE: R. D. Smith has one sewing machine for sale. Cheap Phone 958 and ask for Mrs. Kelly who lives with him after 7 P.M."

"R. D. Smith has informed us that he has received several annoying telephone calls because of an error we made in his classified ad last week. His ad stands corrected: FOR SALE: R. D. Smith has one sewing machine for sale. Cheap. Phone 958 after 7 P.M. and ask for Mrs. Kelly who loves with him."

"NOTICE: I, R. D. Smith have no sewing machine for sale. I smashed it. Don't call 958, the phone has been taken out. I have not been carrying on with Mrs. Kelly. Until yesterday, she was my housekeeper."

And this one paid off - "FOR SALE: The ladies of the First Presbyterian Church have discarded clothing of all kinds. They may be seen in the Church basement any day after six o'clock." Advertising pays!

GOT a chance to speak to Ralph Norman Tuesday afternoon. He was up this way on business with brother Dave, who is manager of Big Four in Clanton. Ralph is the kind of fellow we always like to see and talk with. If you're in a sour or depressed mood, chances are that Ralph can get you out of it pronto! He's a most likeable gentleman and 'twas good to see him again.

SAW Roy Adkins trying to drum up trade for the body shop Tuesday evening. He drove out in front of a brand new Thunderbird. Roy, that ain't the way you do it!

TALKED a spell with Mr. Frank Smith of Route One, Verbena when he came by to renew his subscription last week. The subject was peaches and Mr. Smith is a grower. He's perturbed about the peach business, but agreed with us that prospects for Chilton's Number One industry are looking up for seasons to come. For the sake of the grower, the businessman and all of us, we hope we are finally taking hold of the Peach Industry - instead of vice versa!

"HIS eye is on the sparrow", but little boys can get in the midst of things. Our youngsters adopted two skinny little sparrows last week and nussed them in every conceivable manner for about five days. They died. . . and we had a funeral. . . and now it's Daddy's duty to erect a monument in memory of them! We tried to help, but let us hasten to say: we wouldn't want HIS job for anything!

REV. Perry Dalton, formerly a member of the First Methodist Church in Clanton, was recently appointed by the Methodist Church as pastor to the Tallapoosa Circuit. He serves three churches in the Dadeville-Lake Martin area. Perry is well-known and well-liked in Clanton and we certainly wish him well in his new area of work.

We don't know what the reference to "ragging" is about, but we surely are not of that second one. Well, about another that. We make mistakes, but none that we not already corrected or when given the chance to plead very guilty of being perfect!

BY the way, before we welcome back to "Ben" "Folks And Things". The page looks almost natural!

Vacation Fever--

If we don't watch ourselves closely these days, we get an overwhelming urge to take off for places unknown! To bask in the sun, or just do nothing but take in scenery which is new and beautiful to us. It isn't that we are a rolling or a good for nothing; we just know there are places we never saw before, and we want to go there and see them. It's the call of the wild, or the wide open spaces -- anyway, whatever is calling, we hear it real good about this time of the year!

Why Are You Grouchy?--

IS it the weather, or do you just use the weather for an excuse and grouch at everybody and everything? Of late, we have been noticing an unusual amount of griping and complaining especially by members of the fairer sex! After a bit of analyzing it would seem that the majority of these complainers are overcome with self-pity because they resent their lot in life. The philosophy we ran across the other day seems to fit them perfectly: "If you can't have the things you want, in life... want the things you have." Wanting, and appreciating, the things we have in life should come first, anyway!

Falling Off A Log--

MAKING money is not as easy as "Falling off a log"! It takes planning, hard work and profits to make money and thus a living!

It may be 'smart politics' to attack profits.
But it is bad economics!
The reason Americans are the most prosperous people in the world is that private citizens have been free to earn profits -- with no government interference other than the administration of basic justice under constitutional law.

Your job exists because of profits.
America's ability to survive foreign competition depends on our having a modern efficient industrial plant. (Some of industry's machines are almost museum pieces.) Military defense is built on modern technology and equipment.

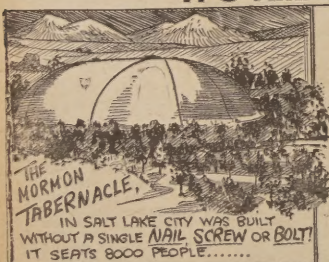

Whether we have an up-to-date productive capacity or not depends on whether business and industry can earn adequate profits.

Leave it all to government? Without taxes on profits, without taxes on citizens employed by profit making businesses, the government would have no money to provide anything.

We don't know why attacking profits should be so popular with politicians; not American politicians.

Is it popular with you? Your answer is important. It could be that when they attack profits, they are attacking you--where you live!

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to the Selma S. S. Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, Co Chilton County News, Clanton, Alabama.)

Q. If a person has reached retirement age and has the required credits, can he draw S. S. checks even though he owns quite a bit of property?
A. Yes, he may. The amount

of property he owns has nothing to do with S. S. benefits.

Q. I have moved two times recently and sometimes my check is late getting to me. I filled out a change of address form at the Post Office, and I can't understand why my check does not get to me promptly. Is there anything else I should do?
A. Yes, you should come by your S. S. office and fill out a change of address card so your check may be mailed to the correct address. When it has to be forwarded by the Post Office it takes a greater chance of being delayed or lost.

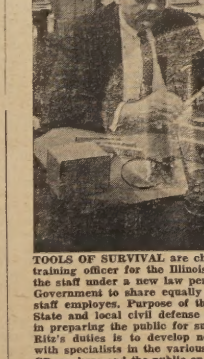

Q. My husband passed away June 10, 1962. When his check comes in July should I keep it?
A. No. Our office should have been notified of his death so the check will not be sent from the payment center. If the check does come, it should be returned.

Your Water Patrol---

SAFETY ON WATER
A MUST IF YOU
LIVE THROUGH 4TH

by Walter L. Bryant
Chilton County Patrolman
Ala. Water Safety Division

Planning a trip to the lake? With hot weather in it's full fury there seems to be some of us no greater anticipation than to plunge into the cool water of a skating trip. Perhaps some of us prefer to seek out a cool shady spot and sit there and fish while others plan only to take a turn around the lake in our boats.

If you should take a Sunday afternoon drive in your automobile even just for the pleasure of the trip, you would be obligated to your passengers, yourself and to the law in making certain that your automobile is in safe operating condition. Of course, it's for your protection and the safety of others and their property that you are obligated in maintaining your automobile in safe operating condition.

The same is true when you operate your boat. Regulation number ten, section 1, reads as follows:

"All vessels hereinafter designated shall be equipped with fire extinguisher equipment which shall be kept in such a workable condition and location as to make it available for immediate and effective use when the vessel is occupied:

(1) All inboard motor vessels regardless of size, and all outboard motor vessels which have enclosed or semi-enclosed bilges shall have a hand portable fire extinguisher or semi-portable fire extinguisher using carbon dioxide (CO2), foam, or other chemical ingredient such as is commonly used for extinguishing gasoline fires or petroleum product fires. Such fire extinguisher shall be of type approved by the U. S. Coast Guard.

"All vessels hereinafter designated shall have a fire extinguisher of suitable capacity, type and location as to make it available for immediate and effective use when the vessel is occupied:

(3) "All motor vessels having closed or semi-closed cabins and any vessel with sleeping accom-

modations shall have a hand portable fire extinguisher or semi-portable fire extinguisher (U.S. Coast Guard approved).

Regulation 11, Section 1 reads as follows:
"Every motor boat except those of open construction using as fuel any inflammable or toxic fluid in any enclosure shall be provided with an efficient natural or mechanical ventilation system which is capable of removing inflammable or explosive gases."

In addition to the above requirements for sound producing devices and lights: If your boat is 16 feet or over but less than 26 feet, you are required to have aboard a sound producing device such as a whistle or a horn (not a siren) that can produce a sound for two seconds or more and can be heard for at least one-half mile.

If your vessel is 26 feet, but not exceeding 40 feet, this device has to be a mechanical device that can produce a blast of 2 seconds or more and audible for 1/2 mile (not a siren). All vessels over 40 feet have to be equipped with a sound producing device that is power operated and capable of producing a blast of two seconds or more and audible for at least one and one-half miles (not a siren).

All mechanically propelled vessels less than 26 feet have to be equipped with a combination light and green to starboard, plus one white light at showing all around the horizon. You may pick up a copy of Alabama Water Safety Rules at your Probate Judge's office for greater details regarding lights.

Read your regulations thoroughly and know them. Carry them with you. Be safe for yourself, your passengers and others.

This article does not cover entirely all of the safety equipment required for your boat, nor does it cover recommended equipment for your boat. You should carry at least one paddle for your boat, an anchor, and other things which the regulations do not require that you carry. An extra piece of line may come in handy for you some time. And don't forget to carry--and use! that life preserver! Safety Patrol headquarters are in Clanton. You may reach Mr. Bryant by contacting the Clanton Police Department.

good enough... and they were every last one taking out room and board at our house! The kids are having the time of their lives this summer, all the wild things Mother Nature can provide. Every time we come in from work now, it's "Daddy look what we found this time! You know, we haven't checked yet, but we sure hope there aren't any skunks taking up residence around our premises. We wouldn't mind it so much, but Mark would probably want to sleep with it. But we spend a lot of money for soap and water than we do for vittles. The kids get clean about three times a day and we're about to starve! As a matter of fact, they all that said those Bob White's they were Shish-kebabbed."

YOU know, when you trade with the merchant who advertises in this newspaper, you're not only doing him a favor, you are doing us and yourself one too! Seek the good buys in the News... where you can read it, over and over if you wish!

Report from Washington

BY
ARMISTEAD SELDEN
Congressman, Sixth District

One of the most controversial measures considered this year by the House of Representatives, the Administration's omnibus farm bill, was killed last week when the House, by a close vote of 215 to 263, returned it to the Committee on Agriculture.

SURPLUS PROBLEM
In an effort to lower our increasing farm surpluses, particularly wheat and feed grains, and to bring production acreage down to actual domestic and export needs, President Kennedy asked that the present system of price supports on feed grains and what be coupled with rigid controls. Since these grains account for \$5 billion dollars of the nation's 7 billion dollar stockpile of surplus farm commodities, the Department of Agriculture had estimated that the passage of this measure would save the American taxpayer a half-billion dollars during the next year in storage costs.

Under the terms of this legislation, grain farmers would have had the option of accepting or rejecting controls. By referendum, farmers could have accepted, by a two-thirds vote, the support controls feature, or they could have rejected it and had a free market with virtually no support prices and no production control on grains.

OPPOSITION VOICED
Considerable opposition to this legislation was voiced by those

who live in deficit grain areas such as our own, because of fear that cattle and chicken production might be curtailed. An effort to ally these farm House of Representatives and Senate members, excluding feed grain, from 25 to 40 million number of acres exempt from feed grain quotas.

These amendments would have allowed most of our farmers in Alabama to continue growing feed grains and what they are presently producing. While there was no vote on the passage of the bill, the majority members voted to return the measure to the Committee on Agriculture. The bill has the effect of killing legislation in its present form.

EXTENSION WILL BE SOUGHT

Chairman Harold Coley of the House Agriculture Committee has announced that a simple extension of the current crop and wheat legislation will now be sought. Legally, while this program has been in use during the past year as a temporary emergency measure, it has meant only a small reduction in our surplus. Therefore, even with the extension, this temporary measure, which expires on Sept. 30, will have to be renewed with a tremendous expenditure of money which eventually must be solved.

"Your Health" is presented by your physician as a health service of the Medical Association of the State of Alabama.

FEVER
Fever is a protective mechanism in infection. Fever serves the useful function of weakening the invading germs and increasing the rate at which immunizing factors in the body are produced.

For such reasons it is not always wise to dose one's self with fever-reducing pills and potions, for thus the body can be deprived of the benefit of the fever in the fight against infection. Besides, to lower the body temperature can give a false impression of being well again and able to get about when we are not fully recovered.

The person with a fever should remain in bed to avoid further addition to an already high temperature. Fever is the transformation of food into body tissue elements. Therefore, plenty of nutritious and easily digested food is needed to offset the loss of weight due to highly increased metabolism. It is also necessary to take plenty of fluids as more fluid than usual is being retained in the tissues during a fever.

Fever is defined as an abnormally high body temperature. At the onset of a fever, the blood vessels in the skin contract, giving chilly sensations.

GOD IS OUR HIDING PLACE (St. John, 17)

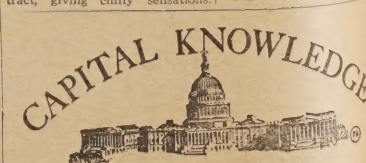

By Donald Martin

David said, "Thou art my place." This means that God is a shelter for all who trust in Jesus prayed for his disciples and all who believe in him through the word of his apostles. He prayed that we may be in Christ, and in God (St. John 17:21). Are we obedient? Are we trusting Him? We trust, and we must be able to find this "Place."

Cotton Insect Control Should Be Started In Time To Benefit Says Sellers

by John D. Sellers
County Agent

Special precautions should be taken to protect cotton from insect damage. Pests which are likely to cause damage are bollworm, boll weevil, aphids (plant and spider mites).

Farmers should scout fields thoroughly each week to determine if insects are present in damaging numbers. When 10 percent of squares are punctured by boll weevils, cotton should be picked.

Look for boll weevil damage in the young terminal buds.

Aphids and/or spider mites may cause severe damage to cotton during this stage of growth. If either of these pests appear start your control program.

Consult your County Agent for recently received Extension Service Circular No. 376, "Fight Cotton Insects" for insecticides to use and methods of application.

SPRAY PASTURE; BERRY BUSHES IN JUNE AND JULY

by Daniel R. Mims
Assistant County Agent

June and July are good months to spray bushes, blackberry, hollyhock, etc. in pastures or on fence rows. Use 1 1/2 pounds of brush killer (2,4-D and 2,4,5-T equal parts) in 50 gallons of water.

If the brush contains 2 pounds acid equivalent - 2,4-D and 2 pounds acid equivalent 2,4,5-T - per gallon, mix 3 parts of the brush killer in 50 gallons of water. If a small hand sprayer is used, mix 2 tablespoons (one ounce) in one gallon of water. Thoroughly wet bushes or briars. Brush killers are usually manufactured as low volatile esters and must be used with caution near susceptible crops. The mixture will kill or badly injure white clover and cotton. It is costly to spray bushes or trees over 8 feet tall. It is best to cut and spray when sprouts are 2 to 3 feet high with the above mixture. Spraying the bottom 18 inches of small trees with 1 1/2 pounds of diesel fuel or kerosene now or in the dormant season is an effective method of control.

NOTICE OF FORECLOSURE SALE

Default having been made in the payment of the indebtedness secured by that certain mortgage executed by Maurice W. Wyatt and wife Juanita Wyatt to United States Trust Company, Inc., a Florida corporation, dated July 22, 1961 and recorded in the Office of the Judge of Probate of Chilton County, Ala. in Book 493, Page 116, such mortgage and the indebtedness thereby secured having been thereafter transferred and assigned to Dixie Acceptance Corporation on August 25, 1961, by instrument recorded in the Office of the Judge of Probate of Chilton County, Alabama, in Book 495, Page 124 and Dixie Acceptance Corporation hereby declares the whole sum of the indebtedness remaining unpaid and secured

'Happy' Seems Happy In His Role With The Jemison Chapter, F.F.A.

Under the Sears Roebuck FFA bull-breeding program, a bull is secured from the Sears Foundation by a chapter of FFA and either kept by the chapter or placed in the community to a responsible person. A contract is drawn up concerning feeding, showing how the bull is to be handled, and how to dispose of the bull at the proper time.

The bull can be purchased by a buyer after a specific period of breeding or service period in the community, which is two breeding seasons after the show. The money will go back to the Foundation for buying another bull for the chapter or to extend the program to other chapters; although the bull is usually kept by the local community for use as a herd bull either on a commercial herd or a registered herd.

The public in general (says R. M. McGee, Vo-Ag in Clanton) can speak for the community, thinks the program to be wonderful to the small cattle owner and appreciates very much the fine work the Sears Roebuck Foundation is doing in community education from the standpoint of showing up beef cattle through a good breeding program.

DEAR 4-H JANES

Outdoor Cooking Takes Spotlight

Outdoor cooking is reaching new heights of popularity in our area this season.

If your family happens to be one that enjoys this type of recreation, you can do your part by encouraging them to use a few safety precautions.

The main trouble causes are flammable liquids such as gasoline, kerosene or lighter fluid. The safest still or fire place starter is still wood shavings.

For a safe and happy cook-out, follow these suggestions:

- (1) Keep children and pets away from the cooking area. They could burn themselves or tip the grill over on someone else.
- (2) Before putting the food on the grill, let the fire burn down to gray coals. Never apply lighter fluid to burning coals.
- (3) Be sure to wear clothing that is safe around a grill. For example: put shirts in so that they won't be dangling in the fire.
- (4) Use long-handled cooking tools.
- (5) Keep a hose handy to put out an unwanted fire.

If you and your family keep these safety practices in mind and use good common sense, you will have an enjoyable time when cooking out.

Here is a recipe for Barbecue Sauce you might like to surprise the family with:

1/2 lb. butter, 1 cup vinegar, 2 cups tomato catsup, 1 tablespoon Worcestershire sauce, 1 tablespoon Tabasco sauce, 1 tablespoon salt, 3 tablespoons prepared mustard, dash red pepper, juice of 1 lemon.

Melt butter, add vinegar, then other ingredients. Bring to a boil and let simmer a few minutes. This will make 3 1/2 to 4 cups. Try this over the meat at your next cook-out.

Your Assistant.

by such mortgage immediately due and payable and to be subject to foreclosure, and notice is hereby given that, acting under the power of sale contained in such mortgage, Dixie Acceptance Corporation will sell at public outcry, for cash, to the highest bidder in front of the Courthouse door at Clanton, Chilton County, Alabama, during the legal hours of sale on July 25, 1962 the following described real property in Chilton County, Alabama, to-wit:

"Commencing at the point of intersection of the West line of the East half of the Southwest fourth of the Southeast fourth of Section 13, Township 22, Range 14 and the North boundary line of a road running East and West and from said point of beginning thence run East along the North boundary line of said road for a distance of 110 feet to a point, thence run North for a distance of 200 feet to a point, thence run West for a distance of 110 feet and to the West line of said twenty and thence run South along the West line of said twenty for a distance of 200 feet and to the point of beginning."

Such sale will be made for the purpose of paying the indebtedness secured by the above described mortgage, and the proceeds thereof will be applied as provided by the terms of such mortgage.

Bethsalem H.D.'s Hold Regular Meet

The Bethsalem Home Demonstration Club met June 14 with Mrs. Derrell Pierce. 11 members were present.

The meeting was called to order by Mrs. J. C. Bookhold, 1st vice-president, who also gave the devotion.

Mrs. Derrell Pierce gave the story of the hymn for the month "Now The Day Is Over." Mrs. Gene Wilson gave the "Alphabetic Creed." Mrs. E. L. Pierce gave a very interesting and informative demonstration of "Foods Is Entertaining."

Mrs. Norman Murrell called the roll, gave the treasurer's report and the minutes of the previous meeting.

The meeting was dismissed by members repeating the Club Woman's Creed after the business session.

Mrs. Melvin Yeargan led the group in the recreation period.

Mrs. Derrell Pierce served some very delicious refreshments using some of the recipes from the Demonstration materials.

County Agent Tells Why Tomato Plants Bloom, But Set Only Few Fruits

by John D. Sellers
County Agent

Actually, the pistil, or female part of the blossom, dries out before it becomes pollinated, and instead of setting a tomato, it falls off the plant. Snap beans and lima beans and sweet corn are also subject to this same phenomenon.

There's not a great deal that you can do to remedy this situation. Muching might possibly reduce the heat which is reflected from the soil. And partial shading of the plants during the hottest part of the day might help some.

ANOTHER tomato trouble that occurs frequently at this time of year is blossom end rot. It shows up first as a dark green, watery spot around the blossom end of the tomato. Later, it will turn dark brown, become somewhat sunken, and have a leathery appearance.

Blossom end rot isn't a true disease, but is usually associated with a lack of calcium in the plant. The remedy is largely preventive. The first step is to raise the calcium level. Gypsum at the rate of seven pounds per 100 feet of row will be enough. You can also reduce the concentration of salts which reduce calcium uptake by maintaining a fairly constant moisture level.

There are inquiries recently from gardeners who asked why their tomato plants bloom out but set only a few fruits.

In view of May's searing weather, this condition is something less than surprising. It usually occurs during periods of very hot, dry weather when the temperature goes above 90 degrees for several days in succession. And that pretty well fits the last month.

Chapel has recently planted 1 acre to bahia grass.

Soil and land capability maps were ordered on PAUL SALTZ, T. P. SCOTT, CHESTER YEAGAN, E. H. PATTERSON, H. D. VISION, A. J. LEACH, W. A. EICE, J. T. JACKSON, L. G. MILLER and RAYMOND COOEDY. A complete soil and water conservation plan will be made when the soil maps are received.

J. C. WHITE, of Isabella community, is clearing 10 acres of land for rescue.

Mrs. Mary E. Hicks Buried At Lawley

Mrs. Mary Edwards Hicks, age 87 (born January 9, 1875), was born and reared in the rural section of Bibb County, near Lawley, Alabama. She was the daughter of the late Frances Belvin Edwards, and the late Bennett S. Edwards, died June 8, 1962 (Friday) in the Chilton County Hospital, Clanton at approximately 12:50 A.M. Funeral services at the Rehobeth Baptist

Church, Lawley, 3:00 P.M., June 9th. The Rev. J. R. Robinson of Nolauga was in charge of services and was assisted by the Rev. Eddie Ruddick of Huntsville, the Rev. Grady Williams of Clanton and the Rev. Lloyd Jones of Stanton.

Palbearers were: Archie McKinney, William Lee Gay, Milard Reynolds, Melvin Carter C. C. Gay, Jr. and Manley and Hershel Farnell.

In charge of the huge floral arrangements were: Mrs. John T. O'Neal, assisted by Mrs. Pauline Carroll, Mrs. William Ruddick and Mrs. Willie Mae Sherer.

Flower ladies were: Mrs. Melvin Carter, Mrs. Bobby Eddy and Mrs. Mildred D. Burnette. Mrs. Hicks was laid to rest in the adjoining cemetery. Martin Funeral Home of Clanton, directing.

Mrs. Hicks early in life, joined Tabernacle Methodist Church. She married I. U. W. Hicks, son of the late Rev. I. M. Hicks of Lawley, when 17 years of age and soon afterwards joined the Rehobeth Baptist Church, accepting the faith of her husband, and remained a member of that church until her death. She was a charter member of the Adult Sunday School Class of this church and the eldest mem-

Take A Vacation. But Not From God!

Take a vacation — but not from God! God does not take a vacation from you. Save the Summer for the Saviour. Don't be off duty for God until Fall. Pastors and Supts. plan with your officers and teachers to attend the Sunday School Quarterly meeting Monday, July 9, 7:30 P.M. at the Concord Baptist Church, located on the Higgins Ferry Road Cloverleaf just across Interstate 65, east of Clanton. This will be an extremely important, informing and inspira-

ber of the Plantersville Eastern Star Chapter No. 309.

Mrs. Hicks was deeply loved and respected by all who knew her. She shared with those less fortunate; lending a helping hand at all times with those in need. She was an excellent neighbor, an affectionate and loving wife and mother, never complaining. Mrs. Hicks loved life and people. She greeted visitors to the last in her home with a smile and asked them to come back to see her.

Mrs. Hicks was critically ill from Thursday, May 31, remaining in the home until Monday June 4, 7:00 P.M. where she was removed to the Chilton County Hospital.

Friends and relatives gathered from near and far to attend the last rites of their loved one.

Mrs. Hicks is survived by one son, Don Hicks of Marion, Ala., and three daughters, Florence H. Watts of Cairo, Ga., Ruby H. Hand of Bethesda, Maryland and Ruth Hicks of Stanton.

One daughter, Palace Hicks died in infancy when approximately 2½ years of age. Approximately 2½ years of age. 10 grandchildren and 25 great grandchildren survive.

How Super Shell's 9 ingredients can give cars top performance

POWER INGREDIENT in Super Shell works for world champion driver Phil Hill (above, in Ferrari racer). Hill, first American to win the World Championship for Drivers, relies on Super Shell. One important reason: power. Today's Super Shell contains "car-cracked" gasoline—a power ingredient made by cracking heavier petroleum molecules into lighter, livelier ones. It works to give you the power you need for top performance.

NOISE-FIGHTING INGREDIENTS in Super Shell work for a quiet engine at all speeds. Shell scientists even use a stethoscope (above) to check effect of Super Shell's anti-knock ingredients. One of these ingredients, an anti-knock mix, is so effective that a teaspoon per gallon can boost anti-knock rating five points. Alkylate, another Super Shell ingredient, is noted for controlling knock in hot engines at high speeds better than anything else yet available.

MILEAGE INGREDIENT in Super Shell is Platformate. Shell scientists test it in many cars, many places. In a recent test in San Francisco (above), exactly 250 cc. (about half a pint) of fuel without Platformate was fed into test car. Car ran until fuel was used up, then coasted to a stop (left). Distance: 6186 feet. Test was repeated, using same blend of fuel with Platformate added. Same amount of fuel. Same car. Same conditions. In this test, Super Shell with Platformate took car 6454 feet (right), gave a mileage bonus of 4.3 percent.

TCP* AND FOUR OTHER INGREDIENTS complete Super Shell's 9-ingredient blend. TCP additive can help restore power lost due to combustion deposits—can also extend spark plug life. Butane is for quick starts. Pentane mix helps engines run smoothly during "warm-up." The gum preventive ingredient is to help keep carburetors clean inside. And, when the weather calls for it, Super Shell contains an anti-icer. That's nine ingredients in Super Shell—scientifically blended to give your car top performance.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U. S. Patent 2889212.

NEWS OF — Samaria

Don Graham, pastor
On Friday morning, July 6th, we want all of you ladies, gentlemen and children to meet at the church to help sod our yard. We are plowing the grounds and will seed it Friday. We need you and your rake to make this project a success.

We want to make special mention of our forthcoming Revival. As our guest speaker, we are fortunate in having the Rev. James H. Cambron, pastor of the Union Baptist Church of Lipscomb, Ala. He is an experienced and dedicated man. We are very privileged to have him to lead our Revival. To lead our singing we have Mr. Richard Bolin, minister of music at the Bethel Baptist Church in the Birmingham Association. Our Revival begins on Sunday morning, July 29 and ends on Saturday night, August 4th. Our services will be held at 7:30 each night.

Our Young People's retreat will be on July 13 and 14. They will leave around lunch and go to Cook Springs. This will be in conjunction with the Union Baptist Church of Lipscomb, Ala. We want to extend to all visitors a special invitation to our services and to our members an even more special invitation.

Meatballs and Spaghetti is a popular dinner dish... easy to prepare and easy on the budget, too. To complement the excellent flavors in the sauce, turn your attention to the meatballs. Moist-textured, yet firm is the ideal product developed by the test kitchens of Carnation Company. Evaporated milk makes the difference, insuring the perfect amount of juiciness. Evaporated milk has a nutrition plus, too... so important for your growing family. It has twice the amount of Vitamin D, protein and minerals of whole milk.

MEATBALLS AND SPAGHETTI

(Makes 4-6 servings)

- 1 pound ground beef
- 1/2 cup (small can) undiluted evaporated milk
- 1 teaspoon chili powder
- 2 teaspoons salt
- 1/2 cup cracker meal
- 1 tablespoon salad oil
- 1 can (1 pound) tomatoes
- 1 can (10-1/2 ounces) tomato puree
- 1 teaspoon cinnamon
- 1/2 teaspoon pepper
- 1 cup finely chopped green pepper
- 1/2 cup cooked vermicelli or thin spaghetti

Mix beef with evaporated milk, chili powder, and 1 teaspoon salt. Form into 1-inch balls. Cook with cracker meal. Heat oil. Add beef balls and cook over low heat until browned. Combine undrained tomatoes, tomato puree, remaining 1/2 teaspoon salt, cinnamon, pepper and green pepper. Simmer, covered, 10 minutes. Add meatballs and simmer 15 minutes. Serve over cooked vermicelli or spaghetti.

Thorsby Honor Student Adams Joins Marines

The Valedictorian and President of the 1961-62 Thorsby High School Senior Class, Tommy Adams, has enlisted in the U.S. Marine Corps and is now undergoing basic military training at the Marine Corps Recruit Depot Parris Island, S.C.

The new Marine enlisted in the Corps in February through the Marine's 120-day program. This allowed him to complete his education while reserving himself a place in the corps. Because of his outstanding qualifications for the Marine Corps, Private Adams was guaranteed assignment to an aviation technical school upon completion of basic training.

Private Adams is the son of Mr. and Mrs. Albert H. Adams of Thorsby.

Liberty And Justice... Under God--

IN keeping with the day we are celebrating this week as
INDEPENDENCE DAY our thoughts turn to what makes up
the independence we celebrate and who we are to deserve such
luxury!

OUR original concept of "independence" was that liberty
and justice would prevail in our society--regardless of the
nature of an individual or a group of individuals. Have we
changed so much that these basic ideals are obliterated by
bitter, resentment, prejudice and hatred?

MANY, many individuals have condemned the Supreme
Court ruling on "organized praying" in our schools! These
same individuals have blindly condemned the Court, not be-
cause of a certainty that the Court is wrong on this particular
subject, but because THEY BELIEVE the Court HAS BEEN
wrong in the recent past on other matters concerning our
independence.

WE do not appeal that the Court is right--neither do we
condemn it now, for a wrong once committed. It appears that
too many of our "free people" claim the dignity and holiness
of a nation under God, but refuse to accept the responsibility
which it naturally imposes upon us.

NOT in the least of these responsibilities, is trust and con-
fidence in the abilities and intentions of our fellow man. The
times have made us cynical and the trials of freedom have
made us callous! We no longer possess the first thing that
is required of us, if we are to share our liberty with our
brother -- and that is TRUST.

WHY do we condemn and badger before we think? Are we
individuals who must be reminded to think; to be fair; to have
faith in our fellow man? Are we spoiled to the good things
which freedom brings, while completely losing sight of our
responsibilities and our debts to other free men?

WE shout and enjoy and raise Cain, in observance of the
anniversary of our Nation's independence. But, while reveling,
do we so much as think of prayer for peace or prayer for unity
of minds so that our children--the generations to come--will
never bleed for, sacrifice to and love that same freedom? Do
we dare ask our own consciences to be less hasty with con-
demnation of others and do we strive for better understanding
of other men, who are working, possibly harder than we, for
the same freedoms?

DO you dare question your own ability and desire, to be
honest, sincere and open-minded where your fellow man is
concerned?

If you must turn your back on your own conscience, then
only God can save our freedom! Enjoy the Fourth, drive
safely, be joyful and thankful and pray for the guidance of
the God who has heaped these bountiful treasures of freedom
and independence upon us!

The "Can't-Hep-Its"--

ABOUT this time of the year an epidemic sweeps the land,
and it strikes the young, the old, the rich, the poor and just
about everybody and everything!

The symptoms are many and varied and there is no known
cure! It's the "Can't-Hep-Its". Some folks call it the "Hypo-
notics" and some just call it pure laziness, but you know not
where or when it will strike! It's the hot-weather wilt, is
that it is and there are some serious cases around about Chil-
ton County right now.

Monday is terrible; work in general is awful; getting up in
the morning is tedious and responsibility is unbearable! The
only real relief one can get, it seems, is to go fishing! Just lay
down in the shade or get away from it all for a few days! It
is just an excuse to be lazy and shiftless--but it's a dang-
erous one!

Report from Washington

BY
ARMISTEAD SELDEN
Congressman, Sixth District

The House met six full days
last week in an effort to bring
to the floor at least some of the
measures that members feel must
be considered before Congress
can adjourn. The most impor-
tant bill considered during the
past week was the so-called
Trade Expansion Act.

Proposed in an effort to deal
effectively with the growing free
trade community of Western Eu-
rope, known as the European
Common Market, the adoption
of this measure by a bipartisan
vote of 298 to 125 was an im-
pressive victory for the Kennedy
Administration.

TRADE IMPORTANT
Our export trade with Western
Europe is some \$7 billion an-
nually, and our agricultural ex-
ports last year amounted to \$1.1
billion for the European Common
Market countries alone. This is
the fact that our nation cannot
afford to lose.

The President stated the im-
portance of the Trade Expansion
Bill when he said that without
the bargaining power it confers
"our export surpluses will de-
cline, more plants will move to
Europe, and the flow of gold
away from these shores will be-
come more intensified."

The measure also received the strong
endorsement of former Presi-
dent Eisenhower.

POWERS CONFERRED
The Trade Expansion Bill, as
passed by the House of Repre-
sentatives, would give the Presi-
dent the power to cut tariffs
on foreign imports up to 50 per-
cent over a five year period.
These cuts are to be made on a
reciprocal basis, however.

In addition to tariff cutting
authority, the measure provided
procedures for raising tariffs on
goods where a cut was found to
have injured an entire industry.
It also provided that a Presi-
dential decision not to raise tariffs,

despite a recommendation by the
Tariff Commission for an in-
crease, could be overruled by a
majority vote of the Congress.
For the first time this legis-
lation authorized "adjustment as-
sistance" to injured businesses
and workers. The aid could take
the form of cash payments and
retraining and relocation al-
lowances for unemployed work-
ers, and technical assistance
loans and loan guarantees, and
tax benefits to businesses. Gov-
ernment aid could be in place of
or in addition to a tariff in-
crease.

SUBSTITUTE KILLED
A motion by the House Republi-
can leadership to extend the ex-
isting Trade Agreement Act for
one year in lieu of the new legis-
lation was defeated by a vote of
253 to 171. The negotiating au-
thority under the expiring Act
had been virtually exhausted
and the Republican motion there-
fore would have granted empty
authority.

COURT DECISION
For the first time since I have
been a member of Congress, a
decision of the United States
Supreme Court has caused deep
concern among many members
outside the South. This was the
June 25 ruling that the recitation
of official prayers in the public
schools is unconstitutional.

A number of constitutional
amendments already have been
introduced limiting in various
ways the powers of the Court
or its members. As you know,
I have maintained for many
years that the Supreme Court
of the United States has far ex-
ceeded its constitutional au-
thority, usurping in many of its
decisions the functions of the leg-
islative branch. Certainly
would be in favor of reasonable
legislation that would remedy
this dangerous situation.

TO MEDITATE
If you really want to know your-

not just to think. John Wesley,
the founder of Methodism said,
"We have need daily to retire
from the world at least morning
and evening to converse with
God, to commune more fully
with our Father which is in se-
cret. Nor indeed can a man of
experience condemn even
seasons of religious retirement
so they do not imply any neglect
of the worldly empire wherein
the providence of God has placed
us."

"Textile Imports Are Wrecking Cotton
Farmers Best Customers" Say Mills

EDITOR'S NOTE--The fol-
lowing article is presented to
you upon request of the man-
agement of Dan River Mills,
Clanton's largest industrial in-
dustry. The opinions ex-
pressed are not necessarily those
of the Editor, but we do feel
that this is a vital subject, and
one in which you should show
some interest--Thank you!

The U. S. Tariff Commission
holds the key to a problem vital
to the present and future of Am-
erican cotton textile manufactur-
ing and American cotton farm-
ing.

The Commission has under
study a request by the Secretary
of Agriculture to impose an off-
set fee on the cotton content of
imported cotton textiles equal to
the export subsidy on raw cotton.

The case is vital to the cotton
farmer because textile imports
resulting from the windfall cot-
ton profits of overseas mills pay-
ing one fourth less for their raw
material, are wrecking the U.S.
cotton farmers' best customers--
the U. S. cotton mills.

The case is vital to the Am-
erican textile industry in that the
present "two-price cotton" sys-
tem places the industry at an in-
tolerably unfair and unre-
mountable competitive disadvan-
tage.

U. S. Government cotton pol-
icy forced the American cotton
textile industry to pay \$32.6
million more for the raw cotton
it used in 1961 than the same cot-
ton would have cost the indus-
try's overseas competitors.

The added cost to North Caro-
lina mills that year was \$112,
914,407; to South Carolina mills
\$113,312,200; to Georgia mills
\$72,131,637; and to Alabama mills
\$40,952,830.

**GOVERNMENT
COTTON POLICY**

The "two-price cotton system"
results from Federal law. Let's
look at the three principal gov-
ernment policies out of which
grew this "two-price" system:
1. Since the 1930's the U. S.
Government has administered a
farm program, under which the
price of U. S.-grown cotton is
grown cotton available on the
world market at or near world
prices. This subsidy currently
amounts to 8 1/2 cents per pound
terial cost advantage over an

supported at an artificial level.
The supported price of raw cotton
in the U. S. at present is at
least 42.50 per bale higher than
the cost on the Free World mar-
ket.

2. The government since 1939
has had rigid quotas on raw cot-
ton, limiting imports of upland
types to 30,286 bales annually.
(Upland cotton accounts for
about 98 per cent of all cotton
used by American mills.) Since
American mills are denied ac-
cess to foreign-grown cotton, the
quota forces them to buy Ameri-
can-grown cotton at the higher
price.

3. Because U. S. cotton was
priced above the Free World
price, the U. S. began losing its
export markets in raw cotton.
The high price of U. S. cotton
encouraged other countries to
build up their production. In
order to make U. S. cotton com-
petitive overseas and regain our
historic share of the export mar-
ket of \$42.50 a bale.

UNFAIR COMPETITION

Because of this situation a for-
eign mill gains a huge raw ma-
terial, Congress, in 1956, ordered
that the U. S. should subsidize
the price difference, making U.S.
American mill, even if the for-
eign mill buys cotton grown
within a stone's throw of the
American mill.

A bale of American-grown cot-

ton which would cost an Ameri-
can textile company \$171.50 is
sold overseas for \$129. The U.
plant thus is forced to pay one-
third more for its raw material
... and raw cotton accounts for
better than half the cost of pro-
ducing a yard of typical cotton
cloth.

This unfair disadvantage at
which government policies place
the American textile industry is
not consistent with the govern-
ment's plea for American indus-
try to become more competitive
in world markets.

Using "cheap cotton", some six
million bales of it subsidized by
the American taxpayer, foreign
textile manufacturers, with their
much lower labor costs, were
able to invade the American tex-
tile market.

For 20 years before World
War II, U. S. imports of cotton
textile products were fairly sta-
ble, averaging about 50,000 bales
of raw cotton equivalent per
year.

The first noticeable rise occur-
ed in 1954, the year the U. S.
reinstated cotton acreage con-
trols and price supports. That
year imports of cotton products
passed the 100,000 bale equiv-
alent mark.

In 1955 and 1956 import vol-
ume exceeded 200,000 bales of
cotton.

Figured in square yard equiv-
alents, using available official

government figures, imports of
cotton manufacturers (including
yarn, fabric, apparel, etc.) rose
from 64 million square yards in
1948 to 1,054 million square yds.
in 1960.

During the first three months
of 1962, however, cotton textile
imports came into this country
at an annual rate of 1,458 million
square yards. Figured in bales,
that would be at an annual rate
of 716,000 bales this year, as op-
posed to the peak of 525,000 bales
in 1960.

The effect of these imports
goes further than the loss of a
market for the specific amount
of imports. It affects the price
structure in the American mar-
ket to a much larger degree. On
the American mill falls the con-
stant specter of a foreign mill
which can undersell him in his
own back yard, not because the

I'VE HEARD SO MUCH ABOUT MIRACLES LATELY! TELL ME, SALLY, DO YOU KNOW WHAT A MIRACLE IS?

SURE

DO YOU REALLY WANT TO KNOW?

OUCH!

DID YOU FEEL THAT?

I'LL SAY I DID!!

WELL, IF YOU HADN'T FELT THAT, IT WOULD HAVE BEEN A MIRACLE!!

SALLY SNICKERS

LOOK PA! I GOT 14¢ SAVED UP IN MY LITTLE BANK!! AIN'T THAT SWEET?

YOU BET, SALLY, AND NOW BECAUSE YOU'RE SUCH A GOOD GIRL I'LL TAKE YOU TO THE BIG STORE WITH ME!

I'M GOING TO START A CHARGE ACCOUNT HERE — IF YOU KEEP SAYING YOU'LL HAVE ONE, TOO AS YOU GROW UP =

WE'LL REQUIRE YOUR BANK REFERENCES BEFORE YOU CAN OPEN A CHARGE ACCOUNT WITH US, SIR!!

I'M AFRAID I CAN'T DO THAT!! I HAVE NO MONEY IN A BANK!!

WHY DON'T YOU GIVE MY BANK AS A REFERENCE, PA?

??!!

SALLY SNICKERS

I'M JUST CRAZY ABOUT ANIMALS — ESPECIALLY DOGS!!

YOUNG GIRL COMPANION WANTED FOR YOUNG LADY TRAVELING TO SOUTH AMERICA WITH HER MOTHER

MAYBE THEY'LL TAKE ME ALONG IF I GET MOMMY'S PERMISSION!

OH! NA! I JUST REMEMBERED AN "ADD" I SAW IN YODAY'S PAPER! MAY I TAKE THE JOB?

WHAT ARE YOU TALKING ABOUT SALLY AT SUCH A LATE HOUR OF NIGHT?

IS THIS THE LADY THAT'S LOOKIN' FOR A TRAVELIN' COMPANION FOR HER LITTLE GIRL ON THAT SOUTH AMERICAN TRIP? WELL, I SAW YOUR AD! AND —

YES, BUT WHY WAKE ME UP AT 3 O'CLOCK IN THE MORNING?

I JUST WANT TO TELL YOU I CAN'T MAKE IT!

SALLY SNICKERS

WOW! WHAT A RACKET IS GOING ON UPSTAIRS!! THAT FAMILY IS ALWAYS MAKING NOISE!!

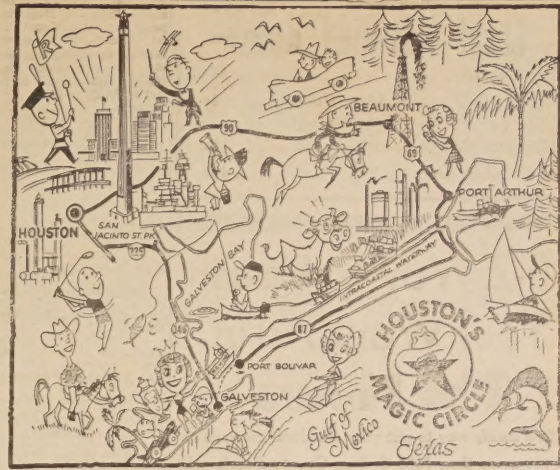

A POOR, HARD-WORKING MAN CAN'T ENJOY HIS DINNER IN PEACE WITH SUCH NEIGHBORS!

WE SHOULD DO SOMETHING ABOUT IT

LOOKS LIKE THE CEILING WILL COME IN, UNLESS THEY STOP THAT BANGING UPSTAIRS! I'M GONNA PUT AN END TO IT!

WHAT'S THE TROUBLE NOW, SALLY?

I WAS RAPING FOR THEM TO QUIET DOWN, AND NOW THEY WON'T LET GO OF THE BROOM

Plush, big-time and glittering is Houston, Texas city of skyscrapers, music, culture, mansions and a large seaport—50 miles from the ocean! Among the city's fabulous attractions is the famous Rice Institute, spectacularly modern and colorful; facing the camp is the pride of Houston, the \$100 million, 128-acre Texas Medical Center.

First stop on the Magic Circle auto tour out of Houston is the Lone Star State's shrine, San Jacinto Battlefield, where General Sam Houston defeated a far larger Mexican army to win independence and to establish the Republic of Texas. An imposing 570-foot shaft commemorates the event. Another shrine in the park is the U.S. Battleship Texas, a veteran of two world wars.

South is gay Galveston, city of flowers, fine beaches, spectacular bathing beauty contests, sports car and boat races, fishing rodeos, and festivals.

For 20 delightful, unforgettable miles from Fort Worth the highway is separated from the Gulf of Mexico only by a few feet of grassy dunes. Just inland, and sometimes visible, the Intracoastal Waterway runs through great cattle empires. The route then penetrates the photogenic oil refineries of Port Arthur and Beaumont, with a stop at Spindletop, just outside Beaumont, where the granddaddy of Texas' oil gushers blew in to make history in 1901.

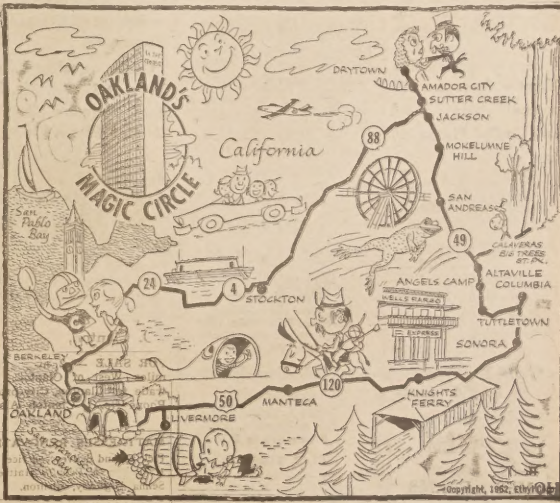

By Edward Collier

Sun-drenched southwestern New Mexico with its brilliantly etched panoramas of desert and mountains, offers fine new roads, byways to ghost towns and rock-hounding bonanzas, scenic wonders and cattle ranches—which add up to a fascinating Magic Circle auto jaunt.

The tour starts at Las Cruces, now a U.S. rocket research center and home of the attractive, ever-expanding New Mexico State University, nationally known for its high powered football team. Two miles away in Mesilla, a bit of colonial Spain, which has no neon signs or street lamps—only the flaring torches of La Posta, now a colorful Mexican-style restaurant which has sheltered the famous and infamous from Kit Carson to Pancho Villa. Once a hangout of Billy the Kid, the town now is a favorite of artists and location of one of the largest U.S. goose farms.

Turning north, there are the ruins of Old Fort Selden; Lake Valley of silver mining fame and now a near ghost town; once gold-rich Hillsboro, today a quiet "cow town"; Kingston, a ranching, tourist and art center where false front buildings recall the lurid era of silver and gambling; and a side trip from quaint San Lorenzo to Mimbres, a delight to the archeologist.

South are the startling monoliths of City of Rocks State Park, a haven for picnickers and shut-lungs. At Santa Rita a huge open-pit copper mine plunges like a giant's staircase down into the earth. Silver City, once a silver boom town, today is a quiet ranching center plagued only (it is seriously alleged) by the ghost of Gerónimo. The return is through progressive Deming, where side roads lead to happy rockhounding for the family.

Landmarks of the beautiful 600-mile campus of the 507-foot Campanile, which crowns the Hawthorne and Oakland Coliseum. Eastward to the Alameda County Fairgrounds, which are connected to the city by a new interchange highway.

The Mother Lode country, where "placer" gold was first mined, starts in Berkeley and runs through the summer fun of Colma, the drama of Sausalito, the rejuvenated old hotel, while Sausalito is a rebuilt town of historic California, the world's largest.

Jackson has a fascinating Gold Rush era museum. Angels Camp, immortalized by Mark Twain, reports annually the death of a miner in his "The Jumping Frog of Calaveras County." A side trip reaches the redwood forest of Sequoia in Calaveras Big Trees State Park. Colusa, which produced \$87 million in gold, has been carefully preserved as a state park. The return to Oakland is via the historic bridge designed by Gen. U. S. Grant and Lyman, noted for its wineries.

IT'S AMAZING!

Class of '32 Holds Reunion Here

One of the gayest affairs of the year was held at Holiday Inn Saturday night when the Chilton County High School class of 1932 held their reunion. Joe Van Deever, president of the class and presently a leading attorney in the state of Tennessee, acted as master of ceremonies. Seated at the speakers table were Mr. and Mrs. John High, former vice president of the class, and Mrs. John High, former vice president of the class. The secretary of the class, Leroy Martin, the only member of the group who has passed away during the 30 years an dwo wars and the presence of Mrs. Martin, the former Clyde Jones, escorted by Donald and Jimmy who were appreciated by those attending. Perhaps the high light of the reunion was another roll call of the ex-teachers as she called the names. Ott Miller presented the facts - such as the maiden name, the place of residence, occupation, and children and grandchildren, if any might be expected, this was the object of many friendly jibes, and Miss Bonnie Clive

Clanton Mayor Honored At '91'

When John W. Stanfield arrived at the Masonic Temple in Greenville on Monday night, July 9, 1962, he was greeted by a large number of friends and family members. He was taken by surprise upon discovering that the multitude who had gathered there were there to pay tribute to his 91st birthday. Stanfield was even more surprised that the important day was celebrated to meet was other than himself. Dressed in his best, the guest of honor declared: "Masons have been my secret for several thousand years. No wonder I didn't get about this birthday until now."

John W. Stanfield, former Clanton resident and Mayor, is shown sitting in Greenville Eureka Lodge No. 64, F.A.M., where Masons gathered to pay their respects on his 91st birthday.

The party, planned for several months as a complete surprise to the guest of honor. Raised to Master Mason in Clanton Lodge No. 423, F.A.M.

M. 70 years ago by his father, James Madison Stanfield, Worshipful Master of the Lodge. Mr. Stanfield is also a Shriner of 52 years' standing and was active in forming Alcazar Temple in Montgomery. A resident of Greenville for 43 years, Mr. Stanfield, now retired, resides with his daughter, Mrs. Alice Winter.

Mutt 'Tucker' Esquire

WE lost a tried and true and faithful friend today. "Mutt", which is what we called our Collie, did not practice the old adage about an ounce of prevention being worth a pound of cure and was struck down by an automobile while chasing after another one. Telling the Doc to put to death a friend of nine years we had to put him away. puts a lump in your throat even though it's "just a dog!"

The kids said: "Mutt was a good dog", which is quite a tribute to one of this man's best friends; but it wouldn't have mattered whether he'd been good or not, he belonged to us, just as our right arm belongs to us. You perhaps do not understand the mourning of a dog... that is unless you too, have had a "Mutt".

Mystery Man...

THE photo shown here (or partly shown) is an old picture of a well-known and well-liked "young" man of Chilton County. That's all the hint we're going to give ya!

If you submit the correct answer as to who this "young" man is early Thursday morning, you may win a free subscription to the News! Care to take a guess? Come by the News office and give 'er a try!

THE WINNER— First one in last Thursday morning with the correct answer of "GORDON CONWAY" was Wendell Powell of Clanton. If he will notify us where to send the paper we will get it going right away.

And by the way, if any of you who have won free subscriptions in the MM Contest, are not receiving the news, please let us know right away. Thanks!

'Calawow' Officially Dedicated, 4th

J. N. Cochran of Omaha, Nebraska, national chairman of the Woodmen of the World board of directors was principal speaker here at a July Fourth barbecue and dedication of a \$2,222 WOW camp.

Cochran told the approximately 600 persons gathered at the 113 acre camp at this community 10 miles southwest of Clanton that the facility is the fourth in the Southeast to be established by the Woodmen and that it is creating attention nationwide as a pilot program for a system of camps eventually to be established throughout the United States. The only other such camp in Alabama is located in Blount County.

While at the camp the boys compete in rifle shooting, archery, fly-tying, bait and fly casting and semi-military drills. The girls center their attention on home making, wildlife study and various sports.

In addition to the director, a permanent summer staff includes a full time dietitian, two cooks, a trained nurse, two life guards, a canteen operator and handymen.

The camp, which was completed last year, consists of a large

auditorium and dining hall with a modern kitchen; a dormitory which will sleep 200 children; and a three bedroom bungalow for the caretaker. Over the auditorium entrance is the WOW symbol and the name of the camp, Calawow (a contraction of Central Alabama Woodmen of the World). An office, athletic equipment room, canteen and pantry with a walk in cooler is also attached to the auditorium. On the premises are a two-acre lake for swimming and a four acre fishing lake stocked with bass and bream. Five deep wells assure the camp of an adequate water supply. Campers from 19 central Alabama counties have access to the Enterprise Community facilities.

NEWS OF— Northside Baptist

The Northside Baptist Church, the friendly congregation, appreciates everyone, including visitors attending the services from time to time. A very cordial welcome is hereby extended to one and all to attend the services of this church to worship our Lord and Saviour. Those who have not found the Lord Jesus Christ as Saviour, will be confronted with Christ by the faithful Christian members and the gospel services. Rev. Grady G. Williams of Clanton, will bring the messages at both services on Sunday. The many many people

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

NEW HELP FOR THE HANDICAPPED... Alexander Graham Bell was noted for his work in speech therapy. Today, Western Electric and Bell Laboratories continue this work by developing new devices to aid people with impaired speech, hearing and sight. The latest aid is the Amplifier Handset... a special device which adjusts the sound volume in the telephone receiver to suit the individual needs of persons with impaired hearing.

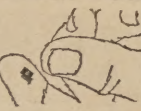

TIME WAS when a Long Distance call was only made when there was an "event" to report—a birth, a marriage or the like. Now, convenient, low-cost Long Distance can be an every day pleasure... to say a friendly "hello," spread good news the fastest way, cure homesickness, make quick, efficient business contacts. Call Long Distance often. And remember—if you use the area code for the city you're calling, the call will go through that much faster.

NUMBER PLEASE... In Japan, certain numbers are believed to bring good fortune, others are considered bad luck. To insure good fortune, Japanese telephone customers give bribes in exchange for lucky numbers. High prices are paid for good numbers. The unlucky ones are usually given to foreigners.

SCHOOL'S OUT, SCHOOL'S OUT, TEACHER LET THE CHILDREN OUT!... and busy mamas will be even busier with Billy and Suzie home for summer vacations. Just another good reason for installing more extension telephones at home. With the kids around, smart mothers will do more of their "going" by telephone... from the patio, the kitchen, the family room... all smart, step-saving places for extension phones.

MIGHTY MIDGETS... You've probably never heard of a "semiconductor" much less seen one. This tiny device is the heart of the transistor, used in much of the equipment which provides you with the world's best telephone service. Semiconductors come in various sizes; the one pictured is considered a big one! Some are so small, a magnifying glass is used to work with them!

July 14th Baptist Youth Rally To Present "Teenage Rock" At Verdena

See Teen-Age Rock, a 55 minute sound motion picture, provocative! controverial! dynamic! action packed, at the Youth Rally Saturday, July 14, 7:30 p.m. at the Verdena Baptist Church, located on 31 Highway, 10 miles south of Clanton. "Ron and Julie had it made. Sharpest combo in school. He a top letterman. She in the plush on a half dozen wheel deals. It was the good life. Real good. The kind of daily dazzle that greens envy into the eyes of those in the lesser teen age strata. Yet somehow it didn't add up. Rons rebellion to the only kind of faith that can make sense to a teen ager. But Julie didn't waver. She found the Rock—a foundation for her life, a fortress against adversity. The Teen Age Rock! A shelter—God's shelter—in the time of storms. See this action packed motion picture at the Verdena Baptist Church Saturday 7:30 p.m. The host church will

serve refreshments during the fellowship hour. Don Graham program chairman, Wayne Smith, president, Glenda Martin, secretary, treasurer.

NEWS OF — Samaria

Don Graham, pastor. The Chilton Associational Youth Rally will meet Saturday night at the Verdena Baptist Church at 7:30. A very interesting film entitled "Teen - Age Rock" will be shown. We want to urge each of you to come.

Monday through Friday, July 23-27; we will have Cottage Prayer meetings. We want to invite and urge you to attend. For the name of the hostess, contact any member of the church. Our Revival will follow our Cottage Prayer meetings July 29 through August 4. Our guest speaker will be the Rev. James B. Cambron, pastor of the Union Baptist Church of Linecomb, Alabama. Our services will be held at 7:30 nightly. Our Young People leave on Friday at 12:00 noon for Cook Springs where they will have a Retreat. This will be a very exciting and inspirational trip! We invite you last Sunday and missed you to come Sunday and meet in fellowship with us.

Shell dealers list some causes and cures of 10 sounds, smells and other symptoms that often puzzle drivers

Even if your car's in good condition, it may act up occasionally. When puzzled, consult this chart. It doesn't cover every problem, but it will help with some of the more common ones.

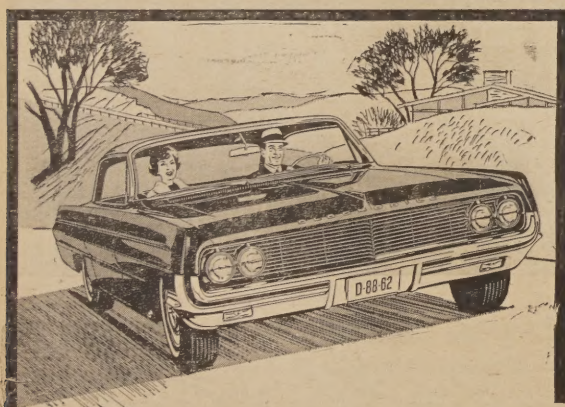

DESCRIPTION	LIKELY CAUSE	WHAT TO DO
High-pitched squeal when you first start the engine.	1. Worn or glazed fan belt. 2. Loose fan belt. 3. Water pump seal needs lubrication.	1. Replace the belt if it looks worn. It could break. 2. Have the fan belt tension checked. A loose belt may not turn the generator fast enough to charge the battery. 3. Add Shell Cooling System Protector to radiator water.
Throbbing roar.	Damaged or worn muffler.	Replace muffler. Your Shell dealer can do this for you.
High-pitched erratic pinging noise—usually lasts just a few seconds. (Often called wild ping.)	Erratic combustion caused by glowing carbon deposits that flake off and ignite the fuel too soon.	Try Super Shell gasoline. It contains three anti-knock ingredients. One is TCP.* This famous Shell additive works to "fireproof" combustion deposits that could otherwise cause wild ping.
Screetching brakes.	1. Badly worn brake linings. 2. Glazed brake lining.	Any brake trouble should be checked immediately by your Shell dealer. It could be dangerous. If linings are badly worn or glazed, brakes should be relined soon.
Strong gasoline odor when you can't start the car.	Flooded carburetor.	Let the car sit a minute. Push the accelerator to the floor (don't pump it). Then try the starter.
Exhaust fumes. Most noticeable when driving in town or when your engine is idling.	Leaking tail pipe or muffler.	First, open a window—those fumes can make you groggy fast. Replace damaged part promptly. Note: Always have exhaust system inspected when your car is lubricated.
When cruising, dashboard generator light goes on—or ammeter needle continuously shows "discharge."	1. Broken fan belt. 2. Faulty generator or voltage regulator. Or loose connection in electrical system.	Stop at the first station to avoid running battery down. 1. Replace fan belt. Suggestion: Carry a spare belt—it could save you time and trouble. 2. Have electrical system inspected to locate the trouble.
Brake pedal action feels peculiar: 1. Pedal feels spongy. 2. Pedal slowly sinks to floor under pressure.	1. Air in brake lines. 2. Hydraulic fluid leaking past master cylinder piston.	Brakes with these troubles should be fixed immediately. Have your Shell dealer inspect your brake system.
Car pulls to either side: 1. When braking. 2. When cruising.	1. Water, oil or hydraulic fluid on brake lining/brakes out of adjustment. 2. Uneven or low pressure in tires.	1. Think back. If you've just driven through water, drive with caution until linings dry. Otherwise, have brakes checked soon—it could be dangerous. 2. Check tires for correct pressure. Do this soon. Under-inflation can also cause excessive tire wear.
Engine temperature suddenly passes the danger point on your dashboard gauge.	1. Broken fan belt. (You may hear the clatter when this breaks.) 2. Loss of cooling water.	Turn off engine. 1. Check fan belt. 2. To check coolant—follow these rules. Let engine cool down. Remove radiator cap slowly using extreme care to avoid scalding. Add water slowly with engine idling. Check for leaks.

*Trademark for Shell's unique gasoline additive. Contains TCP is covered by U.S. Patent 2889212.

Keep this guide in your glove compartment.

It may come in handy if your car acts up.

BIRTHDAY PARTY

Over the hills to Grandma's house, it is not Thanksgiving, but a birthday party!

Two young boys, 'Pud' Avery, son of Mr. and Mrs. Tom Avery and his brother, Tom Jr., of Atlanta; Wayne McNeill, son of Mr. and Mrs. Bobby McNeill, and brother Bruce of Birmingham met at the home of the boys' grandparents Mr. and Mrs. Irby McNeill, July 2nd.

Tuesday afternoon, July 3, Wayne and Pud celebrated with a party. When the guests began to arrive they were given whistles and balloons of different colors and shape, inflated with gas. Such scrambling to catch a balloon when it was turned loose. Games were soon in order. The

ever favorite one Pinning the Tail on the Donkey was played, the prize going to Donna McNeill.

In a clothes pin game, the prize was won by Mrs. Charles Harrell.

What is a party without refreshments? In cream, cake and punch was served from a table laid with a red linen cloth, cups and napkins harmonizing.

Either end of the table was a birthday cake iced in yellow, decorated with a base-all diamond with a team in position.

The biggest thrill for Wayne and Pud was opening the many gift packages. There were toys, games, money, clothing and a wrist watch for Pud.

Present, with the ones already mentioned were Veronica Harrell, Butch Horton, Dennis Conway Mrs. Edna McNeill and Mrs. Dot McNeill.

JERRY STEPHENS HONORED

For the second time Perry Stephens is Honor Royal Ambassador acquiring the rank of a squire. He maintained his first record by attaining 1280 points for his second record.

At the morning service at the Baptist church Rev. Brasher on behalf of the Brotherhood, who sponsor the RA's presented Jerry with a gift, a token of appreciation for the work Jerry is doing.

Ushers at the morning service were other RA's Michael and Sidney Chandler, Ronnie Little, and Harry Hale.

MEETING OF WSCS

The Women's Society of Christian service met Sunday afternoon, July 8th at the Methodist Church at 2:30 o'clock.

Mrs. A. C. Bratton president opened the meeting with prayer. The program, Christ Above All The Everlasting Christ, was presented by Mrs. Dan Robbins. She read John 2:16-17 and closed the program with prayer.

The revival meeting was announced to begin Sunday night, July 15.

Members present: Mds. Dan Robbins, A. C. Bratton, Verta Mae Langston, J. C. Fisher, Edna McNeill, W. T. Wheeler, R. B. Johnson, Mary Smith, Miss Sybil Langston and a new member, Mrs. Tommie Davis.

Meeting closed with the Lord's Prayer.

WMU QUARTERLY

Center of the Baptist Church near Jemison was host to the Associational WMU Quarterly meeting, Thursday, July 5 at 10 a.m.

The highlight of the meeting was a talk on Pioneer Missions by Mrs. George Illinsworth of Birmingham, who worked in the Colorado convention in the Summer of 1961. Pictures were shown of that area.

The theme of the meeting That Thy Way May Be Known We Offer Our Prayer.

Rev. Louis Brasher led in singing Jesus Shall Reign and He Keeps Me Singing, with Mrs. G. H. Carroll as pianist.

Mrs. Lee Lawrence read John 16:33, John 17:26 the 1st verse of Take My Life, sung as a prayer after Mrs. Lawrence read the calendar of prayer.

Mrs. J. W. Johnson president recognized the people of all ages, directors, pastors and visitors, then gave a report on Aims or Advancement.

Mrs. Truman Thrash, vice president presented Promotional Period, then a panel of four ladies presented, Every Church with a WMU organization, Girls 50th anniversary, Enlistment for Missions, YWA and Sunbeam Nursery.

The Secretary called the roll of churches, the attendance banner going to Bethsalem, 16 members present. She then read recommendations of the Executive Committee.

Mrs. J. C. Bookhold read the report of the nominating committee, vacancies to be filled by the October 3rd meeting at Ebenezer Church, Stanton.

The assembly sang All Hail the Power, Rev. G. H. Carroll led the offertory prayer.

A quartet, Mrs. Doyle Blackwell, Miss Gayla Wyatt, Mrs. Lee Lawrence and Rev. G. H. Carroll sang What A Day That Will Be.

Then the message by Mrs. Illinsworth.

Rev. Jerome Robinson led the closing prayer. At the noon hour a delightful meal was spread under shade trees and all partook of it heartily.

MYF MET

The Jemison MYF met Sunday night, July 1st at 7:30 p.m.

Songs were sung, the Bible read and Mr. N. L. Duffee led in prayer.

Everyone repeated a favorite Bible verse. Roll was called, minutes read and an offering taken. Eight members present. Dismissed with the MYF prayer.

In 1946 the average family spent \$767 for food, and in 1958 the same food cost \$1,085. Out of this \$296 increase, the farmer got \$30, while non-farm handlers and workers got \$268.

Response To Library Hour Encouraging

During the Children's Library Hour at the Clanton Public Library on July 2, Mrs. H. Y. Brock reviewed western stories about cowboys, Indians and buffaloes to the 24 children present. At the end of the hour many of the displayed books on this subject were checked out by the children.

23 children were present on July 9 to hear stories about children in other lands and to see displayed not only foreign books and dolls, but also a large selection of books about other countries. Ellen Kildorff and Joan Baker of the Alabama Public Library Service had charge of the program.

NEXT STORY HOUR

On Monday, July 16, Miss Lurline Harber will interest the group with stories about Mexico. All children between the ages of 5 and 8 are urged to take advantage of this program. Time 3:30 p.m. Place, Clanton Public Library.

Refreshments are served each time by the librarian and members of Clanton Library Board.

Connell Spoke At "Pioneer" Annual Clinic

Lester B. Connell, Regional Manager of the Clanton Agency of Pioneer Home Owners Life Insurance Company, was one of the featured speakers at the annual Agency Clinic held at the Company Home Office in Gadsden, Alabama on July 6, 1962.

A production Roll call honoring Pioneer's President, Charles M. Elrod, resulted in the largest volume of submitted business during any similar period in the Company's eighteen year history.

Quick Recovery Electric Water Heaters Win Approval of Users

Plumbers and electricians will tell you that you can put an

electric water heater any place -- in kitchen, alcove, basement. It's flameless, therefore no flue, chimney nor vent required. Ask about the liberal wiring allowance for installation of a Quick Recovery Electric Water Heater, or Electric Range, or Electric Dryer if outside wiring needs to be heavier.

"At the present time I have two water heaters in my home, two in a beach cottage and six in some apartments, all of which have been entirely satisfactory and economical in operation."

Joel E. Johnson, Geneva, Alabama.

"Twenty-one years ago I bought my first electric water heater. I now have two in my home and two in tenant houses. The first one I bought has been operating 21 years without any parts replaced or a service call. I am extremely satisfied with electric water heaters because of the low operating cost and best of all they are so clean, quiet, and out of the way I hardly know where the hot water comes from."

Ed. Wolfe, Eufula, Alabama.

"I have used an electric water heater for 25 years, I especially like it because it is safe and clean."

Dr. J. R. Armstead, Mobile, Alabama.

"I like my electric water heater for its quick recovery, ample supply and dependability."

Frank Fennear, Bay Minette, Alabama.

"Our home has seven bath rooms and is used as a guest home. This requires an abundance of hot water especially since we have a washing machine which does the laundry for our guest home, our own personal laundry and two cottages with five rooms in the rear. We have never needed more hot water than this heater furnishes us."

D. D. Cole, Jr., Monroeville, Alabama.

MINUTES OF THE BOARD OF REVENUE AND CONTROL OF CHILTON COUNTY, ALABAMA

MEETING
JULY 12, 1962

Paying Bills

is easier with a CHECKING ACCOUNT

The FIRST NATIONAL BANK

The Board of Revenue and Control of Chilton County, Alabama, met in a recessed meeting at the County Courthouse at Clanton, Alabama, on July 12, 1962, at 8:30 a.m. The following members were present: Mr. Tom Motley, Dalton Chamberlain, Mr. A. D. Headley, Mr. C. White, Judge of Probate, and Mr. J. H. Folsom, Chairman of said Board. Mr. White presided as Chairman of the meeting and a quorum being present declared the meeting open for the transaction of business.

WHEREUPON, The County Clerk informed the Board that he had employed James Earl Martin as Truck Driver effective June 12, 1962, subject to the approval of the Board.

WHEREUPON, Mr. Chamberlain moved the following resolution which was duly adopted by a unanimous vote: "Resolved: That the employment of James Earl Martin is hereby approved."

The above stated resolution adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

WHEREUPON, The Clerk of the Board read the minutes of the Board meeting held June 25, 1962, and the Chairman of the Board asked for corrections or additions to said minutes. WHEREUPON, there being no corrections or additions to said minutes and the same being correct, all members of the Board present affixed their signatures to said minutes in the presence of the Board and the Clerk.

WHEREUPON, The Clerk of the Board presented to the Board a list of purchases and claims filed with him against the County, as provided by law, and it further appearing to the Board that all claims are just, due, correct and unpaid, and no part thereof has been previously paid, Mr. Motley offered the following resolution for adoption which was duly seconded by Mr. Chamberlain and unanimously adopted by a vote of all members present and the Chairman declared same duly adopted.

BE IT RESOLVED: That the minutes of the Board meeting of June 25, 1962, shall be approved as read, and BE IT FURTHER RESOLVED AND ORDERED: That said purchases and claims are hereby audited, allowed, passed, and approved by the Board and BE IT FURTHER RESOLVED AND ORDERED: That the Chairman of the Board is hereby authorized and directed to draw a promissory warrant in favor of the person, firm or corporation to whom it is due, from the funds listed.

A Hint To Most Everybody. . .

HE who throws mud . . . loses ground!

Sufficient Unto Itself--

B. J. Dahl says: "Remember -- when you send your boy to summer camp, you're not losing a son...you're gaining two frogs, a garter snake and a field mouse!" We've got news for Mr. Dahl; Summer itself, is sufficient for that sort of thing. Our seven year old has accumulated that and more this summer, and he hasn't even left home. Heaven help us if it's worse when he goes to camp.

Strength For The Weak--

LET us not be intimidated by appearances. Let us stand with God. He is with us, and His power is perfect and everlasting.

And So Forth. . .

ETC. is a sign folks make sometime to make you believe they know more than they do!

Good Breeding?--

GOOD breeding is that quality which enables a person to wait in well-mannered silence (though his turn was next) while the loud-mouth buffoon gets the service!

SELLING SHORT?--

WELL folks, that stock market isn't what it's supposed to be. There seem to be alot of people around selling America short. Sure we have our ups and downs. Sometimes we forget it has to go down as well as go up. But that isn't much reason for losing our reason.

We still got pretty good prospects in this country of our. Population's growing like crazy. People lots better educated than they used to be. Lots more people needs lots more things. There are a whole bunch of little facts like that. And they all add up to a mighty good United States of America.

There isn't anything going on here we haven't been through before. What we need are a better business climate; more profits; lots less taxation, and more talk about you--John Q. Public. Let's just not forget that this is 1962--not 1929.

Emphasis On Sex Corrupting U.S.A.--

A Southwestern editor, employing phrases as colorful as his territory, has taken a two-fisted swing at sin--and the chips are still falling in 50 states.

Jenkin L. Jones, editor of the Tulsa (Okla.) Tribune, aimed his hammer blows, at the welfare state, at TV the theater Hollywood and modern literature, then warned:

It's time we revived the idea that there's such a thing as old fashioned willful sin, if America is to continue as the world's leader of free men."

Said Jones:

"Our welfare state philosophy, immoral movies, theater and TV, and our lewd novels are weakening our moral fiber and are making us appear, in the eyes of idealistic youth in many countries, as being in the last stages of decay--while the fraud of communism appears synonymous with morality."

Jones on the state of our TV:

"We are drowning our youngsters in violence, cynicism and racism piped into the living room. The grand-children of the people who used to weep because the Little Match Girl froze in death now feel cheated if she isn't slugged, raped and thrown into a Bessemer converter."

And on literature:

"The old cypoppers of the past which tourists used to smuggle back from Paris under their shirts are now tame stuff. The quick buck boys have apparently convinced our befuddled judges that there is no difference between a peep show and a moral lecture."

Our rising crime rate is due in part, says Jones, to "the welfare state, which is taxing away rewards for responsible behaviour so that it can remove the age old penalties for irresponsible behaviour."

"The theory that misbehaviour can be cured by pulling down tenements and erecting elaborate public housing isn't holding water. Our crime rate is growing along with our expenditures for social services."

"We have sown the dragon's teeth of pseudo-scientific sentimentality, and out of the ground have sprung black jacketed gangs with switchblades and bicycle chains."

America must preserve her moral principles and her sense of individual responsibility, Jones said, "if we are to survive the hammer blows which are quite plainly in store for all of us."

Just Imagine!--

IMAGINE that your salary is \$8,200 a year--and you are almost \$30,000 in debt.

Last year your debt increased by \$390.

This year you are adding at least \$700 to your indebtedness.

Your friends are warning you that you can't continue to pile up additional debt--that this is the road to financial ruin.

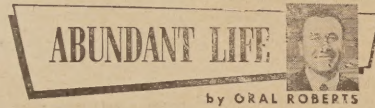

So you and your wife talk it over and decide to draw up a budget for next year.

But instead of reducing expenditures--or even holding them at their present level--you decide that you will spent \$340 more next year than this year.

You reach this decision on the assumption--there is nothing definite--that you will receive a salary increase next year; therefore you plan to spend it.

Nearly everyone will agree that a family handling its finances on this basis is headed for serious trouble.

Yet, add seven ciphers to these figures--and you have the exact fiscal situation of the government under the Kennedy administration!

PERFECT SOUNDNESS CAN BE YOURS

Perfect soundness is the desire and goal of everyone of us. We want perfect soundness in soul, mind and body. And thanks to God, this perfect soundness is within the reach of all--if we will only use our faith and believe.

The New Testament cites many instances where Jesus Christ of Nazareth made people perfectly sound. A good example of Christ's complete healing power was the lame man outside the temple gate. "And immediately, his feet and ankle bones received strength. And he leaping up stood; and walked, and entered with them inside the temple, walking, and leaping and praising God" (Acts 3:8).

A miracle of healing--then as today--was something that was seen and felt. A modern-day healing from God opens up a person's heart showing him just how powerful faith can be.

Just as in Bible times when certain men doubted, today some doubt the power of God to heal when no evidence seems apparent. People want to see what faith can do. A miracle of healing is something people can see and feel. They want evi-

dence, and they have a right to know Jesus is alive and real. Every healing wrought in the name of Jesus, every miracle, every sign and wonder is evidence that convinces people of the reality of Jesus.

Faith makes direct contact with God and through this contact faith gives perfect soundness in soul, mind and body. If you want perfect soundness and you feel faith rising in your heart, look up to God right now and believe. Remember, it is through faith in the name of Jesus of Nazareth that you will receive perfect soundness.

Thousands of people are being healed and given perfect soundness today. Testimonies pour in everyday from people all over the world telling what their faith has done for them.

God loves you more than anyone in the whole world. He wants to deliver you and give you perfect soundness. God is a good God. Turn your attention to Him and what He can do for you. Develop in you a sense of expectancy. Expect God to heal you. Your hour of deliverance will come and when it comes act upon the evidence and believe.

100 Years Ago

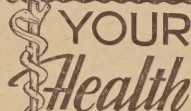

MORGAN THE RAIDER
Colonel John Hunt Morgan caused great annoyance to the North and captured property and supplies for the Confederacy by raiding in Kentucky and Tennessee during the first two years of the war. He took numerous prisoners, paroled many of them and treated all with respect.

Born at Huntsville, Alabama and educated at Lexington, Kentucky Morgan became a henna manufacturer in Lexington before the war. He left his business and a new bride to become a scout for the Confederacy in 1862.

During the famous raids in Kentucky and Tennessee, (July 4 to July 28, 1862) Morgan and his men took 1200 prisoners, 7,000 weapons, 7 1/2 million dollars' worth of supplies and did much damage to enemy property. In 24 days he traveled 1000 miles and fought many battles, while recruits increased his cavalry from 870 to 1200.

In July, 1862, Morgan established headquarters at Hartselle, Tennessee. He hoped to capture Federal forces at nearby Gallatin, and this became a reality two weeks later.

In May, 1863, he was voted the thanks of congress for "varied heroic and invaluable services in Tennessee and Kentucky. However, Morgan's luck could not last forever. Raiding deep in enemy territory, he was captured near New Lisbon, Ohio, July 26, 1863. Imprisoned at Columbus, Ohio, he wrote his bride assuring her he read each line of the prayer book and his as a wedding gift--and that her Christian example helped him to be a better man. After four months he escaped from the Ohio State Penitentiary and served the Confederacy in Southwest Virginia until he was surprised and killed by Federal troops at Greenville, Tennessee on September 4, 1864.

"Your Health" is presented by your physician as a health service of the Medical Association of the State of Alabama.

HEAT EXHAUSTION

Heat exhaustion is due to a breakdown of the heat regulating apparatus of the body. Heat stroke is due to a breakdown of the sweating mechanism of the body, and heat cramps are due to the depletion of salt in the body. These are three threatening dangers when the temperature is high.

Heat exhaustion results usually from physical exertion in a hot environment. A person who collapses in the heat and is perspiring freely most likely has heat exhaustion and not heat stroke. Heat exhaustion is generally a nonfatal bodily disturbance unless complicated by other ailments or service.

Heat stroke is usually a medical emergency an deals for heroic measures. The chief aim in caring for a heat stroke victim is to reduce the body temperature to a safe degree as soon as possible. The most efficient way of reducing the temperature is by submersion in an ice bath or in water as cold as possible. Accompanying this cooling of the body, there should be vigorous massaging of the arms and legs to assure rapid transfer of heat. Untreated victims of heat stroke usually die, although probably all would recover if the heat stroke were recognized immediately and given prompt and alert treatment.

Heat cramps are painful contractions of muscles seen in manual workers in hot environments whose body fluids have been depleted if salt by heavy losses in sweat. Heat cramps are relieved by the replacement of salt and water. Prevention of heat cramps is possible by taking salt tablets, and many industrial plants add salt to the workers' drinking water.

BUILDERS

This weeks program for the local Kiwanis club was under the direction of the agricultural committee Grady Avant, a member of this committee presented Millard Reynolds of Maplesville to club members and we were privileged to hear a most encouraging report on timber prospects for the future of the pulp wood and timber in general is best. It has been for several years according to Mr. Reynolds. Reasons given for a bright future are: strong possibility of a new pulp mill within trucking distance of this area. Large tracts, mill owned timber will soon be depleted meaning that pulp mills will again be depending on open market for their raw material and also a chipping equipment is now being made at Maplesville which will handle 300 to 500 cords of wood per week. Mr. Reynolds also praised the operations of the Maplesville Veneer Mill and expects it to contribute greatly to the economy of this county and area of the state.

Mutt Wray reported that \$487.5 has been received on the Boy Scout drive. If you have not been contacted on this worthwhile drive and would like to make a contribution please call Mutt or some other member of the local club.

The club was privileged to have the following guests this week: Grady Avant, Jr., an attorney from Birmingham, "Mac" McCullar, with the state forest, David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C-o Chilton Co. News, Clanton, Ala.

Q. One of my neighbors, age 68, says that my social security checks will be figured on two highest years of earnings. Another neighbor, age 65 tells me the highest five years are used. I'm now 64, and wonder who is right?

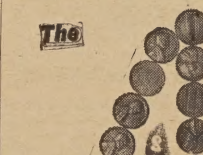

A. Each of your neighbors is telling you about his own case. Your benefits are figured both by the year your reach 62 (for women) and how much you made. You will be 65 next year so your monthly check will be figured on your 7 highest years of earnings from 1951 through 1962. Come to our office for a more detailed explanation.

Q. You have said that men over 62 have been able to get social security checks since August 1961. Does that mean that only a worker can get paid at age 62?

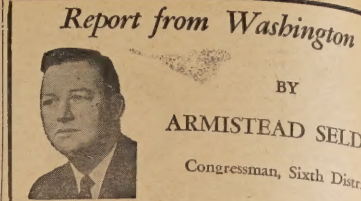

A. No. Not only workers, but also the following: A dependent parent, dependent husband, and dependent widower.

Q. Can a retired civil service employee also draw social security if he has enough work credit?

A. Yes.

After several days of debate, the House of Representatives last Thursday passed and sent to conference the Administration backed Foreign Assistance Act of 1962. This legislation authorizes spending almost \$4.7 billion during the present fiscal year in military aid and economic assistance to nations around the world.

IMPORTANT AMENDMENTS
In passing this legislation, the House of Representatives added numerous amendments, several of which were of major importance. One prohibits aid to communist nations unless the President finds and reports to Congress that such aid is "vital" to United States security; that the recipient is not controlled by the international communist conspiracy, and that the aid will further promote the recipients' independence from international communism.

While this particular amendment restricts to some extent the aid that may be given to a communist country, I personally have long opposed all aid to such countries on the grounds that it strengthens the communist governments in power and helps their cause rather than our own.

To date, however, my views have not prevailed.

A second amendment adopted by the House will, if retained in

4-H JAMES

Time was had by all! Week of July 9-13 was especially full for four of Chilton County's 4-H girls and other members from all over the state. They were the week of State 4-H Leadership Camp. Joy Dell, a member of the Maple Older Youth Club, was selected to all people in the county when she modeled the new dress in the State 4-H Revue. The very pretty dress consisted of a brown dress with a multi-colored jacket. Joy was selected to model this dress in March when she won the County 4-H Dress

Based on her food record, Jo Owen, also of Maplesville, attended this conference. Jo participated in various activities and was a voting delegate. Helen Logan and Brenda Bean, both members of the 4-H Club in Thorsby, also attended this conference. They won this trip by winning the County Talent Show. While in Auburn they participated in the State Talent Eliminations.

Indeed, we all had a wonderful time but are very glad to be back in Chilton County.

Sara Elizabeth Mims became the bride of Douglas Mar- Price of Fairfield, on Sat- urday night, July 14 at 8 p.m. at the First Baptist Church of Fairfield.

The bride and groom, pas- senger of the Church officiated with a double ring ceremony.

The bride's parents are Mr. and Mrs. Mims of Clanton and Mrs. Dale Price of Fairfield.

The wedding was a most impressive occasion. The bride was a beautiful girl, the groom was a handsome young man. The ceremony was held in the church sanctuary, which was beautifully decorated with flowers and bunting.

The bride wore a beautiful white gown with a long train. She carried a large bouquet of white flowers. The groom wore a dark suit and a white shirt with a red tie.

The wedding was attended by many friends and relatives. The reception was held at the home of the bride's parents.

RECEPTION FOLLOWS IN CHURCH PARLOR

Immediately following the wedding the bride and groom were hosts at a reception. The reception room was all aglow. A flower arrangement of stock and yellow carnations flanked by crystal candelabra and yellow tiered candles were on the piano.

After the traditional cutting of the wedding cake it was cut and served by Mrs. Robert Powers.

assisted by Miss Janice Wood. Mrs. J. L. Telford was in charge of the serving. Alternating at the punch bowl were Mrs. Herman LeCroy and Miss Linda Post of Tuscaloosa. Floating hostesses were Misses Judy Cox, Dottie Price, and Judy Hayes. Others assisting were Mrs. Ralph Mims and Mrs. Wilson Maddox.

The bride was assisted in a three piece tulle suit with brown accessories and wearing her orchid from her brides bouquet

for wedding trip. After short wedding trip the couple will be at home in Tuscaloosa where they are both in school.

Out of town guests for the wedding were: Mr. and Mrs. Homer Hollifield, Mr. and Mrs. Ray Parrish, Evan and Tim, Dr. and Mrs. Ed L. Robinson, Eddie and Jimmy, Mr. and Mrs. Larry Harless, Mr. and Mrs. C. W. Parrish and Mary Lynn Mr. and Mrs. Douglas Smith, Dr. and Mrs.

Frank Peake, Mrs. C. P. Harrison, Mrs. Luther Hydrick, Mrs. William Rickie, Mr. and Mrs. Curtis Baker and Rev. and Mrs. Alexander McGeachy all of Birmingham, Mr. and Mrs. W. A. LeCroy Mr. and Mrs. G. L. Vickery, David and Michael of Montgomery, Mr. and Mrs. Jackson Hayes, Mr. Bill Craig and Miss Linda Post of Tuscaloosa, Mrs. Nan Anderson and Marilyn and Mr. and Mrs. Donald Anderson of New Orleans, La.

News Happenings From Jemison

By Mrs. Geo. Naish MRS. MIMS HONORED

Mrs. Alvin Mims was honored at a Blessed Event Shower Saturday night, July 14th at the home of Mrs. W. F. Cofer. Co-hostesses: Mrs. J. D. Adams and Mrs. Johnny Bean.

Contests suitable to the occasion were conducted by Mrs. Adams. Those who won prizes presented to the honoree.

In the dining room, the refreshment table was spread with a lace cloth over pink.

Pink, blue, yellow and green streamers extended from the crystal punch bowl and were marked with tiny toys. These colors were used in the cupcakes and mints, served with the jmie punch, chips and tiny sandwiches.

The honoree opened the many lovely gift packages and passed them for all to see. They were placed in a basket in a gift from her mother, Mrs. Henry Watson. A lovely white shawl was a gift from Mrs. A. C. Mims, Alvin's mother.

MRS. LENOIR HOSTESS

Circles One and Two of the WNU met with Mrs. V. O. Lenoir in the study of the "Beginnings of Communism".

Mrs. L. H. McNeill, Sr. was Program Chairman. Assisting her were: Miss Mary Clements, Mrs. George Naish, Mrs. Edna Reynolds, Mrs. Sadie Shaw, Mrs. Sam Woodley leading the closing prayer.

The hostess served pound cake, ice cream and the choice of a cold drink. She was assisted by her young daughter, Janelle.

Guests had the pleasure of hearing themselves talk, as Janelle had her tape recorder turned on; then some were interviewed.

Mr. and Mrs. A. D. Duffee of Birmingham visited his brother, N. L. Duffee and family and his sister, Mrs. George Naish and Mr. Naish on Tuesday, July 10th.

JEMISON OES INSTALLATION

Saturday night, June 30th at 8 o'clock, officers of Jemison chapter, 398 OES were installed. Mrs. Alma Headley, chaplain; Mrs. Doris Champion, organist; Mrs. Elena Cost, marshal; Mrs. Irma Naish, assistant marshal and organist. Mr. Roy Kendrick, past Patron of Thorsby, gave the benediction.

A low picket fence, post on either side of steps, the motto, "Onward and upward, twin baskets of white crepe myrtle orchid asters and greenery formed a background for this ceremony. Magnolia sprays were on the station pedestals.

Mr. Marvin Headley, Past Patron, called the meeting to order. The 1961-62 officers took their stations. The Holy Bible was opened. Mrs. Alma Headley led the assembly in repeating the "Lord's Prayer" and in pledging allegiance to the U. S. flag then in singing the National Anthem. She then gave a hearty welcome to all.

Mr. and Mrs. Headley gave addresses as retiring officer. Mrs. Headley introduced the installing officer.

The 1961-62 officers retired; the 1962-63 officers elected were escorted into the room by Mrs. Edna Cost, Marshal.

Past Matrons of the chapter were installing officers: Mrs. L. H. McNeill, installing officer. Following the installation of the Worthy Matron, Mrs. Ruby Thorton and the Worthy Patron, Elton Cobb, Mrs. Roy Kendrick sang "Onward Christian Soldiers". Mrs. Irma Naish read, Star of the East, just before the Star was installed.

At the conclusion of other officers, The Holy Bible was closed. Then came the acceptance speech of the Worthy Matron and Patron.

Mrs. Ellison presented gifts to the installing officer, member of committees and a remembrance to all members of this chapter present. Her daughter Jane was gift bearer.

The Jr. Past Matron and Jr. Past Patron Mr. and Mrs. Marvin Headley were escorted to the East and presented jewels from the chapter.

The closing song, "Our Best", Rev. Louis Brasher gave the benediction, then all repeated Mizpah.

The Worthy Matrons scripture Phil. 3:4. Colors green, orchid and white.

Members, their families and friends enjoyed a delightful social hour. Presiding at the punch bowls were Mrs. Mabeth Cobb, Misses Della Cost and Nell Chapman. Guests were served punch, individual cakes decorated

ted in orchid sweet peas, white and green mints and nuts. The table overlaid with a lace cloth featured magnolia blossoms.

Miss Miriam Harvey is spending a few days in Columbus, Ga. with her sister and brother in law, Mr. and Mrs. Eugene Mason and will visit the James Holly family in Montgomery.

"Everbody's Freezin"

By Johnnie M. Lane Home Demonstration Agent

Homemakers are busy now filling their freezers with fresh fruits and vegetables for future use. When preparing food for the freezer, you may obtain one for 35c from the Home Demonstration Agent's office on first floor in the Courthouse. In addition to regular steps in freezing, I would like to remind you some other important information concerning your home freezer.

Not all frozen foods will keep the same length of time in the home freezer. You'll find it helpful not only to label your packages clearly with contents and dates frozen, but to keep a see at a glance check list of the storage time limits of your frozen items. Here are a few: Fruits and vegetables about 12 months.

Beef, veal, lamb poultry about 6 months.

Pork, about 3 months.

Cooked meats, vegetables, desserts and salads about 3 months.

The longer a food is frozen the more likely it will lose some of its characteristic flavor, color and texture. Foods kept longer sometimes develop a flavor, oil color or texture which is not characteristic of that food. So be a careful watcher! Or a "If Or'er" in freezer, out freezer.

Are you about out of your polyethylene freezer bags? Be sure to check and see what brand (or shape) of cover boxes you have. Some manufacturers make pink bags "squatly" while others make them "tall". The same is true for quart bags. If you get the wrong shape bags, they won't fit the boxes you have. So check before you go to buy!

Cover boxes for plastic polyethylene freezer bags are a must. That is if you want to have a moisture vapor proof freezer container. All reliable research work shows one of the factors needed in having a good frozen food is that it be in a moisture vapor proof freezer packaging material. Without this cover box in the home freezer. Too, this bag will be moved about in the freezer from time to time and knocked thereby puncturing the bag. Air can get to your food and dry it out. Then you will

be disappointed in the taste, color and texture of the food. So by having this cover box the bag will be protected. If you have used these bags without cover box, the next time you empty a bag, fill it with water. You will be surprised at the number of holes you have in the bag.

All frozen foods need to be frozen and stored at 0°F or below. Zero degrees is the critical temperature. Food frozen above 0°F is not as good. It can lose some of its color, flavor and characteristic texture. Put a thermometer in the basket of your freezer and see what temperature you have. If it is above 0°F, it should be regulated. Some home freezers can be regulated without having a service man come, but some cannot. Read your User Manual which came with your freezer. Temperatures below 0 are excellent. Don't overload your home freezer. For a 20 cubic freezer do not put more than 40 to 60 pints of 20 to 30 quarts of unfrozen food in your freezer at one time. Wait 24 hours before putting in more unfrozen food. It is better to put in a few packages each day rather than a lot at one time. Putting in too much unfrozen food causes the temperature to go above 0.

Going to make some extra ice in your home freezer? If you do, be sure to put the water in a tightly covered container. Otherwise you will have extra frost freezer. This frost not only takes collecting on the sides of your up space you need to store food, but may add a few nickles to your electric bill.

THE CHILTON PEACH
By Mary Turney
Verbena, Ala.

One of the very best time of the year, is when Chilton County Peaches are here. When we go for a drive on a country road and stop to watch how they pick and load, we set to wondering where they will go, Northward, eastward and westward. How Where house wives must pay a fancy price, for just a few to peel and slice. For dinner, as a special treat, Chilton County Peaches are hard to beat! A reckless few will even plunge because they just can't resist the urge. To preserve a few for winter's store, and they'll pay six dollars a bushel or more. Here, the price is low, with every one's reach. So let's make the most of the Fabulous Peach! Chill and slice them for breakfast, a cobbler for dinner, and everyone knows peach ice cream is a winner. Can them and freeze and pickle them too, and peach jam is such a delectable good. To spread on those hot fluffy biscuits mom makes, can the fruit over syrup to douse hotter cakes. I hope I am making the message quite plain. It will be a whole year 'till they're with us again!

Lunch In Chilton Schools

Big Business In 1961-62 Term

The Lunch program in Chilton County School was a big success during the 1961-62 school year. In the twenty two lunchrooms a total of 621,376 lunches were served. Of this number 68,421 lunches were served without any discrimination whatever to children determined by local school authorities to be used in need of free lunches. Lunches varied from 20c to thirty cents. Each child entered lunch in a school lunchroom was provided with approximately one-third of his daily nutrition needs.

Each of the lunchrooms served a Type A lunch consisting of the following minimum requirements: 1/2 pint whole milk, 2 ounces of protein rich food, 3-4 cup fruit or vegetables, 1 portion of enriched bread and 2 teaspoons of butter or fortified margarine. Chilton County participated in the Agriculture commodities such as frozen meats, canned and dried fruits and vegetables, dried eggs, dairy products, cereals, flour and meal. The commodities made it possible or each lunch served to more than meet the minimum requirements.

The National School Lunch Act of June 4, 1946 was passed to safeguard the health and well being of the nation's children and to encourage the domestic consumption of nutritious agricultural commodities and other foods. Dr. Thomas Parron, one-time Surgeon General, United States Public Health Service, expressed the importance of these two objectives when he said that ill health overtook the one greatest asset we possess: our human individuality—the kindness and spiritual warmth the people who are the United States.

The National School Lunch Act requires that programs be operated on a nonprofit basis. The total cash income for the

County Spends Over \$1500 Annually On Each Of 62 Buses

No longer do the boys and girls in Chilton County who live a distance from their school have a problem of transportation. The Chilton County Board of Education operated sixty two buses during the last school year to transport pupils to and from schools.

Each school day the Chilton County fleet of buses traveled 2,928 miles crossing railroads 112 times. For the year the mileage totaled 458,423 miles. In this travel 4,290 pupils were transported daily and during the year 759,750 pupils were transported.

The average cost of operating a bus for the past year

was \$1,522.67. The cost for the entire fleet for the year was \$100,049.67. The buses averaged 6.8 miles per gallon of gas.

The Board realizes that the buses haul "precious cargo", our children, and every precaution possible is always taken for their safety. The drivers attend workshops, clinics and various courses each year. The Board is proud of the good record maintained by the drivers, and the wonderful cooperation and the many, many courtesies that have been extended each and every one of our educational personnel is appreciated.

County Fair Begins August 27th

ACCORDING to Bill Helms, incoming President of the Clanton Jaycees, and Hollis Smith, General Chairman of the 1962 edition of the Chilton County Fair, the annual event will be held at the Clanton Airport from Monday, August 27th through Saturday, September 1st.

The fair is co-sponsored by the Jaycees and the Chilton County Chamber of Commerce. A few innovations have been

made this year to freshen things up a bit and the booth space will be handled this year, entirely by the Chamber of Commerce.

The County Fair has drawn wide interest to Chilton County in the past, and plans and preparations now being made indicate that this year's event will be no exception. Read the News for future developments on the 1962 Chilton County Fair.

Lifetime Dream - To become Nurse!

Carolyn V. Horne has been awarded the annual Scholarship for Nurse's Training by the Pilot Club of Clanton.

Miss Horne graduated from Jenkins High School in May. Her life long ambition has been to become a nurse. She said this Scholarship will enable her to realize her ambition. The Pilot Club of Clanton is

composed of business women of this city. Mrs. Avoline Le-Croy is the 1962-63 club president.

Each year this club offers a scholarship to a high school senior who is interested in nursing as a career. Miss Horne is the fifth girl to receive this scholarship.

The University Hospital in September. She hopes to do special work in pediatrics and obstetrics.

Miss Faye Wooley, second vice president, chairman of scholarship committee is shown above presenting check to Miss Horne.

To Task We Take A Troublemaker

By Bob Tucker

Managing Editor

A radio-television man we know tells us: "When you hear it, it's news... when you read it, it's history!" That's a catchy saying, but since they are the ones that started it:

NEWS—Take any article on this page and look it over. If you heard the same article, verbatim over the air, how much of it could you retain and repeat accurately? But if you read it... it stays with you longer. And, if you're the "hard to get to" type, you can always refer back to your newspaper, which has an average lifetime of three days of usefulness (weekly newspaper).

NEWS—How long do you suppose it would take the average newsreader to read over the air, the articles on this page alone, much less the entire newspaper? Your newspaper gives you the broadest coverage in the shortest form possible... but, it gives details!

ADVERTISING—When you heard over the air, how much of an item can you remember after the announcer has stated it? If he gives item, type of item, description, price, where and when you can get it, how much of it can you honestly say you are positive of? Read it in your newspaper, at your leisure, as slow or as fast as you prefer... and absorb the information completely!

LET'S FACE IT fellows—there's not only a place for radio and television in this modern day of ours... there's also a very welcome place for the weekly newspaper. It gives information which cannot be found anywhere else in the world... and it is not history although it may very well turn out to be tomorrow!

IF YOU can't join us... don't knock us!

WE have a new slogan for you: "When you hear it, it's news... when you read it, it's understandable!"

The yards made from today's leading varieties of cotton are 20 to 30 percent stronger than the ones made from leading varieties of 15 years ago.

SAVES GIRLS LIFE—COMMENDED FOR HEROIC ACTION

BE IT resolved by the Board of Revenue and Control of Chilton County, as follows:

WHEREAS, a young girl, Miss Doris K. Ray, the daughter of Mr. and Mrs. C. T. Ray, of Route 7, Box 194, Bessemer, Alabama, while wading on the beach of the Coosa River at the Coosa Fishing Lodge between Log Cabin Beach and the new river bridge, ventured too far out into the water and being a non-swimmer was going down for the fifth time;

THE Democratic Executive Committee of Chilton County will hold a "members only" meeting at the Holiday Inn in Clanton, Saturday night at 7:30 O'clock.

This is important meeting, according to reliable sources, will be primarily for the purpose of working on the Special Primaries which will be held this fall due to the reapportionment of the Legislature.

According to the State and Judge Roy Mayhall: "In counties retaining the same number of seats, the candidates chosen in the May Primaries will be automatically renominated." This is with regard to the House of Representatives.

Places listed for Re-ID Or registering to vote

LAST week Governor John Patterson signed into law a Re-identification Bill for Chilton County requiring that all qualified voters of this County sign a sworn statement before January 1, 1963 as to their legal right to vote.

Estimates have been made that there are nearly 14 thousand names on the qualified voters list of the County; but there are not less than eight thousand persons actually qualified to vote. The re-identification bill requires that all voters sign a statement that they are qualified voters identifying themselves as to name, address, race, place registered and past residence at present.

If this is not done by January 1, 1963, the name will not be included in the voters list of Chilton County, but will be added whenever the individual notifies the Board of Registrars or the Judge of Probate that they are qualified to vote in Chilton County.

You may go to the Probate Office anytime before January 1st and accomplish this or you may do it with the Board of Registrars. Following is a list of times and places where the Board of Registrars will be available for registration purposes and also for re-identification purposes:

U Of A Professor's Father Is Victim

CLARENCE Joseph Moore, 59, of Herculaneum, Missouri was killed early Tuesday morning, about 5:00 o'clock, when the car in which he and his wife, Hannah L. Moore, were riding, went out of control and down an embankment. The accident occurred on Highway 82 about eight miles east of the Mapleville intersection near Ousley's Store.

According to the report, Mr. and Mrs. Moore had been visiting their son, Prof. Clarence A. Moore in Tusculum, and were on their way to Florida. Mr. Moore was pronounced dead on arrival at Chilton County Hospital. Mrs. Moore was slightly injured, but was not admitted to the hospital.

Spigener Ambulance Service answered the call. Highway Patrolman Billy Lawrence was the investigating officer. A truck driver saw the accident when it occurred and went to Ousley's Store where they called the ambulance. No other vehicle was involved in the accident.

Spigener reports it has shipped the body of Mr. Moore to the Cady Funeral Home in Crystal City, Missouri.

Children's Library Hour

Many boys and girls come to participate in the activities during the library hour at the Clanton Public Library Monday. Many came to see and be with the music and the first grade teacher, Mrs. Herman LeCroy.

Not only were there stories told about pets, but the games played, recordings heard, and the library books displayed for the children to check out were on the subjects of Pets.

On Monday, July 30, the last Children's Library Hour of the season will be conducted by Mrs. W. H. Klinger. Time 3:00 to 4:00 p.m. All children between the ages of 5-8 are invited to be present.

Revival At SAMARIA

Beginning Sunday morning at the morning worship service, July 29 we will have a speaker and evangelist Bro. James B. Cambron as we officially open our revival services. Bro. Cambron is the pastor of the Union Baptist Church of Lipscomb, Ala., and the former pastor of our pastor, Don Graham.

Bro. Richard Bolin, Minister of Music at the Bethel Baptist Church of Birmingham will also be with us as our song leader and soloist. Services will be held each night at 8:30 and continue through Saturday night, August 4.

Much prayer, planning and preparation have gone into this evangelistic effort and we of Samaria are anticipating a glorious week of Revival. We want to take this opportunity to invite everyone to come and worship with us. You will be cordially welcomed and we trust you will take advantage of this opportunity of hearing some wonderful gospel singing and preaching. Won't you come?

Tray Meals Tempt Summer Dine

Weather hot. Breezes warm. Appetites light.

The basic formula for lunches or suppers on the patio. There's something so very relaxing, and cooling, about a leisurely meal in the shade of the porch or terrace. Even the food itself seems more appealing.

When the mercury starts to slumb again, pick up the tray tables from the game room (and the portable television, if there's one available) and head for the back porch. The meal itself need not be a problem if you have a well stocked pantry. Serve a tempting curried chicken and pineapple salad.

Canned boned chicken and canned pineapple are the two main ingredients and ones you're almost certain to have at home. Toss in a few toasted slivers of a refreshing crunching paragon appears make an appetizing accompaniment. A tender flaky roll, if everyone's on the porch, off, you can turn on the oven a few minutes and serve the hot!

Tiki Chicken Salad
2 tablespoons sour cream
2 tablespoons mayonnaise
1 teaspoon pineapple juice
1 can (8 ounces) boned
1/2 cup pineapple chunks
1/2 cup toasted almonds
In bowl, blend sour cream, mayonnaise, pineapple juice, and powder. Toss lightly with chicken and pineapple. Makes 4 servings.

Mrs. Jimmy Fulmer, Misses Janice Wood and Judy Miller were co-hostesses in the home of Mrs. W. C. Dickinson to a Lingerie Shower on Saturday morning, July 7, honoring Miss Sara Elizabeth Mims, bride elect of Marvin Price.

The living room was decorated with sunflowers in a blue vase. The dining room was an arrangement of garden flowers on the buffet. The dining table was covered with a red linen cloth. The centerpiece was a candelabra in an oblong basket with tidbits on colored toothpicks stuck on it to form a unique arrangement.

Mrs. Jimmy Fulmer greeted the guests at the door. After the guests were seated the bride book was passed for them to register. The honoree then opened her gifts. They were then invited into the dining room where they were served dainty sandwiches and cookies from wicker baskets and Miss Judy Miller served cakes from a plastic punch dish with greenery.

Those enjoying this happy time were the honoree, Miss Sara Elizabeth Mims, Carol Arnold, Marydette Probst, Linda Hollyfield, Judy Ditty Price, Mrs. Howard Smith, Mrs. Horace Miller and Mrs. Dickinson.

BRIDAL TEA FOR MISS MIMS

One of the loveliest parties of the season was a beautiful tea, honoring Miss Sara Elizabeth Mims, bride elect in the home of Mr. Wilson Maddox with Mrs. Clarence Cox as hostess. Patterson as cohostesses on Saturday afternoon from three to five o'clock.

The color scheme of pink and white was carried out in the decorations. On the piano was an antique crystal bowl filled with pink carnations. The coffee table a container of pink sweetheart was an attraction. A huge brass container of stock pink carnations and gypsophelia adorned the mantle.

The dining table was covered with a white linen cloth over pink. A silver casket of pink carnations and sweetheart roses held pale pink twist candies. The crystal punch bowl containing pink punch was surrounded with layers of lace net interspersed with pink carnations and pink grapes. The buffet was illuminated with silver candelabra holding pink twist candies with lace net. A silver bowl in the center held pink stock and clusters of pink grapes. The den where the guests registered was decorated with garden flowers.

Miss Sandra Mims, cousin of the bride greeted the guests at the door.

In the receiving line were: Miss Mims the bride to be, who was lovely in a pink tulle cloth full skirt with eyelid embroidery waist dress, the brides mother Mrs. Luther Mims and Mrs. Dale Price the grooms mother.

Alternating at the punch bowl were Mrs. Herman McCray and Mrs. Ralph Mims. Individual cakes, embossed in white and pink, mints and nuts were served.

Mrs. Ervin Joiner served as floating hostess. The brides book was presented over by Mrs. Jimmy Fulmer.

Concrete gives taxpayers riding quality that lasts... the National Road Test confirms it

Out of the recent 27-million dollar National Road Test comes significant new information on the performance of concrete and asphalt pavements.

Sponsored by the American Association of State Highway Officials, this road test was the most scientific ever conducted. Side by side on 5 loops near Ottawa, Illinois, concrete and asphalt test sections carried the same truck traffic for two years. Each loop carried light, medium or heavy vehicles.

To determine how well test pavements kept their riding quality, a special rating system called the serviceability index was used. Pavement surfaces were rated on a scale from "0" (very poor) to "5" (very good).

After two years of traffic and the impact of more than 1,100,000 loads, the surviving concrete still averaged "very good," while most of the surviving asphalt averaged "fair."

Here is further evidence that concrete performs better and gives taxpayers long-range riding comfort for streets, roads and Interstate highways.

The Meaning Of Effort--

UPON checking with any 10 families in Chilton County, you will find that at least seven of those families do some of their purchasing (clothes, food, cars, etc.) out of town! Which means that a concerted effort seeking to remind citizens to Trade At Home and offering them buying conveniences which cannot be found elsewhere, is, or should be, the order of the day.

Our efforts along the line of attracting buying and trading at home have been largely repulsed by merchants and even clerks in the local stores. There expressed opinion is that Chilton County (Clanton in particular) is not ready for an all-out effort to keep the local populace Trading At Home!

In our circumstances, even if a small percentage of buying is done out of town, an "all-out" effort should be made to bring it back. We may not be able to compete with the larger cities in selling products, but we can't even compete with cities our own size, industrially or economically, if we do not keep our local trade. The dollar made here, or by persons who live here, rightfully belongs here!

Our greatest stumbling block along this particular road is selfishness and satisfaction with the Status Quo--too many of us are satisfied, as we are. Progress and development are not bred by such feelings. We must be dissatisfied--up to a point--if we are to build and keep growing!

We think the time is now, for trying to keep our local trade. The time is anytime evidence to the contrary is at hand.

A community is a public service. Are we serving our purpose if we satisfy ourselves with "They're going out of town anyway!" or are we a community just to make money and that's all? We owe the people of Chilton County--ourselves--the privilege of living in a thriving, growing, clean and honest and wholesome community. When you say, "I'll take what comes and forget the rest" are you serving or are you just living off the community you claim to support?

We can bring more trade to Chilton County! We cannot do it with indecision, lack of combined effort or standing in the doorway watching the people go BUY! It will take effort, but before that, it will take thought, which is still the first step in our case.

Evidence Of 'Doing'--

IN sharp contrast to the above attitude and opinion, there are those individuals in our community who are making sincere personal efforts to attract business and trade to Chilton County. These are the real heroes of our existence today. They aren't making a lot of noise--but they are gaining strength wherever their influence is felt, and that is in some surprising quarters. There is no doubt that in a very short time Chilton County will be recognized as one of the most progressive in the State! But, it will only be in spite of some of us, and not because of any effort which we saw fit to make in behalf of our fellowman. Some of us can't stand still--others can't seem to move. We seem to be overloaded with the latter at present, but progress--though slow because of them--is being made anyway.

Henry M. Adair School--

ONE of the greatest men ever to cross the County line into Chilton, was Henry M. Adair. He was not a political giant; nor was he a financial baron! His forte was teaching the ignorant, and he was a master of his art.

We were one of the privileged ignorant fortunate enough to be exposed to his wisdom and integrity, and though short-lived our experience with this man had a lasting effect upon our life. We have always tried to practice giving

a man credit and bouquets while he still lived. This was a time when we had neither the ability nor the circumstances to give this man his most deserved and hard-earned tribute.

More than we could say is dedicated to Henry M. Adair on a plaque on the school which will now bear his name: "... This was a man!"

No more deserving honor nor appropriate tribute could be made than to name the Henry M. Adair School after the man who did so much for so many in his short span of years among us. This man had a Divine Guidance about him which overpowered the indifference of youth so that he could teach; and overcome the burden of physical handicap so that he could learn. A just tribute to an honorable man, even though he is not alive to accept it!

Up-And-Coming Principal--

A young man in the field of education who bears watching is Curtis V. Smith, the new principal at Isabella School in west Chilton. We have been associated with Mr. Smith for some time now and his sincerity and humility impresses us. He is a farm boy, of humble beginning who will make his mark on the educational system of this State and County. We wish him success with the people he chooses to serve and offer our hand in cooperation with any endeavor he seeks, if it will benefit the children of Chilton County.

He is not new to Chilton County, but the capacity in which he seeks to serve is new to him. He will need your cooperation and good will if he is to serve well.

How About Angels?--

A discussion concerning the appearance and dress of the Devil was being held at home the other evening. We were trying to impress upon the youngsters of the clan, the virtues and the practicality of being good. Then, to spark the conversation and to end it on a note of hope and security we asked the youngest member: "Now, Mark," we said with serious concern, "how do Angels dress?" Caught up in the atmosphere, he was very serious and after contemplating a minute, very strongly asserted: "With their hands!" Thus ending what could have been a very enlightening discussion.

Offers Appreciated--

SINCE an "editorial obituary" concerning our dog "Mutt" a couple of weeks ago, we have had numerous offers from other dog lovers to replace him. We appreciate the thoughtfulness very much. We even found a little mongrel on the street the other evening, by some coincidence, who looked very forlorn and in need of a home. Before long, we expect we'll have enough canine companionship to almost take the place of "Mutt!"

Sowing Good Will--

GOOD will is a fickle thing. It is sown by one man to be reaped by other men; and yet is smothered to death by other men.

To be accommodating and helpful usually costs nothing but a man's time. And when sincere friendship is the fruit of such effort, it is time well spent. We have never understood how a man in business in a community could practically afford to neglect the sowing of good will, yet some survive, even thrive without lifting a finger in behalf of the "good will toward men..." mentioned in the Holy Bible.

"For what does it profit a man, if he should gain the whole world, and lose his soul?" And the same can be said of friends; for what good is the world without those whom we can turn to in times of friendly need?

Money can buy most anything of our day; but, it cannot hold your hand when you are ill, nor lift your spirits when depressed nor forgive you when you have wronged others! Friendship can do all this, and more.

Jaycees Of The Year--

RICHARD Muncher, past president of the Clanton Junior Chamber of Commerce, has recently been chosen by his fellow Jaycees as their "man of the year." This is a signal honor within the organization and not only denotes his fellow members' feelings about him, but is also indicative that here is a man who has spent many hours during the past year working on worthy projects concerning Clanton and its citizens. We proudly join with the Jaycees in honoring one of their number who has been outstanding in community service and civic leadership during the past year!

WE see and hear

by BOB

WE appreciate the enthusiasm which Senator Allen J. Ellender (D-La.) and John M. Bailey (Chrm. Democratic National Committee) and our own Senator John Sparkman (Senate Foreign Relations Committee) have about the situation the United States is in today...

Enthusiasm is not necessarily clear, intelligent thought. Senator Ellender supported the President's Farm Bill. Would it have really saved the taxpayers one billion dollars or would that one billion have been swallowed up by yet another bureau or Federal function of one kind or another?

Mr. Bailey says we are "going to the moon and the planets," and that "we can be proud of what has been accomplished this year." But can we afford it? Just because something is desirable does not mean that it is practical and we are supposedly a practical people!

And Sen. Sparkman says "Foreign aid provides 700,000 U.S. jobs for government control to those jobs--which we are paying for--are really essential, and how many of them are political payoffs for those politicians which have been favored by the fickle voter?"

Indeed, we firmly believe that America is on the move, and is doing some exciting things, undreamed of good times ahead, but what we are saying is, how fast can we go practically? There seems to be a consensus of opinion that says (see editorial on this page) we are going in debt faster and faster. Is that progress? Prosperity? New frontiers?

As we said, we appreciate enthusiasm, but we do not appreciate the kind of enthusiasm which continues to bust our dollar into little pieces, nor the kind which forces government to extend that fifty or sixty percent of our population is "dependent" on a Federal job, and thus are very reluctant to chop off the hand that feeds it!

It is a very logical and obvious fact, even to the idiots among us that the road to "independence" is not through complete "dependence" on the Federal Government. We, for one, do not depend on the Federal Government for our livelihood, in any form, shape or fashion. Can you say the same? How many do you suppose, can?

TWO things that a man needs to get ahead in our present day society: Independence and "dependence!"

A robbery at the West End IGA Super Market last Monday night netted a couple of hundred dollars in cash. (The manager's office has a \$100 in change in a cigar box in the manager's office! Just goes to show you if you have \$100 lying around for the Government, you better either spend it or lock it up--someone can use it, and they may not be too particular how they get it!

WE never saw so much tampering with nature! Especially among the members of the fairer sex! They didn't stop with "false cheeks", now they have extended it to false eyelashes, hair, face gobblydook and even eyeballs (contact lenses). When will this madness stop? Somebody's going to say, "Well, that's the way the men like it!" That is a lot of timmy-rot. Men like women... not reasonable facsimiles and the younger the young girls learn that, the sooner our sanity in this regard will return to us!

AND while we're on this "platform" we would also like to put in another two cents worth. To where has self-respect and dignity, not to mention modesty, flown? As short a time as two or three years ago girls wore dresses on Sunday! Now they wear shorts and trousers. We don't understand it. If the female of the species is so satisfied with the arrangement, why don't they say something about it, instead of lowering themselves in the eyes of men with their cheap, synthetic, baser instincts compel us to appreciate a girls look; but we more particularly appreciate a girl or woman's character, breeding and femininity. None of these includes running half naked in public!

BEAUTY is not merely physical endowments. We do not classify a woman literally "beautiful" simply because she is a knockout in a bathing suit. You girls may be surprised to know that the average American male had rather have character in a woman than physical attributes... and by "character" (womanly) we do not mean the ability to compete with the men. There is a great deal of difference in character in women and in men. As a matter of fact, there is a great deal of difference in women and men... period! but it's getting difficult to distinguish in some quarters!

(This series of questions about Social Security is compiled from the questions sent to The Selma Social Security Office from Chilton County, and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C-o Chilton County News, Clanton, Ala. 36022. I am retiring next month at 62. If I take my benefits now, will I, at 65 get the amount I would have received if I had waited?

A. No, your benefits will be permanently reduced if you take them before 65.

Q. I've heard it said that if I am not under Social Security during the last five years before I retire, I've lost everything. Is this fair?

A. It's both unfair and untrue! That five year period is only in connection with disability benefits. You must have five years of coverage out of the ten years before you become disabled. You may still be able to get retirement benefits.

Q. I am 68 years old. I worked as a farm hand all my life until I had a heart attack two years ago. I have been disabled to work since. I have no Social Security. Can I pay up my tax now and draw Social Security benefits?

A. Disability benefits are payable to people who are over 65 years old, if they meet certain other requirements. Since you are already over 65, you cannot qualify for disability benefits. Also, if you have no Social Security credits, you can't draw any kind of Social Security check. However, you should contact your Social Security Office to find out if the earnings you had from farm work can be established. There is a possibility that you may be able to get a retirement benefit based on the farm work you did.

Actually, when our government instituted the cotton export subsidy program, it was generally considered that two simultaneous steps would be taken to offset the unfair impact of the domestic industry: (1) there would be imposed an equalization fee to be collected on cotton product imports, and (2) there would be imposed an equalization fee to be paid on cotton product exports. Although the second step was taken concurrently with the initiation of the raw cotton export subsidy program, the first step has never been taken.

The Secretary of Agriculture in 1961 recommended the import fee because of the following factors:

(1) It could be accomplished without any reduction in the American farmer's cotton price.

(2) It could be accomplished without any cost to the American taxpayers; in fact, would yield to our government a sub-

stantial income to help defray the cost of the cotton export program.

(3) It would be flexible, reacting automatically to any change in the raw cotton export subsidy were reduced to zero, which would occur if American cotton were sold at the world market price, and would be discontinued automatically.

(4) It could be accomplished quickly and easily by Administrative action without need for legislation and within the GATT concept of foreign trade policy.

HOW CAN IT BE ACCOMPLISHED

Section 22 of the Agricultural Adjustment Act of 1933, as amended, authorizes the imposition of fees not to exceed 50% ad valorem or quantitative limitations on agricultural commodities or products thereof, the importation of which renders or tends to render ineffective or materially interfere with the named programs of the Department of Agriculture, or which reduces substantially the amount of any product processed in the United States, from such agricultural commodities.

Numerous official statements have been made indicating that cotton textiles are covered by Section 22, and indicating that a fee or duty on the cotton content of cotton textiles imported into the United States can legally be imposed whenever the prescribed conditions are met.

Under this Section it is clear that a fee (based on the export subsidy) on the cotton content of imported textiles could be imposed to equalize the cost of cotton in imported textiles.

THE TIMETABLE

On May 2, 1961, President Kennedy requested action as part of his Seven-Point Textile Program.

On November 13, 1961, the Secretary of Agriculture asked the President to have the Tariff Commission investigate the need for imposing an offset fee under Section 22.

On November 21, 1961, the President requested the Tariff Commission to investigate.

Your Health

If that twisty stick on the ground begins to move, it's likely a snake. Farmers, forest rangers, and fire wardens are familiar with the appearance of a snake and know its habits. Hikers in the hills and woods are cautioned to be alert, especially when stepping over fallen logs or trunks or in heavy undergrowth.

There are around 40,000 deaths from snake-bite throughout the world although there are only 10 to 20 deaths each year from this cause in the United States. Rattlesnakes account for the most deaths from snake bite in this country.

Treatment of bite wounds from a poisonous snake is a serious emergency and is most effective if done early and aggressively. First aid is aimed at minimizing the body's absorption of the

Report from Washington

BY ARMISTEAD SELDEN
Congressman, Sixth District

While both the House and the Senate were extremely busy last week, the greatest attention was paid to the House's decision against the Administration's medical care under social security legislation. Their vote of 32 to 48 to table the measure dealt a vital death blow to the bitterly fought issue of the current session of Congress. The Administration's proposal provided for up to 90 days of hospitalization with all costs paid in excess of \$10 for each of the first 90 days, up to 180 days of nursing home care, up to 240 home health visits annually, and some outpatient diagnostic services. It would have covered no doctors' bills.

There is every indication that this program will be an issue in future congressional elections.

REVISED FARM BILL

The House of Representatives passed last Thursday night, by a vote of 229 to 163, a revised farm bill extending for one year voluntary control on corn and feed grains and the present program of controls on wheat production. This temporary measure passed by the House provides price supports and special pay-

ments to farmers who cut their feed grain production by at least 20 per cent. The wheat program contains compulsory controls but is based on a national allocation of 55 million acres, which produces far more wheat than the United States can consume. The Senate measure that was passed earlier in the year was based in the House Committee, and the Senate must act on the House measure or pass new legislation.

Should Congress fail to adopt farm legislation during the current session, the law will report to the 1968 Congress adopted under the leadership of former Agriculture Secretary Benson. Many agriculture leaders credit the 1958 law as being mainly responsible for huge farm surpluses, particularly wheat and feed grains, currently costing the taxpayers in the neighborhood of a billion dollars annually for storage costs alone.

While surpluses are not expected to increase during the next year if the House bill is adopted they are not expected to decrease any substantial amount. Therefore, Congress will be faced with a surplus problem again next year with increasing demands from urban consumers that something be done about it.

On February 23, 1962, the Tariff Commission completed its report on the case.

On March 26, 1962, final action was taken. The Tariff Commission was filed in the case.

Since that time, there has been no word from the Tariff Commission.

The rigid raw cotton quotas were proclaimed for three weeks after Tariff Commission hearings.

When imports of pig semi-manufactured goods (cotton quota last year of 1,000 pounds (2 bags of cotton) was established by Kennedy. The Tariff Commission has issued one month in view of the prompt ship delay in the world market. Long delay is disturbed 22 case, particularly when times cry for favorable action to rectify this unfairity placed on the American industry by its own government.

North Carolina--More than 1000 employees with a total payroll in excess of \$25 million. North Carolina consumed 1,800,459 bales of cotton in 1960, paying \$112,000 more than the world price. South Carolina--More than 1000 employees with a total payroll in excess of \$25 million. South Carolina consumed 2,688,000 bales of cotton in 1960, paying \$112,000 more than the world price. Georgia--More than 1000 employees with a total payroll in excess of \$25 million. Georgia consumed 1,723,000 bales of cotton in 1960, paying \$112,000 more than the world price. Alabama--More than 1000 employees with a total payroll in excess of \$25 million. Alabama consumed 838,000 bales of cotton in 1960, paying \$40,850 more than the world price for it.

Across The Editor's Desk--

Reader Displeased With Local Telephone Service

We, the people of Clanton Alabama have sat back and gripped about our telephone service, but as far as I know, no one has done anything about it. Clanton is one of the few towns in the country that does not have a dial system and we will continue to lock it, if we wait for the telephone company to get good and ready to convert over to dial.

We read and hear a lot about why doesn't industry move into rural areas that is outside our thinking of moving into this territory wouldn't it be necessary to check into all public utilities and upon doing so, would he not find that telephone service is not satisfactory?

Check with any business or industry and they will tell you that they are not pleased with the telephone service.

As for my business, I am Bell Telephone Company for telephone and telephone service for the month of June we had dial service it certainly would increase my service. I understand there was a pressure put on Bell Telephone Company some time ago and promised Clanton a dial system in the fall of this year. I understand now that Bell Telephone company will not make themselves as to what ton will go on dial.

Anyone who would like to see Clanton on dial service and dissatisfied with their telephone service should write me a card, sign it, and address it to: ROSCOE WILLIAMS, P. O. BOX 719, CLANTON, ALA.

I assure you I will do anything possible to get Clanton on dial service.

Rescoe Williams.

THE LOVE OF GOD

Paul contemplated a great trial in Romans 8:1-2. When man's 8:35 he asked, "Why separate us from Christ?" Here we find the climax of the love. Here we find the love of God, including both natural and spiritual things to fear, including Christ we find beyond these things we see love as the dominant characteristic of God. In love we are secure. God himself never change. God himself love!

Grady Hefflin Identified By Martha Moore

THE News Mystery Man was correctly identified as Mr. H. G. Hefflin, Sr., by Miss Martha Moore of Clanton. She came in early Thursday morning. Joe Smith (son of Hollis Smith) came in with his grandma, Mrs. C. O. Smith and Joe guessed right. Grandma guessed wrong! Sorry Joe, you were just a shade late. You can identify the News Mystery Man correctly, and you are the first one in to "sign up" you can win a six months subscription to the News! It's a heap of fun... been going on for about seven months or so now... and the interest in it, is unusual and good.

Don't say "aw, someone else will beat me to it!" Come in! Oh say, we also had a post card winner this week. Miss Ruby Branch and Mrs. Polly Atkins co-signed the winning post card. They get the six months subscription, but how are we going to divide it?

Homecoming At Refuge

There will be a Home Coming at Refuge Baptist Church on the 5th Sunday in this month, July 29th.

Singing will begin promptly at 10:00 o'clock. Mr. J. E. Minor is chairman for the day. At 11:30 the Rev. G. W. Williams will bring a 30 minute message. Then a basket dinner will be served at the noon hour under the large oak trees. Everyone is invited to come with a well filled basket and enjoy the day in fellowship and song, the entire afternoon will be given over entirely to singing.

All good singers and listeners are very cordially invited to attend and we trust it will be a great day in worship and song.

Progress Being Made At Auburn On Status Of Chilton's "Fickle" Peach

Research on improvement of peach products is being put into use through a cooperative effort by Chilton County businessmen and peach growers and Auburn Agricultural Experiment Station and Extension Service.

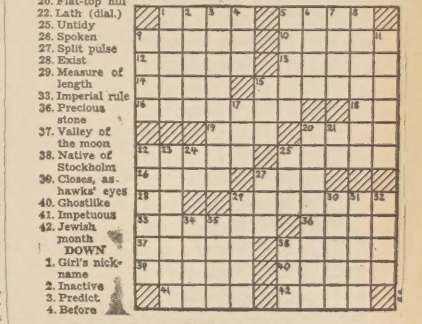

The growers are processing peach products in the Station's food processing laboratory to be used in market tests. The products include a new process premium quality pickle peach, frozen slices and a new product to be handled as a refrigerated item.

Businessmen through the County Chamber of Commerce are furnishing funds for labor and supplies; the growers, peachers; and the Station the processing facilities and technology. The market tests are to be conducted by the growers under the supervision of the Auburn Extension Service.

In tests at Auburn refrigerated slices were found to be in excellent condition after 18 months of storage. The peach pickle proved to be superior to any found on the market and the frozen slices were excellent for use in pies and cobbler. The refrigerated slices are used as a breakfast fruit, desserts and ice cream topping.

Hubert Harris, associate horticulturist is supervising the cooperative operation and training a plant operator for future processing industry.

Annual 4-H Camp To Be Held Next Week

County Camp time will soon begin. In fact, it is next week. Annual camp will again be held at Camp Rotary near Wetumpka. All 4-H'ers attending will leave Clanton, Monday morning and return on Thursday. While at camp they will enjoy swimming, handicrafts, organized recreation, and most of all just having a good time. Many of you have already been on vacations with your family, some have visited friends and others are planning trips for later.

One of the main problems most people have when planning a trip is deciding what to take in the clothes line. So many people want to carry almost everything they own and therefore have more luggage than there is space to put it.

When planning your travel wardrobe, carry clothes that do not wrinkle badly. Also carry several blouses that can be worn with one or two skirts, shorts or slipp jims. Plan your dresses around one pair of dress shoes since shoes are so bulky to pack. Also, carry dresses that do not require frilly petticoats since they also take up quite a bit of space. Sheath skirts and dresses pack easier. When packing jewelry, place it in a handbag or in some small box. If you will practice these few suggestions I have mentioned above, I think your trip will be easier and more enjoyable.

Girls of Woodcraft Court Organized

MRS. Margaret Pierce, P.O. Box 542, Clanton, has been appointed counselor of a Girls of Woodcraft Court being organized in Clanton under the sponsorship of Adult Court No. 322. Her appointment is announced by M.E. Kilpatrick, 324 Brown - Marx Bldg., Birmingham, state manager of the Woodmen of the World Life Insurance Society.

Miss Thelma Pierce, Rt. 1, and Mrs. Pauline Robinson, Rt. 2, both of Verbena, will be assistants to the counselor in directing the Junior Court's activities program.

Mrs. Betty Marsh, Rt. 2, Verbena, will act as secretary of the new court.

J. H. Pierce, Woodmen of the World field representative, Box 542, and Arthur Marsh, Woodmen of the World field representative, Box 266, both of Clanton, will enroll new members.

The Junior Court is the eighth to be organized in the State. Objectives of the Junior Court are to teach awareness of religious, home, and family responsibilities; good citizenship; a finer appreciation of nature and the out-of-doors; and to create a desire to develop talents and self-improvement.

The program consists of four age-group degrees: the first, the birch leaf with a different jewel for each degree:

First, green jewel on leaf, 8 and 9 years; Second, yellow jewel on leaf, 10 and 11 years; Third, blue jewel on leaf 12 and 13 years; Fourth, red jewel on leaf, 14 and 15 years.

When 16 years old, members graduate to the adult Women of

GIRLS of Woodcraft who spent three days at the Woodmen of the World Youth Camp: 1st row, left to right: Sylvia Vaughn, Marsha Finn, Marla Gilliland, Sheila Finn, Susan Speaks, Vickie Headley, 2nd row: Deborah Taylor,

Mary Holly, Dianne Vaughn, Barriette Gowan, Martha Ruth Robinson. 3rd row: Dianne Gilliland, Arthur Marsh, Harold Pierce, Betty Marsh and Margaret Pierce.

Woodcraft Court.

The Junior Court offers training in citizenship, homemaking, arts, hobbies, sports, social leadership, the study of wildlife, outdoor entertainment and recreation.

The activities program to qualify for the first degree include instruction in civics, traffic safety,

etc., local history, homemaking arts, hobbies, wildlife and nature.

The girls receive advanced instructions in these subjects in the second and third degrees. The fourth degree program includes still further advanced work plus training in leadership, baby care, etiquette, and planning and surprising parties and picnics. Additional projects also may be assigned.

Junior Courts are now being organized throughout the country.

NEWS OF — Samaria

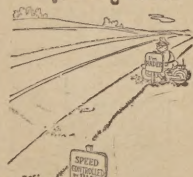

Don Graham, pastor of this week we have been having Cottage Prayer meetings which has preceded our revival which will begin Sunday morning. Tonight we will meet at the home of Mrs. Ocie Lee Denn on the Temple Road and tomorrow we will close at the home of Mrs. Louise Price on Taylor Street. We will meet at 7:00.

Last Sunday night we had a record breaking attendance in Training Union of seventy five. We were very proud but hope to go even higher.

On Saturday night at 7:00 the Young People and Intermediates are going to have an ice cream supper and choir practice at the church. We want to urge you all to attend. Following the refreshments and choir practice we will have a recreation period. Sunday afternoon, at 2:00 we want all of you to be present at the church for a community visitation program which will serve as a method of inviting the people in our community to church.

Sunday morning our revival will officially open. We are privileged to have as our guest speaker the Rev. James B. Cameron, pastor of the Union Baptist Church of Lipscomb, Alabama. As our song leader we will have Richard Boin, minister of music at the Bethel Baptist Church of Birmingham. We feel that this team will really be successful only if you co-operate and support the services. We are giving you a special invitation to come Sunday through Saturday at 11:00 on Sunday, and 7:30 p.m. every night.

MONEY-SAVERS

Answers to 8 questions on car care that Shell dealers often hear

Shell dealers answer thousands of questions every year. Here are 8 that crop up all the time. The answers have helped many motorists save money. They may do the same for you.

1 What's that funny noise I hear? All cars make some noise. But be particularly alert for any squeals, squeaks, clicks, or rattles that crop up suddenly. Could be

anything from a sticking valve lifter to a loose wheel lug. Ask your Shell dealer to help you track down any unusual noise. You may save yourself a big repair bill later on.

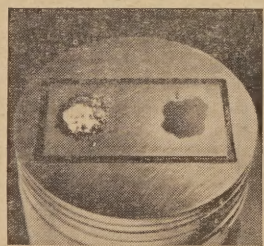

2 How can I get more mileage from my tires? Rotate all tires, including the spare, every 6,000 miles. Drive at moderate speeds. Tires can wear twice as fast at 70 miles per hour as at 45. Avoid fast cornering, "jackrabbit" starts, sudden stops. Try not to bang tires against curbs. And check your tire pressure frequently.

3 Do I really need a lube job every thousand miles? Yes—unless you have one of the newer models that doesn't require it. But with any car, remember that frequent lubrication offers your serviceman a chance to spot trouble before it costs you a lot of money. That's why Shell dealers give you a bumper-to-bumper inspection with every Shell lubrication.

4 Can knock hurt my engine? Usually it's more annoying than harmful. But persistent knocking hampers performance

and can lead to engine damage. That's why Shell scientists are such sticklers about knock. They even listen for it with stethoscopes and insist that Super Shell contain no fewer than three knock-fighting ingredients.

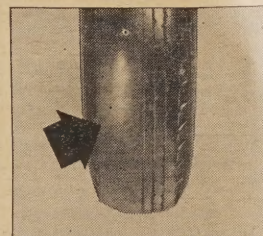

5 How can I make my battery last longer? Here are four suggestions: 1. Let your Shell dealer check your car's electrical system. Worn wires and loose connections can drain power. 2. Always maintain battery water to the proper level. 3. Avoid prolonged idling with radio turned on. 4. Go driving! Long drives help charge your battery.

6 What does TCP do? Shell's unique TCP* is a combustion control additive. The hot piston device above shows one way TCP works. The glowing deposit on the left has not been neutralized with TCP. In your engine, glowing deposits can ignite fuel too soon, wasting fuel and power. Deposit on right has been "fireproofed" by TCP. No glow—no power loss.

7 How often should I change oil? The American Petroleum Institute recommends an oil change every 30 days in winter, every 60 days during summer.

Note: New Shell X-100® Premium is the first premium motor oil that leaves no additive ash deposits. It fights four other internal troubles that can shorten engine life.

8 Why do my tires wear out on just one side? Most likely cause: wheels out of alignment. Result: your tires drag against the road and wear unevenly. Unbalanced wheels can also cause uneven wear and make your car shake or shimmy. That's why it's a good idea to keep tires balanced and have wheel alignment checked twice a year.

Now a question for you

Is your car giving you top performance? If there's any doubt in your mind, try a tankful of today's Super Shell. It contains 9 ingredients including a gum preventive, three knock-fighters, "cat-cracked" gasoline, a mileage booster, an anti-icer, quick-starting Butane, and Pentane mix for fast warm-ups.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889212.

Jaycees To Hold Seat Belt Clinic

By Edward Davis

What do you know about automobile seat belts? Do you know of anyone who may not have been seriously injured or killed if they had been using seat belts. Ernie Kovacs' laughter did not save him from a horrible accidental death. A seat belt might have saved him. We spend millions exterminating virus and pesticides but do not have sense enough to put a little device in our automobiles which can save lives. The seat belt is a safeguard against death, particularly in the kind of accident that killed Ernie Kovacs.

The Chilton Jaycees are planning a seat belt clinic Sunday, August 19, 1962. It will be held on the lot of the O. K. Rubber Welders across from the Chilton Post Office. We have belts in 7 different colors and they will be installed by the Jaycees, under the supervision of an experienced man for the low price of only \$6.00 per belt including installation. These belts exceed all S. A. E. and G. S. A. and all state requirements. Don't forget, Sunday, August 19, 1962 on the lot of the O. K. Rubber Welders across the street from the Chilton Post Office where you will be able to get the best deal of a lifetime on seat belts. They just may save your life. We'll be looking for you on August 19.

R. A. Camporee August 13th

The Brotherhood Quarterly meeting, Royal Ambassador Camporee will meet jointly Monday, August 13, 7:30 p.m. at the Liberty Hill Baptist Church. The services will be highlighted with a message, the showing of a film strip, and a fellowship hour at which time winners, all the trimmings and cold drinks will be served. All the churches are requested to furnish a sufficient amount of winners for their men and boys and the host church will furnish the bread, trimmings and the cold drinks. It is expected that more than 300 men and boys will attend this meeting. Every church, whether they have a Brotherhood or Royal Ambassador organization or not, are cordially invited to attend this great service at Liberty Hill August 13, 7:30 p.m. Grover P. Rich and his workers are doing their best to have one of the most informing and inspirational meetings of all the past. Please announce it at the church services and plan to attend in large numbers.

Letter Commends Moatts On His Library Efforts

Verbona, Alabama July 25, 1962

Mr. Moris Moatts Clanton, Alabama Dear Mr. Moatts: Thank you so much for your persistent and tireless efforts to secure the Chilton County Library and Bookmobile for our county. It is a pleasure to my whole family. But in addition to us, I am sure there are seven or eight Chilton County boys who are very grateful to you. I am referring to the M. I. Boys here. Their English department requires a summer reading list of some 12 books or more. Mrs. B. E. Reeves our Librarian, was most cooperative and gracious in immediately ordering the books not readily available in the Library. These were placed on reserve for this particular group of students. I am sure that these books could not have been so readily available through any other medium in our county for these boys. I do hope that our county officials and other groups in a position to keep this service in the county will take special notice, believe that as time goes by many uses will be made of the library facilities we now have. Please, express my appreciation to the Library Committee, Chilton County, the civic clubs, business groups and others who have made this wonderful service available to us. Mrs. Charles C. Foshee

Mrs. G. C. Walker Wins Six Months Sub To News

LAST week the News Mystery Man was identified by Mrs. G. C. Walker, as being Mr. Varnie

Wyatt, prominent Thorsby druggist. And she was right! She gets a free six-months subscription to the News. Due to communications difficulties we could not present Mr. Wyatt as Man Of The Week this week but the information will be forth coming and you can read it in the News next week. Can you be the first to identify the accompanying Mystery Man photo? Bet you can't.

Robinson Attends Forestry Camp

Kenneth Robinson, son of Mr. and Mrs. Douglas Robinson, of Clanton, will attend a Forestry Camp for Future Farmers and other Alabama youth next week at Camp Grist near Selma. Kenneth will be among 107 boys at the week long camp. At camp the boys will study forestry practices in classes taught by professional foresters from five paper mills and the state forestry division. These classes will include courses in tree identification, forest diseases and first aid. Friday the boys will be given a stiff exam on the classes with the top scorers receiving prizes. The camp is an annual event held in cooperation with the pulp and paper industry in the state, the state forestry division and vocational agriculture service. Five mills, International Paper Co., Scott Paper Co., Marathon Paper Co., Coosa River Newsprint and Gulf State Paper Corp. bear expense of the camp. Fifteen teachers of vocational agriculture will attend the camp as cabin counselors.

Smith Named Head, Yeagan Secretary, Demo Committee

IN a closed meeting last Saturday evening, the Chilton County Democratic Executive Committee voted to put George Smith, Tax Collector of Chilton County, in the driver's seat of the committee for the coming term. E. R. Ed Yeagan, retired Thorsby businessman was chosen as Secretary-Treasurer of the Executive Committee.

A Campaign Chairman for the coming November Elections will be appointed next Saturday by the Democratic Candidates who have been nominated to run. In what is said to have been a unanimous decision, Mr. O. J. McGriff was selected by the

the vacant seat on the County Demo Committee to run for Board of Education. The Democratic nomination for this position was won in May by Doc Baker but since he will be unable to run, a replacement had to be made. Mr. McGriff was runnerup to Mr. Baker in the May Primaries.

Revival At Ebenezer

M. G. FIELDS

LYOYD H. JONES

REVIVAL services will be held at the Ebenezer Baptist Church in West Chilton County beginning August 5th and running through August 10th. Lloyd H. Jones will be the speaker each evening at 7:30 O'clock and Rev. M. G. Fields will be the Music Director.

There will be a school of music held each morning from 9:30 to 11:30. The public is cordially invited to attend these meetings.

American Legion To Install Officers

ALL members of the American Legion and their wives are invited to attend the installation of new officers Monday night at 7:30. Mr. Alton Wright, vice commander for the State of Alabama will be our guest. Light refreshments will be served.

Masquerade Party

THERE will be a Masquerade party at the Starlite Rink Thursday night, (tonight) August 2. A nice gift will be awarded the best masquerade. Lots of games, and contests.

"Nothing gives a man more leisure than being on time for appointments."

Two Prominent Pilots

Mrs. Avoline LeCroy, president of the Pilot Club of Clanton, Alabama, is pictured here with Mrs. Barbara Matchett of Victoria, Texas, president of the Pilot International for 1962-63. They are attending the forty first annual Convention of Pilot International at Sheraton-Park Hotel at Washington, D. C. The convention began July 29 and concludes July 26. Mrs. LeCroy's husband, Mr. E. C. ("Pep") LeCroy accompanied her on the trip. Pilot Club International is one of the five international classified service organizations for executive business and professional women. There are 418 clubs with 13,000 members in the United States, Canada, England, France, Bermuda and Japan. Headquarters is in Macon, Georgia.

On Dean's List At A. C.

STUDENTS from Chilton County maintaining an all-A record for the Spring semester at Alabama College at Montevallo include Miss Mary Kate Tucker, daughter of Mr. and Mrs. G. H. Tucker of Clanton. Miss Tucker has also received a

In addition to the above listings we have several commitments on the way.

Anyone that we have failed to contact and who wants to participate in this wonderful program, please mail your donations to Jan Will Pitts, Secretary and Treasurer or J. H. Stokes, Vice President of the Chilton County Chamber of Commerce.

We would like to complete this program by Saturday, Aug. 4. All merchants and business men should want to be a part of this program.

Let's put this program over the top and be proud of it, Chilton County.

This program should be of extreme interest to every farmer, merchant and citizen of Chilton County. Other counties have put over programs of economic interest, and so can we in this county.

MAN OF THE WEEK

JUST above the William B. Bankhead National Forest in the little town of Moulton, Alabama in Lawrence County, Henry Grady Heflin, Sr. was born on April 25, 1902. Moulton is just a little ways; a hoot and a holler; northwest of Cullman, in North Alabama. Mr. Heflin spent a normal and happy boyhood in Moulton and was graduated from Lawrence County High School in the spring of 1919. On July

1, 1919, he came to the Peoples Savings Bank in Clanton and was there for 40 years, as general handyman at first, then to cashier in 1923 and to president in 1950, a capacity he held for nine years. President of the bank when he first set foot in it was the late Mr. W. T. Callen and later, Mr. Frank J. Callen.

In November of 1923, Mr. Heflin took as his wife, Mary Duke of Randolph, in Bibb County. They have two sons, James Duke Heflin and Capt. Henry Grady Heflin, Jr., of the U. S. Army.

Mr. Heflin is a member of the First Baptist Church in Clanton, having served as a deacon and trustee in his church. He is also a charter member of the Clanton County Club; has been a director of the Chamber of Commerce and is a member of the Clanton Industrial Development Board.

From 1930 to 1948—18 years—he served as a member of the Clanton City Council and last May was nominated by his fellow citizens to be the Democratic nominee for Representative to the State Legislature for the next four years.

He is one of a family of six children—four boys and two

girls. His youngest sister, Madeline, may be remembered by some in Chilton County. She taught school in this system for approximately seven years at Isabella and at Jemison.

H. G. Heflin is a man of decision and integrity in deciding. He is a good man, very unassuming and warmly loved by hundreds of people throughout Chilton County and the State of Alabama.

Our salute to Mr. Heflin is a deserved one; and one which we are sincerely proud to make.

University of Alabama Awards Study Grant To Mrs. Gerald

UNIVERSITY, ALA.—Mrs. Miriam Bowyer Gerald, Clanton, librarian of the Chilton County High School, has been selected for a study grant at the University of Alabama this summer.

She is one of 12 librarians from over the State of Alabama studying in the special six-week course provided for by special legislation in the Alabama Legislature in September, 1961, pursuant to the federal Library Services Act.

This plan was activated in the form of study grants awarded to

the 12 applicants who were employees or potential employees of an Alabama public library giving rural service.

Mrs. Gerald holds a BS degree in Library Science from the George Peabody College and a BS degree in education from the University of Alabama. She has served as librarian of the Chilton County High School for approximately eight years; prior to that time she was librarian in the Morgan County School system in Decatur for four years.

She has been active in the School Librarians' Association serving as official delegate to the American Library Association meeting in Montreal in the summer of 1960.

She and her husband, Lawrence F. Gerald, Jr., a Clanton attorney, have two children.

Mrs. Gerald will join the Alabama Public Library Service staff in August to be assigned to the Demonstration being carried on in Autauga, Bibb and Chilton Counties.

Welcome... To Clanton!

Dr. and Mrs. Phillip Simms and baby Shawn were welcomed to Clanton and are now making their home in the Gore addition.

Clanton is home for Dr. Simms as he is a graduate of CCHS and of the University of Alabama. They came here from Pensacola, Fla. where Dr. Simms has spent the past two years in the U. S. Navy stationed in Pensacola. He has recently received his honorable discharge, and will begin private practice in dentistry in our city at an early date.

Dr. Simms is the son of Mr. and Mrs. Benson Simms of Clanton.

Mr. Robert Minthorne, of New York City was a recent visitor of Mr. and Mrs. Grady Heflin and other friends in Clanton.

Visiting Miss Bertha Margolis and Alex Margolis in their sister Mrs. Hyman Swartz of Miami, Fla.

Mr. Leonard Farley and Mrs. John Higgins spent last Friday and Saturday in Florence with

Youth Of Samaria Hold Retreat

The Intermediates and Young People of the church had a religious retreat to Cook Springs, a Baptist camp. We left here on Friday, July 13 about noon and returned about midnight on Saturday. During this time we had a lot of fun and recreation and along with this, a lot of religious training.

We had a pool, volleyball court, soft ball field, and all types of sports equipment at our disposal.

We had two very beautiful and inspiring services while we were there. One was held on the lakeside Friday night where a globe and a huge candle were

The theme of this service was The Light of the World is Jesus. All the people present were given candles and asked to light them at the close to let their light shine.

On Saturday night we closed the retreat with another religious service. We all sat with our backs to a large mountain. On this mountain were the three crosses which were lighted with flares. The theme of this service was Calvary. This ended our retreat and left each of us with a revival spirit in our hearts.

Billingsley To Graduate Friday

Herchel O. Billingsley, Clanton will receive a bachelor of science degree at Jacksonville State College on Friday, July 27. Graduation exercises will be held at 6 p.m. in the new Leone Cole Auditorium. Dr. Austin R. Meadows, state superintendent of education elect, will deliver the baccalaureate address.

Mr. Billingsley is the son of Mr. and Mrs. J. C. Billingsley and is a graduate of Clanton High School. He has majored in biology with a minor in English.

He will also receive his commission as a second lieutenant in the U. S. Army from the ROTC.

For The Youngsters!

Mrs. Marvin Dawson held the Library Hour at the Jemison Public Library on Wednesday afternoon, July 18, 1962 at 3 p.m. The children enjoyed a display of curios from Japan, Korea and India. Mrs. Dawson had dolls, fans and carved miniatures and a collection of the "Bells of Carno" from India.

Several books were read with the children joining in with answers and comments. They were served Punch and cookies and then checked out books.

Mrs. Lynn Cobb will have charge of the Library hour on Wednesday, July 25, 1962. Time 3:00 to 4:00 p.m. at the Jemison Public Library.

All children 5 through 8 are invited to come.

ONE FROM CHILTON— 135 TO BE CALLED IN AUGUST

Selective Service Director Walter M. Thompson, Jr. said that a total of 135 Alabamians would be called to the Montgomery Induction Station in August to help fill the state's draft quota.

The national call for August is again 5,000 men, the same as in July. All of those called will be ear marked for army service. Director Thompson said that the Alabama quota would include only volunteers, delinquents and registrants without children, in Class I-A, I-AO, of 22 years or older.

County by county the call includes:

Autauga 0; Bibb 0; Chilton 1; Dallas 2; Elmore 2; Shelby 2.

Verberna WSCS Met; Mrs. McGriff

The Verberna WSCS met at the home of Mrs. O. J. McGriff for the July meeting.

A devotional on the Bible was given by Mrs. O. L. Howard.

The topic of the program was Christ Above All with a discussion period afterwards.

The hostess served delicious refreshments.

Miss Willie Mae Hancock became the bride of Thomas Dale LeCroy on Saturday night, July 21 at 8 p.m. in the First Methodist Church of Clanton.

Rev. Lloyd H. Kimbrough, pastor of the church officiated with a double ring ceremony.

Parents of the couple are Mr. and Mrs. William Rufus Hancock Sr. and Mr. and Mrs. Thomas Floyd LeCroy.

The altar of the church was decorated with Southern smilax, woodwardia ferns and alms. In the center of the altar was a sweeping branch candelabra with two others on either side holding white candles. The alter rail was decorated with large white tinclan candles in brass holders spaced between southern smilax. The kneeling bench was of white wrought-iron with a resin pillow. The windows were decorated with magnolia leaves with three smaller candles nestled in each.

Reserved pews of the sanctuary were marked by large bows

uncle of the groom, Billy Smith, J. T. Calfee, Billy Littlejohn and LeCroy on Saturday night, July 21. Hancock, nephew of the bride. They also lighted the candles.

Mr. LeCroy served his son as best man. Kenneth LeCroy, brother of the groom was ring bearer.

The bride was given in marriage by her brother in law Mr. Harold Smyer. Her wedding gown was styled by Michael Paul. It was of Peau-de-Soie and chantilly lace. The bodice was of lace with long sleeves. A tapered fitted collar which curved over the shoulders to the waist, tapering in the back and flowing into a sweeping train over the skirt made a beautifully belled silhouette. Her headress was a large single white rose which topped her demim-cap with white petals detailed with pearl teardrops of crystal. The veil was elbow length. Her bouquet was of lilies of the valley, stephanotis and pink carnations.

When the newly weds left for a honeymoon trip the bride was wearing a coral silk shantung dress with a fur jacket, white pure silk embroidered blouse with butter flies on it. A white hat trimmed with coral and a single rose. Her accessories were white and she was wearing an orchid from her brides bouquet.

After a wedding trip to Daytona Beach, Fla., they will make their home in Clanton.

New Leadership--

THERE is a misconception at large, that where there is effort being made, there must be at least two factions; and assuming this, that one must "choose a side".

When an effort is being made to accomplish a purpose and when that purpose is based on principle with ideals necessary to reach an attainable goal, there is no place for faction and their should be no quarter given for bickering.

George D. Smith has been chosen, as of last Saturday evening, to head up the Democratic Executive Committee in Chilton County as its Chairman. B. R. Yeargan, of Thorsby, was chosen by the Committee as Secretary-Treasurer.

These two men have an awesome task ahead of them, for the organization which they serve is today, the very backbone of our County government. There's a probably thankless accomplishment, but if they serve honorably and with the best interests of the people in mind, they will have earned the thanks of all of us. We do not envy them their position particularly, but we expect good Party relations due to their efforts and achievements.

We, as the Democratic organ in Chilton County, renew our pledge to assist them in any way possible, if it will further the causes, privileges and responsibilities of Democracy.

The new leadership is welcome; the possibilities of doing good unlimited. Let's all good Democrats take this opportunity to strengthen our Democratic Party and improve our community!

As for praise, we will judge only by accomplishments of the future in their new capacity. We sincerely hope that the people of Chilton County—especially the Democrats—will be as frugal with condemnation and criticism!

We'll Beg - If It Will Help--

IF it were not for the fact that you must have some kind of tangible proof that a person has been speeding, we would sit on our front porch on any given evening and take down the license numbers of individuals who break the law of speeding, and several others in the process, in front of our home!

We are most particularly concerned for selfish reasons: we have three small children and cannot afford, nor do we see the intelligence, in fencing them in. We most earnestly teach them of the hazards of maniacs in machines traveling the streets at 60 and 75 m.p.h. when they should be going 40 or 45 at the outside.

If we were the only ones with cause for concern we would likely hesitate to mention the problem. But the danger is present whether it is a child of two years or an adult of 92! Either can be killed or crippled and both are equally precious to those who love them and to whom they belong.

We don't know why we bother to beg; but please, slow down, OBEY THE TRAFFIC LAWS!

Economy Surprises Most Of Us--

CHILTON County's economic depression, expected to lambast us during this summer, has not arrived! And indications are that it has gone elsewhere looking for victims.

Nevertheless, most businessmen, as of about two months ago, tightened up their belts and their pursesstrings and gritted their teeth, expecting the inevitable, or what they thought was inevitable. Actually the "depression" existed only in the minds of skeptics and pessimists and was not even real. The summer is, and has been a comparatively good one from a business standpoint. But the doubt which held us back in the spring of the year should be abandoned at an early date if we are not to suffer for it in the fall and winter months ahead. There is always some good in extensive optimism, but seldom any in the unfounded fears of a pessimistic outlook!

The Cry Is "Wolf" --

FROM all that we can gather, the Republicans in the State are heading up their political propaganda with the proposition (or indication thereof) that the average Democratic candidate has completely lost his soul when it comes to principal, integrity and the ability to choose between right and wrong.

Nothing could be more unjust or serve their proposed cause any less than that attitude of "everything's wrong with the opposition—look what angels we have reared". As a matter of fact, the Republican Party in Alabama seems to be made up, to a great extent, of has-been Democrats, who feel that they can better attain their own political aspirations and gains in the Republican Party—in other words, they couldn't make the grade anywhere else—and now's their chance.

In Chilton County, the Republican machine, or at least their propaganda, would have you believe that the only choice you, as a voter and taxpayer have, is to allow the GOP to come to power. They are convinced, or so they would have us believe, that the Democratic leadership of Chilton County is completely unreliable and irresponsible as far as "public interest" is concerned.

We have been a Chilton Countian for a long time. We have yet to see problems come up either within County government or within a political party that wasn't largely due to some narrow-minded, prejudiced and pessimistic Republican, who, at the time, was calling himself something else. We admire the pledges and promises (or at least the content of them) which the Republican Party in Chilton County recently sent through the mails. In the brochure they state:

"Our County needs smooth, harmonious, fast and efficient government; operated by elected officials dedicated to their duty, and responsive to the needs and wishes of the people." And then they say, "We need a change."

We would like to ask: In what official capacity in Chilton County is the above not being done? We have a new Courthouse, thanks to a chain of Democratic administrations. We have a new hospital and nursing home, thanks to efforts by such men as Democratic Senator Lister Hill. We have a road system which is amazing when you consider the progress made during the past decade. In what category is our Democratic leadership failing?

Is it the lack of industrial development in Chilton County, so obvious to all of us? Certainly you cannot blame that on a political party; that is a matter in which we are all guilty!

Disparaging the Democratic leadership in Chilton County is not going to elect a Republican candidate to office. The Republicans have not offered anything more than talk and promises. With all its "faults" and "shortcomings" we nevertheless, see daily the lasting accomplishments of good Democratic administrations in Chilton County. We may need a change, but as yet, we see no offering by the Republicans that we change to a Republican administration in this County, would be an improvement.

We too, stand for honesty, integrity and fair-dealing in government, but the Democrats of Chilton County have shown—by actions—that they CAN accomplish good things for our people.

Why should we forsake accomplishment and proven experience for empty promises and inexperience? It is not logical, or practical to do so!

Figures Don't Lie--

REV. M. G. Fields, the most capable Superintendent of Missions of the Chilton-Unity Baptist Association, has not promised yet, but we hope to persuade him to furnish us with some statistics about Chilton County church-going habits which will surprise and amaze you! We will give you a small hint. . . it doesn't seem to be anything we can be even remotely proud of. As Bro. Fields stated: "Figures don't lie, but they surely can make us blush sometime!"

A Deserving Citizen--

OUR heartfelt congratulations to Mr. O. J. McGriff, who was the unsuccessful candidate for the Democratic nomination for a place on the Board of Education in the recent Primary Elections. He has been appointed by the Democratic Executive Committee to fill the vacancy made by Mr. Dock Baker, who has moved from the County. Mr. McGriff will be the Democratic nominee in the November election.

Mr. McGriff, as an associate, is a man of character and one who openly profits by his mistakes. He will serve Chilton County well, if given the opportunity. We recommend the Executive Committee for their decision in this matter; it is a definite step forward!

Report from Washington

ARMISTEAD SELDEN

Congressman, Sixth District

The House last week passed by a voice vote and sent to the Senate a bill providing that equal pay must be given in certain industries for equal work without regard to the sex of the worker. This legislation, supported by both the Kennedy and Eisenhower Administrations and by many women's groups (has been pending in Congress for a number of years but has never before been passed by either the House or Senate.

Under the provisions of the House adopted measure, companies in interstate commerce or involved in the production of goods for interstate commerce and employing 25 or more persons are required to pay women the same salary for doing the same job as men.

RELATED DEVELOPMENT

In a related development, President Kennedy last week issued an executive order barring discrimination against women in Federal Government Service. In the future, the President said appointments and promotions must be made "without regard to sex except in unusual situations." This executive order overruled a 1934 opinion of the Attorney General that gave government agencies the right to limit certain federal jobs to one sex or the other.

AGRICULTURE FUNDS

The House of Representatives also considered the annual agricultural appropriation bill. By a roll call vote of 346 to 41, the House passed and sent to the Senate a measure appropriating \$5.3 billion for the fiscal 1963. This amount was approximately \$900 million less than had been requested by the President and \$500 million less than appropriated in fiscal 1962. The largest reduction was in funds for foreign assistance.

TUSCALOOSA HONOREE We were extremely pleased and proud last week when one of Alabama's outstanding young men, Pettus Randall, Jr., of Tuscaloosa, was selected President of Boys State, Inc. in Washington. Chosen first a Governor of Boys State, Pettus was one of two young men from Alabama who represented us at the American Legion's annual Boys Nation.

As his congressman, it was my privilege to accompany Pettus to a banquet held last Thursday night on the University of Maryland campus for the participants of Boys Nation. Needless to say the young men present were leaders from their respective states, and the selection of Pettus to his present was a real tribute to his ability and leadership.

Fall army worms, velvetbean caterpillars, yellow-striped armyworms and other insects have caused severe damage in localized areas in Alabama.

More than two billion fires in the United States during 1959 took 11,500 lives, injured twice that number and caused 1-1/3 billion dollars property damage.

Whereas, W. A. LeCroy responded to the challenges and devotion to duty and in such a manner as to inspire this with the respect and admiration of this legislature for a job well done, and

Whereas, the appointive term of W. A. LeCroy will shortly expire and it being the desire of this legislature to publicly recognize and commend his achievements in office, now therefore

Be It Resolved that the House of Representatives, the Senate and the Governor, do hereby record its expression of appreciation for the invaluable services of W. A. LeCroy in behalf of, and for his leadership and significant contributions to the cause of public school education in Alabama, and further extend to him hearty best wishes for continued success and higher rewards in the field of educational endeavor.

ABUNDANT LIFE
by ORAL ROBERTS

GOD IS CONCERNED ABOUT YOU

You cannot move or breathe or open your eyes without seeing God, for He is near you with ever-active concern and care. He is everywhere present in His matchless love and sweet compassion. I once thought that God was busy with the immensities of the universe that He could not take time to consider such trivial affairs as mine or give me any attention. All I ever hoped for was a passing glance from the all-seeing eye of God.

But one day I saw Him, believe me, and I thank Him deeply from His love fountains. I then knew Him to be too wise to make a mistake, too good to do wrong and too kind to overlook even an insignificant person like me. I came to the knowledge that He put us into His universe with a plan and a purpose for each of our lives—to bring every good and perfect gift to us by day. He follows us. He cares for us. He plans and prepares for us with personal, watchful, daily attention.

God has become much more to me than just the one who welcomes me into church each Sunday and hears me sing of His love and care. He has become my Liberator from the chains of my soul, mind and body; and He keeps me in the "quiet center" of life. His angels of strength and defense have set your tents around me. His everlasting arms support me. His Spirit overshadows me. His goodness and mercy overtake me at every bend of the road. I have my place of peace and contentment and happiness within the circle of His good will.

If we do not believe in a good God, a powerful God, One who is concerned about the most intimate and minute details of our lives, we go to pieces amid life's storms. Today the hospitals are full of helpless wrecks of humanity, many of whom are there because of frustration and fears. Vainly, physicians seek for the answer to people's ills. But the solution will come only as people believe in Him whom to know is to have life eternal.

God delights in making us happy by conquering our problems as we release our faith. And nothing is impossible with Him. If you are defeated, downhearted or sick, thinking no one cares, look up to the One who is mighty to deliver you. He wants to give you life abundant in this life and life eternal in the world to come. Remember, God is concerned about you and your cares right now.

"New Frontiers"... Are Not In Washington, Says Banker

"New Frontiers" are not in Washington but in our own hands and hearts and minds, declared an economist and banker here at the Alabama Bankers Association's 16th summer study conference.

Shelby County native, John L. Liles, Jr., now vice president of the Birmingham Trust National Bank told the 130 bankers attending that the Alabama Bankers Association would like to give the Administration tighter controls over money, credit and taxes and place those powers in fewer hands. "His talk came near closing session Friday, July 27.

Liles, a graduate student of economics at Wisconsin and Illinois, is a sometime former senior economist with the Federal Reserve Bank of Atlanta (1946). From 1940-1947 he was with the Auburn Extension Service as economist.

Liles posed the question: "In what kind of an economic society will men continue to plan dream and risk their capital to make those dreams come true?"

"I say with every ounce of conviction that the 'New Frontiers' are not in Washington but in our own hands and hearts and minds. Speak out. It is later than you think," said Liles. He noted that we live in a society where government seeks full employment of its citizens and plans and directs economic growth toward rather specific goals. This constitutes a pseudosocialism.

YOUR SOCIAL SECURITY

(This series of questions about Social Security is compiled from the questions sent to The Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C-6 Chilton County News, Clanton, Ala.

Q. If my husband has paid in on the maximum each year since 1937, and he died in April, what benefits will I get for myself and five children?

A. You'll get a lump sum death payment of \$255.00 and then \$254.00 a month for you and the children.

Q. My son died recently. I am 86 years old and a widow. Can I get anything from my son's social security?

A. There is a possibility that you can receive some benefits based on your deceased son's social security record. First, if you paid the funeral expenses, you should file an application for the lump sum death benefit. Second, if you were being supported by your son at the time of his death, you may possibly qualify for monthly parent's benefits.

Q. If I earn more than \$100 a month will that keep my wife and me from receiving some of our social security payments for the next year?

A. Only if your total for the year goes over \$1200 - and even then you may receive most of your benefits - it depends on how much you make.

Monetary and fiscal policy, he advised, have been revolutionized. For example, until 25 years ago, taxes produced revenue for government. Now taxes, he said, are used as a means of transferring wealth from one segment of people to another. This approach is socialism "in degree if not in extent."

Liles mentioned specifically two segments of the economy, namely agriculture and veterans.

He spoke of an annual shift of income of 6 to 7 billions via taxes to support agriculture as part of the economy deemed to be "relatively underprivileged."

Also, he spoke of a "Metitiorious group" such as veterans. The list of groups getting special attention is long and growing.

A new and possible shift of emphasis, he said is thinking of employment and wage rates in terms of "international equations" as has been the case in terms of money and interest.

STRONG CENTRAL GOVERNMENT

"We have seen the tendency toward strong central government until it now permeates every corner of civilized man's life," noted Liles.

The banks in fact, he pointed out, have been the agents through whom billions were poured into circulation by a strong central government for defense, social security and the other "benefits."

HOME CARE

Rehabilitation in the home is gaining favor. Some hospitals are instituting what is termed a Home Care Program. This is in the nature of an extension of hospital services.

When inaugurated in 1947, the program furnished a basic unit consisting of a physician, a nurse, and a social worker. Later a physiatrist, a physician who specializes in physical medicine, and a physical therapist were added. In recent years, there has been added an industrial homework project with occupational and diversional therapies.

The Home Care Program is not intended to compete with our hospital. At first glance the orderly well equipped hospital ward seems more suitable for taking care of rehabilitation. But the patient in the home environment. However, the clutter and seeming disorder in a home that houses a family may work to the advantage of the patient.

From several points of view the home has advantages over the hospital. Members of the household who take part in a rehabilitation program can aid in training the patient to walk and stretch his limbs and encourage him to use his own initiative.

The cost of caring for a patient at home is a fraction of what it would be in a hospital. For these reasons, hospitals are expanding this home care extension for those needing rehabilitation.

"As for the debt, we are holding in our portfolio very sizeable portion of it. We helped monetize it when we used dollars to purchase dollars for it. We also achieved a high powered rate of economic growth in terms of money in the 1920's or more than 100%."

He praised the Federal Reserve System, saying it had achieved a "magnificent job" in the value of the dollar in circumstances.

He quoted Allen in 1959 prior to the Frontier Days who had said: "The chief factors that generate rising prices in the United States over the coming years are the abuse or misuse of money by government by printing money and other groups, by agriculture and other groups, by growing money people that inflation is going to be our lot."

One of Liles' concluding thoughts was that we live in a world so small that we are all concerned with what happens anywhere in the world most immediately.

Our goals of Stability, Employment, and Growth must be achieved in a world where we do not control things. He called the imbalance of the world in the 1940's or 1950's resulted in an inflow of gold of \$3 billion.

Failure of Federal forces in Peninsular Campaign, the necessity for another call to troops and a charge in military leadership and tactics caused much discouragement in North in 1962.

General George B. McClellan, who was given the general order from Washington, D. C. on July 23, 1962, was the seizure of citizens and part of the Confederacy in North.

Federal forces around Washington were turned over to General John Pope. To the giving spirit in his soldiers, Pope stated to them that headquarters should be "saddle" ridiculed any retreat and showed the supply bases of any kind.

Pope's arrogant attitude was tended in part by a blow to Clellan, and Henry W. Halleck, General in Chief of the Army, backed those up. Halleck, McClellan had been ready to bring his forces back to Washington rather than continue advance against Richmond.

Clellan and earlier seen command when Halleck held and Halleck's attitude greatly humiliated him. A call for troops in July, 1962, had earlier seen command when Halleck held and Halleck's attitude greatly humiliated him.

Cool Dining With Condensed Soups

Summertime... and it's time to keep cool, to relax, to "store" formal. Let canned condensed soups help you plan easy-on-the-cook meals. For a tempting chilled appetizer to a main dish salad, soup is a great standby.

Keep a can or two of several kinds in the refrigerator... black bean, celery, chicken, beef broth are good choices... ready to be blended with ice water at serving time for a cool refreshing first course.

When your main course presents a problem, serve a tempting crisp and delightful salad of cabbage, shrimp, and pineapple dressed with a flavorful mixture of canned condensed cream of celery soup, lime juice, and curry powder. Perfect hot weather fare... served outdoors or indoors... along with a selection of cheeses and party rye slices.

For dessert... cake squares (made from a mix or "store bought") topped with ice cream and chocolate sauce.

Cabbage And Shrimp Slaw

Hawaiian
1 can (10 1/2 ounces) condensed cream of celery soup
1 cup mayonnaise
1 teaspoon lime juice
1 teaspoon curry powder
2 cups shredded cabbage
1 cup cooked cut-up shrimp
1/2 cup pineapple chunks
Salt greens
Tomato wedges
Toasted slivered almonds

In a small bowl, blend soup, mayonnaise, lime juice, and curry powder; chill. Combine cabbage, shrimp, and pineapple; chill just before serving, toss lightly with cabbage, and soup mixture. Serve on salad greens; garnish with tomatoes and almonds. Makes 6 servings.

THORSBY NEWS

THORSBY METHODIST
Rev. C. T. Davis, Pastor

BE IT RESOLVED BY THE BOARD OF REVENUE AND CONTROL OF CHILTON COUNTY, ALABAMA, AS FOLLOWS:
WHEREAS, a young girl, Mrs. Doris K. Ray, the daughter of Mr. and Mrs. C. T. Ray of Route 7, Box 194, Bessemer, Alabama, while wading on the beach of the Coosa River at the Coosa Fishing Lodge between Log Cabin Beach and the new river bridge ventured too far out into the water and being a non-swimmer was going down for the fifth time. WHEREAS, Don Fullen, a certified diver of the local Civil Defense Rescue Squad, who is the son of Mr. and Mrs. R. L. Fullen of Clanton, Alabama, upon hearing screams and cries of distress from near the water's edge rushed through the crowd and took to the water. A few moments later he came from the water with a practically drowned girl while the many onlookers stood in amazement and shock.

Sunday School 9:45 a.m.
Morning Worship 11:00 a.m.

Our revival is in progress this week through August 10. Rev. Walter Ellison conducts services each evening at 7:30. We extend a cordial invitation to everyone to come and worship with us. Work has been completed on the air conditioning system in our church.

Mrs. F. T. Miller and Mrs. Joe Ellis were co-hostesses to the Ladies of the Church last Thursday afternoon, August 2, 1962. Twenty members were present for the meeting which was held under the shade trees on the front lawn of Mrs. Miller's home. Mrs. Idell Kincaid presided, and Mrs. H. E. McFarland gave a very inspiring devotion. Mrs. Myrtle Epperly was elected Secretary and Treasurer. Cake and iced punch was served by the hostesses.

The Ladies of the Church will hold a Bake Sale, Saturday morning at Mrs. Piper's home which is located two doors from the Thorsby Bank. Special orders will be filled. Any of the ladies will be glad to take your order by telephone.

Miss Fay Marrow and Mr. Roscoe Maddox visited Mr. and Mrs. W. B. Pilgrim in Wetumpka, Ala. last Friday night.

Mr. Eddy Yeargan, Jr. of Miami, Fla., is spending a few days here with his dad Mr. and Mrs. E. R. Yeargan.

Mr. B. E. Flournoy of Jacksonville, Fla., spent a couple of days here last week with Mr. and Mrs. O. R. Pilgrim.

Mr. and Mrs. Calvin Mims of Mobile visited Mr. and Mrs. Horace Williams last week.

Mr. and Mrs. Bill Davenport and Mrs. Mattie Barham spent the week in Mason, Ala. with Mr. and Mrs. Garland Pugh. Mrs. Barham will spend a few days until she is better. She is suffering from a foot injury.

Miss Hazel Price of Birmingham visited her mother Mrs. Ollie Price Sunday.

T-Sgt. Olen D. Walker and wife announced the arrival of a 14 lb. daughter who arrived July 27 at Westover AFB hospital in Massachusetts. This named her Shelly. This is the 2nd child for Mr. and Mrs. Walker. They have a two year old boy named Wade.

We are very sorry to hear that Charles Benson is seriously sick and in Chilton County Hospital. We hope for him a speedy recovery.

Mr. James Marcus is suffering from a broken leg, he is in the Chilton County hospital.

DEAR 4-H JANES

This past week Mr. Futral Mrs. Lane and I went to 4-H Camp with 75 4-H boys and girls. As you know, this camp was held at Camp Rotary, out from Wetumpka.

There were many activities in which the boys and girls participated. They played baseball, basketball, volleyball, badminton, went swimming, boat riding, water skiing and surf-boarding, canoeing and fishing. Most of the campers went to the craft store and made useful and pretty articles.

Each morning after breakfast the 4-Hers in each cabin cleaned up for inspection. The prize for having the cleanest cabin was an ice cream party that night. I am happy to report that the two girls' cabins were judged to be the cleanest.

For night at the flag lowering ceremony a 4-Her was chosen to be the Camp Lion for the next day. This person helped raise and lower the flag, and called cabin numbers for the dining hall. The three chosen were Pat Wideman from Jewison, Shirley Headley from Collins Chapel, and Roger Mims from Isabella. These were identified each day by the cowbell they wore around their neck.

The most inspiring part of the camp was the inspiration programs given each morning and night. These were held in the amphitheater, which overlooked Lake Jordan.

We are sorry that some of you missed this camp for all were attended truly had a good time.

I would like to express my appreciation to Joy Adams, Lynn Kelley and Mary Lee Lawley for the fine job they did as leaders of one of the girls' cabins.

Public Notice To Republicans--

PERHAPS we were a bit hasty in our editorial of last week "THE CRY IS WOLF"! It seems that had we held off for just a bit longer the cry would be "UNCLE".

Republican Candidate: "If a known Republican were running on the Democratic Ticket and another Republican were running on the Republican Ticket, for the same office, which one would you vote for?"

Voter: "I probably wouldn't vote for either one, I'd just skip that race entirely."

A reasonable answer, but what the voter should have said, since the implication is that he should prefer a loyal Republican to a would-be Democrat, is that he wouldn't vote for the Republican and that they should drag the black sheep back into their own fold. If you happen to nurture any doubt about the Democratic Party in Chilton County, you can soon forget it, by looking closely at the Democrat that is causing your anxiety. Chances are better than good that this "Democrat" ain't no such thing!

The Republicans cannot beat the good Democrats in Chilton County; and so, their alternative is to infiltrate, frustrate and pad the ticket. If there is a Republican now abiding in the Democratic ranks in Chilton County, we hereby give notice that he has an active party of his own now. We respectfully suggest that he get into it--the sooner the better--so that he may serve his party faithfully and completely in the atmosphere of friends and associates who will stand by him to the very end.

If you are an Independent: happy landing! If you are a Republican: good luck! And if you are one of the thousands of good Democrats in Chilton County: be mule-headed and hold your ground. It's good ground!

Health: A Gift

Requiring Maintenance--

THE most precious thing to the average American would seem to be his own health, and the health of those whom he loves. And, strangely enough, if he has average good health, it is the most mistreated of his possessions!

Oh, we take more than our share of miracle pills and drugs and such, but that is not basic care of good health. We seem to ignore the fact that a thing is bad for our health, and usually indulge in it, simply because it gives us pleasure. . . physical pleasure, we think!

Physical pleasure and physical health are not synonymous and the sooner we Americans learn that good health is derived from good living, the sooner we can throw away our "happy pills" and tranquilizers!

Action Speaks Loud--

THE Chamber of Commerce committee in charge of the collecting of funds for Chilton's Peach Pilot Project has done a commendable job and is due the thanks of all of us. The Peach Pilot Project, it is hoped by many, can very well be the answer to the economic woes we have experienced for so long.

The right people are finally taking action on a project which could mean millions of dollars to Chilton's economy. For something which is so close to each of us individually and means so much to all of us collectively, we feel that we express the sentiments of the majority of our citizens when we commend the individuals who made up the team responsible for this most necessary and welcome step forward.

Echoes Of Progress--

FOLKS are actually talking now, about the idea of the "Highway of Progress" along the Coosa River in Chilton County which this newspaper has endorsed for years! There's got to be something to it, when people start talking about the possibilities of such a bold venture. It is not only worth talking about; it's worth doing--and soon!

Demo Do'ers--

THE Democratic Party in Chilton County, standing on the principles upon which the Party was founded; is going to move in Chilton County during the next two years!

The old adage of "the new broom sweeping clean" certainly applies to the new leadership within the Demo ranks. Spirit has been renewed. Ideas are being talked. Action is being taken.

Spirit, ability, leadership: That's what we need and that's what we have! Conservative Democrats--REAL Democrats--have an opportunity to serve Chilton County as they have never done before. We expect to see activity and plenty of support for the efforts to be made!

You Are Indispensable--

AS a growing community, with eyes on the future and our combined strength and efforts concerted on progress and development, we need a community newspaper which is literally "the voice of the people".

The Chilton County News is making every effort to insure that Chilton County has a progressive community press; one of which it can be proud, and one which serves the community in the role for which it was intended. And for such a task, we need your most valuable support. As a subscriber, and more important, as a weekly reader, you are the backbone of the free newspaper, and are thus serving your community by preserving the institution of the freedom of speech. Not only that; but you can derive much pleasure by getting the weekly reading habit, when what you read concerns you, your friends and neighbors and your church, school and community in general.

People take the free press for granted; but, in asking you to subscribe to your newspaper, we ask that you do it, not as a mere formality and not as a donation. Your newspaper should be a part of your living, if you are to be an alert and conscientious citizen.

It is always a conscious objective for us to tell our subscribers and our readers that we appreciate them, and cannot do well without them. Thank you for subscribing to "Your Alert Community Newspaper".

Let's Behold Secrecy--

A strong Chamber of Commerce is one of the pre-requisites to attracting industry to any community. There are those in Clanton and Chilton County who are only just realizing this and are now willing to take the bull by the horns--and throw him if necessary!

In daily conversations, which we naturally encounter, we are still uneasy that so many individuals still feel that secrecy is the ultimate weapon in the fight for industrial development!

As a member of the Fourth Estate, we, perhaps better than most, know that you cannot help people to help themselves by telling them as little as possible about what is going on. We do realize that unnecessary bragging or boasting about the possibility of new industry, is not to be desired; but we can have nothing but doubt and question marks, if we choose to keep everything that happens with regards to industrial development under lock and key.

We get the impression from many, that their only motive for keeping it a secret is so they know something only few others know and therefore makes them feel important! If an industrial site is chosen--much less purchased--all of us share the expense! If an industry does or does not locate in our community, it effects the economic welfare of all of us! If anyone in any way is thwarting the progress of industrial development in Chilton County, they are doing us all an injustice and not just a few of us!

How then, can any individual or group feel that they are serving the community interest, by keeping the community guessing? We deplore, with a passion, secrecy in public affairs. Community leaders are supposed to "give light" so the people can find their own way. Too often, it seems, community leaders, regardless of how good their intentions may be, try to make a private game out of public service; and doubt and conjecture is the result!

As the voice of the people, we maintain that they should be aware of what is going on when their interests are concerned. You cannot have public spirit without public knowledge; nor can you expect public concern when there is nothing for them to be concerned over.

There is no need for hush-hush and confidential matters where the public welfare is concerned. If you want action by the people, bring to light the matter which concerns them, and they will make efforts to understand and do something about the situation!

Report from Washington

BY
ARMISTEAD SELDEN

Congressman, Sixth District

The House of Representatives last week passed by a standing vote of 194 to 35 the Philippines War Damage Bill, which represents the final installment on damages suffered by property owners of that nation during World War II. Originally proposed by President Roosevelt, this legislation provides \$73 million to complete payment to the Philippines of claims approved by the U. S. Philippine War Damage Commission.

The original measure was defeated in the House of Representatives in May, primarily because it did not contain the requirement that individual recipients already had or would invest the amount received in the Philippine economy. The reinvestment requirement was inserted in the revised bill, and it passed with virtually no opposition.

LOG JAM BROKEN

A temporary settlement of disagreement between members of the House and Senate Appropriations Committees on certain procedural matters finally has broken the log jam on appropriations.

The Communication Satellite Bill passed the House of Representatives earlier in the session by a vote of 354 to 9.

MEN OF THE WEEK

Varnie Wyatt

Prichard, where he stayed until 1946. He then returned to Thorsby and opened up the Wyatt Drug Company which he presently operates and which has grown to be one of the town's most progressive business establishments.

Mr. Wyatt is a mason; he belongs to the Chilton County Chamber of Commerce and the First Baptist Church of Thorsby. He was also a member of the T-J Lions Club until it was disbanded. He is very active in Red Cross work in the County and is a member of the Thorsby Industrial Development Board. A former member of the Town Council for two terms, he is an ardent supporter of the Thorsby Post of the American Legion, although he is not a member.

Mr. Wyatt married the former Delene Burnette, a native of the Collins Chapel community in Chilton County, on September 26, 1926.

And a personal note: In our dealings with Mr. Wyatt through the years, we have found that there is no more congenial or sincere gentleman in Chilton County. His word is his bond, and that is getting to be a rarity in itself. He is another of Chilton County's progressive citizens who is adding greatly to the development and growth of our community.

R.L. "Bob" White

R. L. "Bob" White was born on a farm in Arab, Alabama in Marshall County on the 14th day of February in the year 1892. His parents had, that year, moved to Alabama from Greenville, South Carolina.

In 1916, when horses and carriages were the order of the day, Mr. White bought a funeral home in Arab. He later left and went to Birmingham and in 1923 graduated from the Cincinnati College of Embalming. He returned to Birmingham for one year.

In 1924 he went to Anniston and was there until 1938 when he went to work with George Spigner in Tuscaloosa. After working one year he went to Jasper! from there to Bessemer and then to Clanton on July 15, 1939.

He has been here ever since and in 1947 bought an interest in Spigner Funeral Home in Clanton. Mr. and Mrs. White have raised four children. Two girls and two boys. They were married on February 6, 1938.

A member of the First Methodist Church in Clanton, he is also a mason and has been a member of the Planning and Development Board of Clanton. He is serving a term as Coroner of Chilton County which began in January of 1959 and will end January of 1963.

Mr. White says he is blessed with five of the finest grandchildren anyone could hope for. There are four grandsons and one granddaughter.

Bob White has soother more aching heart than probably any man in Chilton County. He is an inspiration to those who know and work with him because he understands people, and is interested in their feelings and welfare. His fatherly advice has been sound to more

Across The Editor's Desk--

Deputy Solicitor Blamed For "Slow Justice" In County

August 6, 1962
The Editor
Chilton County News
Dear Sir:

"In your editorial last week entitled 'The Cry Is Wolf' you asked in what way Chilton County was not receiving the kind of good government it deserved under our local Democratic machine and what alternatives and changes we Republicans had to offer in local races.

"I will leave it up to my fellow Republican nominees to state the particular issues involved in their respective races but in my race for Deputy Solicitor of this County I am prepared to offer the voter a fair-minded and energetic program for better justice in our criminal courts.

"My opponent has sat upon this office for eight long years and has much experience to his credit. In fact, his record shows

that he is an expert at dismissing and continuing cases. In the Criminal trial division of the Circuit Court the role of the Deputy Solicitor is most important. This Court's docket record for the first six months of 1962 is a prime example of the gross inactivity that has prevailed for many years. Out of 243 cases entered and pending during the six month period only six cases were tried. 36 were nolle prosequi or dismissed on motion of the State and 152 cases were continued. Only five days of jury trial work received my opponent's attention during the six month period. For this type of effort he is asking the people of Chilton County to pay him \$300.00 per month for four more years.

"I confess that my opponent has more experience than I, but it is difficult to obtain criminal law court room experience in a county where there are several other available lawyers but every six months or so.

"Fortunately for him, my opponent's check continues to be little work he does. "It would be error to let our judges or the sheriff take virtual standstill of criminal justice in Chilton County. Cases pending show the manner in which the cases were made by our office rendered decisions were in the deputy solicitor's office. I see that the cases are not before the Court.

"I sincerely believe that justice is almost as bad as trial while the evidence is not innocent will be set free. Yours truly,
-S. Jon Will Pitts

YOUR SOCIAL SECURITY

(This series of questions about Social Security is continued from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams Field Representative. Any questions that you want to ask may be sent to Social Security, C-0 Chilton County News, Clanton, Ala.)

Q I am a man born August 7, 1908. I have 22 quarters of social security. Will I be eligible for benefits at age 62 if I don't work any more? How much will my check be? Do I need to freeze my social security now?

A Under present law, 22 quarters will have you an insured status. This is based on a year of birth of 1908. The exact amount of your benefit cannot be determined at this point. However, you will qualify for a benefit of not less than \$32.00 starting at age 62. You cannot freeze your account unless you are permanently and totally disabled.

Q My wife and I both work. If I retire and she continues working full time, will her earnings affect my checks?

A No. Q How much does a cook in a private home have to make to be covered under social security?

A Fifty dollars cash wages in a three month calendar quarter.

Let us not be intimidated by appearances. Let us stand with God. He is with us, and His power is perfect.

Your Health

APPENDICITIS
The death rate from appendicitis has been reduced about 90 per cent in the past 20 years. In the age group of 1 to 34 years, the reduction in that period has been 96 per cent. A major factor in this reduction has been the control of peritonitis and other infections through the use of antibiotics and improved surgical procedures.

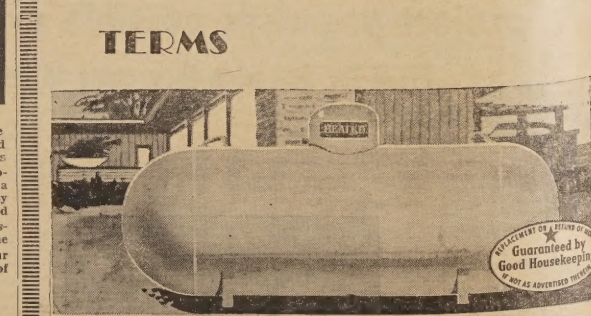

A national survey reported that about 417,000 persons in the United States were admitted to short stay hospitals in a recent year on account of appendicitis. Of these 356,000, or nearly 90 per cent were treated surgically. Despite the great gains made in the control of appendicitis deaths, the disease is still a medical problem.

The average hospital stay today for an appendicitis case is just under seven days for surgical cases and a bit over four for nonsurgical cases. This runs to a total of 2,710,000 days annually. Consider comparatively the cost in time of appendicitis cases 50 years ago when it required normally a three weeks hospital stay.

Young adults are the most frequent victims of appendicitis. First, there is pain in the middle of the abdomen, followed by moderate nausea with perhaps some vomiting.

If an operation is diagnosed as necessary within a day or two after confirmation of the first symptoms, the chances of recovery are excellent. The sooner the diagnosis is made and proper treatment started, the shorter the convalescence. The chief cause of death from appendicitis is peritonitis usually resulting from a ruptured appendix.

ONE SYLLABLE THINGS--

The three greatest masterpieces in literature are the Bible, Prayer, the Twenty-third Psalm, and Lincoln's Gettysburg address. Recall the wording of the opening phrases: "Our Father who art in heaven, hallowed be thy name." "The Lord is my Shepherd, I shall not want." "We score and seven years ago." "A three syllable word in the Bible and very few two syllable words. Most of the great things in man life are one syllable words. Love, Joy, Hope, Honor, God, Wife, Trust, Faith, God.

SEEK UNDERSTANDING

"Blind people want understanding, not pity; employment opportunities, not charity," according to M. Robert Barnett Executive Director, American Foundation for the Blind.

Should You Buy Seat Belts For Your Car?

There's no longer any doubt that seat belts save lives. The information now available is overwhelmingly in favor of the belts. This article may answer some of the questions you have, and we believe the answers will lead you to only one conclusion: If you're interested in safety, if you want to increase your chances of surviving an accident, you should install seat belts in your car—and use them, not just as a car.

Q. Why do I need seat belts?

A. Actually, it's not need it, just drive around town.

A. The idea that seat belts are good only for long distance driving is fairly common, but statistics show that 75% of all traffic deaths occur within 25 miles of the victim's home. A seat belt can save your life on a trip to the market just as well as it can on a cross-country vacation.

Q. Why should anyone need a seat belt unless he's racing a car, it's speed that kills, isn't it?

A. Actually, it's not speed itself that kills in most automobile accidents, but the sudden reduction in speed. National Safety Council figures indicate that more than half of all traffic accidents which result in injury involve speeds of less than 40 miles an hour. Collision rates are high in emergency situations, such as when a car attempts to take a front seat into the wind. A seat belt can help overcome this tendency of change in speed. Q. What happens if you're in a seat belt and the car is on fire or goes into a ditch?

A. Less than one in 1000 involve fire or submergence. But you do have a chance of improving your chances of surviving an accident by keeping you from being thrown unconscious. And a seat belt is only a moment to install.

Q. Isn't it better to be clear of the car in an accident?

A. Studies show that the chances of being killed in an accident are less if you're greater if you're thrown from a car than if you remain inside.

These are just a few of the questions that people ask and maybe just wonder about. You would not know someone seriously injured if he had been using a seat belt. Think about this: you could be the next to benefit by having a seat belt.

And all of you safety-minded motorists don't forget August 11th is the day the Japanese are taking their seat belts. It's the day O. K. Rubber Belts Ltd. is only taking a few minutes to remind you that Sunday, August 13th, you should be wearing your seat belt by installing these belts. It will be to your benefit.

Iris Dividing Time

By John D. Sellers
County Agent

Since iris plants have just about completed their growth for the season, now's a good time to get on with the task of dividing them. (Iris clumps that are anywhere from two to five years old can be divided now.)

Here are some tips that should be helpful in that operation.

To divide, dig the whole clump avoiding bruising or damaging the rhizomes. Wash away soil and cut the rhizomes apart with a sharp, clean knife. Divide the large clump into smaller clumps to avoid dividing again the next couple of years.

If you want large clumps, leave four to five rhizomes, with a fan of leaves on each. Cut the leaves on each fan down to one-third of their normal height.

After they are cut, dust the rhizomes with sulfur or any good fungicide to avoid rot.

Plant the rhizomes about two inches deep. Level the ground, in well drained soil. Thoroughly water and mulch the bed. And to get the roots established apply plenty of water during this summer's dry weather. Caution: Remove mulch before the spring rains begin. Excess moisture will cause flower stalks to fall over.

NEED FOR MORE TALKING BOOKS

Of the 355,000 blind men, women and children in the United States less than 15% are able to master the braille system. American Foundation for the Blind stresses this point in visiting the public of the need for demand for talking books blind people all over the country.

AMERICA'S FIRST SPACE AGE WORLD'S FAIR is now open in Seattle, Washington. It theme is Century 21, an exciting look at the year 2000 against a background of our present space accomplishments.

Trying in with this theme at the fair is the Bell Telephone System's "Space Communication Spectacular." It shows many Bell System space projects, including the proposed satellite communications system. It also features up to the minute developments in home and business telephones.

If you plan to visit Seattle's Century 21 Exposition, we hope you'll stop in at the Bell System's exhibit building for a very interesting look at what's new for you in telephone service. And if you do, why not give me a call when you get back home. I'd be interested to know how you liked it.

Childress - Nichols Vows Said August 4th

wedding of interest to Tex- and Alabamians was marked by the solemn beauty when Miss Jeanne Childress became bride of Lt. Mack Goodwin Childress on Saturday afternoon, August 4th at the Fain Memorial Presbyterian Church in Wichita Falls, Texas. Dr. Leland McElroy, officiated the 4 o'clock ceremony. The marriage vows were pledged before a massive sunburst arrangement of white specimen lilies and chrysanthemums in silver urn, flanked by twin trees holding illuminated cathedral tapers. Mrs. E. F. Childress, at the organ pre- sented the nuptial music. Miss the Wolf, was soloist. Members of the couple are Mr. Roy Childress, of Wichita Falls, Texas, and Mrs. L. G. Nichols of Clanton, Alabama. The rising strains of the Chorus from Lohengrin, Richard Wagner, the bride, accompanied by her father, pro- ceeded to the altar where, in her crystal white silk or-

ganza and lace, she was the focal point in the muted symphony of the illuminated candles and flowers. The street length gown posed over white taffeta, was designed with a princess bodice featured elbow length sleeves and terminated into a wide flared skirt. The portrait neckline was designed with a wide yoke of imported lace, embellished with seed pearls. Her shoulder length veil of white illusion fell from a crown of white taffeta, defined with pearl tapers and she carried a shower bouquet of white gardenias and stephanotis on a white pearl Bible. Mrs. Bralley Smith, of Cleburne, Texas attended her sister as honor matron. She was attired in a sheath of Nile green organza. The fitted bodice was designed with a scooped neck- line and cap sleeves. The back featured a large bow of self material, with fanned out panel streamers extending the length of the skirt. She wore a circu- lar veil of illusion attached to a pearl teardrop crown. And she carried a teardrop bouquet of yel-

low pompoms with Hahn's Ivy Mrs. Jerry Edens, of Dallas Texas, was her cousin brides- matron. Her frock and bouquet was identical to the honor ma- tron. Mr. Nichols served his son as best man. Ushers were Lt. James M. Woner, Wichita Falls, Texas; Lt. Warren Wheat, Wichita Falls, Texas; Capt. William J. Rogers, Burk Burnett, Texas, and Mr. Jerry Edens, Dallas, Texas. Mr. Bradley Smith of Cleburne Texas served as groomsmen. For her daughters wedding Mrs. Childress chose a sheath of silk mantle crepe, with match- ing hat and accessories. Mrs. Nichols was attired in a pink crepe sheath, featuring a matching lace jacket. She wore a pink hat and matching acces- sories. Both wore orchid cor- sages. The parents of the bride were hosts at a reception following the ceremony. For this occasion the Wichita Falls Country Club was beautifully decorated. The refreshment table was spread with a cloth of white satin and

marked with a handsome silver epergne with a cascade arrange- ment of white stock and carnations with garlands of Southern smilax extending to the punch bowl and brides cake. A silver- branched candelabra holding burning tapers completed the table appointments. Assisting at the reception were Mrs. Malcolm Putty, Mrs. John Wolf, Mrs. Harrison Creed, Mrs. Roland Knox, Mrs. Wayne Watts, Mrs. Thomas Welsh, Mrs. E. W. Moran, Mrs. Gladys Tucker and Misses Kay Riddle, Mary Putty Cannilla Knox, and Miss Susan Nichols sister of the groom pre- sident. After a wedding trip to points of interest in New Mexico and Colorado, the new Mr. and Mrs. Nichols will make their home at 1902 Huff in Wichita Falls, Texas. The groom's parents were host- to the wedding rehearsal party held at the officers club at Shep- herd Air Force Base on Friday evening prior to the wedding.

MISS CHANCEY—

Parties Continue For Bride-to-Be

Miss Ann Chancey of Prattville is being feted with a series of parties preceding her marriage to Rev. Perry M. Dalton of Clanton, which will take place August 12 at 4 in the afternoon in the First Methodist Church of Prattville.

Miss Margaret Hawk entertained with a linen shower in her home on Court Street in Prattville honoring Miss Chancey. Guests included Mrs. Chancey, her mother, Mrs. Margaret Hawk, mother of the bride to be.

Mrs. Clyde Whit and Mrs. Henry Harbrough were hostesses recently at the Guest House in Prattville, honoring Miss Chancey with a miscellaneous shower. A morning coffee and gift shower at the Guest House in Prattville complimented Miss Chancey, when hostesses were Mrs. Alex Stoutenmire and Mrs. Charles Steward.

Miss Betty Jean Thompson will serve as a bridesmaid in the wedding, was hostess at a tea and gift shower honoring Miss Chancey. The pre-nuptial party was given in the Guest House at Prattville. Mrs. Chancey, mother of the future bride, and Mrs. Henry Arthur Roper, father of the future groom, assisted in receiving. Mrs. Walter Carter presided at the register. Miss Peggy Pittman of Montgomery kept the bride's book. Miss Laurel Jo Stewart presided at the punch service.

Mrs. Katie Wright and Mrs. Billy White were hostesses on Thursday night, August 2 at the home of Mrs. Wright on Wetumpka Street in Prattville, honoring Miss Chancey with a miscellaneous shower. The party area was tastefully decorated with pink and white flowers. A pink and white linen cutwork cloth provided the background for the serving table, which featured a miniature bride and groom emerging from candles intertwined at the base with delicate pink coral vine. The punch bowl was surrounded with white moon flowers and pink glads alternating.

Guests included Mrs. Chancey mother of the future bride, Mrs. Louise Dalton, mother of the future groom, and Mrs. Henry Roper, foster mother of the future groom. Out of town guests included Miss Cordelia Dalton sister of the future groom, Mrs. Phalabelle Martin, Mrs. C. M. Roper of Clanton, and Miss Alyson Sharpe of Stillwater, Okla.

BLINDNESS: NO ROAD-BLOCK

Blindness does not mean doom the end of careers, charity and begging. Quite to the contrary it has been the stimulus for many rewarding professions, as attested by the great deaf-blind leader Helen Keller, who serves as International Consultant to the American Foundation for the Blind.

Northside Baptist

The Northside Baptist Church enjoyed wonderful services last Sunday. The Rev. James W. Bentley of Billingsley brought those messages for which the congregation was blessed in a great spiritual way. The church is looking forward to the services next Sunday, and will hold the regular monthly business meeting. Plans will be made to move the new pastor, Rev. Horace E. Kimbrel and his family into the parsonage, and he will resume his work as the undershepherd Sunday, August 26. A very special service will be conducted Sunday at both services and every one, especially members of the church and all others in the Dar River Mills area who do not at tend church elsewhere are cordially invited to attend and to will receive a grand spiritual blessing from the Lord.

A special Music Singing will be planned for the service Sunday. "Come thou with us and we will do this good."

Shell dealers suggest

7 things to tell your son when he first borrows the family car

1 Don't take other drivers for granted. 2 They sometimes do unexpected things. In the U.S. in 1960, they ran into stationary objects more than 150,000 times.

So don't be too optimistic. Cars backing out of parking spaces do sometimes back out blindly. Cars coming from the other direction might swing into your lane—especially on hills and curves.

Your best protection is to drive defensively. The only driver you can really be sure of is yourself.

2 If the car won't start, there are a number of simple things worth trying. Use the starter in short bursts. Press accelerator to the floor once, then hold it there while you try starter.

With manual shift, keep clutch pedal all the way down. With automatic transmission, jiggle lever to make sure it's in neutral.

Note from Shell: We recently published an advertisement with 7 simple starting tips. For a free copy, write to the Shell Oil Company, P.O. Box 272, New York 46, N.Y.

3 Courtesy is contagious—and adds to everyone's driving pleasure and safety. Nobody ever cured a traffic jam by losing his temper. If you can keep your sense of humor and wait your turn, everyone will probably get where he's going sooner. Including you.

Another suggestion: It takes only seconds to let someone enter the roadway ahead of you, but it can save the other driver minutes. Just remember to signal the car behind that you're slowing down or about to stop.

4 Cars respond to good care. Have the oil, battery and water checked every time you stop for gasoline.

When you're driving, listen for unusual mechanical sounds. If you hear one, have it checked right away. It could save a big repair bill later on.

On rough roads, take it easy—tires are tough, but they are destructible.

Note: For a free copy of Shell's 12-page booklet, "44 ways to make your car last longer," write to the Shell Oil Company, P.O. Box 272, New York 46, N.Y.

Many a young man first borrows the family car for a summer dance. On this page, your local Shell dealers offer some driving tips that can be useful to him all his life.

5 Remember what you learned to get your driver's license, and you'll be a better driver. Eight out of ten car accidents stem from improper driving practices—such as speeding, failing to yield right-of-way and following other cars too closely.

Truck drivers and other professionals have very few of these accidents—mile for mile, about one-quarter as many as other drivers. The professionals know the rules of good driving—and obey them.

6 If you're going to be late, call home. And if car trouble is the reason, call the nearest service station, too.

Park off the traffic lanes and wait in the car until help arrives—with the hood up to show you're disabled. Making repairs close to a busy road can be dangerous.

Note from Shell: Over 12,000 of our dealers go to special training schools each year. There, they learn how to spot trouble in a hurry. A Shell dealer can be helpful to you in almost any emergency.

7 Have a good time. So far, almost everything you've heard about cars has to do with safety.

Now you're about to find out what a

pleasure they can be. Here are the keys. Just take your responsibilities in stride. And have fun.

Comforting fact for parents: Drivers with less than three months' experience account for very few serious accidents. That's a good sign that most new drivers do take their responsibilities seriously. So you can relax.

CAPITAL KNOWLEDGE

SOUTH CAROLINA—

Located in the center of South Carolina is its Capitol City, Columbia. As a result of Gen. Sherman's artillery in 1865 the State House bears the marks of battle. Stars made of bronze marks the scars left in the walls, and are of special interest to anyone wishing to take a look. The building also houses a Confederate relic room which contains a historic collection. The boyhood home of Woodrow Wilson and the University of South Carolina is located here. Fort Jackson is nearby where many of our world war heroes were trained.

A Hero Receives Praise

SHOWN left to right, above Judge of Probate J. C. White awards a certificate of merit to Don Fulen, son of Mr. and Mrs. Robert L. Fulen of Clanton, for his heroic action in saving the life of Miss Doris K. Ray of Bessemer, Ala. Miss Ray is shown at the right.

While wading at the Coosa Fishing Lodge on the Coosa River, Doris went in "over her head" and quick-thinking Don leaped into the water and pulled her out safely. The Award was presented to Don at the meeting of the Board of Revenue and Control last Monday, August 13th.

A copy of the Resolution by the Board, commending Don, will be on permanent record in the files of the Probate Office of Chilton County.

GOAL IS \$5,000— FUNDS KEEP COMING FOR 'PEACHY'

REPORTS from the Chamber of Commerce this week, indicate that contributions are still coming in for the Peach Pilot Project, which is now being conducted at Auburn University.

The goal is \$5,000. In last week's News the collected amount was \$3,995.

Contributors since last week are: Liberty National Life Insurance Company, \$250 and Piggy-Wiggly Stores, \$100. And contributions keep coming.

Last week also, the Democratic Executive Committee endorsed the program publicly by stating in a resolution: "... the project has the potential to reinstate Chilton County as one of the leading farm and industrial centers in the State of Alabama."

The total contributions to date are up to \$4,345, and still growing! Let's make that quota!

Revival Begins At Providence (B13)

REV. Fred L. Lowery, pastor of the Millbrook Baptist Church of Aiken, South Carolina, will be the Evangelist in the Revival services at Providence Baptist Church in Beat 13 from August 19th to August 24th. Services will be held at 10:30 A.M. and 7:00 P.M. each day.

Rev. Lowery is an outstanding pastor and Evangelist. He is a Chilton County man having pastored churches in this area for several years. Make your plans to be in these worship services and receive a blessing, Robert Carden is pastor.

Clanton Explorers Complete Canoe Trip

TIPPECANOE AND... DON'T ROCKUM BOAT! FRIDAY afternoon the Clanton Explorer Post No. 44, left for five days on the Cahaba River. They embarked in six canoes at River Bend, upstream from Centerville, and worked their way to Spott, approximately 70 river miles.

As a result of this feat, each boy will receive the "30-Miler" Award, which is presented to individuals in Boy Scouts or Explorers who canoe or hike for five days and four nights and cover a minimum of 30-miles in an undeveloped "Nature Trail".

This is the first time anyone in the Tukabatchee Council of 22 counties, has ever qualified for this recognition.

Those to receive the award are: Charlie Patterson, Robert Mullins, Earl Wray, Butch Carter, Harold Lawrence, Jack Moore, Jim Wade, George Tucker, Pete Johnson, Mike Johnston Joe Hayes and advisor, Dr. W. T. Parker.

Price Support Rate On Chilton County Cotton Is 33.78 Cents Per Pound

COUNTY Agent John D. Sel...

Middling grade, 1-1/32 inch staple length cotton is 33.78 cents per pound.

"More of the cotton produced in Chilton County is of this grade and staple length than any other."

Price support rates for all other grades and staple lengths have also been released. All cotton growers are urged to have their cotton classified by the U. S. Cotton Classing office so they will know the grade and staple of their cotton when they sell or apply for CCC price support.

You should carry out good harvesting and ginning practices in order to turn out a grade and staple that will produce the highest dollar value per bale. This will help you get the greatest returns from this year's cotton crop.

For example, the drop in cotton from middling to strict low middling white cotton of 1-1/32-inch staple length lowers

the loan rate 1.55 cents per pound or \$7.75 per 500-pound bale. However, excessive drying and cleaning may reduce bale value. Remember, the way cotton is handled from boll to bale may be the difference between profit and loss on the 1962 cotton crop.

Understanding and following these production, harvesting and marketing practices may help you get a better price for each bale and increase your farm income. 1. Pick cotton promptly after it is fully opened. Pick it dry. Pick it clean. Pick before weather damage in field. This will help turn out the highest grade when the cotton is ginned.

2. Be sure the cotton is in good condition when you take it to the gin. Do not pack seed cotton in baskets when picking nor in wagon or truck bed when hauling.

3. Gin at a good gin, run by a good ginner, who will turn out a good sample in each bale. 4. Your classing card on each bale will help you get highest prices at the time you sell it or apply for CCC loan.

5. In harvesting and handling seed cotton, aim for Middling grade. The ginner may be able to assist in gin preparation by drying and cleaning, but he can turn out a better sample if a good job is done before bringing the cotton to him. Do not overdry or depend on excessive cleaning in an attempt to raise the grade. This may do more harm than good. Cotton millers report a considerable problem in some cases in handling cotton that has been over-dried or excessively cleaned.

AT THORSBY— Big Plans Making For Quarterly Meet September 10th

EXECUTIVE COMMITTEE NAMED: TO MEET THIS WEEK

The theme "Planning For The Year Ahead", will be featured with detailed plans for promotion at the Chilton-Unity Association Training Union Quarterly Meeting Monday, September 10, 7:30 P.M. at the First Baptist Church, Thorsby.

The executive committee, Robert L. Bowers, Henley Carter, Mrs. Beatrice Bryan, Eugene Lowery, Rev. Calvin Ray, Mrs. J. G. Hutchinson, Mrs. Laney W. McDeenolds, Mrs. Cecil Powell, P. F. Singler, Rev. Don Graham, Rev. W. C. Blalock, Rev. Lloyd Jones, will meet this week to plan the program.

Conferences, nursery, beginner primary, junior, intermediate young people, adult, general officers consisting of the pastors and directors of the churches, will be held to feature the theme "Planning For The Year Ahead". Plans at these conferences will be made to reach all Baptist Church members for Training Union; also for more study courses to be held at each church, "Back Yard Study", "Law Learning", "Terrace Training", "Summer Study Sessions", "Preparing to carry out the Great Commission of Christ, will be encouraged.

Only 3,370 Baptists out of 11,201, are enrolled in the Training Unions of the 54 churches in the Chilton-Unity Association during the whole year. If Christian Baptist don't do their best, Communist's will bury us by 1973.

around a most important theme: "Spearhead For Missions". Goals for greater success in the Sunday Schools in 1963 will be set. Everyone attending will be informed and inspired to return to their church fields to strive to reach the unreached for Bible Study and for Christ. The meeting will be climaxed with a dedication service as the choir sings the hymn titled, "Ready".

The Associated Sunday School officers: W. L. Hicks, Rev. Don Graham, Mrs. J. G. Hutchinson, P. F. Singler, Mrs. Jack Meek, Rev. C. E. Harlow, Rev. Louis Brasher, Rev. J. H. Blalock, are striving to make the very best plans for a great "Action Night" Service.

The speaker will be announced next week. Please announce this meeting at every service in the church and make plans to attend in large numbers. The goal attendance is 901, with representatives from each of the 54 churches.

Northside's Kimbrel To Move To Clanton Area, August 20th

The services at the Northside Baptist Church last Sunday saw 40 at Sunday School, 29 at T.U. Brother and Mrs. Joe Bies united with the church by letter and brother Jean Duren was baptized into this church.

The Church is deeply grateful to the Concord Baptist Church for the use of their facilities to attend to the Ordinance of Baptism last Sunday.

At the monthly business meeting last Sunday night, the church authorized the Pulpit Committee to plan to move the pastor, Rev. Horace E. Kimbrel, and his family, at the church's expense; also to install a telephone in the Pastory.

Brother Kimbrel plans to move to this church field Monday, August 20, and he will preach his first message as pastor Sunday August 26.

The Church is working toward a goal attendance of 75 persons at Sunday School and Training Union on this date. Rev. James W. Bentley of Billingsley, will conduct Prayer Meeting this Wednesday, and preach at both services Sunday. The goal attendance for next Sunday is 65 or more at Sunday School and Training Union.

Sunday School begins at 9:45. Preaching at 11 A.M. Training

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinking) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation 116. At all drug counters.

1962-63 Book List

For Chilton County

WORD from the County Superintendent of Education's office this week, informs us that school books for grades 1-3 will be furnished this year. The books for grades 7-12 are listed below and can be purchased at the book store in Clanton or second-hand, if they are not new editions. If you are interested in grades 4-6, you are advised to wait about buying books. It is possible that enough books will be available this year, and you may not have to buy them. It is advisable that you contact your school principal about this matter right away.—ED

Frith Reunion Held
At Prattville

The Annual Reunion of the late William and Elizabeth Frith families was held Sunday August 12 at the Prattville Community Center. Some 200 relatives of this family were present for a most enjoyable day together.

Each year brings to us relatives we have not heretofore known the whereabouts of. This year the grandchildren of John Frith, the eldest son of the Frith family, were with us from Columbus, Ga., this being their first time to see and know about relatives here.

Our two senior aunts were honored, Mrs. Birdie Frith and Mrs. Ida Frith. Our historian Mary Jo Chandler then gave a beautiful history of the Frith family.

A bountiful lunch was then spread. Rev. Fred Lackey gave a most inspiring devotional near the close of the day's program.

Officers were then elected as follows. President, Mrs. Ruth Frith Veach; vice-pres., Bill Frith; sec. treas., Mrs. Velma Frith Wimberly; program chrmn., Mrs. Francis Chandler Ward; historian, Mrs. Ida Frith Wilkins.

Place of meeting next year is Selma. We look forward to seeing everyone back again.

Mrs. Rubie Chandler Williams.

Our Revival begins Sunday August 19th, and runs through August 24. There will be two services daily. At 10:30 in the mornings and at 7:30 at night.
Rev. Fred Lowery, Evangelist will bring the sermons. Do plan to join us in these meetings.

WMU MET
Thursday, August 9, the WMU met under the shade trees near Mrs. Erm Blewster's home for their Prayer Retreat. The program was opened by our pastor. Songs were sung and Mrs. Billie Tibbs, president, led in a discussion on Prayer. After lunch Bro. Carden brought an enlightening message on Peace. Moments of silent prayer, testimonies and Christian fellowship made this a day of great blessings for all present.

FRIDAY night, August 10th, the Junior Training Union Class enjoyed a skating party at the Calera Roller Rink. Those attending were Jane and Diane Tibbs, Wanda McCluskey, Johnny Veazey, Sherry Conway and Teresa Cunningham. Parents present were Mr. and Mrs. Fred Veazey, Judy Conway and Mr. and Mrs. Bill Cunningham.
Joining the Juniors in skating were Joane and Bill Cunningham and son Jimmy. June Veazey

CAPITAL KNOWLEDGE

SOUTH DAKOTA
It is said that the world's largest construction project commands as much attention by visitors as the State Capitol at Pierre. The Oahe Dam, which crosses the Missouri River, will impound 23,000,000 acre-feet of water. There is an observation point from where visitors may watch. The Soldiers and Sailors Memorial Hall is near the State Capitol and Capitol Lake. It houses Indian relics, and included among these are "bull boats" made of buffalo hide.

New Committee-

54-Member Demo Group Sets Action For November Election

THE 54-member Demo Executive Committee in Chilton Co. has already begun work on the November election which will see Republican opposition in Chilton County for the first time in several years.

At a recent meeting of the Committee, George D. Smith, Chilton County Tax Collector and lifetime Democrat was elected to serve as Chairman

IN SEPTEMBER—ASC HOLDS ELECTIONS

Preliminary plans are now being made for the annual Agricultural Stabilization and Conservation County and Community Committee Elections to be held during the month of September. The election will be by mail and ballots will be mailed to all known eligible farmer voters on or about August 28.

Petitions signed by ten or more eligible voters nominating persons for membership on the community committee will be received at the county office between now and August 18.

Names of persons nominated by proper petition will be included in the slate of nominees if found willing to serve and are eligible. If a person nominated by petition is found ineligible he will be notified of such determination prior to completion of the slate of nominees and that he may appeal to the county committee any time prior to the date set for completion of the slate of nominees.
